**Journal** - New South Wales. Parliament. Legislative Council 1893

**A Female Predator** - J.M. Gordon 2014-10-22

A Female Predator aims to explore the hidden relationships between Female Predators and their Female Victims, focusing solely upon crimes committed by women against women. Through investigative Case Studies of both modern day and historical crimes, A Female Predator gives a voice to silent victims and helps to expose and dispel commonly held opinions within our society about Women's capacity to commit same sex violence even in its most subtle forms. 2014 Revised Edition

*Rape And Society* - Patricia Searles 2018-03-05

In the 1970s rape became the point of departure for an ongoing feminist examination of the subordination and sexual victimization of women. More recently, domestic violence, prostitution, sexual harassment, and pornography have come to the forefront of investigators' concerns. *Rape and Society* returns to the original focus on rape while also illuminating the interconnections among the many forms of violence against women. The book provides a comprehensive treatment of the subject, drawing on writers and researchers from across a range of social and behavioral sciences and the humanities and representing the experiences of women of diverse backgrounds and lifestyles. From the private torment of a child abused by her father to the horror of mass rape and ethnic cleansing in the former Yugoslavia, the authors analyze rape as a tool of humiliation, control, and terror. *Rape and Society* is an essential resource for academics and professionals and for anyone wanting to come to grips with the magnitude of the problem of sexual violence. Because the selections are moving as well as thought-provoking and varied in approach (theoretical, empirical, literary, and experiential), this

interdisciplinary anthology is a superb text for undergraduate and graduate courses in women's studies, psychology, sociology, and criminology. It offers incisive analyses and carefully designed research to help us understand and explain rape while sensitizing us to the personal dimensions of sexual victimization and the emotional toll of living in a violent society. There are hopeful voices here too, helping readers envision a safer and more humane world, offering concrete suggestions for social change, and encouraging us all to gather the power and courage to take on the work that lies before us.

*Wrongful Conviction in Sexual Assault* - Matthew Barry Johnson 2020-10-19

In *Wrongful Conviction in Sexual Assault*, Matthew Barry Johnson introduces new directions in wrongful conviction research and understanding. Citing Innocence Project and National Registry of Exoneration data, the book identifies sexual assault as the predominant offense type associated with confirmed wrongful convictions in the US. Johnson outlines the differential risk of wrongful conviction associated with stranger rape, acquaintance rape, and intra-familial child sexual abuse. He also introduces new terms and concepts such as "black box" investigation, illustrating the lack of transparency in the production of prosecution evidence; a four-part stranger rape thesis; and the "moral outrage - moral correction" process that results in cognitive and emotional factors that interfere with the evaluation of criminal evidence. The book also includes chapters on racial bias in rape prosecution, and the relationship of serial sex offending to wrongful conviction. Citing both foundational and newly-introduced conviction research, Johnson illustrates unexamined aspects of well-known wrongful conviction cases (i.e. The Central Park Five, Steve Avery, Ronald Cotton, The Norfolk

Four) and presents the lessons from lesser known wrongful convictions. *Wrongful Conviction in Sexual Assault* provides valuable new perspectives and insight for psychologists, defense lawyers, prosecutors, crime investigators, and social justice scholars.

**Rape Investigation Handbook** - John O. Savino 2011-08-23

*Rape Investigation Handbook* details specific investigative and forensic processes related to sex crimes casework invaluable to those in law enforcement, the legal community, and the private sector. It takes the reader through these processes in a logical sequence, showing how investigations of rape and sexual assault can and should be conducted from start to finish. The second edition is reorganized to flow from the alleged assault to a courtroom trial. Section heads have been introduced and it includes six new chapters on sex crimes, sex trafficking, forensic victimology, eyewitness reports, rape trauma syndrome and rapist motivations. The remaining 12 chapters are entirely overhauled and in some cases completely rewritten by new, highly qualified contributors, such as "Sexual Assault Examination and Reconstruction" by Brent E. Turvey and Charla Jamerson and "Rapist Motivations" by Brent E. Turvey and Jodi Freeman. An additional appendix was added to provide current case studies. Includes six new chapters on sex crimes, sex trafficking, forensic victimology, eyewitness reports, rape trauma syndrome and rapist motivations. Written in a clear, practical style, ideal for sex crime investigators including: professionals in forensic nursing, forensic laboratories, law enforcement and the legal community. Authored by qualified investigators and forensic professionals with over 30 years of collective experience working cases, preparing them for court and offering testimony.

