

Between The Sexes Foundations For A Christian Ethics Of Sexuality

Catholic Moral Theology in the United

States - Charles E. Curran 2008-04-11

In this magisterial volume Charles E. Curran surveys the historical development of Catholic moral theology in the United States from its 19th century roots to the present day. He begins by tracing the development of pre-Vatican II moral theology that, with the exception of social ethics, had the limited purpose of training future confessors to know what actions are sinful and the degree of sinfulness. Curran then explores and illuminates the post-Vatican II era with chapters on the effect of the Council on the scope and substance of moral theology, the

impact of *Humanae vitae*, Pope Paul VI's encyclical condemning artificial contraception, fundamental moral theology, sexuality and marriage, bioethics, and social ethics. Curran's perspective is unique: For nearly 50 years, he has been a major influence on the development of the field and has witnessed first-hand the dramatic increase in the number and diversity of moral theologians in the academy and the Church. No one is more qualified to write this first and only comprehensive history of Catholic moral theology in the United States.

Sexuality: God's Gift - Anne Krabill

Hershberger 2010-06-17

Between The Sexes Foundations For A Christian Ethics Of Sexuality

Big business makes big money selling a phony notion of what we want and need as sexual people. Ads insist that certain products will make us more sexually appealing. But what we really want and need is true intimacy—the knowledge that we matter to another person and are loved for who we are. We all are sexual beings, all of our lives, and relate to each other sexually all the time. God marvelously made us this way. Using the metaphor of sexuality as a good gift from God, this book offers Christian resources for living a sexually healthy and fulfilling life. "Extraordinarily comprehensive, nuanced, and sensitive—even richer than its predecessor. It is a splendid resource for all Christians who wish to live more deeply in gratitude to God for their own sexuality." —James B. Nelson, professor emeritus of Christian ethics, United Theological Seminary of the Twin Cities "An important contribution to Christians seeking to celebrate their sexuality with holiness and integrity." —The Rev. Debra

W. Haffner, executive director, Religious Institute, Westport, Connecticut
Christian Perspectives on Sexuality and Gender - Elizabeth Stuart 1996

Christian Perspectives on Sexuality and Gender is a collection of important, challenging and creative articles. Originally published separately in different journals they are offered here for the first time to a wider audience. The writers represent a variety of Christian (and one non-Christian) responses to issues such as: sexuality and the Christian tradition; sexuality and gender; power and relation; marriage; sexuality and spirituality; love; gay and lesbian sexuality; the body; sexuality and love; sexuality and violence; sexuality and singleness and the family. *Christian Perspectives on Sexuality and Gender* will prove a vital and invaluable resource to scholars, students and all those interested in Christianity's attempts to wrestle with issues of sexuality and gender.

Problems - Michael Banner 1999-09-28

This book addresses such key ethical issues as euthanasia, the environment, biotechnology, abortion, the family, sexual ethics, and the distribution of health care resources. Michael Banner argues that the task of Christian ethics is to understand the world and humankind in the light of the credal affirmations of the Christian faith, and to explicate this understanding in its significance for human action through a critical engagement with the concerns, claims and problems of other ethics. He illustrates both the distinctiveness of Christian convictions in relation to the above issues and also the critical dialogue with practices based on other convictions which this sense of distinctiveness motivates but does not prevent. The book's importance lies in its attempt to show the crucial difference which Christian belief makes to an understanding of these issues, whilst at the same time demonstrating some of the weaknesses and confusions of certain popular

approaches to them.

Social Ethics in the Making - Gary Dorrien
2011-04-06

In the early 1880s, proponents of what came to be called "the social gospel" founded what is now known as social ethics. This ambitious and magisterial book describes the tradition of social ethics: one that began with the distinctly modern idea that Christianity has a social-ethical mission to transform the structures of society in the direction of social justice. Charts the story of social ethics - the idea that Christianity has a social-ethical mission to transform society - from its roots in the nineteenth century through to the present day Discusses and analyzes how different traditions of social ethics evolved in the realms of the academy, church, and general public Looks at the wide variety of individuals who have been prominent exponents of social ethics from academics and self-styled "public intellectuals" through to pastors and activists Set to become the definitive reference guide to

the history and development of social ethics
Recipient of a CHOICE Outstanding Academic

