

Sexuation Sic 3

Sexuality and Serious Mental Illness - Peter F Buckley 2013-05-13

Reflecting current understanding of the complexities of sexual activity among persons with chronic mental illness, the text draws upon the collective wisdom and experience of experts from a variety of settings. Clinicians, advocates, consumers, researchers, legal experts, and administrators all contribute to document the concerns about sexual behavior and the consequent health risks for this at-risk population. The research presented here is particularly timely in view of recent emphases on patient choice, recovery, and advocacy, and can be used to provide guidance to clinicians, mental health administrators, policymakers,

advocates, and researchers.

Sexuation - 2000

A Lacanian investigation of sexuality and sexual difference.

Peripheral Insider - Khaled D. Ramadan 2007

With increased mobility and transnational interaction worldwide, internationalism in contemporary visual art is no longer exclusively a western issue. Contemporary visual art includes works by expatriate artists who have settled in the west, as well as artists outside the west reflecting on everyday events in a globalized world. *Peripheral Insider* examines the conditions of expatriate artists from various angles: the historical and colonial roots of the issue, positions among theorists dealing with

expatriate artists in the west, the role of established art institutions, and examples of recent developments in the field. *Peripheral Insider* argues that expatriate art or internationalism in visual art is a phenomenon with a specific history, closely related to colonial and post-colonial experiences. The contributors elucidate the book's main theme on various theoretical levels and set forth their analyses of a number of issues relevant to new interpretations of "the post-colonial agenda." *Science and Truth* - 2000

Absolute Recoil - Slavoj Žižek 2015-10-06
Philosophical materialism in all its forms - from scientific naturalism to Deleuzian New Materialism - has failed to meet the key theoretical and political challenges of the modern world. This is the burden of philosopher Slavoj Žižek's argument in this pathbreaking and eclectic new work. Recent history has seen developments such as quantum physics and

Freudian psychoanalysis, not to speak of the failure of twentieth-century communism, shake our understanding of existence. In the process, the dominant tradition in Western philosophy lost its moorings. To bring materialism up to date, Žižek - himself a committed materialist and communist - proposes a radical revision of our intellectual heritage. He argues that dialectical materialism is the only true philosophical inheritor of what Hegel designated the "speculative" approach in thought. *Absolute Recoil* is a startling reformulation of the basis and possibilities of contemporary philosophy. While focusing on how to overcome the transcendental approach without regressing to naïve, pre-Kantian realism, Žižek offers a series of excursions into today's political, artistic, and ideological landscape, from Arnold Schoenberg's music to the films of Ernst Lubitsch. *Sexual Harassment in the Workplace: Sexuality, social relations, and the workplace* - Alba Conte 2010-01-01

Downloaded from
legacy.opendemocracy.net on 2021-03-28

The law of sexual harassment is constantly evolving, and the number of sexual harassment claims is dramatically on the rise. *Sexual Harassment in the Workplace, Fourth Edition*, is a comprehensive guide that provides all the information you need to successfully litigate a sexual harassment claim. *Sexual Harassment in the Workplace* guides you through the relevant administrative and legal proceedings, from client interviews to attorney's fees. It discusses state and federal remedies available to maximize recovery, including: The development and elements of the claim Sample pleadings Discovery documents Reviews of actual cases Special attention is given to important topics such as: Suits by alleged harassers Insurance indemnification Class actions And many others *Sexual Harassment in the Workplace* brings you up to date on the latest case law developments, including the following: A new checklist of items to cover when representing an employer The U.S. Supreme Court confirmed that retaliation is

actionable under Title IX where a girls' high school basketball coach claimed that he suffered retaliation for complaining about sexual discrimination in the athletic program of the school, even though he himself was not the direct victim. *Jackson v. Birmingham Board of Education*, 544 U.S. 167 (2005) In order to increase opportunities for mediation, the EEOC expanded the charges eligible for mediation and now mediation is available at the conciliation stage, after a finding of discrimination has been issued, in appropriate cases The U.S. Supreme Court has held that under the Federal Arbitration Act, where parties to an arbitration agreement include a provision that delegates to the arbitrator the threshold question of enforceability of the arbitration agreement, if a party specifically challenges the enforceability of the entire agreement, the arbitrator would consider the challenge. If, however, the party only challenges the enforceability of the arbitration provision, the challenge must be