*The Campus Rape Frenzy* - KC Johnson 2018-05-22

In recent years, politicians led by President Obama and prominent senators and governors have teamed with extremists on campus to portray our nation's institutions of higher learning as awash in a violent crime wave—and to suggest (preposterously) that university leaders, professors, and students are indifferent to female sexual assault victims in their midst. Neither of these claims has any bearing to reality. But

they have achieved widespread acceptance, thanks in part to misleading alarms from the Obama administration and biased media coverage led by *The New York Times*. The frenzy about campus rape has helped stimulate—and has been fanned by—ideologically skewed campus sexual assault policies and lawless commands issued by federal bureaucrats to force the nation's all-too-compliant colleges and universities essentially to presume the guilt of accused students. The result has been a widespread disregard of such bedrock American principles as the presumption of innocence and the need for fair play. This book uses hard facts to set the record straight. It explores, among other things, nearly two dozen of the cases since 2010 in which students who in all likelihood would have or have subsequently been found not guilty in a court of law have, in a lopsided process, been hastily and carelessly branded as sex criminals and expelled or otherwise punished by their colleges, often after being tarred and feathered by their fellow students. And it shows why all students—and, eventually, society as a whole—are harmed when our nation's universities abandon pursuit of truth and seek instead to accommodate the passions of the mob. As detailed in the new Epilogue, some encouraging events have transpired since this book was first published in October 2016. A majority of the judicial rulings in dozens of lawsuits by male students claiming their schools treated them unfairly and discriminated against them based on their gender have rebuked the schools for their handling of these cases. And Education Secretary Betsy DeVos called for fairness to accused students and accusers alike, revoked most of the guilt-presuming Obama-era policies, and began a protracted rule-making process designed to compel procedural fairness and nondiscrimination.

*Policing Sexual Assault* - Jeanne Gregory 1999-01

*Policing Sexual Assault* provides a detailed account of current police practice in the UK in response to sexual assault. The authors use case studies and interviews to find out why when the number of rape cases has almost trebled since 1985, the proportion of cases resulting in a conviction has dropped from 24% to 8.6%. Chapters cover: an overview of existing research police culture police recording practices the role of

the Crime Prosecution Service male rape analysis of the judicial process interviews with complainants and first-hand accounts of their experiences proposals for reform. The authors place their findings within the context of theoretical debates about domestic and sexual violence and examine the gap between official condemnations of male violence, as enshrined in law, and the realities of the victims' (male and female) experiences - whereby the violence is too often condoned.

Sex Attack - Fidor 2002-12

What Ed Wood and Russ Meyer were to low-budget filmmaking, Fildor and Vitus are to the erotic, spaced-out graphic novel. Sex Attack mines some of the same territory as Wood but adds an erotic sheen, depicting a memorable gallery of raunchy creatures indulging in all manner of cheesy behavior. Meet Eddy, the nerd who wears his girlfriend Jasylou's undies. They live in Hyperville, neighbors to a retired movie star with equally strange tastes. When a group of Martians arrives, determined to turn Hyperville into a writhing mass of fornicating bodies, it's up to Jasylou and company to save the day, flee in terror, or join the horny aliens, orgy-minded religious fanatics, dumbfounded soldiers, and appalled bystanders in the comic chaos.

When Lovers Attack - Seva Kenn 2019-04-07

Falling in love is a priceless gift, but it is not free. As the chemistry of bliss subsides, lovers become less certain of each other. Such unexpected discomfort leaks out as cranky nit picking and lowered sexual enthusiasm. That feels wrong, like an unjustified attack. Attacks, whether subtle or overt, take their toll. Reacting defensively, even to the point of anger, is inevitable. And lovers don't know what to do when that happens. Not knowing is a bigger problem than most realize. Frayed nerves and blood pressure spikes never get soothed or comforted. Further clashes become more frequent than passionate sex. Then the relationship ends. Does it have to be that way? Seva Kenn, founder of LoveandSexMastery.com, doesn't think so. He prescribes simple behavioral changes that can reverse the typical slide into conflict. Through descriptions and sample dialogues, When Lovers Attack introduces: 100+ Alternative tips, techniques, and tools 15 Provoking

don'ts and 15 Defusing dos Communication that is 1000 times more effective How to nurture physical wellbeing and rekindle sexual interest Honed over twenty years of personal and professional practice, Kenn's techniques change the fate of love and sex within relationships. A partner's cooperation is not required; instead, influence is achieved by modeling confidence and competency. Partners cannot resist. Is tension with your lover, partner, or spouse getting you down? Knowing what to do is the cure. When Lovers Attack gives you options that save time, reduce effort, and feel good. It's in your hands now.

