[Coming Out Under Fire - Allan Bérubé 2010-09-07](#)

During World War II, as the United States called on its citizens to serve in unprecedented numbers, the presence of gay Americans in the armed forces increasingly conflicted with the expanding antihomosexual policies and procedures of the military. In *Coming Out Under Fire*, Allan Berube examines in depth and detail these social and political confrontation--not as a story of how the military victimized homosexuals, but as a story of how a dynamic power relationship developed between gay citizens and their government, transforming them both. Drawing on GIs' wartime letters, extensive interviews with gay veterans, and declassified military documents, Berube thoughtfully constructs a startling history of the two wars gay military men and women fought--one for America and another as homosexuals within the military. Berube's book, the inspiration for the 1995 Peabody Award-winning documentary film of the same name, has become a classic since it was published in 1990, just three years prior to the controversial "don't ask, don't tell" policy, which has continued to serve as an uneasy compromise between gays and the military. With a new foreword by historians John D'Emilio and Estelle B. Freedman, this book remains a valuable contribution to the history of World War II, as well as to the ongoing debate regarding the role of gays in the U.S. military.

[Gay Men at Midlife - Alan Ellis 2001](#)

"Those of us in our forties and fifties came of age in the 1960s and 1970s--a time when the available commentary on gay life was anything but supportive. Until 1973, homosexuality was a diagnosable mental illness." --from the Introduction by Alan L. Ellis Today, that literary blindness is being remedied. Take an in-depth look into the lives of 15 gay men and how they relate to their own aging with *Gay Men at Midlife: Age Before Beauty*, a fascinating new book that explores and clarifies the issues that confront gay men as they age. What happens to gay men's lives when they reach middle age? The essays in *Gay Men at Midlife: Age Before Beauty* offer a realistic picture of both the challenges and the joys that present themselves in the lives of gay men at midlife. The book does

not gloss over the difficulties of the experience; you will truly come to understand that each gay man is not alone in confronting the pain and mourning that may accompany middle age. The people who frankly, openly, and intelligently discuss their personal lives in *Gay Men at Midlife: Age Before Beauty* include: psychotherapist/popular columnist Tom Moon (San Francisco, California) professor of philosophy and literature Alejandro Medina-Bermudez (Madrid, Spain) television executive George Pierson (Bethesda, Maryland) multimedia artist Trevor Southey (born in the country now known as Zimbabwe, currently working in San Francisco) activist/researcher Frank Wong (New York) . . . plus 10 more individuals from varying backgrounds! *Gay Men at Midlife: Age Before Beauty* provides a look at how these individuals are redefining the stereotypes of aging gay men and empowering themselves to find meaning and purpose in the second half of their lives.

[A Night in the Barracks - Alex Buchman 2001](#)

A Night in the Barracks delivers the personal stories of soldiers, sailors, airmen, marines, and their admirers who have slipped past the guards at the gate to explore their erotic desires on post. Throughout the book, editor Alex Buchman lays it on the line, delivering a collection of real-life sexual adventures related by the men, including himself, who lived them. This would be suitable for any reader wanting to know more about gay life.

[Sissyphobia - Tim Bergling 2001](#)

Here is a revealing look into male effeminacy: why some gay men are swishy, why other gay men are more masculine, and why effeminate men arouse anger, disgust, and disdain in both gay and straight men. *Sissyphobia* explores those negative feelings that are aimed at people termed fairies, faggots, flamers, and queens; men who, as author Tim Bergling puts it, "run more toward what we could term the 'Quentin Crisp school of homosexuality.'"--Publisher description.

[Manhood and the Making of the Military - Anders Ahlbäck 2016-05-13](#)

When Finland gained its independence from Russia in 1917, the country had not had a military for almost two decades. The ensuing creation of a new national conscript army aroused intense but conflicting emotions among the Finns. This book examines how a modern conscript army, born out of a civil war, had to struggle through social, cultural and political minefields to find popular acceptance. Exploring the ways that images of manhood were used in the controversies, it reveals the conflicts surrounding compulsory military service in a democratic society and the compromises made as the new nation had to develop the will and skill to defend itself. Through the lens of masculinity, another picture of conscription emerges, offering new understandings of why military service was resisted and supported, dreaded and celebrated in Finnish society. Intertwined with the story of the making of the military runs the story of how manhood was made and remade through the idealized

images and real-life experiences of conscripted soldiers. Placing interwar Finland within a broad European context, the book traces the origins of competing military traditions and ideological visions of modern male citizenship back to their continental origins. It contributes to the need for studies on the impact of the Great War on masculinities and constructions of gender among military cultures in the peacetime period between the two world wars.

Brothers and Others in Arms - Danny Kaplan 2003

Based on their gripping stories, the author unveils the inner workings of military life, exploring the territory surrounding the thin line between brothers in arms and brothers in bed."--BOOK JACKET.

