Encyclopedia of American Women and Religion [2 volumes] - June Melby Benowitz
2017-08-18

This two-volume set examines women's contributions to religious and moral development in America, covering individual women, their faith-related organizations, and women's roles and experiences in the broader social and cultural contexts of their times. This second edition of *Encyclopedia of American Women and Religion* provides updated and expanded information from historians and other scholars of religion, covering new issues in religion to better describe and document women's roles within religious groups. For instance, the term "evangelical feminism" is one newly defined aspect of women's involvement in religious activism. Changes are constantly occurring within the many religious faiths and denominations in America, particularly as women strive to gain positions within religious hierarchies that previously were exclusive to men and rise within their denominations to become theologians, church leaders, and bishops. The entries examine the roles that American women have played in mainstream religious denominations, small religious sects, and non-traditional practices such as witchcraft, as well as in groups that question religious beliefs, including agnostics and atheists. A section containing primary documents gives readers a firsthand look at matters of concern to religious women and their organizations. Many of these documents are the writings of women who merit entries within the encyclopedia. Readers will gain an awareness of women's

contributions to religious culture in America, from the colonial era to the present day, and better understand the many challenges that women have faced to achieve success in their religion-related endeavors.

When Movements Anchor Parties - Daniel Schlozman 2015-09-01

Throughout American history, some social movements, such as organized labor and the Christian Right, have forged influential alliances with political parties, while others, such as the antiwar movement, have not. *When Movements Anchor Parties* provides a bold new interpretation of American electoral history by examining five prominent movements and their relationships with political parties. Taking readers from the Civil War to today, Daniel Schlozman shows how two powerful alliances—those of organized labor and Democrats in the New Deal, and the Christian Right and Republicans since the 1970s—have defined the basic priorities of parties and shaped the available alternatives in national politics. He traces how they diverged sharply from three other major social movements that failed to establish a place inside political parties—the abolitionists following the Civil War, the Populists in the 1890s, and the antiwar movement in the 1960s and 1970s. Moving beyond a view of political parties simply as collections of groups vying for preeminence, Schlozman explores how would-be influencers gain influence—or do not. He reveals how movements join with parties only when the alliance is beneficial to parties, and how alliance exacts a high price from movements. Their sweeping visions give way to compromise and partial victories. Yet as Schlozman demonstrates, it is well worth paying the price as movements reorient parties' priorities. Timely and compelling, *When Movements Anchor Parties* demonstrates how alliances have

transformed American political parties.

The Spirit-Filled Family - Tim LaHaye 1995

Before our eyes, the once fulfilling institution of the family has become a breeding ground for hostility, resentment, and alienation. In the midst of the turmoil, the LaHayes have learned that the key to successful and joyful family living is nothing less than being filled with God's Spirit every day.

Forthcoming Books - Rose Arny 1996-06

Waves of Rancor - Robert L. Hilliard

2016-07-01

The airwaves in America are being used by armed militias, conspiracy theorists, survivalists, the religious right, white supremacists, neo-Nazis, and other radical groups to reach millions with their messages of hate and fear. Waves of Rancor examines the origin, nature, and impact of right-wing electronic media, including radio, television, cable, the internet, and even music CDs.

The Act of Marriage - Tim LaHaye 1998

A book for married couples, from newlyweds to those married for fifty years or more, advice on how to maintain a healthy sex life.

A Survey of Plans Urban Parents Have for the Sexuality Education of Their Children and the Implications for Development of Age-appropriate Curriculum - Maryln Lawrence 1996

Sex and the Church - Kathy Rudy 1997

In a provocative reexamination of the ethics of family, community, and sex, the author contends that the Christian right's campaign against homosexuality has come to limit the agenda for American Christianity as a whole. "We should be asking not whether gay people should be allowed to fit in, but rather which historically gay practices can help transform the schismatic, failing church today".

The Catholic Periodical and Literature Index - 1994

Die huweliksdaad (eBoek) - Tim LaHaye

2004-05-04

God wil hê die huweliksdaad moet die mees voortreflike ervaring wees wat twee mense met mekaar kan deel. Tim en Beverly LaHaye se openhartige, diepgaande en Bybelse bespreking

van seksuele liefde vir getroudes verskaf riglyne, doelwitte, beginsels en navorsingsresultate wat egpare sal help om 'n bevredigende huweliksverhouding te bou. Die fokus bly deurgaans op God en sy belangrike rol in 'n genotvolle, opbouende seksuele verhouding. DIE HUWELIKSDAAD gesels openhartig oor al die geheime en fynere nuanses van die seksuele lewe in die huwelik. Daar is 'n sensitiewe balans in die duidelike en gedetailleerde aanbieding van die intieme verhouding tussen man en vrou. Hierdie boek sal beide die liefde en die liefdeslewe verryk van dié wat dit lees.