**America's War on Sex** - Marty Klein Ph.D. 2012-04-13

This book exposes how a coalition of political, religious, and civic leaders are using the issue of sex to frighten, misinform, and bully Americans—paving the way for dramatic new public policies that are already restricting everyone's rights. Americans are more vulnerable today than ever to anxiety about sexual danger, to believing that their sexuality is not "normal" or moral, and to laws and public policies that restrict their rights, criminalize their consenting behavior, and confuse and miseducate their children. In the second edition of America's War on Sex: The Continuing Attack on Law, Lust, and Liberty, psychologist, sex therapist, and courtroom expert witness Marty Klein sets the record straight and uncovers how the "Sexual Disaster Industry" works—a powerful social and political propagand machine that is supported by the very citizens it victimizes. This book analyzes eight "battlegrounds" in which America's War on Sex is being fought and examines how each one is the focus of an unrelenting struggle to regulate sexuality in direct contradiction to our Constitutional guarantees, scientific fact, and the needs of average Americans. Klein places these various attacks on our rights in historical context, explains how the money and political power are coordinated from the same sources, and shows how the Religious Right inflames Americans' anxiety about sexuality even as it proposes repressive schemes to reduce that anxiety. This book tackles a sensitive and volatile topic head-on, addressing how the political, social, historical, religious, and emotional issues surrounding public policy interfaces with sexuality as no other work has before.

Practical Investigation of Sex Crimes - Thomas P. Carney 2003-09-17

Because of the sensitive nature of sex crimes, police officials must develop a specialized set of interviewing skills to effectively investigate them. Written by former Commanding Officer of the Manhattan Special Victims Squad Thomas P. Carney, *Practical Investigation of Sex Crimes: A Strategic and Operational Approach* provides a day-to-day guide for Make Yourself Immune to Heart Attack - Simon Oxford 2011

This is essential reading for everyone who cares about their future health and happiness, and for anyone who wants to live a long and healthy life, and not be in the ever-present shadow of the Western World's biggest killer.

*Campus Sex Assaults* - Chicago Tribune Staff 2012-06-05

In September 2010, St. Mary's College freshman Elizabeth "Lizzy" Seeberg was found dead, a victim of an apparent suicide from prescription medication, mere days after alleging she had been sexually attacked by a Notre Dame football player. Starting in November of that year, the Chicago Tribune began reporting on this case that was up until that point not publicly acknowledged by the University of Notre Dame. Over the course of the next year, Tribune journalists and investigators produced a series of articles focusing on this case—and the cases of other sexual assault victims on Midwestern university campuses—leading to new investigations and subsequent reforms at schools across the region. *Campus Sexual Assaults* is a gripping and important piece of investigative journalism, revealing disturbing primary materials from cases and shocking personal interviews with the victims. The yearlong investigation shed light on the antiquated and obfuscated reporting and prosecuting practices of major Midwest colleges and universities, going so far as to discover that Notre Dame campus authorities did not even promptly investigate the alleged assault that occurred days before Lizzy Seeberg's death. *Campus Sexual Assaults* goes on to investigate similar trends in under-reporting and under-prosecuting sexual assaults on campuses across the country. Part 1 of *Campus Sexual Assaults* reports on the Seeberg case as it unfolded, and ends with the county prosecutor's decision that there would be no

charges, since the victim's death made her statements inadmissible in court. Part 2 has a wider focus, as the Tribune reports on another similar attack at Notre Dame and a survey finding that few people accused of sexual violence on college campuses are ever convicted. Part 3 deals with reforms at Notre Dame and similar problems at Marquette University. The powerful stories told in *Campus Sexual Assaults* by the survivors and families victimized by these attacks are moving as much as they can be upsetting. After months of reporting and research on the Seeberg case and others like it, the Tribune's investigations sparked new legal investigations and subsequent reforms at the campuses in question. This collection of articles and investigative reports is a touching, in-depth look at an endemic problem at universities across America and should be required reading for not only campus and sexual health educators, but for university audiences and concerned readers everywhere.

**Sexual Assault** - Nancy Gager 1976

*Investigating Sexual Assault Cases* - Arthur S. Chancellor 2012-09-21  
Criminal Investigations & Forensic Science

The Libertarian Attack Against Liberty: - Joseph W. Burrell 2015-09-01

The labels seem to be opposites: democracy and totalitarianism; capitalism, communism, fascism. But in practice, all the politico-economic systems we have on earth today have ended up looking disturbingly similar. While there are important differences, the author claims that they all consist of "ruler-owners" and bosses at the top - money kings - and powerless workers and consumers at the bottom. He also contends that workers and consumers are the only necessary parts of a natural economic system and that corporations are an artificial and tyrannical imposition based on greed and dominance. He urges the defeat of the "corporate collective" with its tiered arrangement of work and wealth, with only the "fit" and "successful" at the top as supervisors and the rest of us beneath them as servants, wage slaves, or even chattel slaves. In short, this book is radical and extreme in its view of all the world's systems as authoritarian despite their differing economic, political, and religious conglomerations. As a foundation for the

