How to Heal a Broken Heart - Rosie Green 2022-02-10

'The poster girl for divorce.' The Times 'If you've ever had your heart broken (and who hasn't) Rosie Green's How to Heal a Broken Heart is your best friend. Honest, comforting and hopeful.' MARIAN KEYES 'I love Rosie Green's writing.' ELIZABETH DAY 'Brilliant. One of the few books that I've found that really describes what a broken heart feels like. It touched so many nerves.' VANESSA FELTZ 'It reduced me to tears.' EMMA BARNETT, Woman's Hour, BBC Radio 4 'It wasn't a conscious uncoupling. I had my heart ripped out and stamped on.' When Rosie Green's husband walked out after 26 years together, he declined to leave a forwarding address. Instead, he left a devastated woman who turned into someone she barely recognised: unable to eat or sleep, and so desperate to keep her family together she'd sacrifice her sense of self - and her dignity. She thought she'd never get over it. But she did. And so can you. This is the frank, uplifting and insightful book Rosie wished she could have found when her whole world fell apart. Here's your guide to getting through it - with advice from the experts, with the help of your friends, with a deliciously dark sense of humour and, for Rosie, with some highly inappropriate sex advice from her pre-teen daughter. Let

her brilliantly honest handbook show how you can heal faster, understand yourself better and move on. How to Heal a Broken Heart doesn't sugarcoat it - heartbreak brings you to your knees. But, sometimes, it also gives you a necessary shove towards a happier, more fulfilled life than you ever dreamed was possible.

You're Tearing Us Apart - P. Love 2015-10-13

No one argues with the fact that relationships in the 21st century are complicated. One recent study found that couples spend only 35 minutes per week in intimate conversation; the rest of the time they rely on electronic contact and notes. To keep a relationship from hitting "esc" or worse, "delete," this fast-paced life calls for fast-paced strategies, and this book is full of them! Many broken relationships not only can be mended, but they can actually be magnificent. You're Tearing Us Apart follows a simple, get-to-the-point formula for each chapter. First, a narrative describes what it's like living with someone who is practicing relationship-threatening behaviors. Next, the psychology behind the behavior is explained, followed by a succinct account of why this

particular behavior threatens relationships. Finally, the best strategies for transformation are spelled out, covering such a wide range of options most any couple can easily comply. These four sections validate the experience of both partners, offer concrete reasons why change is necessary and then present a selection of strategies to move forward.

How to Fix a Broken Heart - Guy Winch 2018-02-13

'HOW TO FIX A BROKEN HEART PROVIDES THE VALIDATION,

COMFORT AND HOPE ANYONE WHO IS HEARTBROKEN DESPERATELY NEEDS.' ESTHER PEREL, BESTSELLING AUTHOR OF THE STATE OF AFFAIRS AND MATING IN CAPTIVITY Every one of us has or will have our heart broken at some point in our lives. Heartbreak, whether it comes in the form of romantic love or through loss, is universal, yet we know so little about how to deal with it. Psychologist Dr Guy Winch imagines how different our lives and our society would be if we paid more attention to this unique emotional pain. Heartbreak can last for days, weeks, months and even years. Yet while we wouldn't expect someone to go to work or function well with a broken limb, heartbroken people are expected to function in their lives, despite the emotional pain they feel. How to Fix a Broken Heart argues that if we don't understand how heartbreak works, we won't be able to heal it and we are likely to make it worse, which we do, and regularly. Dr Winch reveals how and why heartbreak impacts our brain and our behaviour in dramatic and unexpected ways, regardless of our age. Emotional pain lowers our ability to reason, to think creatively, to problem solve and to function. Recovering from heartbreak always starts with a decision, a determination to move on when our mind is fighting to keep us stuck. We can take control of our lives and our minds and put ourselves on the path to healing. Dr Winch offers a toolkit on how to handle and cope with a broken heart and how to, eventually, move on. 'A great read for anyone going through heartbreak, anyone trying to help someone go through heartbreak, or anyone who simply wants to understand humans better' Tim Urban, creator of Wait But Why?

Beyond Order - Jordan B. Peterson 2021-03-02

The inspirational sequel to 12 RULES FOR LIFE, which has sold over 5 million copies around the world - now in paperback In 12 Rules for Life, acclaimed public thinker and clinical psychologist Jordan B. Peterson offered an antidote to the chaos in our lives: eternal truths applied to modern anxieties. His insights have helped millions of readers and resonated powerfully around the world. Now in this long-awaited sequel, Peterson goes further, showing that part of life's meaning comes from reaching out into the domain beyond what we know, and adapting to an ever-transforming world. While an excess of chaos threatens us with uncertainty, an excess of order leads to a lack of curiosity and creative vitality. Beyond Order therefore calls on us to balance the two fundamental principles of reality - order and chaos - and reveals the profound meaning that can be found on the path that divides them. In times of instability and suffering, Peterson reminds us that there are sources of strength on which we can all draw: insights borrowed from psychology, philosophy, and humanity's greatest myths and stories. Drawing on the hard-won truths of ancient wisdom, as well as deeply personal lessons from his own life and clinical practice, Peterson offers twelve new principles to guide readers towards a more courageous, truthful and meaningful life.

Move Fast and Fix Things - Frances Frei 2023-10-03

Bestselling authors and cohosts of the TED podcast Fixable, Frances Frei and Anne Morriss reinvent the playbook for how to lead change—with a radical approach that moves fast, builds trust, and accelerates excellence. Speed has gotten a bad name in business, much of it

deserved. When Facebook made "Move fast and break things" an informal company motto, it fueled a widely held belief that we can either make progress or take care of people, one or the other. That a certain amount of wreckage is the price we have to pay for inventing the future. Leadership experts Frances Frei and Anne Morriss argue that this belief is deeply flawed—and that it keeps you from building a great company. Helping executives and entrepreneurs solve their toughest problems over the past decade, Frei and Morriss learned that the trade-off between speed and excellence is false. The best leaders solve hard problems with fierce urgency while making their organizations—employees, customers, and shareholders—even stronger. They move fast and fix things. Based on their work with fast-moving companies such as Uber, Riot Games, and WeWork, Frei and Morriss reveal the five essential steps to moving fast and fixing things. You'll learn to: Identify the real problem holding you back Build and rebuild trust in your company Create a culture where everyone can thrive Communicate powerfully as a leader Go fast by empowering your team With a one-week plan to fix your problems on a fast cycle time of one step per day, this book is your guide to maximizing impact and reinventing your approach to change. By the end of the week, you won't just have a road map for solving your company's toughest problems—you'll already be well on your way, improving your company at exhilarating speed.

LIBERAL DOUBLETHINK - Karen Kellock 2021-10-27

In setting a boundary we may have to burn a bridge. No matter, you'll feel much better. Having to filter everything thru kings with poor character doesn't sound like America. He had the charisma to take it to that level but not the character to keep himself there or better. He started out with style--looking good--but quickly became a caricature: a fool or wolf. War is instructive: losing 95% of the time and then sudden victory: persistence! Cover design by Blaze Goldburst
