Restoring Sexual Identity -

Anne Paulk 2003-07-01

"Restoring Sexual Identity" offers answers to the most commonly asked questions from both homosexuals desiring change and friends and relatives of women struggling with same-sex attraction. Is lesbianism an inherited predisposition or is it developed in childhood? Does becoming a Christian eliminate all desire for members of the

same sex? What support is available for women who struggle with lesbianism? Can a woman be a lesbian and a Christian at the same time? How does childhood sexual abuse relate to the development of lesbianism? These and other important questions are answered as the author draws from her own experience and that of many other former lesbians who participated in an extensive

survey on same-sex attraction. The Politics of Same-Sex Marriage - Craig A. Rimmerman 2008-09-15 Same-sex marriage emerged in 2004 as one of the hottest issues of the campaign season. But in a severe blow to gay rights advocates, all eleven states that had the issue on the ballot passed amendments banning the practice, and the subject soon dropped off the media's radar. This pattern of waxing and waning in the public eye has characterized the debate over same-sex marriage since 1996 and the passing of the Defense of Marriage Act. Since then, court rulings and local legislatures have kept the issue alive in the political sphere, and conservatives and gay rights advocates have made the issue a key battlefield in the culture wars. The Politics of Same-Sex Marriage brings together an esteemed list of scholars to explore all facets of this heated issue, including the ideologies and strategies on both sides of the argument, the public's response, the use of the issue

in political campaigns, and how same-sex marriage fits into the broad context of policy cycles and windows of political opportunity. With comprehensive coverage from a variety of different approaches, this volume will be a vital sourcebook for activists, politicians, and scholars alike.

Paranoid Science - Antony Alumkal 2019-04-01

Explores the Christian Right's fierce opposition to science, explaining how and why its leaders came to see scientific truths as their enemy For decades, the Christian Right's high-profile clashes with science have made national headlines. From attempts to insert intelligent design creationism into public schools to climate change denial, efforts to "cure" gay people through conversion therapy, and opposition to stem cell research, the Christian Right has battled against science. How did this hostility begin and, more importantly, why has it endured? Antony Alumkal provides a comprehensive background on the war on

science—how it developed and why it will continue to endure. Drawing upon Richard Hofstadter’s influential 1965 essay “The Paranoid Style in American Politics,” Antony Alumkal argues that the Christian Right adopts a similar paranoid style in their approach to science. Alumkal demonstrates that Christian Right leaders see conspiracies within the scientific establishment, with scientists not only peddling fraudulent information, but actively concealing their true motives from the American public and threatening to destroy the moral foundation of society. By rejecting science, Christian Right leaders create their own alternative reality, one that does not challenge their literal reading of the Bible. While Alumkal recognizes the many evangelicals who oppose the Christian Right’s agenda, he also highlights the consequences of the war on reality—both for the evangelical community and the broader American public. A compelling glimpse into the

heart of the Christian Right’s anti-science agenda, *Paranoid Science* is a must-read for those who hope to understand the Christian Right’s battle against science, and for the scientists and educators who wish to stop it.

Gay Rights Or Wrongs - Mike Mazzalongo 1996-02

Gay Rights or Wrongs - Dr. J Estep 1995-02-01

This book brings together teachers, psychologists, ministers and other qualified men and women who have studied (and for some experienced) homosexuality over a long period of time. It is hoped that this work will generate the kind of understanding necessary to be able to deal compassionately with the people who struggle with homosexuality. The 21st Century Great Awakening - Edward T.

Holliday 2007

"The energy, power, and purpose for a cogent revival and a 21st century great awakening are found in [John 17:21]. Even today, Jesus prays for us to be unified as the Body of Christ. As all Christians are called to be ambassadors for Christ, we must present to the world actions for which the spiritually dead will know that we are Christians by our love. Though theologies and styles of worship will be different, we must lift up the name of Jesus, proclaim the Good News, and work intentionally for racial and denominational unity. These actions are the witness that Jesus proclaims will allow the world to believe that he is the King of kings and the Lord

of lords. It is time to let the 'city on a hill' shine"--Back cover

By God's Design - Judith Hartzell 2015-03-09

What happens when a man finds himself sunk in a downward spiral of risky homosexual acts and he knows no way to escape? And when he is about to lose his prestigious and profitable career, along with his marriage, and even his life? The answer would have been certain tragedy for Alan Medinger if not for a praying wife and the mercy of God. Restored and inspired, he went on to establish a ministry for same-sex-attracted people (Regeneration of Baltimore, Maryland), where he and his wife, Willa, influenced hundreds to turn from homosexuality and seek holiness. Through their work with Exodus International, they influenced thousands more. When quarrels and dissension affected Exodus in Alan's last years, he predicted its demise and explained how ministries would continue to succeed without it. Through Alan and

Willa Medinger's story in *By God's Design*, you will learn the truth about homosexuality, its causes, its healing, and how the church can help.

Welcoming But Not Affirming - Stanley James Grenz
1998-01-01

A respected evangelical speaks out on the church's most controversial issue, proposing that it is possible for Christian communities to welcome homosexuals without affirming same-sex unions.

Someone I Love Is Gay - Anita Worthen
1996-05-23

Finding out that a child, spouse, relative or friend is homosexual can be an unwelcome surprise. You're hit with a complex combination of emotions - grief, shame, fear, guilt. You are flooded with questions ranging from why to what's next. You wonder what a biblical response would be. At the same time, someone you care about deeply may be awaiting your response. What should you say? *Someone I Love Is Gay* was created out of Anita Worthen's struggle over these issues with her son and

her work with New Hope Ministries in San Rafael, California, and Bob Davies's personal experience and professional experience with Exodus International in Seattle, Washington. Drawing also on the experiences of others, they will help you to handle your feelings while responding appropriately to your loved one.

- Bob Davies 1998

Same-sex Marriage - Mathew
D. Staver 2004

Staver argues that the allowing of same-sex marriages in San Francisco speaks to the homosexual agenda's cultural assault and the church's timidity in confronting it.

The Bible and Homosexual Practice - Robert A. J. Gagnon
2010-10-01

Gagnon offers the most thorough analysis to date of the biblical texts relating to

homosexuality. He demonstrates why attempts to classify the Bible's rejection of same-sex intercourse as irrelevant for our contemporary context fail to do justice to the biblical texts and to current scientific data. Gagnon's book powerfully challenges attempts to identify love and inclusivity with affirmation of homosexual practice. . . . the most sophisticated and convincing examination of the biblical data for our time. —Jürgen Becker, Professor of New Testament, Christian-Albrechts University
