Sex, Drugs & Rock n Roll - Zoe Cormier 2014-08-07

How can wordless collections of sounds send shivers down our spines and tickle ancient parts of our brains we share with reptiles? How did a chemist's quest to create a drug to ease the pain of childbirth result in the creation of LSD? Why do goats partake in oral sex, and how can a horse (or even a table) make us weak in the knees? And how on earth could the revered 'father of anatomy' not know where the clitoris was? From tortoiseshell condoms to superstar athletes on hallucinogens, these burning questions are explored and dissected, mixed with insights from some of the world's bravest, cleverest and downright weirdest scientist experimenting on the edge - and themselves. It's a sharp shocker, an eye opener, asking the big questions about what it means to be human, about consciousness and happiness. It'll pull you in and gross out. Exuberantly curious and shamelessly exuberant, Guerilla Science's Zoe Cormier reinvents popular science for a new generation by breaking all the rules. Let's rock.

New York Magazine - 1991-09-16

New York magazine was born in 1968 after a run as an insert of the New York Herald Tribune and quickly made a place for itself as the trusted resource for readers across the country. With award-winning writing and photography covering everything from politics and food to theater and fashion, the magazine's consistent mission has been to reflect back to its audience the energy and excitement of the city itself, while celebrating New York as both a place and an idea.

Hollywood the Band - Steven Jordan Brooks 2012-10-18

HOLLYWOOD is a fictional rock band in the 1970s attempting to procure a record deal in the midst of cultural, political, social, and historical changes while dealing with their own issues, beliefs, and pasts. It is an epic tale of hard work and commitment that chronicles the hardships they must endure, the obstacles they must overcome, and the lessons they must learn. It reveals the inner workings of the music business and what it really takes to make it. With a keen sense of time, place, character, and events, it reflects the cultural shift and changing attitudes that defined a generation and influenced generations to come by interweaving issues ranging from sexual attitudes, the drug culture, racial and civil rights issues, politics, womens issues, gay issues, the Viet Nam War, organized crime, alienation, dysfunctional families, and violence. It is a true Hollywood story, where success or failure is often a matter of talent, luck, and sacrifice.

Sex, Drugs, Rock & Roll - Eric Bogosian 2012-12-15

The enormously successful performance piece (and film) by premiere performer and playwright Eric Bogosian.

Straight Whisky - Erik Quisling 2003

'Straight Whisky' is the first book ever to chronicle all the music, magic and mayhem of the Sunset Strip. Erik Quisling and Austin Williams have created a unique multi-levelled portrait that is unlike any other rock book on record. With its sweeping historical analysis and down and dirty details, 'Straight Whisky' pulls no punches and leaves no stone unturned. Quisling has drawn upon extensive research to chronicle the ways in which music on the Sunset Strip has both shaped and reflected the American experience since 1964. Williams has chosen sixteen of the most memorable events from the period and developed them into dramatic narratives that offer an intensely intimate view of this incredible story. Together, along with

dozens of rare photos and original interviews with the rock stars who were there when it all happened, these perspectives provide a comprehensive look at the most famous stretch of rock 'n' roll real estate on Earth: the famed 'rock block' of Sunset Boulevard. Here are the stories that have been whispered about for decades. Now they can be told out loud for the first time.

The Mammoth Book of Sex, Drugs & Rock 'n' Roll - Jim Driver 2010-04-29

Over 60 gripping accounts tracking the dark side of rock 'n' roll from the early days of the drugs-and-drink culture, and the birth of rock 'n' roll, through The Beatles, Stones, Sex Pistols, Madonna, Kurt Cobain and Oasis, to Amy Winehouse, Pete Doherty and other stars of the current rock-music scene. From trashed hotel rooms to cars in swimming pools, all rock 'n' roll's excesses are here, including murder and sexual deviancy, surprising brushes with the law that the stars thought they'd kept quiet, early and tragic deaths, drug overdoses, robbery, mis-marriages and groupies by the truckload

My Appetite for Destruction - Steven Adler 2010

From original Guns N' Roses drummer Steven Adler comes the inside story of Guns N' Roses through a new perspective and his own intense struggle with addiction.

Sex, Drugs, Ratt & Roll - Stephen Pearcy 2014-04-15

A tell-all memoir from the lead singer of the 1980s hair-metal band Ratt reveals all the aspects of rock star excess, including the groupies, the trashed hotel rooms, and the drugs.

