THE GIRL with the WISTFUL EYES David Appleby 2014-02-06 In this carefully paced novella the author offers the reader an admixture of mystery and charm when an English professor promises his lover-colleague on her death bed that he will complete her landmark study of one of Britain's most illustrious novelists. She leaves him her research notes along with a batch of letters she has written to him. Enter next *The Girl with the Wistful Eyes* --a strange college student and single mother of a five year old who rents the apartment above the professor's and sets in motion events that will send his life spiraling. The characters in Mr. Appleby's eclectic collection of short stories are caught in isolated moments of crisis that speak to 'the human condition' ...a despairing university student returns to her grandmother's house seeking a remedy for her broken heart; a young man attempts to make sense of a mysterious girl's profound melancholy; a young woman unwittingly relives a past love within the crevices of a new love, and in "The Catalog Bride," a story rich with nuance, an aging university professor strikes a Faustian bargain--with himself. Eyes Wide Open Brienne Murk 2008-07-02 In our postmodern world, we are so driven by our emotions that in "living for the moment" we've forgotten to guard our most precious treasure—our hearts. Young people may not realize it, but acts that appear innocent—such as e-mail and instant messages—can entangle our emotions and lead the heart to places it should not go. Most people give their hearts away long before they give their bodies away, so it is imperative that young people learn the importance of emotional purity, how to avoid the steps that too often lead to a physical downfall and how to live pure lives. Like talking to a big sister who's gone before them, reading Eyes Wide Open will give young people the necessary keys for making decisions about purity, love and romance. She also shows them how to acquire a thirst for purity as they realize it is not just another rule, but a path that leads to a dimension of deep and fresh living where they can truly thrive.

Love Signals David Givens 2006-01-10 A world renowned anthropologist explores the nonverbal signs, signals, and cues human beings exchange to attract and keep their mates. As a medium of communication, Love's silent language predates speech by millions of years. Today, we still express emotions and feelings largely apart from words. The postures, gestures, and facial cues of attraction are universal, in all societies and cultures. According to Dr. Givens, courtship moves slowly through five distinct phases: attracting attention, recognition phase, conversation phase, touching phase, making love. Since potential mates "test" each other before uniting as one, courtship is a choreographed give and take of signs granting physical and emotional closeness. Love Signals is part ethnography and part how-to. Dr. Givens documents the little courting rituals witnessed in elevators, on subways, and in the workplace. He examines the essential role the face plays in courtship and how it can be optimally displayed. He decodes the body to find silent messages given off by shoulders, neck, arms, hands, waist, calves, ankles, feet, and toes. Dr. Givens analyzes expressive shapes, colors, and markings encoded in arm wear, shoulder wear, leg wear, and shoes. He deciphers the background messages of spaces, places and interiors to learn how environs help or hinder in the meeting process. Chemical cues emanating from aromas, tastes, steroids, sterols, and hormones strongly shape a partner's feelings, so they are explored as well. The book suggests ways to gaze, ways to read eyes across a room, and ways to sit, stand, align, walk dress, and lift a drink to participate in the fascinating adventure of finding, winning, and keeping a mate. Knowing the unspoken vocabulary of love signals will give readers an edge. What this means for courtship is that the reader becomes able to read unspoken motives, emotions, and feelings with great clarity and precision. The more readers know about the nonverbal idiom of attraction, the more likely they will find a loving, lasting partner.

negotiations with student romance. Tsunami Eyes Shane Colwell 2014-02-21 At odds with the suffocating tsunami inching closer and closer stand a woman and man alone together on a beach, calmly living their last moments through each other's eyes and ignoring the eternity beginning to enshroud them. A Thai boy stands on top of a boulder, staring dully at the scene, piss running down his gangly leg. He does not curse his short, unfulfilled life, but instead wonders what two people in love say to each other moments before the end. Was it a wasted life? Did they have regrets? Back down on the beach, as the first splashes of the wall of water rain down on them, their lives are relived in the blink of an eye amidst visions of youth, smiles, delight, exile, sickness, green mountains, regret, ageing and acceptance. Likeable, page-turning, and deeply moving, *Tsunami Eyes* is a tale that will involve you, awaken you, and go a little bit towards helping you to not take those you love for granted.

