If Hogwarts students had access to the internet, there's

The Hilarious Book Of Dating Memes And Jokes English Edition

no doubt they'd love memes just as much as everyone else. The Harry Potter universe has been ever-expanding since J.K. Rowling's Harry Potter and the Sorcerer's Stone was released in 1997, providing 20 years of content to work with. Because there are so many amazing, clever, and dumb Harry Potter memes out there, we thought we'd round up some of the best ones for you. Most of these memes are pretty in-universe, poking fun at some of the characters' most iconic lines and looks. There are also quite a few crossovers into real life since Harry Potter has become so deeply ingrained in fans' psyches. Why not ask someone on a first date what their Hogwarts house is? And why not reread the entire Harry Potter series for the 100th time? Nothing's stopping you. You'll always love the world Rowling made. The first Harry Potter book was published in 1997, and the final film based on the book series was released in 2011. Both the books and the movies were wildly popular, and Harry

Potter memes have been a mainstay on the internet for longer than some of the youngest fans of the series have even been alive. What Do Harry Potter Memes Mean? Harry Potter memes can mean a variety of different things. A lot of Harry Potter memes rely on knowledge that only fans of the books or movies will have, while others are reaction images that convey a feeling or mood that is understandable just by looking at the meme. How Are Harry Potter Memes Used? Harry Potter memes are often used on social media to make inside jokes. When someone uses a meme like this, they know that fellow fans will understand the reference and get the joke. Since the fan base is so large, and the movies in particular occupy a prominent position in popular culture, it's a fairly safe bet that casual fans, and even non-fans, will recognize some Harry Potter memes. Examples of Harry Potter Memes: Example #1 Image: Hagrid on top and Harry Potter on the

bottom. Text line one: You're a unit of power, Harry. Text line two: I'm a watt? Meaning: In the movie, Hagrid tells Harry he's a wizard, and Harry replies, "I'm a what?" This is a play on words, as watt is a unit of power. Example #2 Image: A snake lifting itself up off the floor and leaning against a door. Text line one: Excuse me, sir. Text line two: Do you have a moment to talk about our Lord and Savior Lord Voldemort? Meaning: This meme makes a joke about a snake, which is typically associated with the antagonist Voldemort, proselytizing for him door to door. Example #3: Image: A walled off escalator. Text line one: Escalator Text line two: To Hogwarts Meaning: In the books and movies, children board a train to Hogwarts by walking through a wall at the train station. The joke here is that instead of just a wall, there is an escalator. Here are 1000 of the best Harry Potter meme

She Memes Well - Quinta Brunson 2021

From comedian Quinta Brunson comes a deeply personal and funny collection of essays featuring anecdotes about trying to make it when you're broke, overcoming self-doubt and depression, and how she's used humor to navigate her career in unusual directions. Quinta Brunson is a master of viral Internet content: without any traditional background in media, her humorous videos were the first to break through on Instagram's platform, receiving millions of views. From there, Brunson's wryly observant POV attracted the attention of BuzzFeed's motion picture development department, leading her to produce viral videos there about topics like interracial dating, millennial malaise, and seeing your ex in public. Now, Brunson is bringing her comedic chops to the page in *She Memes Well*, an earnest, laugh-out-loud collection about her weird road to Internet notoriety. In her debut essay collection, Quinta applies her trademark humor and heart to discuss what it

was like to go from student loan debt-broke to "halfway recognizable--'don't I know you somewhere?'" level-of-fame. With anecdotes that range from the funny and zany--like her experience trying to find her signature hairstyle--to more grounded material about living with depression, Brunson's voice is entirely authentic and eminently readable. Perfect for fans of Phoebe Robinson's You Can't Touch My Hair, Samantha Irby's We Are Never Meeting in Real Life, and Issa Rae's The Misadventures of Awkward Black Girl, She Memes Well will charm and entertain a growing, engaged audience.

*The Book of F*cking Hilarious Internet Memes* - Richard Face
2012-01-13

WHAT THE HECK IS AN INTERNET MEME? Meme (pronounced meem): An idea, belief or element of social behavior spread that is

~~transmitted from one person or group of people to another.~~

This word was coined in the '70s by Richard Dawkins, the atheist godman worshipped by neckbeards everywhere. Simply put, Internet memes are memes that spread on the Internet through social networking sites, blogs, email, news sources, and so on. In the real world they're called "ideas," but pseudo-intellectuals prefer "memes."

WHERE DO INTERNET MEMES COME FROM?

Amongst all the stupid crap on the Internet are hilarious gems of wit and wisdom. Most of the best memes start as images shared on the Web and, by some great misfortune, they find their way into the lecherous hands of drunken basement trolls who mutate these images into the hilarious, the lame, and sometimes the downright bizarre. WHAT IS THIS BOOK? This book will take you on bizarre journey through the bilges of the Internet and introduce you to 23 of its funniest and most popular memes, complete with

a sh*tload of images that might just make you wet your panties. "On this journey you will share lulz with unsavory characters like..." The Language of Jokes in the Digital Age - Delia Chiaro
2017-11-23

In this accessible book, Delia Chiaro provides a fresh overview of the language of jokes in a globalized and digitalized world. The book shows how, while on the one hand the lingua-cultural nuts and bolts of jokes have remained unchanged over time, on the other, the time-space compression brought about by modern technology has generated new settings and new ways of joking and playing with language. The Language of Jokes in the Digital Age covers a wide range of settings from social networks, e-mails and memes, to more traditional fields of film and TV (especially sitcoms and game shows) and advertising. Chiaro's consideration of the increasingly virtual context of jokes delights with both up-to-date examples and frequent

reference to the most central theories of comedy. This lively book will be essential reading for any student or researcher working in the area of language and humour and will be of interest to those in language and media and sociolinguistics.