Ian Dury: Sex & Drugs & Rock 'N' Roll - Richard Balls 2011-09-23

Here is the complete, no-holds-barred biography of the late, great self-made Essex lad himself! The abrasive Dury always met life head on, in his relationships and in his music, and this acclaimed biography does not shrink from chronicling some of his darker moments as well as his triumphs. Author Richard Balls talked to over 50 of Dury's friends as well as Dury himself shortly before his death. Dury's extraordinary life was always a battle. As a rocker, lyricist, artist and actor he was unsentimental and uncompromising. As a man he was harder to fathom - until now. In this classic rock biography, the self-styled 'diamond geezer' stands revealed as a real diamond after all. This edition is updated to cover the release of the biopic Sex & Drugs & Rock 'N' Roll, and includes original interviews with Oscar-winning actor Andy Serkis who portrayed Dury in the film.

Processing Emotional Pain using Emotion Focused Therapy - Melissa Harte 2019-10-18

Emotional pain is part of most people's reality. For some of us though, that pain can begin to impact on our ability to function in our everyday life. Despite years of valiant attempts to resolve or deny such pain, we may continue to suffer. Before her untimely death early in 2021, Dr Melissa Harte had experienced her own journey through emotional pain that led her eventually to become a counseling psychologist and an internationally accredited Emotion Focused Therapy (EFT) trainer. She spent years teaching hundreds of therapists how to use EFT as well as running her own thriving private practice. The legacy of her considerable skill and knowledge remains in this book which sets out a framework and model that works gently, effectively and deeply to assist in reversing the psychological, emotional, spiritual and physical damage of unresolved emotional pain. Applicable to a range of practitioners including counsellors and psychologists, this book will help you to help your clients whose emotional pain may be attachment-related, be a single episode, a series of major trauma experiences, or the culmination of many so-called 'small t trauma' events. This is a 'how-to' book, presenting techniques and concepts to assist practitioners, including investigating the use of the impacts of trauma case studies — an area until very recently often overlooked or minimised when formalising case histories. Chapters also address: • The dilemma with the DSM-5 diagnostic criteria for posttraumatic stress disorder (PTSD). • The value of understanding the importance of emotions and how, as adaptive experiences, they provide essential information that can assist us in our daily lives. • The concept of emotional pain and how to work through it with an extended version of the focusing task, including the influences that helped to shape the task and its significant components. • The challenges around identifying dissociation and how to manage it. • The use of chair work as another element of working through emotional pain. At Melissa's request, all royalties from sales of her book will go to the Australian Institute for Emotion Focused Therapy.

Sex, Drugs and Rock N Roll - A. E. Kearney 2006-03

Sex and Drugs Before Rock 'n' Roll - Benjamin Roberts 2012

Sex and Drugs Before the Rock 'n' Roll is a fascinating volume that presents an engaging overview of what it was like to be young and male in the Dutch Golden Age. Here, well-known cohorts of Rembrandt are examined for the ways in which they expressed themselves by defying conservative values and norms. This study reveals how these young men rebelled, breaking from previous generations: letting their hair grow long, wearing colorful clothing, drinking excessively, challenging city guards, being promiscuous, smoking, and singing lewd songs. Cogently argued, this study paints a compelling portrait of the youth culture of the Dutch Golden Age, at a time when the rising popularity of print made dissemination of new cultural ideas possible, while rising incomes and liberal attitudes created a generation of men behaving badly.

LA Downbeat - Ryan Stable 2020-09-25

To live in Los Angeles, you've got to have a side hustle. David is a music journalist by day who sells drugs to rock stars by night. When a well known musician dies from an overdose on the cocaine that David sold him

the night before he's to be inducted into the Rock & Roll Hall of Fame, he'll do anything to prove his innocence - Even if it means sacrificing his job, relationship and possibly his life. Is there a serial killer on the loose, murdering the world's most beloved musicians and making it look like they OD'd? Or is David's drug-fueled bender warped his sense of reality so much that he can't see the truth? Based on true events, *LA Downbeat: Sex, Drugs, Rock n Roll & Murder* is a whirlwind tour through LA's underground music scene coupled with a steamy romance and a riveting murder mystery.