discussion, the book traces in broad outline the histories of work and belief. It denies that the Christian religion is Christian and shows that Jesus Christ was a pacifist and a liberal and that his words and nature are barely represented, if at all, in the dogmas and practices of those who call themselves Christians in today's America. Attacking the dominant institutional belief systems regarding work and religion, this book spares no existing supervisory arrangement and suggests the peaceful unraveling of authority structures and a new form of egalitarian cooperation. Since this book is extreme in its condemnation of existing supervisory arrangements and authority structures, it should be interesting - perhaps dismaying - to everyone who is dissatisfied with their own subservience to others whether at work, in church, or in any political party. Anyone who yearns for relief from entangling authority should find this book at least stirring, if not entirely convincing. It presents new ways of looking at the world and at all systems of control and belief. Those who like ideas and those who do not quite fit into the molds into which they have been placed will find the writing refreshing and stimulating. The ideas in this book were influenced by Thomas Piketty's *Capital in the Twenty-First Century*, Noam Chomsky's *Power & Prosperity*, Daniel Guerin's *Anarchism*, Michael Perelman's *The Invention of Capitalism*, F.A. Hayek's *The Road to Serfdom*, Karen Armstrong's *A History of God*, Hugh J. Schonfield's *Those Incredible Christians*, and by such television programs as Amy Goodman's *Democracy Now* and the Rachel Maddow show on MSNBC. The Libertarian belief system is at the heart of many of the contrary arguments presented in this book and its baleful influence can be seen in just about any of the writings, presentations, speeches, and gatherings of Republicans. It is the number one enemy of democracy in America today.

**Fighting Sexual Temptation** - Anthony J. Carter 2010-05-24

ajdhgidhg

**Fighting Sexual Temptation** - Anthony Carter 2010-05-24

"You have heard that it was said, You shall not commit adultery. But I say to you that anyone who looks at a woman with lustful intent has already committed adultery with her in his heart." - Matthew 5:27-28 When Jesus

spoke these words he moved the offense from the bedroom to the heart. Jesus reminded us that with sexual sin it is not just the result that matters, but even more so the intentions. And if sin is going to be curbed it has to begin with a curbing of the intentions; a changing of the heart. Sexual temptations are all around us. There is no avoiding it. When sex is not just in the city, but in the country, the prairie, the desert, and everywhere in between, how are Christians suppose to navigate their way to a faithful testimony of God's grace and purity? In this booklet, Pastor Tony looks at the words of Jesus Christ from Matthew 5:27-30 and seeks to help us navigate the minefield of sexual temptation in this world. Though this treatment is brief, yet like our Lord's words it is careful to attack the issue right where the battle is won or lost - in the heart.

[Sex Crimes Investigation](#) - Robert L. Snow 2006-04-30

No one wants to be robbed at gunpoint, or have his car stolen, or his house robbed. When these crimes happen, victims may feel angry, afraid, or violated. But there is no violation quite so devastating as sexual assault. Victims do not recover easily—either emotionally, psychologically, or physically from such incidents, and the long-term impact can have devastating effects on the victims, their families, and communities. Investigating sexually based crimes is particularly difficult for many reasons. Often the collection of evidence requires a medical examination of the victim—a second violation of sorts. Police must interview the victim, who must recount his or her assault. Often, the victims are children, and offenders range from family members to perfect strangers. But investigating and prosecuting these crimes is crucial to the healing process of many victims, and to the safety of society at large. Detective Snow takes readers on a tour of the ways in which the police investigate and help prosecute such crimes. Each chapter begins with a real-life incident and throughout the book real stories are used to illustrate each step in the process. Snow addresses the processing of the crime scene, the collection of evidence, the development of suspects, the questioning of witnesses and perpetrators, and the preparation for trial. Few members of the public have any idea how complex and delicate the

investigation of sex crimes really is. This book sheds light on this important police work and helps readers understand how these crimes are investigated, solved, and prosecuted. Victims and their families will especially benefit from the information in this book, but all readers will gain insight into the crimes, their incidence, their impact on victims, and the way the criminal justice system responds, from the scene of the crime through the capture and incarceration of the perpetrators.

**The Sexual Liberals and the Attack on Feminism** - Dorchen

Leidholdt 1990

In deze bundel wordt weerwerk geleverd tegen het Amerikaanse seksuele liberalisme, dat door een vrijwel ongelimiteerde seksuele vrijheid te propageren, direct en indirect afbreuk probeert te doen aan de verworvenheden van de feministische beweging. De aloude discussie over pro en contra pornografie wordt heropend, en ook over voortplantingstechnologie, seksueel geweld en incest nemen diverse auteurs verrassende en vernieuwende standpunten in.