heard by a court. *Rent-A-Center, West Inc. v. Jackson*, 130 S. Ct. 2772 (2010) The lack of timeliness in filing a discrimination action is an affirmative defense and the burden of proof is on the employer. *Salas v. Wisconsin Department of Corrections*, 493 F.3d 913, 922 (7th Cir 2007) A federal employee's premature filing of a sexual harassment employment discrimination and retaliation complaint did not constitute a failure to exhaust administrative remedies so as to deprive the district court of subject-matter jurisdiction. *Brown v. Snow*, 440 F.3d 1259 (11th Cir. 2006) A majority of states impose a shorter period for filing with their agencies, though, so the filing deadline is not always extended when a state has its own agency The "single filing rule" - under which a party who has not filed an EEOC charge or received a right-to-sue notice may "piggyback" his or her judicial action on the claim of a party who has satisfied those prerequisites - has been described as a

and "carefully limited exception" to Title VII's procedural requirements. *Price v. Choctaw Glove and Safety Co.*, 459 F.3d 595 (5th Cir. 2006) Provided that an act contributing to the claim occurs within the filing period, the court may consider the entire period of the hostile environment for purposes of determining liability. *Jordan v. City of Cleveland*, 464 F.3d 584 (6th Cir. 2006) The Supreme Court has held that a plaintiff's timely filing of an EEOC intake questionnaire, which was followed by an affidavit stating "Please force Federal Express to end their age discrimination . . ." constituted a charge, cautioning, however, that its permissiveness

Amorous Acts - Frances L. Restuccia 2006
 Amorous Acts uses psychoanalytic concepts to show how queer theory is operating to put in place a non-heterosexist social order.

Sexuation - Renata Salecl 2000-07-24
 A Lacanian investigation of sexuality and sexual difference.

Sociology Through the Projector - Bulent Diken
2008-10

Sociology through the Projector takes issue with the question of how contemporary film can help answering the general, abstract but still urgent question: what is the social today? This book explains the performative relation to contemporary social theory in which cinema functions as a tool for social diagnosis. There is much to be learned about social theory through an encounter with films as films are part and parcel of the society they portray. Increasingly more lay knowledge about social problems and facts stems from cinema as it offers to large audiences a popular and pedagogical introduction to social knowledge. Social theory cannot avoid a critical engagement with cinema as cinema interprets, invents, displaces and distorts the object of sociological inquiry. This book will provide a deeper understanding of contemporary social theory as the chosen films will work as a pedagogical route into

contemporary social theory. The films represent a mix of European and American blockbusters and more aesthetically orientated films. The authors question several dominant topics and concerns within social theory and film studies. Firstly, by cross-examining a series of concepts such as identity, representation, memory and surveillance (filming social behaviour) which are of concern to both film theory and social theory. Secondly, by trying to develop imaginative approaches to standard social concerns such as exclusion, gender roles and inequalities, power, infantilisation and commodification of the social and psychological bonds. This book will be a great resource for students and researchers of Sociology, Contemporary Social Theory, Film Studies and Cultural Studies.

Teaching Edith Wharton's Major Novels and Short Fiction - Ferdâ Asya 2021-05-13

This book translates recent scholarship into pedagogy for teaching Edith Wharton's widely celebrated and less-known fiction to students in

the twenty-first century. It comprises such themes as American and European cultures, material culture, identity, sexuality, class, gender, law, history, journalism, anarchism, war, addiction, disability, ecology, technology, and social media in historical, cultural, transcultural, international, and regional contexts. It includes Wharton's works compared to those of other authors, taught online, read in foreign universities, and studied in film adaptations.

On Spectrality - David Ratmoko 2006

Ratmoko (English literature, U. of Zurich and comparative literature, Yale U.) traces the genealogy of ghosts through philosophical, literary, and religious texts of the Western canon. He discusses the spectral history of guilt in law, the historical truth of spectrality, spectrality in the era of Christianity and Greek tragedy, and phantom formations after the Renaissance. Annotation :2006 Book News, Inc., Portland, OR (booknews.com).

Antigone, in Her Unbearable Splendor -

Charles Freeland 2013-06-01

A study of Lacan's engagement with the Western philosophical traditions of ethical and political thought in his seventh seminar and later work.