Against the Tide - Tim LaHaye 1993

Find out how you can raise sexually pure kids in an "anything-goes" world with *Against the Tide*, the most critical parenting book of the nineties. *A Church-based Program to Address Social Support and Self-esteem in Adolescent Females* - Valencia J. Battle 1996

Amerikas Gotteskrieger - Annika

Brockschmidt 2021-10-19

Sie lehnen alles Staatliche ab, propagieren "White-Supremacy", kämpfen gegen Abtreibung, befürworten erzkonservative Geschlechterrollen und wännen sich im Krieg gegen satanische Mächte: die Religiöse Rechte in den USA. Seit Jahrzehnten baut diese Bewegung ihre landesweite Infrastruktur aus Organisationen und Medienimperien immer weiter auf, unter der Regierung Trump konnten zahlreiche ihrer Vertreter Posten im Weißen Haus und in den Gerichten besetzen. Annika Brockschmidt geht der Geschichte der heutigen Religiösen Rechten in den USA von den 1960er Jahren bis heute nach und entfaltet das Spektrum einer vielschichtigen Gruppierung, die mittlerweile über Sieg und Niederlage bei Präsidentschaftswahlen entscheiden kann - und den Ton in einer der beiden großen Parteien des Landes angibt. Sie deckt ihre politische Agenda auf und zeigt, wie Geschichtsrevisionismus, Nationalismus, Autoritarismus, Verschwörungsdenken, Apokalypse-Sehnsucht und Rassismus die Religiöse Rechte von Beginn an geprägt haben. Ihre Vertreter sind heute längst im Zentrum der Macht angekommen. Trumps Niederlage war nicht das Ende der Religiösen Rechten in den USA - genauso wenig, wie seine Präsidentschaft ihr Beginn war.

Opposing Censorship in Public Schools - June Edwards 1997-12-01

In the past several years, hundreds of challenges a year to books used in public schools have been reported across the nation. Most of these have come from the Religious Right. This book confronts the attacks on public education and commonly used literature books by challenging the religious assumptions, the biblical interpretations, and the intimidation tactics of the Religious Right. Part I counters the claims of these censors by presenting opposing views on democracy, secular humanism, religion, the Bible, morality, and the purposes of literature. In Part II, six books frequently taught in high school classes are analyzed. Edwards shows why they have been challenged by the Religious Right, and presents a case for their moral and religious virtues as well as their literary worth. The book differs from other anti-censorship works because it deals primarily and directly with the religious and moral aspects that educators often tend to avoid. This book offers teachers and school administrators scholarly counterarguments that can help confront with literature challenges from the Religious Right.

Power of the Cross - Tim LaHaye 1998

This best-selling author compellingly illustrates the power of the cross to transform modern-day lives.

Foi contre choix - Caroline Fourest 2001

Extrêmement documenté, "Foi contre choix" est sans doute le premier livre francophone à couvrir de façon aussi détaillée l'histoire de la droite religieuse ultra-conservatrice américaine, de l'interdiction de l'avortement au XIX^{ème} siècle à l'entrée en fonction de George W. Bush, en passant par les années Reagan et Bush, la "Moral Majority" et la "Christian coalition". Il rend compte des actions de terrain menées Etat par Etat par une nébuleuse d'associations "pro-life" - militant aussi bien contre l'avortement que contre les droits des homosexuels, pour le rétablissement de la prière dans les écoles ou encore contre l'évolutionnisme - et s'interroge

sur l'impact qu'aura l'élection d'un président républicain sur le droit de choisir, déjà passablement laminé par l'action de ces groupes au cours de ces vingt dernières années.

"Raising Sexually Pure Kids" - Claire Greslé-Favier 2009-01

Raising Sexually Pure Kids: Sexual Abstinence, Conservative Christians and American Politics analyzes pro-abstinence discourses issued by the conservative Christian community and the G.W. Bush administration, to underline that abstinence is not a peripheral matter, but is a cultural and political issue of great significance in US society, especially in the past decade. This book seeks to bring to light how pro-abstinence discourses coalesce most of the core agendas of conservative Christians - like creationism, parental rights or the culture war - and enabled them and the Bush administration, to on the one hand, preserve traditional hierarchies and on the other hand, maintain the sense of threat necessary to the protection of the status quo and to the enduring commitment of the conservative Christian constituency.

Young Adult Literature, Libraries, and Conservative Activism - Loretta M. Gaffney 2017-02-01

Young Adult Literature, Libraries, and Conservative Activism analyzes young adult (YA) literature as a cultural phenomenon, explaining why this explosion of books written for and marketed to teen readers has important consequences for proponents of teen literacy. It explains how YA literature has become a lightning rod for a variety of aesthetic, pedagogical, and popular literature controversies and illustrates why teachers and librarians have a stake in promoting and defending it. Noted scholar Loretta Gaffney not only examines how YA literature is defended and critiqued within the context of rapid cultural and technological changes, but also highlights how struggles about teen reading matter to—and matter in—the future of librarianship and education.