Barracks Bad Boys - Alex Buchman 2014-01-14

Unmistakably original, utterly heartfelt, stranger than fiction, hotter than any off-the-rack gay fantasy! Building on the success of his extraordinary debut—the critically acclaimed, #1 “men’s interest” bestseller *A Night in the Barracks*—former U.S. Marine Alex Buchman presents a spellbinding, startlingly unique collection of erotic memoirs by or about “bad boys” in the Armed Forces. Buchman’s radical approach to an otherwise rigidly formulaic sub-genre: he does the legion of purportedly “true confessions” books with a military theme one better: the first-person narratives he has assembled actually are true. Boldly defying the conventions of gay male “one-handed reading,” the unembellished chronicles Buchman brings us from the intensely homoerotic secret world of men in uniform are more erotically charged than any porn-by-numbers fantasy. The theme of *Barracks Bad Boys* is trouble. All-too-true stories of criminally sexy soldiers and sailors in trouble, who cause trouble, or who just plain are trouble. The unvarnished accounts of romance with baby-faced deserters bound for the brig make for riveting reading. Equally gripping is the disarmingly candid pillow talk of young military men whose trouble runs deeper than mere “unauthorized absence” or “indecent acts.” Some of the surprises you’ll encounter in *Barracks Bad Boys* include: a straight, married soldier’s detailed description of his one and only sexual experience with another man a seasoned military chaser’s review of his all-time favorite sailor-hustlers a dazed gay studies author’s “I should have known better” journal documenting how young sailors half his age seduced him, gave him street drugs, and pressured him to videotape them performing lewd acts Editor Buchman’s own offbeat and powerful story of being taken by surprise by the sexual advance of a Marine sergeant who began rubbing Buchman’s chest and asking him if he felt an “urge to be evil . . .” By turns hair-raising and wrenching, poignant and laugh-out-loud funny, these authentic accounts of sex in the Armed Forces are sure to elicit one universal reaction: no one could make this up! *Barracks Bad Boys* is compulsory reading for anyone interested in men in uniform; human sexuality in the military; and cutting-edge nonfiction literary erotica.

Rebel Yell 2 - Jay Quinn 2002

Collects twenty-two short stories that explore the lives of Southern gay men, exploring the themes of love and sex as well as family, emotional well-being, friendship, power, and growing up.

American Book Publishing Record - 2001

A Night in the Barracks - Alex Buchman 2001

Find out what really goes on after 'lights out' in the homophobic yet intensely homoerotic world of masculine men in uniform. Tantalizing, explicit, sometimes disturbing and always genuine *A Night in the Barracks* delivers the goods. Former Marine Alex Buchman lays it on the line in this steamy collection of real-life sexual adventures related by the men themselves - including Buchman- who lived them. 'Confirms all your worst fears about homos in the military. They have sex! Really

horny sex. With straight soldiers. The bastards.' Mark Simpson *Rebel Yell* - Jay Quinn 2001

Fiction. LGBT Studies. Written from the broad perspectives of gay Southern writers, *Rebel Yell: Stories by Contemporary Southern Gay Authors*, dismantles and demystifies stereotypes, and presents fourteen individual narratives about the experience of living as a gay man in Southern society. At times heartbreaking, and sometimes humorous, these stories of sexual awakenings and the search for acceptance and identity capture the nuances of Southern culture against backdrops as diverse as a Baptist church, a sleepy small town, and a roadside diner. This colorful collection of stories will appeal to fans of gay and/or Southern literature as well as academics and students studying gay and lesbian literature.

Being Gay and Lesbian in a Catholic High School - Michael Joseph S. Maher 2001

The only study of its kind, *Being Gay and Lesbian in a Catholic High School* offers compelling evidence to Catholic educators, clergy, and laypeople that their superb academic institutions are not fulfilling the clear mandate of the Church on inclusive, loving behavior toward sexual minorities. This powerful and moving book presents personal testimonies and an original study of Catholic students' attitudes toward gays and lesbians, as well as reprinting the actual teachings of the Church on homosexuals and homosexuality. To view an excerpt online, find the book in our QuickSearch catalog at www.HaworthPress.com.

Women's Barracks - Tereska Torres 2011-01-01

First Digital Edition; Grier Rating: A*** This is the true-life story of what happens when scores of young girls live intimately together in a French military barracks. Many of these girls, utterly innocent and inexperienced, meet other women who have lived every type of existence. Their problems, their temptations, their fights and failures are those faced by all women who are forced to live together during dangerous and stressful times. The girls who chose Tereska Torres, the author, as their confidante poured out to her their most intimate feelings, their secret thoughts. With all of its revelations and tenderness, *Women's Barracks* is an important book because it tells a story that had never been truly told before--the story of women in war. It also has the special distinction of being the first “lesbian pulp” novel ever published and became a record-breaking bestseller. This autobiographical novel takes place in London, England during World War II. The terror of the V-1 and V-2 rocket bombings, and the resulting fires and destruction, are an unknown experience to most readers. The women enduring these events were not even 20 years old when they first arrived. Many volunteered to be there. They were French, or of French heritage, and wanted to be part of the effort to help protect France from invasion by the Nazis.

Throughout it all, passions flare, long-standing taboos are tossed to the wind, and passionate relationships are begun between older, more experienced butch officers and the young, inexperienced femme girls under their charge. In her telling of these women’s stories, Torres remains nonjudgmental of the lesbian relationships these women explored. Perhaps as a result, *Women's Barracks* was banned in several states for being obscene. The House Select Committee on Current Pornographic Materials denounced the book in 1952 as an illustration of how the newly emerging paperback industry was breeding and promoting moral depravity. By today’s standards, of course, the book is somewhat tame; however, the eroticism and honesty with which Torres writes immerses the reader in the love, tenderness, loyalty and passion that women share with each other.

The City Kid - Paul Reidinger 2001

Forty-year-old Guy Griffith moves to San Francisco and meets sixteen-year-old Doug Whitmore.