Terror and Its Discontents - Caroline Weber 2003-01-01

Camille Desmoulins, a journalist writing under the Montagnard regime of 1793-94, remarked that France's government had replaced "the language of democracy" with "the cold poison of fear, which paralyzed thought in the bottom of people's souls, and prevented it from pouring forth at the tribunal, or in writing." How this happened, how the Reign of Terror reached even into the realms of thought and language, is the subject of Caroline Weber's book, a revealing look into the paradoxical embargo on free expression that underpinned the Robespierrists' self-proclaimed "despotism of liberty" during the French Revolution. Weber examines Jean-Jacques Rousseau's and the Robespierrists' articulation of a series of initiatives designed to

curtail and control the dissemination of alternative political and philosophical messages in the republic. Here Weber underscores the internal contradictions and limitations of an enterprise that promised universal freedom while oppressing particularism, and that railed against the very language that it was compelled to adopt as a principal political tool. The book then focuses on two eloquent contemporary critics of this phenomenon, Desmoulins and the Marquis de Sade, the infamous libertine author. Weber demonstrates how Desmoulins reconfigured the Montagnard regime's rhetoric to conjure up a political system based on tolerance, not terror, and how Sade deftly parodied the Robespierrists' brutality and hypocrisy, proposing a republic based on the ruthless elimination of dissident voices and on the unabashed celebration of despotism and bloodshed. A balanced account of how the "discourse of totality" actually restricted particular freedoms in the wake of the French

Revolution, this book provides a highly original--and timely--exposition of the political uses of rhetoric and of the links between language and power.

Irish Modernism and the Politics of Sexual Health - Lloyd (Meadhbh) Houston 2023-02-23
 Irish Modernism and the Politics of Sexual Health explores the politicized role of sexual health as a concept, discourse, and subject of debate within Irish literary culture from 1880 to 1960. Combining perspectives from Irish Studies, Modernist Studies, and the Social History of Medicine, it traces the ways in which authors, politicians, and activists in nineteenth- and twentieth-century Ireland harnessed debates over sexual hygiene, venereal disease, birth control, fertility, and eugenics to envisage competing models of Irish identity, culture, and political community. Analyzing the work of canonical authors (Yeats, Synge, Shaw, Joyce, Beckett, Flann O'Brien) and less often discussed figures (George Moore, Oliver Gogarty, Signe

Toksvig, Kate O'Brien) in conversation with medical, scientific, and legal writing on sexual health, it charts how the medicalization and politicization of sex informed the emergence and development of modernism in Ireland. At the same time, by reading this literary material alongside the polemical and journalistic writing of figures such as Arthur Griffith, Maud Gonne, and Hanna Sheehy-Skeffington, it also reveals the ways in which key events in Irish cultural and political history - the Parnell Split, the Limerick Pogrom, the Playboy riots, the passage of the Censorship of Publications Act - were shaped by ongoing debates and dilemmas in the field of sexual health. This book will benefit students, researchers, and readers interested in the history of sex and its regulation in modern Ireland, the impact of sex and medicine on Irish political history, and the nature of modernism's engagement with sex, health, and the body.

Sexual Morality in Ancient Rome - Rebecca Langlands 2006-05-25

A 2006 study of Roman sexuality and sexual ethics focusing on the crucial and unsettled concept of pudicitia.

Sexual Deviance - Leam A. Craig 2021-04-26
 SEXUAL DEVIANCE The essential text for understanding and managing deviant sexual interest and paraphilic disorders Sexual Deviance is an authoritative text that provides an understanding to the assessment, management, and treatment of sexual deviance and paraphilic disorders. The international panel of contributors—noted experts on the topic—illuminate the emerging theories that help to explain the developmental influences and pathways of sexual deviance and its connection to offending behaviour. The text considers various developmental influences such as neurobiological pathways as well as the effects of pornography. The contributors highlight the assessment and diagnosis of sexual deviance and explore the links to offending behavior such as rape fantasy, algolagnic paraphilia, online

2013-04-15

This volume provides an ethnographic account of courtship, marriage and family life among the people of the Trobriand Islands.

The Sexual Economy of War - Andrew Byers
2019-05-15

In *The Sexual Economy of War*, Andrew Byers argues that in the early twentieth century, concerns about unregulated sexuality affected every aspect of how the US Army conducted military operations. Far from being an exercise marginal to the institution and its scope of operations, governing sexuality was, in fact, integral to the military experience during a time of two global conflicts and numerous other army deployments. In this revealing study, Byers shows that none of the issues related to current debates about gender, sex, and the military—the inclusion of LGBTQ soldiers, sexual harassment and violence, the integration of women—is new at all. Framing the American story within an international context, he looks at case studies from the continental United States, Hawaii, the

Philippines, France, and Germany. Drawing on internal army policy documents, soldiers' personal papers, and disciplinary records used in criminal investigations, *The Sexual Economy of War* illuminates how the US Army used official policy, legal enforcement, indoctrination, and military culture to govern wayward sexual

behaviors. Such regulation, and its active opposition, leads Byers to conclude that the tension between organizational control and individual agency has deep and tangled historical roots.