Little Girl Black Cassandra Hudson 2019-10-09 Little Girl Black Confronts Domestic abuse, physical abuse, mental abuse, emotional abuse, and verbal abuse. This book and all my Little Girl Black poetry books, volumes 1-6, celebrate and confront dreams, religion, marriage, unfairness, sex, friendship, racism, colorism, abuse, strength, judgments, fantasy, love, education, families, power, death, the black sheep syndrome, and many other situations. Domestic abuse. You know that old saying "You don't really know what happens behind closed doors"? Everything looks great on the outside, but no one really knows the real deal. And there are entire families living in total fear. Looks can be very deceiving. Most people only show what they want people to see, and it's usually a façade. Some abuse goes unnoticed, and some abuse screams out loud. Some mothers and fathers tell their kids to shush. "This is family business. Keep what's going on at home, at home, and what's going on outside, outside. We're a family. We don't mix the two." Now you and your whole family are bound to secrecy. Physical abuse. Some people are in total denial when they don't want anyone to notice the makeup that's covering a black eye or when they give you an excuse for how their arm got broken and it has everything to do with falling down the stairs. But there are some people who wear physical abuse like a crown or tiara and strut like a peacock. He or she wants everybody to know how they keep their woman or man in check. Yes, women can be and are abusers too. Love should not hurt so bad until love stops breathing, and you have to give love and your heart mouth-to-mouth resuscitation every second of your every day. If that's what you're on, you may as well go on and buy that black dress or make orange your favorite color. Sooner or later, he or she will snap. Abuse is true life, not a TV show.

The Time Slip Girl Elizabeth Andre 2015 What if the woman you loved was more than a century away? Dara, a computer programmer from Chicago, is visiting London when she opens a door in an Edwardian house and slips into Edwardian England. Agnes, a beautiful London shop girl, takes in the bewildered 21st century American lesbian, but, as Dara begins to accept that she is stuck in 1908, she also begins to accept that she has feelings for Agnes that go beyond gratitude. And the longer Dara stays, the harder Agnes finds it to hide her growing love for the accidental time traveller from the future. Will they overcome grief and prejudice to acknowledge their true feelings for one another? Or will Dara be snatched back to the 21st century before they can express their love? Excerpt: "When? When is this?" Dara asked, gesturing at the room. "It's June 18th, miss," Agnes said. "You really didn't know?" Dara closed her eyes. "The year. What year, please?" "It's 1908, miss," Agnes said. Dara opened her eyes, opened her messenger bag, and pulled out her cell phone. She pushed the button to activate the main screen. It didn't have a signal or the time and date. The battery was at 80 percent. She looked over at Agnes, whose eyes had gone wide. Agnes leaned over in her chair, trying to get a better look at the phone. Dara tapped a few buttons to pull up the photos she had stored on her phone. Yes, they were still there. The photos of Nick, their parents, and their friends were still there. The many pictures of Jenny, with and without Dara, were there. With Agnes still gazing at her and the phone intently, Dara went to her phone's contacts and dialed Nick's number. Nothing. "That still doesn't mean I'm not dreaming," she muttered. "Perhaps I should make us both some tea, miss." Dara nodded yes, although she figured she could do with something a good deal stronger than tea. Agnes bustled out of the room. "Oh my God," Dara said when she was alone. Her eyes darted around the room, taking it all in, the flower-patterned curtains on the one window, the shabby wardrobe standing in the corner, the night stand, the wooden chair, a small desk, the plain iron bed frame and the bedclothes that adorned it. One part of her couldn't believe it was true, but another part could. That part urged her to accept the truth. It will go much easier on you if you do and soon, it said. She thought of her brother, who was probably frantic with worry wondering where she was. What would he tell their parents if he didn't find her before they were supposed to fly out of Heathrow next week? Then there were her friends and the co-workers she actually liked. Most of all, though, there was Jenny. Jenny had been dead for over a year, so it wasn't the fact that she wouldn't see Jenny again that upset her. She had accepted that. No, it was the fact that she might never see the places she associated with Jenny ever again. She may never see all the little gifts Jenny had given her during their time together. In a panic, she clutched at the thin gold chain she wore around her neck. She kept her engagement ring on that chain. At least she had that. She kissed it tenderly and wept.
