Women in Relationships with Bisexual Men - Maria Pallotta-Chiarolli 2016-03-08
Framed by a comprehensive review of international research, literature, and film, this book is an intimate journey into the experiences and insights of 79 Australian women in relationships with bisexual men. It takes us into the daily lives, sexual intimacies, and families of MOREs (mixed-orientation relationships) that span the gamut from extremely oppressive experiences with bi-misogynist men to extremely liberating with bi-profeminist men. Aged 19 to 65, the women are in monogamous, open, and polyamorous relationships with bisexual-identifying and/or bisexual-behaving men. The women themselves are bisexual, lesbian,

heterosexual, while others refuse to categorize their own sexualities. The book addresses the discovery or disclosure of the man's bisexuality, how the relationships work and where they flounder, how the partners negotiate and establish 'new rules' and boundaries to maintain their relationship, and the impact of class, rural/urban setting, ethnicity, indigeneity, race, religion, and education on these relationships. But this book isn't only about MOREs. The research, revelations and reflections in this book tell us much about current and shifting global constructions and understandings of intimate relationships, sexual desires and love, and the socio-cultural representations and labeling of genders and sexualities.

Is My Husband Gay, Straight, or Bi? - Joe Kort
2014-09-11

Jennifer can't believe it. Just married and pregnant, she discovers that her husband has been meeting Brad for sex. When confronted, Tom doesn't deny it, but he insists it's just "a thing" and he isn't gay. Elsewhere, John's wife, Karen, discovers that her husband likes to watch gay porn. John doesn't understand his wife's reaction. Why does she care what he watches if he's not unfaithful? In couple's therapy, Karen and Jennifer raise the same questions: Does this mean my husband is gay? Can my marriage survive? These and other stories illustrate the difficulties inherent when a wife or girlfriend finds out her man has had or wants to have sexual contact with other men. But many times,

the man is not gay or even bisexual. Of course, some men with gay sexual interests are gay men in a process of self-discovery; they are "coming out." These desires may only reflect a different side of a man's sexuality or some response to childhood trauma or experiences they have not fully processed. Here Joe Kort and Alexander P. Morgan make the distinction between gay men and "straight men with gay interests" clearer to women who want to know how they can overcome these revelations. The authors explain the many reasons why straight men may be drawn to gay sex; how to tell whether a man is gay, straight, or bisexual; and what the various options are for these couples, who can often go on to have very fulfilling marriages. *Is My Husband Gay, Straight or Bi?* is intended to help couples understand how male sexuality can express itself in ways that may be difficult to understand. Many marriages have been hurriedly terminated when couples (and their therapists) have lacked the information they

needed to understand their current situations. This book provides the clarity, describes the choices, and (in many cases) offers hope for relationships and marriages that have been brushed off as doomed.

How To Feminize Your Body - Martine M Song
2020-02-17

The topic is male-to-female transformation. Some people call it makeover, that works too. The text is written predominantly from the view that you are new to crossdressing and feminisation but want to develop a female persona of some kind be it permanent or just for a temporary indulgence. If you are an old hand then you may also find a few helpful tips or insights that will further enhance your look, style, or dressing technique. An assumption is that you were not socialised as a girl. As a result, we need to revisit and spend time on all the little things females seem to find so natural and take for granted. Getting in touch with your femininity is a mixture. An ensemble if you will

of lots of things. When you see an ultra-feminine woman, the way she acts and dresses, the way she walks and talks, and oozes sensuality you know there is something more going on than just putting on a dress. Part I considers what you want to achieve with your girl time. We look at what makes us physically one sex or another and how flexible and open this is to change. Then we move onto how to treat your body right and indulge in all those little things that make a woman feminine. In Part 2 we go on to consider ways to sculpt or contour your body so that it remains in proportion but more idealistically female. We look at boobs, butts, and tucking. In Part 3 we move onto dressing the body. We consider the wonderful world of sexy lingerie and underwear and how the right materials and textures can give you that lovely feminine feel. Then we look at clothes and how the right cut and hang of materials as well as patterning and combinations can flatter your figure. And, finally we consider movement and deportment. In

particular, how to walk in those ultimate expressions of female sexuality your heels. ***The material is arranged into nine helpful chapters that not only produce a more female appearance but also develop feminine traits and work on your socialisation into female ways. We also give you a shopping list for the things you need at each stage. Chapter 1 looks at why people dress and the idea of being feminine. Chapter 2 considers the limits of biology and how easy it is to physically change from male to female. Chapter 3 looks at ways to pamper your body and get that healthy smooth skinned look. Chapter 4 considers body types and how you can use foundation wear to get your female proportions just right. Chapter 5 is all about breasts and how to design your perfect female boobs. Chapter 6 does the same for bottom shapes and how to pad and tuck to get that all girl profile. Chapter 7 looks at lingerie and the essentials for your intimate wardrobe. Chapter 8 shows you how to dress right for your body type

and get the best look you can with your proportions. We consider cuts of clothes and the type of shoes that every girl should know about. Chapter 9 is all about posture and deportment. We show you how to walk properly in your heels and develop the essential movements that will mark you out as female.

Changes - Thomas Newgen 2010-01-15

The latest book by Thomas Newgen and Barbara Deloto, "Changes" has five different stories about forced feminization. The authors of, the ever popular, "Virgin Bride - An Erotic Tale - A Husband becomes a Bride." and, "Shapeshifter" have now created five exciting stories of men being turned into women (almost) by their female transformers. "Neighborly Advice" is about a wife that talks with her psychiatrist neighbor about sexuality and through her advice brings excitement into their lives by teaching the wife to transform the husband into a woman and become like a girlfriend instead of a husband as they enjoy themselves immensely while he's dressed as a woman. "I Once Was a Man, Until My Wife Got Done with Me" is about a wife who wants her husband to understand how a woman wants to be treated by a man by turning him into a woman through her training of him. "Natasha's Weekend" is about a woman's special, monthly

party, where she becomes a dom for a day and turns her husband into her sissy slave to serve at the party. "What Happened to Me!?" is about a husband that regularly came home after too many drinks one too many times until she takes control and literally puts her shoe on his foot along with other limiting, and life changing restraints and changes. "A New Job: Great Pay, But at What Price?" is about a man that is hired at an outrageously high salary by a beautiful, powerful, woman boss that makes him wear women's clothing on his first day of work and ultimately changes his life completely. All the stories are about men learning about the pleasures of dressing like a woman, femininity, sexuality, sensuality, and pleasing from the feminized side of life. All of them are highly erotic and incredibly titillating! Adults only! Don't miss this one.

Best Bisexual Erotica - Bill Brent 2002
These erotic tales of bisexuality really run the gamut -- from Samurai-era Japan to an 18th century French nunnery; from a shape-shifting college dude to a lap-dance stripper to a man cross-living as a woman on the Canadian prairie in the early 1900s. Plenty of three-way affairs and encounters, a moderate dose of bondage and S/M, and three great stories incorporating sex in the restroom! Despite all of this delightful romping, the tone of the book is more serious overall and somewhat darker than in the first volume, with well-developed plots featuring characters dealing (and in some cases, Not dealing) with complex issues. Stories tackle the intricacies of polyfidelity, coming out, and forging a positive bisexual identity. There is a

Lot for readers to sink their teeth into, and the range of contributions demonstrates a maturing of the bisexual erotic voice.
