

The History Of Sexuality The Use Of Pleasure

The History of Sexuality, Vol. 3 - Michel Foucault 1988-11-28

Originally published: New York: Pantheon Books, 1986.

L'usage de plaisirs - Michel Foucault 1992

Offers an account of the emergence of Christianity from the Ancient World. Foucault describes the stranger byways of Greek medicine (with its advice on the healthiest season for sex and exercise and diet), the permitted ways of courting young boys, and the economists' ideas about the role of women.

The Routledge Guidebook to Foucault's The History of Sexuality - Chloe Taylor 2016-11-03

Michel Foucault's *The History of Sexuality* is one of the most influential philosophical works of the twentieth century and has been instrumental in shaping the study of Gender, Feminist Theory and Queer Theory. But Foucault's writing can be a difficult book to grasp as Foucault assumes a familiarity with the intellectually dominant theories of his time which renders many passages obscure for newcomers to his work. The *Routledge Guidebook to Foucault's The History of Sexuality* offers a clear and comprehensive guide to this groundbreaking work, examining: The historical context in which Foucault wrote *A critical discussion of the text, which examines the relationship between The History of Sexuality, The Use of Pleasure and The Care of The Self* The reception and ongoing influence of *The History of Sexuality* Offering a close reading of the text, this is essential reading for anyone studying this enormously influential work.

Confessions of the Flesh - Michel Foucault 2021

"Brought to light at last--the fourth volume in the famous *History of Sexuality* series by one of the most influential thinkers of the twentieth century, his final work, which he had completed, but not yet published, upon his death in 1984 Michel Foucault's philosophy has made an indelible impact on Western thought, and his *History of Sexuality* series--which traces cultural and intellectual notions of sexuality, arguing that it is profoundly shaped by the power structures applied to it--is one of his most influential works. At the time of his death in 1984, he had completed--but not yet edited or published--the fourth volume, which posits that the origins of totalitarian self-surveillance began with the Christian practice of confession. This is a text both sweeping and deeply personal, as Foucault--born into a French Catholic family--undoubtedly wrestled with these issues himself. Since he had stipulated "Pas de publication posthume," this text has long been secreted away. However, the sale of the Foucault archives in 2013--which made this text available to scholars--prompted his nephew to seek wider publication. This attitude was shared by Foucault's longtime partner, Daniel Defert, who said, "What is this privilege given to Ph.D students? I have adopted this principle: It is either everybody or nobody."--

Rethinking Sexuality - David H.J. Larmour 1998

In a collection of provocative essays, historians and literary theorists assess the influence of Michel Foucault and his *HISTORY OF SEXUALITY* on the study of classics. The essays bring to light the nature of the intimate lives of men and women in the ancient Mediterranean world--and demonstrate the importance of the *HISTORY OF SEXUALITY* for other fields of study, such as women's history, modern sexuality, and more.

Foucault and the Kamasutra - Sanjay K. Gautam 2016-06-22

Gautam has here laid out the first serious reading of Michel Foucault in relation to key Sanskrit texts, and--what may be a surprise to many--he has written the first book-length work in English on the nature and origin of the *Kamasutra*. Gautam also takes up the *Natyasastra* (the *Kamasutra*'s twin), locating in the first the themes of sexual-erotic pleasure, and locating in the second the classical Indian view of theater, music, dance, and aesthetic pleasure. The book shows how closely intertwined the history of erotics in ancient Indian culture is with the history of theater-aesthetics. Foucault provides a framework for opening up the intellectual horizon of Indian thought; it is his distinction between *ars erotics* (erotic arts) and *scientia sexualis* (science of sexuality) that fuels Gautam's exploration of the courtesan as symbol of both erotic and aesthetic pleasure, particularly in her role as a wife to her patron, which entails the morphing of erotics into a form of theater. The scope broadens ambitiously, to an inquiry on the nature of knowledge formation, erotics, theater, and gender relations in premodern Indian

society and culture--as they converged on the historical figures of the courtesan and her male counterpart, the dandy. Gautam's twining of aims and subjects--Foucault's western philosophy of pleasure and India's classic text on *eros* (anchored in art and aesthetics)--transforms both the modern and the ancient texts with new understandings, and as new forms of investigating erotics and subjectivity itself.

The History of Sexuality, Vol. 2 - Michel Foucault 1990-04-14

In this sequel to *The History of Sexuality, Volume I: An Introduction*, the brilliantly original French thinker who died in 1984 gives an analysis of how the ancient Greeks perceived sexuality. Throughout *The Use of Pleasure* Foucault analyzes an irresistible array of ancient Greek texts on eroticism as he tries to answer basic questions: How in the West did sexual experience become a moral issue? And why were other appetites of the body, such as hunger, and collective concerns, such as civic duty, not subjected to the numberless rules and regulations and judgments that have defined, if not confined, sexual behavior?

