Abducted from her West African village at the age of eleven and sold as a slave in the American South, Aminata Diallo thinks only of freedom - and of finding her way home again. After escaping the plantation, torn from her husband and child, she passes through Manhattan in the chaos of the Revolutionary War, is shipped to Nova Scotia, and then joins a group of freed slaves on a harrowing return odyssey to Africa. Lawrence Hill's epic novel, winner of the Commonwealth Writers' Prize, spans three continents and six decades to bring to life a dark and shameful chapter in our history through the

story of one brave and resourceful woman.

*Stand Tall, Little Girl* - Hope Virgo 2021-11-25

For four years, Hope Virgo fought a gruelling internal battle, keeping her anorexia hidden

from friends and family. Having pushed her health to breaking point, and with her skin turning yellow and her heart failing, it became impossible to hide. Barely recognisable, Hope was admitted to a mental health hospital in 2007. Twelve years on, Hope has been in recovery from anorexia for over a decade. But it hasn't always been an easy ride, and after a relapse in 2016 where she was refused help for 'not being thin enough', she knew she needed to raise awareness about the disease that almost took her life. And so, in August 2018, Hope launched the #DumpTheScales campaign, which calls on the government to review their guidance on support for eating disorders. Since then, with relentless campaigning, her petition has gained over 70,000 signatures and counting. Stand Tall, Little Girl is the inspiring account of how Hope fought back from rock bottom, built a healthy life for herself, and used her story to effect real change for others suffering from the same devastating condition. 'Hope writes with

incredible honesty and openness, her journey is truly inspirational' Jonny Benjamin, MBE. 'Both insightful and an inspirational story of recovery. This is a must read book' Dame Kelly Holmes.

**Friends on a Rotten Day** - Hazel Dixon-Cooper  
2008-05-01

It's about time for Friends on a Rotten Day, the first astrology book to focus entirely on friendships. After all, lovers come and go, but our girlfriends sustain, nurture, and protect us from cradle to grave. Friends on a Rotten Day explores the supportive, uproarious, and sometimes complex, relationships between girlfriends through an in-depth astrological analysis of each Sun sign. Dixon-Cooper shows readers what makes their friend tick on a soul level, revealing each friend's inner character, friendship style, love style (including what to do or not do if a pal picks a loser), and party style. She offers suggestions on the best gifts to buy your friend, how to calm her down, cheer her up, and return the unconditional support and love

that she gives you. Readers will discover why their Gemini buddy changes her mind so often, why the Virgo gal pal sweats the small stuff, why a Scorpio girlfriend sometimes seems distant, and why the Leo chum needs frequent headpats. They'll also learn why a Pisces pal should never be forced to make a snap decision, why a Capricorn girlfriend might seem too serious for her own good, the truth about a Taurus friend's hidden anxieties, the competitive side of an Aries chum, what causes Cancer pal's emotional train wrecks, why the Aquarius buddy has a rebellious side, and why the Sagittarius girlfriend has occasional angry outbursts. "Dixon-Cooper reveals what every astrologer knows but none has dared say. (She) takes us on a seriously humorous ride through the land of truth and consequences. I highly recommend it." --Suzanne White

Get Over Yourself! - Patti Novak 2008-12-30  
True love doesn't just happen, notes professional matchmaker Patti Novak. You have to work for it—and want it. Forget eight-minute speed dates or online dating sites with twenty-page questionnaires that promise a scientifically calculated perfect match. The fact that you both like golf, stamp collecting, and pizza with anchovies is great, but it won't mean a thing if you don't feel that zing. But before there can be sparks, there have to be dates. And before the

first date, you need to get over yourself! Taking a tough-love approach, and in her signature straight-shooting style, Patti will show you how to fix what needs to be fixed, reach your core, and identify who you are and what you want in a partner. She uses a three-part common-sense formula:

- **Getting Over What?** Assess your dating weaknesses, recognize what's not working, and adjust your expectations. Delve into your personal history and past relationships, and pinpoint the issues that have been holding you back.
- **Almost Over It** Fine-tune your attitude, your look, and your behavior to maximize your dating chances. Novak lays out strategies to help you deal with the brutal dating monsters you find along the way.
- **Over It** Learn the do's and don'ts of the first date, the second date, and beyond. Remember, it's not a job interview or therapy session. Pretend you're meeting a new friend, not a prospective husband or wife. Finding your one and only isn't about having the right shoes or a flat stomach. It's

about being true to yourself, being vulnerable, and being ready for love. Whether you're new to the dating scene, divorced and looking, or just trying to reach that second date, *Get Over Yourself!* will help you get the love you've always wanted and deserve.

If you wanted to turn a famous saying on its head - then start with this one - 'Every silver lining has a cloud', this in a nutshell, describes the outlook of many Virgos. **Spirit Junkie** - Gabrielle Bernstein 2011-10-03  
'Stylish, straight-talking and switched on... her tell-it-like-it-is tactics are attracting a new audience.' Sunday Times Style magazine  
In **Spirit Junkie**, Gabrielle Bernstein shares the story of her spiritual journey and shows you how you, too, can overcome the fears that paralyse you and manifest the greatest joy in your life. Before she became an international bestselling author and teacher, Gabrielle Bernstein kept a journal of self-loathing, self-doubt and calorie consumption for more than twenty years. That all changed when she discovered *A Course in Miracles*, which taught her that much of what she feared in life was not frightening at all and, in many cases, not even real. Bernstein guides you through the life-changing lessons that she has lived and learned in three parts: · 'The Detour into Fear' explains how our minds go wrong and why we become accustomed to fearful ways of being. · 'The Answer' provides