Sex on Earth as It Is in Heaven - Patricia Beattie
Jung 2016-12-28
Offers a new theology of desire and delight
based on the Christian hope for bodily
resurrection. This work is part of a growing
chorus of theological voices raised in support of
erotic desire. Although most theologians have
concluded that there will be no experience of
sexual desire and delight in the world to come,
Patricia Beattie Jung critically examines the
historical traditions and biblical rationales for
this teaching. She defends an alternative claim
that there will be a healed and glorified
experience of sex in heaven based on a
compelling account of the Christian hope for
bodily resurrection. The first half of the work
focuses on Christian foundations for the notion
of sex in heaven, while the second goes on to
discuss some of the implications of those

convictions for sex on earth. Jung concludes with
discussions of how best to nurture sexual delight
on earth and how and why internet pornography
fails in that regard. □The book provides a
valuable, alternative reading of Christian
eschatological thinking about resurrected bodies
and a sensitive, refreshing, and candid
discussion about sexual delight.□ □ Adrian
Thatcher, author of *God, Sex, and Gender: An
Introduction*

Religion and Sexual Health: - R.M. Green
2013-03-14

Religious beliefs and attitudes have long been
recognized as playing an important role in
sexual functioning, but the relationship between
religion and sexual behavior has rarely been
studied in a comprehensive way. The essays in
this volume bring the views of sex counsellors,
therapists, theologians, and bioethicists to bear
on the relationship between religion and
sexuality. A major theme emerging from these
essays is that religion and counselling need to

learn from one another. Religious traditions, at the popular or theological levels, are often marked by ignorance and misinformation about sexuality and can benefit by the insights of those who work closely with patients in medical and counselling settings. Counsellors, in turn, need to develop a sensitivity to past and present religious attitudes toward sexuality in order to assist their patients achieve sexual health.

Sexual Orientation and Human Rights in American Religious Discourse - Saul M. Olyan
1998-07-02

Sexual orientation is a topic of intense debate within America's religious traditions. These discussions have had a significant impact on the formation of public policy, as speakers who locate themselves squarely within religious traditions have articulated positions on both sides in recent arguments concerning gays in the military, civil rights protections for gays and lesbians, gay marriage, parenting and foster parenting, and benefits for partners of gay and

lesbian employees of major corporations and institutions. This volume, which stems from a 1995 conference at Brown University, aims to promote both academic and public understanding of the different positions that exist on sexual orientation and its public policy dimensions within four major American religious traditions. Writers from within the Jewish community, the Roman Catholic church, Mainline Protestant churches, and African-American churches explore the history and tradition of their communities on same-sex orientation, discuss the moral stance they advocate, and consider the legal and public policy implications of that stance. For each of these traditions, two opposing views are represented, and a respondent frames the issue in a larger context. The book concludes with essays by Michael McConnell and Andrew Koppelman exploring how our society might find a modus vivendi in a state position of neutrality on the moral status of homosexuality. This book

will appeal to a broad range of readers interested in these crucial issues, and in the role the religious communities play in these debates, while helping to foster the climate for a more reasoned and civil dialogue.

The Meaning of Sex - Dennis P. Hollinger
2009-06

An ethicist provides an engaging exploration of the meaning of sex and articulates a Christian ethic for addressing a host of sexual issues facing readers today.

Between the Sexes - Lisa Sowle Cahill 1989

The basis for a Christian sexual ethic, says Cahill, is a correlation of four sources: Scripture, Christian tradition (of faith, theology, and practice), philosophy, (normative accounts), and the empirical sciences (descriptive accounts).

Sex Difference in Christian Theology - Megan K. DeFranza 2015-05-16

How different are men and women? When does it matter to us -- or to God? Are male and female the only two options? In *Sex Difference in*

Christian Theology Megan DeFranza explores such questions in light of the Bible, theology, and science. Many Christians, entrenched in culture wars over sexual ethics, are either ignorant of the existence of intersex persons or avoid the inherent challenge they bring to the assumption that everybody is born after the pattern of either Adam or Eve. DeFranza argues, from a conservative theological standpoint, that all people are made in the image of God -- male, female, and intersex -- and that we must listen to and learn from the voices of the intersexed among us.