The Use of Pleasure - Michel Foucault 1992

The History of Sexuality: 3 - Michel Foucault 2019-11-14

'Bristles with provocative insights into the tangled liaisons of sex and self' *Times Higher Education* In the third volume of his acclaimed examination of sexuality in modern Western society, Foucault investigates the Golden Age of Rome to reveal a decisive break from the classical Greek version of sexual pleasure. Exploring the moral reflections of philosophers and physicians of the era, he identifies a growing anxiety over sexual activity and its consequences. At the core of this transformation Foucault found the principles of the 'care of the self': the belief that the self is an object of knowledge to be cultivated over time, and the implications this has for ethics and behaviour. 'Magnificent ... Foucault's great achievement is to illuminate an entire and cohesive body of thought. It is brilliantly done' *Daily Telegraph*

The History of Sexuality - Michel Foucault 2008

Michel Foucault's *The Will to Knowledge* is the first part of his influential trilogy of books on the history of sexuality. He argues that the recent explosion of discussion about sex in the West means that, far from being liberated, we are in the process of making a science of sexuality that is devoted to the analysis of desire rather than the increase of pleasure. This is a brilliant polemic from a groundbreaking radical intellectual.

Bodies and Pleasures - Ladelle McWhorter 1999-07-22

Sexual identities are dangerous, Michel Foucault tells us. Here, Ladelle McWhorter reads Foucault from an original and personal angle and takes the reader beyond unexplored norms and imposed identities as she points the way toward a personal politics, ethics, and style that challenge our sexual selves. The use of pleasure - Michel Foucault

The History of Sexuality: 2 - Michel Foucault 2019-11-14

'No brief survey can do justice to the richness, complexity and detail of Foucault's discussion' *New York Review of Books* The second volume of Michel Foucault's pioneering analysis of the changing nature of desire explores how sexuality was perceived in classical Greek culture. From the stranger byways of Greek medicine (with its advice on the healthiest season for sex, as well as exercise and diet) to the role of women, *The Use of Pleasure* is full of extraordinary insights into the differences - and the continuities - between the Ancient, Christian and Modern worlds, showing how sex became a moral issue in the west. 'Required reading for those who cling to stereotyped ideas about our difference from the Greeks in terms of pagan license versus Christian austerity' *Los Angeles Times Book Review*

The Routledge Guidebook to Foucault's The History of Sexuality - Chloe Taylor 2016-11-03

Michel Foucault's *The History of Sexuality* is one of the most influential philosophical works of the twentieth century and has been instrumental in shaping the study of Gender, Feminist Theory and Queer Theory. But Foucault's writing can be a difficult book to grasp as Foucault assumes a familiarity with the intellectually dominant theories of his time which renders many passages obscure for newcomers to his work. The *Routledge Guidebook to Foucault's The History of Sexuality* offers a clear and comprehensive guide to this groundbreaking work, examining: The

historical context in which Foucault wrote A critical discussion of the text, which examines the relationship between The History of Sexuality, The Use of Pleasure and The Care of The Self The reception and ongoing influence of The History of Sexuality Offering a close reading of the text, this is essential reading for anyone studying this enormously influential work.

The Cambridge Foucault Lexicon - Leonard Lawlor 2014-04-21

The Cambridge Foucault Lexicon is a reference tool that provides clear and incisive definitions and descriptions of all of Foucault's major terms and influences, including history, knowledge, language, philosophy and power. It also includes entries on philosophers about whom Foucault wrote and who influenced Foucault's thinking, such as Deleuze, Heidegger, Nietzsche and Canguilhem. The entries are written by scholars of Foucault from a variety of disciplines such as philosophy, gender studies, political science and history. Together, they shed light on concepts key to Foucault and to ongoing discussions of his work today.

The History of Sexuality - Michel Foucault 1990-04-14

Why we are so fascinated with sex and sexuality—from the preeminent philosopher of the 20th century. Michel Foucault offers an iconoclastic exploration of why we feel compelled to continually analyze and discuss sex, and of the social and mental mechanisms of power that cause us to direct the questions of what we are to what our sexuality is.

The Lives of Michel Foucault - David Macey 2019-01-22

The classic biography of the radical French philosopher with a new afterword by acclaimed Foucault scholar Stuart Elden. When he died of an AIDS-related condition in 1984, Michel Foucault had become the most influential French philosopher since the end of World War II. His powerful studies of the creation of modern medicine, prisons, psychiatry,

and other methods of classification have had a lasting impact on philosophers, historians, critics, and novelists the world over. But as public as he was in his militant campaigns on behalf of prisoners, dissidents, and homosexuals, he shrouded his personal life in mystery. In *The Lives of Michel Foucault* -- written with the full cooperation of Daniel Defert, Foucault's former lover -- David Macey gives the richest account to date of Foucault's life and work, informed as it is by the complex issues arising from his writings. In this new edition, Foucault scholar Stuart Elden has contributed a new afterword assessing the contribution of the biography in the light of more recent literature.

Sex Before the Sexual Revolution - Simon Szreter 2010-10-14

What did sex mean for ordinary people before the sexual revolution of the 1960s and 1970s, who were often pitied by later generations as repressed, unfulfilled and full of moral anxiety? This book provides the first rounded, first-hand account of sexuality in marriage in the early and mid-twentieth century. These award-winning authors look beyond conventions of silence among the respectable majority to challenge stereotypes of ignorance and inhibition. Based on vivid, compelling and frank testimonies from a socially and geographically diverse range of individuals, the book explores a spectrum of sexual experiences, from learning about sex and sexual practices in courtship, to attitudes to the body, marital ideals and birth control. It demonstrates that while the era's emphasis on silence and strict moral codes could for some be a source of inhibition and dissatisfaction, for many the culture of privacy and innocence was central to fulfilling and pleasurable intimate lives.
