**A Man and His Loves** -  
Raymond C. Ortlund 1994  
In a man's quest to be godly,  
the most essential quality--that  
of loving deeply--is most often  
overlooked. Bestselling authors  
Ray and Anne Ortlund have  
written a husband-and-wife  
exchange that focuses on man's  
ability to love the way God  
intended.

**New York Magazine** -  
1990-05-21

New York magazine was born  
in 1968 after a run as an insert  
of the New York Herald  
Tribune and quickly made a  
place for itself as the trusted  
resource for readers across the  
country. With award-winning  
writing and photography  
covering everything from  
politics and food to theater and  
fashion, the magazine's

consistent mission has been to  
reflect back to its audience the  
energy and excitement of the  
city itself, while celebrating  
New York as both a place and  
an idea.

*Masculinities* - R. W. Connell  
2005

This is an exciting new edition  
of R.W. Connell's ground-  
breaking text, which has  
become a classic work on the  
nature and construction of  
masculine identity. Connell  
argues that there is not one

masculinity, but many different masculinities, each associated with different positions of power. In a world gender order that continues to privilege men over women, but also raises difficult issues for men and boys, his account is more pertinent than ever before. In a substantial new introduction and conclusion, Connell discusses the development of masculinity studies in the ten years since the book's initial publication. He explores global gender relations, new theories, and practical uses of masculinity research. Looking to the future, his new concluding chapter addresses the politics of masculinities, and the implications of masculinity research for understanding current world issues. Against the backdrop of an increasingly divided world, dominated by neo-conservative politics, Connell's account highlights a series of compelling questions about the future of human society. This second edition of Connell's classic book will be essential reading for students taking

courses on masculinities and gender studies, and will be of interest to students and scholars across the humanities and social sciences.

True Leaders, Part III - Belinda Liau 2006-08

A Gift to Humanity True Leaders will be the book in the 21st century that will create a storm in our society because of the demands from large numbers of people interested

in bettering themselves in order to better the conditions in this world. This book will provide a clear direction for those individuals who are desperately seeking some answers in their lives and a better way to solve their problems without tapping into religious texts. At the same time, it teaches the basic principles of psychology and sociology to help readers explore who they are and to empower them to become leaders in their own right. True Leaders is a daily guide that covers topics that concern readers in all aspects of life, in areas such as Personal, Family, Workplace, Community, and Country. It provides moral solutions to our day-to-day issues on friendship, parent and child relationships, man and woman relationships, employer and employee relationships, leader and follower relationships and, most importantly, our relationship with ourselves. This book makes the idea of "doing the right thing at all times" the motto for everyday

living in mainstream society. It will forever change the lives of those readers who are touched by this book due to the author's practical wisdom, compassionate message, and inspirational voice. This material will benefit readers from teenagers, college students, and housewives to working professionals. Readers will include those with very little education to intellectuals, from everyday people with very little psychology background to mental health counselors, from atheist and agnostic to spiritual believers, and last but not least, from the average citizen to leaders in our governmental sector. This is to show that leaders are among us all. Please visit the author's web site for more information at [www.trueleadersthebook.com](http://www.trueleadersthebook.com).

**Why Celibacy?: Reclaiming the Fatherhood of the Priest**  
- Fr. Carter Griffin 2019-07-01

“The Church today demands a profound renewal of celibate priesthood and the fatherhood to which it is ordered.” Priestly celibacy, some say, is an outdated relic from another age. Others see it as a lonely way of life. But as Fr. Carter Griffin argues in *Why Celibacy?: Reclaiming the Fatherhood of the Priest*, the ancient practice of celibacy, when lived well, helps a priest exercise his spiritual fatherhood joyfully and fruitfully. Along the way, Griffin explores: the question of optional celibacy some pitfalls of celibate paternity the selection and formation of candidates for celibate priesthood why biological fathers are also called to spiritual fatherhood the powerful impact of celibacy on the Church and the wider culture In a critical moment for the Catholic priesthood, Fr. Griffin brings light and hope with a new perspective on the Church’s perennial wisdom on celibacy.
