The practice has numerous detrimental consequences on a girl's health and well-being that stand in clear violation of her human rights. While there has been a plethora of literature dedicated to the topic of child marriage in recent years, little attention or outcome analysis has been directed towards the gatekeepers approach in changing norms around this practice. This thesis will seek to fill this void by focusing specifically on the strategies that civil society organizations have implemented within Malawi, a county with one of the highest rates of child marriage in the world, to target the gatekeepers in a community and, in the process, change attitudes and beliefs around child marriage at a grassroots level. In doing so, this thesis concludes that the gatekeepers approach has been shown to be a successful and essential strategy when working to change norms, as long as it is implemented in a holistic and context-specific manner and is implemented along with the girl-centric approach.

Why Men Marry Some Women and Not Others - John T. Molloy 2008-12-14

The Man's Guide to Women - John Gottman 2016-02-02

Results from world-renowned relationship expert John Gottman's famous Love Lab have proven an incredible truth: Men make or break relationships. Based on 40 years of research, *The Man's Guide to Women* unlocks the mystery of how to attract, satisfy, and succeed with a woman for a lifetime. For the first time ever, there is a science-based answer to the age-old question: What do women really want in a man? Dr. Gottman, author of the New York Times bestseller *The Seven Principles for Making Marriage Work*, and his wife and collaborator, clinical psychologist Julie Schwartz Gottman,

PhD, have pored over the research along with bestselling coauthors Douglas Abrams and Rachel Carlton Abrams, MD. Together, they have written this definitive guide for men, providing answers on everything from how to approach a woman and build a connection with her to how to truly satisfy her in bed and know when the relationship is on the right track. The Man's Guide to Women is a must-have playbook for how to play—and win—the game of love.

A Courtship after Marriage - Jennifer Hirsch
2003-08-01

From about seven children per woman in 1960, the fertility rate in Mexico has dropped to about 2.6. Such changes are part of a larger transformation explored in this book, a richly detailed ethnographic study of generational and migration-related redefinitions of gender, marriage, and sexuality in rural Mexico and among Mexicans in Atlanta.

Marriage, Gender, and Sex in a Contemporary Chinese Village - Xinbang Ruan 2004

This book explores changing concepts of marriage and gender relationships and attitudes toward sex in a rural Chinese community over the past five decades. The book is based on a study of an industrialized peasant village in Guangdong Province from 1994 to 1996 and subsequent visits from 2000 to 2002. According to the authors, the rural economic reforms of the 1980s in southern China have challenged and reinforced the deep structure of Chinese familism and this has led to tensions between tradition and modernity. The first section of the book explores how attitudes toward marriage and courtship have changed over the past fifty years through personal accounts of three different marriages from different generations. In Part II, the transition from a traditional to a modern society is discussed from the perspective of several women from different generations. The third section focuses on sexual relationships and the growing sex trade in the village. Part IV includes updates to the original survey and takes

Finally, you will receive principles from the Bible that will help you build your marriage on a solid foundation.

How to Date Today's Modern Woman - Izzy Wryght 2006-10-02

If you have a good sense of humor and can appreciate a politically incorrect point of view of how the politics of the modern social dating process works, you will surely enjoy and value this book. From a socio/political point of view, the philosophy of this book tilts slightly to the

right of Attila the Hun! As a straight American male, you love women. Its your natural desires that motivate you to be with a woman for fun, relaxation, sex, companionship, and at the extreme, marriage. You will choose a female for any one or all of these rerasons, depending on how that woman affects you. So why is it, that in todays dating culture, it has become increasingly difficult to find a normal, traditional woman, a female who you can share a pleasant and meaningful relationship with, a relationship that can possibly evolve in to a traditional family lifestyle. The reason is, because todays modern women have changed the rules of behavior for social dating. And this means, you need protection! If you have been seeking a female who has a firm grip on reality, and does not come into a dating situation with a political ax to grind, you have come to the right place for guidance and advice.

I thank God (Allah) for giving me well-being and the courage to complete this seven-chapter book. And it has also fulfilled my long-time desire, which is always to share my opinion with different people in different communities. However, human beings are not complete creatures, neither perfect, I am not an exception. You might disagree with some of my opinions, which is very much understandable, because no two people will always agree on the same thing all the time. However, I recommend you and every single reader of this and other books to carefully read every single subject, topic very well, before making any conclusion to agree or disagree. Majority of topics and subjects in this book are based on own personal experience and research. And no part of this book is a copy from any other text. However, I get some of my evidence and reference from the holy Quran and the tradition of Prophet Muhammad. You might read a book with an open mind, but the real-life events that took place and

I highlighted some of them are always better to act on something you learn before it could happen to you or you might experience it before and you don't want it to happen to you again. I recommend for every reader to follow the best examples which I highlighted, majority of which will surely help you. Finally, if I said something that offended you, that is not my intention; my real and true intention is to help people in different level of society in regards to issues facing them. And sometimes it is almost impossible to make your point without using a reference and example that might sound offensive to someone; however, that is not the intention of most authors to offend the readers. I wish may God (Allah) make it easy for us to accept the truth and follow the right part to him. May Allah keep peace and his blessing hand on the soul of my mother and father who passed away, with the rest of Islamic community who passed away too. May Allah increase his peace and tranquillity on the legacy of Prophet

Muhammad, his followers, and the rest of Islamic community and individuals. I end with the name of Allah, the most gracious, the most merciful.

A History of the Girl - Mary O'Dowd

2018-04-10

This book is centered on the history of the girl from the medieval period through to the early twenty-first century. Authored by an international team of scholars, the volume explores the transition from adolescent girlhood to young womanhood, the formation and education of girls in the home and in school, and paid work undertaken by girls in different parts of the world and at different times. It highlights the value of a comparative approach to the history of the girl, as the contributors point to shared attitudes to girlhood and the similarity of the experiences of girls in workplaces across the world. Contributions to the volume also emphasise the central role of girls in the global economy, from their participation in the textile

industry in the eighteenth century, through to the migration of girls to urban centres in twentieth-century Africa and China.
