Her Penis Is Bigger Than Yours - Mike Love 2013-09-18

Usually when people think about the topic of who has the most control in a relationship the majority of the time they would concede that it is the man because it is the societal norm. However, if you look closely behind the curtains you will soon discover that this is not always the case. There are in fact women out there women out there who wield an immense amount of power in their relationships. These types of women are the ones who are in control. They wear the pants in the relationship. Some men will concede to the power of a woman and let her control the relationship if they are weak or if the woman is actually stronger than them and a better leader. However, this is not a natural state for a man and men who find themselves in this position of being trapped in a relationship like this are looking for remedies and solutions that will enable them to reverse their fortunes. They feel that “enough is enough” and realize that not only did they commit the huge mistake of allowing the woman to wear the pants in the relationship, but they also enabled her to grow a penis A penis that has grown bigger than theirs. In his book entitled *Her Penis Is Bigger Than Yours: When A Woman Wears The Pants in The Relationship* world renown relationship expert Mike Love examines in detail the dynamics of this type of relationship and how to move to a more healthier alternative by shrinking her penis or getting rid of it altogether.

Cruisin' Around Say-Town - Mike Mullins 2007-12

Welcome to San Antonio, a great place to raise your kids and live life at a nice pace yet enjoy the professional sports and events of other large cities. Yet it also has a dark side. *Cruisin' Around "Say-Town"* presents a side of town that the Chamber of Commerce doesn't want you to see. Heavy drug use, promiscuous sex, betrayals, all told out in the open by three separate narrators who each have a different idea of what is being set before them. The reader learns each of these characters' M.O. by how they handle the problems before them. The reader also learns that life in this sector of San Antonio is not as great or fun as first thought, especially when certain actions begin to polarize this once peaceful group of friends. *Cruisin' Around "Say-Town"*, the debut novel of author Mike Mullins, presents a world where there are no easy answers, where selfishness and betrayal trump any hope of brotherhood and sisterhood, and finally that your only way out may not be in this world at all.

Donkey Pause - K. B. Penwarden 2016-06-09

Kimberly Penwarden 8654 Back Cover Summary Coral gave up her career aspirations for love and family. Though she never regrets her decision, her feelings of self-worth suffer tremendously, especially after her twins start first grade. She's faced with spending her days in the company of a stranger, herself. A misunderstanding encourages her husband to accept an employment transfer to a rural farming community that seems inspired by a Norman Rockwell painting. She's furious that he misinterprets her comment, but he's already signed the contract and risks losing his job if he reneges. Besides, it's a choice assignment with a significant raise in pay. Still, Coral resents Larry's eagerness to leave the only home they've ever shared. Once in their new home, Coral discovers letters stashed away in an old hat box. They were started in 1934 and were written by Emily, the only child of wealthy business owners who were extremely protective of their chronically ill daughter. The letters were intended for Joe, the son of the black handyman who worked at her home. A friendship between the two children was strictly taboo, and the letters Emily wrote but never delivered to Joe were influential in helping Coral find definition to her own life.

One Love - Paul Abbaszadeh 2003-12

It was the last few weeks of high school and in those few short weeks a dramatic change came about in the life of senior Paul Abbaszadeh. It can only be described as magical and "fairytale-like". After four years of futile attempts at dating he never expected to find anyone who would truly appreciate him for who he was. That all changed in an instance when he finally met that one special person. She came into his life and from then on everything changed. How beautiful life was; it had taken nearly four years and when he least expected it, love crept up on him. She was everything he could ever want in a girl, smart, charming, funny, charismatic and of course beautiful. Everything was perfect. Then the summer came and it played out like a classic Hollywood film. No other two people could have been so in love. The summer ended and they were separated in distance as they parted for college. Not even the distance could mar their love for one another as their love endured and their bond grew stronger with each passing day. One Love is a true love story, a written account taken from the Memoirs of Paul Abbaszadeh. You will

discover the beauty and innocence of young love from high school to the carefree days of summer and beyond written in the most sincere form. *Assembly* - United States Military Academy. Association of Graduates 1994