Self Love and Christian Ethics - Darlene Fozard Weaver 2002-10-17

Publisher Description

Feminist Theology - Watson 2003-12-08

Rethinking the Christian faith from a woman's perspective has been an important advancement in modern theology. This book introduces the methods, ideas, and contributions of recent feminist theology to readers encountering the

subject for the first time. Natalie Watson explores the historical background of feminist theology, discusses the value of reading Scripture from a feminist perspective, and shows how this approach can offer a critical, creative, and constructive rereading of the Christian tradition. She also sets forth some fresh ideas encouraging people to see feminism not as a threat to the church but as a challenging perspective that actually enhances its life in today's world. An extensive annotated bibliography invites readers to further study, presenting a wealth of books on feminist theology by many well-known authors. Ideal for classroom instruction, discussion groups, and personal study, this volume is an exceptional, user-friendly guide to contemporary feminist thought.

Reenvisioning Sexual Ethics - Karen Peterson-Iyer 2022

In *Reenvisioning Sexual Ethics*, Karen Peterson-Iyer's profound feminist Christian reframing of

sexuality examines contemporary social practices and ethical sex, facilitating meaningful discussion about sexual agency and flourishing.

Reimagining The Moral Life - Choi, Ki Joo
2020-09-16

"This volume honors Lisa Cahill's 45 years of teaching Christian ethics at Boston College. With contributions from most of the doctoral students she directed during her career, it provides an interpretive overview of Cahill's specific contributions to Christian ethics"--

Sex, Gender, and Christian Ethics - Lisa Sowle Cahill
1996-08-28

This book endorses feminist critiques of gender, yet upholds the insight of traditional Christianity that sex, commitment and parenthood are fulfilling human relations. Their unity is a positive ideal, though not an absolute norm.

Women and men should enjoy equal personal respect and social power. In reply to feminist critics of oppressive gender and sex norms and to communitarian proponents of Christian

morality, Cahill argues that effective intercultural criticism of injustice requires a modest defence of moral objectivity. She thus adopts a critical realism as its moral foundation, drawing on Aristotle and Aquinas. Moral judgment should be based on reasonable, practical, prudent and cross-culturally nuanced reflection on human experience. This is combined with a New Testament model of community, centred on solidarity, compassion and inclusion of the economically or socially marginalised.

Sex and Sanity - Stuart Barton Babbage 1971

The Concept of Sexual Pleasure in the Catholic Moral Tradition - Shaji George Kochuthara 2007

Diverse Voices in Modern US Moral Theology - Charles E. Curran 2019-02-15

In Charles E. Curran's latest book, *Diverse Voices in Modern US Moral Theology*, he presents the diverse voices of US Catholic moral

theologians from the mid-twentieth century to the present. The book discusses eleven key individuals in the development and evolution of moral theology as well as the New Wine, New Wineskins movement. This diversity, which differs from the monolithic understanding of moral theology that prevailed until recently, comes from the diverse historical circumstances or *Sitz im Leben* of the authors. Each of these theologians developed her or his approach in light of these circumstances and in response to shifts in the three audiences of moral theology—the Church, the academy, and the broader society. By exploring this diversity, Curran recognizes the deep divisions that exist within Catholic moral theology between the so-called “liberal” and “conservative” approaches and acknowledges the need for greater dialogue between them, providing a deeper understanding of the methods and approaches of these significant figures. This new book from a major figure in the field will be an important

Between The Sexes Foundations For A Christian Ethics Of Sexuality

resource for students and scholars of US Catholic moral theology and for anyone seeking to understand the current state of moral theology in America today.

Facing Ethical Issues - Patrick T. McCormick 2002

"Pat McCormick and Russ Connors build on the insights of "fundamental" Christian ethics and apply them in making concrete judgments about

a number of very specific contemporary moral problems relating to the economy, war and violence, medicine, sexuality and the environment." "Facing Ethical Issues is must reading for anyone wishing to make sense of our increasingly complex world."--BOOK JACKET.Title Summary field provided by Blackwell North America, Inc.
