## **Sexual Addiction: Understanding and Treatment** - Paul Becker, MAEd, LPC

2015-02-23

The book *Sexual Addiction: Understanding and Treatment* introduces graduate-level students to the field of sexual addiction. Graduate schools seek a textbook that specifically addresses the dynamics of sex addiction to complete their counseling education curriculum. Some professors have indicated that there is a dearth of targeted instructional content. This book fills that need. As a compendium of Dr. Carnes' research related to the treatment of sexually addicted men and women, the book will serve as clinical manual for therapists. Therapists are invited to use the recovery program presented as an effective treatment regimen for sex addicts. Internet pornography addicts men and women who have a weakness for sexual stimulation. One estimate is that as much as half of the male population and a third of the female population are addicted to pornography. The need for a relevant clinical tool is real. As such, the book contains thirty-six therapeutic exercises to help sexually addicted men and women, in conjunction with sex addiction therapy, to achieve long-term sexual sobriety.

## **Love and Other Ruins** - Karen X Tulchinsky 2012

"The sequel to Karen X. Tulchinsky's much-praised first novel, *Love ruins everything*, picks up the story four months later as the characters prepare for the approach of the Millennium. Over the course of the year 1999, Nomi Rabinovitch and her lover, Julie Sakamoto, negotiate the joy and pain of a long-distance relationship; Nomi's cousin Henry devotes more energy to AIDS activism, even as he must cope with intense treatments as his health declines; and Solly and Belle, Henry's estranged parents, are drawn closer by their shared love for their son. And Bubbe, aged somewhere between 92 and 97, might be hard of hearing, but she's certainly not blind to the crazy events swirling around her. A joyful, hilarious, and often very

touching story of love, pain, activism, and family."--Page 4 of cover.

About the Expert Bethany Wilson is a December 2010 graduate from Berea College in Berea, Kentucky. She obtained her Bachelor of Arts degree in Child Development. During her entire time in college she was engaged, her and her fiancé Josh decided to give a long distance relationship a go. From the beginning of her college career throughout the completion and still to this day they are together. With nearly three hundred miles between her and Josh they had to get creative in order to keep the relationship alive. When they first began the relationship after Bethany got to college they would talk on the phone for hours each day about a little bit of nothing but that gradually got tiresome. Bethany and Josh had to find new things to keep their relationship interesting. At first they started using webcam communications but that was short lived because the college cut the bandwidth that was allowed to the students making it almost impossible to webcam one another. They tried almost all of the techniques that are mentioned in this book. There were many different things that was brought up by other people trying to make them break up, but that never worked because Bethany and Josh have a bond stronger than words of others. Now that Bethany is out of college, she and Josh is no longer on a long distance relationship status because they are just a few minutes apart and

are looking forward to their future and in the process of planning their wedding. Their long distance relationship helped them both mature and develop the ways that they communicate to the point that they both seem as if they are ten years older than they really are in the case of communication strategies. When things would seem dire within the relationship they would sit down and talk it out either on the internet, phone, or text messaging and get past the situation. HowExpert publishes quick 'how to' guides on all topics from A to Z by everyday experts.
