Shadow Girl - Kat Cotton 2020-09-10

Shadow Academy has many secrets... and I'm one of them. After the death of his father, Ren Worthington has fallen from grace. Not so long ago, I'd have enjoyed watching him mucking the stables while I lived in luxury but now, I just want the old Ren back. To redeem myself, restore his fortune and find out the truth about our birth secrets, I vow to find his estranged mother. But Mrs. Worthington isn't an easy

woman to find. The only person who can help me locate her is an evil vampire and former enemy--and the price he asks is more than I'm prepared to pay. With a new evil rising, an unwelcome admirer and threats from all directions, it's going to take all my powers and smarts combined to get through this semester. Shadow Academy has many secrets and soon they'll be revealed.

Winona Woodward lives at home with her widowed mother and her siblings but with the war on, times were difficult and her mother could ill afford to keep the house going. So Mrs Woodward arranges for Winona to go and stay with her Aunt Harriet who arranges for her to take the scholarship examination for Seaton High School. She fears that she might flunk the examination but her knowledge of Edgar Allan Poe and Lady Jane Grey help her to win a scholarship and she duly attends Seaton High. There she joins the Debating Club, the Patriotic Knitting Guild and the Dramatic Society and Literary Association and meets girls such as Garnet Emerson, Hilda Langley, Marjorie Kaye, Olave Parry and Joyce Newton. At first the girls find it difficult to accept Winona as she is a scholarship girl but once they get to know her, they all become the best of friends.

The Girl Who Went to a Boys Boarding School - Michael Forman 2016-12-09

To increase through pupils, girls were introduced to the school later, with the numbers to form a coeducational school to get a variety of class types from poorer backgrounds. A reduced-fee scholarship was offered to one girl and one boy. This is where the story begins. The girl was from a working-class background. Four years later, she becomes the head girl, along with the boy who received the same scholarship. They work together as joint heads, and later as loving friends, before going to separate universities to obtain medical degrees. Tragedy happens to the girl. Later, the boy becomes a brain surgeon, still trying to find that girl he loves. When they return to that school, he is a governor and she was a famous first head girl.

Shadow Academy has many secrets... and I'm one of them. Plucked from foster care and offered a scholarship to an elite school, I figured I had it made. It didn't take long to discover how this school worked. Scholarship kids at the bottom of the heap, and way at the top, Ren Worthington. With his breath-taking good looks and bottomless pits of family money, you'd think he'd have better things to do than bully us poor kids. Not so. Ren and the other human students live their lives unaware of the creatures lurking in the dark. I wasn't given that scholarship just for my academic skills. We're all half-bloods and freaks - fae, witch, shifter, demon. In return for our free ride, we protect the rich brats from paranormal dangers. When one student goes missing and Ren's life is threatened, I get made an offer. Become Ren's tutor/bodyguard and my future is assured. But if Ren dies or discovers what I am, I'm out of here. As if he'd discover what I am. I don't even know myself. I'm weak and powerless but they want me for the job. Who knows why? I don't want to get close to Ren, I don't want to get to know him and I sure don't want to succumb to his charms, but I have no choice. And I discover, things aren't what they seem on the surface. Shadow Academy has many secrets... and maybe Ren is one of them.

Girls Don't Fly - Kristen Chandler 2011-10-13
Myra is used to keeping her feet firmly on the ground. She's got four younger brothers, overworked parents, and a pregnant older sister, and if Myra wasn't there to take care of everyone, they'd probably fall apart. But when her boyfriend unceremoniously dumps her,

feels like she's lost her footing. Suddenly she's doing things she never would've a few months earlier: quitting her job, applying for a scholarship to study birds in the Galapagos, and falling for a guy who's encouraging her to leap from her old life . . . and fly. Set in the Salt Lake City area, *Girls Don't Fly* is full of intelligence, humor, and is a refreshing change of pace for teen readers.

Prophecy Girl - Kat Cotton 2020-09-10

Shadow Academy has many secrets and maybe I'm the worst one of all. When I saved Ren Worthington's life and stopped the school dance from turning into a vampire buffet, I didn't expect a medal, I didn't expect kudos but I sure as heck didn't expect to become public enemy #1 at this paranormal academy either. And, after sharing my first kiss with Ren, I'm not sure of his feelings. I don't think he's sure himself. If that isn't enough, a couple of weirdos kidnap Ren and I, wanting to experiment to test the extent of our powers. Those experiments include putting us in dangerous situations until we no longer know what's real or not. If the prophecy is true, and I am the chosen one, I need to get this mess sorted out as soon as possible, or we'll both die.

"The Luckiest Girl in the School" is a classic schooldgirls' story written by pioneer of the genre, Angela Brazil. Unlike her other stories, it follows the heroine through her entire school career. This entertaining and charming tale will appeal to young girls and is particularly recommended for those attending boarding schools or similar institutions. Angela Brazil

(1868 - 1947) was an English author most famous for being one of the first writers of "modern schoolgirls' stories". Her stories were presented from the characters' point of view and were written primarily as entertainment rather than moral instruction. During the first half of the 20th century, Brazil published nearly 50 such books, with the vast majority being set in English boarding schools. Brazil's work had a significant influence on changing the nature of fiction for girls. Her characters were chiefly young females, active, independent, and aware. Brazil's books were often considered to be immoral and deviant, leading to their being burned or banned by many Headteachers in girls schools across Britain. Contents include: "An Entrance Examination", "Seaton High School", "The Symposium Aunt Harriet", "A Crisis", "An Autumn Foray", "Concerns a Camera", "The School Service Badge", "A Scare", etc. Many vintage books such as this are increasingly scarce and expensive. It is with this in mind that we are republishing this volume now in an affordable, modern, high-quality edition complete with a specially-commissioned new biography of the author.
