has for girls who are going through a breakup: what will and won't have an emotional effect on him, how to maximize your chances of getting him back, how and when you should contact him, what you should (and shouldn't) say, how to deal with seeing him again, and much more. The list of the chapter titles below give a good overview of the content. This book is not written for women with a weak spirit. It isn't going to tell you how to mitigate the pain you feel in the wake of a breakup, and it isn't going to tell you that everything is going to be fine. And while it will tell you how to maximize your chances of getting your ex back, it isn't going to pretend that there are any 'tricks' to make that outcome likely. However, it will do something much more important: it will give you a strong insight into your ex's state of mind and male psychology in general. This will give you the foundation you need to navigate the breakup and - more importantly - propel yourself into honest and

successful relationships with the men in your future.

Dating in the Millennium - Alicia S. Walker 2013-07-12

What therefore God has joined together, let no man separate, Matthew 19:6 Good communication openly and honestly is ideal when it comes to dating and marriage. Many women aspire to share a covenant relationship with the opposite sex, and really don't bargain for being labeled as girlfriend #2, friend, baby momma, or any other label or title that is given to them other than wife or fianc . As young girls and young adults most aspire to be married, have a family, and be in a one-on-one committed relationship. A relationship is like any living plant that requires sunlight, nurturing, and water. If you don't water it and provide it with enough sunlight, water and care, it dries up and dies. This holds true for any relationship between a man and a woman. Love makes the world go round. When cultivating a healthy and fruitful relationship, the relationship should be a win-win for both parties involved. It is important to begin a relationship with honesty,

How To Make A Strong Relationship With Boyfriend

integrity, respect and trust. Ask God daily to lead, guide, and advise you so that you can make sound decisions when it comes to dating and marriage. He always give us signs when things are not right so pay attention to the things that are going on around you and in your life. Take time to do some soul searching and get in tuned with yourself and start asking yourself some very important questions. What truly makes you happy? And what is the real definition of love and what does it mean to you?

Remember, you cannot make someone else happy if you're not happy with yourself. Live for you and do what makes you feel the happiest whether your family and friends agree or disagree. At the end of the day whatever choice or decision you make, you are the one who have to live with it.

How to Be a Good Girlfriend and Keep Your Boyfriend Happy - Andres Munsel

2015-04-12

Why should the women of today - who want to be treated equally to men - be motivated to go above and beyond in their relationship? The truth is, some women don't feel any desire to go out of their way to make their partners especially happy, and that's their prerogative. But contributing that bare minimum to a relationship makes you far from perfect, and makes the relationship far from perfect too. Even more so now that 21st century men are increasingly realizing their own shortcomings and attempting to correct them. Luckily, you're here reading this now because you probably aren't among the

status quo: You're ready to take a path of self-improvement for the benefit of your relationship and the happiness of your boyfriend. Kudos! The perfect woman (in the opinion of most men) is an assertive and confident leader at work, a gourmet chef at home, a goddess in bed, and a master organizer. She's not only skilled, intuitive, intelligent, well-read, witty, and positive, but can put her hair in a ponytail and whoop ass better than the best, when needed. Sure, this massive expectation isn't exactly fair, but that's the meaning and price of perfection. Getting into a relationship is easy, but keeping a relationship happy is hard work - even more so if you wish to be the unequivocal owner of your man's heart and mind.

Make Him Beg to Be Your Boyfriend - J.D. Rockefeller
2015-06-21

We are born with the natural ability to attract a mate. But we have to learn the art of attracting a boyfriend. Males, including human males, are generally ready to mate at any and every opportunity. But mating to a male is just that. It is a physical act that feels good and is a natural bodily function. To the male, the act itself is the entirety of the mission. So, he is quite surprised when the act is completed and the female is still around. In our evolved state, he will normally find a way to "excuse" himself from the situation. Basically, he has two options. He can state, "that's all there is." Or he can

run. He will run. Before we learn how to make a man "want" to be our boyfriend, we must define the term "boyfriend". A boyfriend is a "male companion that you have a deep relationship that sometimes includes a sexual nature". But let's explain what a boyfriend is not. He is not just a mating partner. If the entirety of the relationship is mating, that is what it is. He is not your boyfriend. He is just your sex buddy. (This is the big one). A boyfriend is NOT your husband. A husband has a legal and moral obligation to care for you. He is required by society to hold you up when you can't stand. He promises to remain with you through whatever life throws your way. He is your protector, partner, friend and lover (and you are his). Being a husband is hard work. It takes dedication, commitment, and much effort. When a man moves from boyfriend status to husband status, he is in essence saying, he will put your needs before his own and build a life with you. It is not easy, which is why it comes

How To Make A Strong Relationship With Boyfriend

with a legally binding license of marriage, which has no expiration date. If you want a man to beg to be your boyfriend, you must want a boyfriend. You must be honest with yourself. You want more than a sex buddy, but less than a husband. You want the closeness of a relationship, but understand it stops short of becoming a lifelong commitment. You want him to want to be with you and care for you, but you understand that you are required to care for yourself and be responsible for your own well-being. In essence being in a boyfriend/girlfriend relationship is digging deep into each other to determine if this is something you want to take to the next level. But keep those boundaries clear. Neither of you has the right to expect the benefits of "spouse". And, both of you have the right (and responsibility) to walk away if it is not the right balance. Okay so now we know what a boyfriend is and what it is not, and hopefully you still want one. So, how do we prepare

ourselves to attract one? This book will show you how, so let's get started!
