

Bisexuality In The Lives Of Men Erich W Steinman

The Case for Marriage Linda Waite 2002-03-05 A groundbreaking look at marriage, one of the most basic and universal of all human institutions, which reveals the emotional, physical, economic, and sexual benefits that marriage brings to individuals and society as a whole. The Case for Marriage is a critically important intervention in the national debate about the future of family. Based on the authoritative research of family sociologist Linda J. Waite, journalist Maggie Gallagher, and a number of other scholars, this book's findings dramatically contradict the anti-marriage myths that have become the common sense of most Americans. Today a broad consensus holds that marriage is a bad deal for women, that divorce is better for children when parents are unhappy, and that marriage is essentially a private choice, not a public institution. Waite and Gallagher flatly contradict these assumptions, arguing instead that by a broad range of indices, marriage is actually better for you than being single or divorced- physically, materially, and spiritually. They contend that married people live longer, have better health, earn more money, accumulate more wealth, feel more fulfillment in their lives, enjoy more satisfying sexual relationships, and have happier and more successful children than those who remain single, cohabit, or get divorced. The Case for Marriage combines clearheaded analysis, penetrating cultural criticism, and practical advice for strengthening the institution of marriage, and provides clear, essential guidelines for reestablishing marriage as the foundation for a healthy and happy society. "A compelling defense of a sacred union. The Case for Marriage is well written and well argued, empirically rigorous and learned, practical and commonsensical." -- William J. Bennett, author of *The Book of Virtues* "Makes the absolutely critical point that marriage has been misrepresented and misunderstood." -- The Wall Street Journal www.broadwaybooks.com

The Law and Society Reader II Erik Larson 2014 Law and society scholars challenge the common belief that law is simply a neutral tool by which society sets standards and resolves disputes. Decades of research shows how much the nature of communities, organizations, and the people inhabiting them affect how law works. Just as much, law shapes beliefs, behaviors, and wider social structures, but the connections are much more nuanced and surprising than many expect. *Law and Society Reader II* provides readers an accessible overview to the breadth of recent developments in this research tradition, bringing to life the developments in this dynamic field. Following up a first *Law and Society Reader* published in 1995, editors Erik W. Larson and Patrick D. Schmidt have compiled excerpts of 43 illuminating articles published since 1993 in *The Law & Society Review*, the flagship journal of the Law and Society Association. By its organization and approach, this volume enables readers to join in discussing the key ideas of law and society research. The selections highlight the core insights and developments in this research tradition, making these works indispensable for those exploring the field and ideal for classroom use. Across six concisely-introduced sections, this volume analyzes inequality, lawyering, the relation between law and organizations, and the place of law in relation to other social institutions."

Longitudinal Data Analysis Jason Newsom 2013-06-19 "This book provides accessible treatment to state-of-the-art approaches to analyzing longitudinal studies. Comprehensive coverage of the most popular analysis tools allows readers to pick and choose the techniques that best fit their research. The analyses are illustrated with examples from 12 major longitudinal data sets including practical information about their content and design. Illustrations from popular software packages offer tips on how to interpret the results. Each chapter features suggested readings for further study and a list of articles that further illustrate how to implement the analysis and report the results. An accompanying website provides syntax examples for several software packages for each of the chapter examples. Although many of the examples address health or social science questions related to aging, readers from other disciplines will find the analyses relevant to their work. In addition to demonstrating statistical analysis of longitudinal data, the book shows how to interpret and analyze the results within the context of the research design. Although most chapters emphasize the use of large studies collected over long term periods, much of the book is also relevant to researchers who analyze data collected in shorter time periods. The book opens with issues related to using publicly available data sets including a description of the goals, designs, and measures of the data. The next 10 chapters provide non-technical, practical introductions to the concepts and issues relevant to longitudinal analysis, including: weighting samples and adjusting designs for longitudinal studies; missing data and attrition; measurement issues related to longitudinal research; the use of ANOVA and regression for averaging change over time; mediation analysis for analyzing causal processes; growth curve models using multilevel regression; longitudinal hypotheses using structural equation modeling (SEM); latent growth curve models for evaluating individual trajectories of change; dynamic SEM models of change; and survival (event) analysis. Examples from longitudinal data sets such as the Health and Retirement Study, the Longitudinal Study of Aging, and Established Populations for Epidemiologic Studies of the Elderly as well as international data sets such as the Canadian National Population Health Survey and the English Longitudinal Study of Aging, illustrate key concepts. An ideal supplement for graduate level courses on data analysis and/or longitudinal modeling taught in psychology, gerontology, human development, family studies, medicine, sociology, social work, and other behavioral, social, and health sciences, this multidisciplinary book will also appeal to researchers in these fields."--

American Book Publishing Record 2001

Under the Sign of the Scorpion Jüri Lina 1998

Bisexual Men in Culture and Society Brett Beemyn 2002 Gain a fresh perspective on this misunderstood sexual orientation! From invisible to pathological, the literary, cultural, and theoretical representations of male bisexuality have been almost uniformly negative. *Bisexual Men in Culture and Society* provides a clear, rational analysis of the negative stereotypes and the underlying reasons for them. "The bisexual is the brutal father, the abusive husband, the violent rapist (all familiar figures of male heterosexual power), but he is also the simpering, oral-sadistic mama's boy found in psychoanalytic accounts of homosexuality. . . . Bisexuals are queers with straight privilege, . . . straights with gay chic." Jonathan David White's caustic summary of bisexual men as seen in David Lynch's film *Blue Velvet* also applies to many of the representations of male bisexuality in popular and high culture. The original essays in *Bisexual Men in Culture and Society* deconstruct that dangerous image with blistering force and accuracy. *Bisexual Men in Culture and Society* offers thoughtful, insightful examinations of the cultural meanings of bisexuality, including: the recurring figure of the predatory, immoral bisexual man in the novels of E. Lynn Harris the overlooked bisexual themes in James Baldwin's classic novels *Another Country* and *Giovanni's Room* the murderous bisexual men in such films as *Blue Velvet* and *American Commandos* the portrayal in women's magazines of the bisexual husband as a promiscuous, deceitful AIDS carrier the conflicts within sexual-identity politics between gay men and bisexual men the focus on bisexual orientation, rather than sexual behavior, as a risk factor for AIDS Continuing the tradition of *Bisexuality in the Lives of Men: Facts and Fictions*, *Bisexual Men in Culture and Society* offers a brilliant analysis of the lives of bisexual men and their precarious position within a racist, sexist, and homophobic society.

Bisexual Women in the Twenty-First Century Dawn Atkins 2013-11-19 *Bisexual Women in the Twenty-First Century* reflects the "brave new world" of bisexual women's lives through an eclectic collection of articles that typifies an ongoing feminist process of theory grounded in life experience. The book's broad scope addresses a "world" created in response to lesbian-feminism, homophobia within the mainstream women's movement, and sexism within the gay rights movement. The book includes Carol Queen's memoirs of the swinging lesbian scene in the 1970s, a critical examination of Alice Walker's novel *The Temple of My Familiar*, and a look back at the controversy surrounding bisexual inclusion in the Northampton Lesbian and Gay Pride March in Massachusetts in the early 90s. Previous groundbreaking work on bisexuality had to focus on breaking the silence around bisexual invisibility. This collection works from that foundation to explore the complexities and histories of bisexual women's lives. *Bisexual Women in the Twenty-First Century* examines: tensions

between lesbians and bisexual women the shifting place of bisexual women in society the use of skin color as a charged metaphor the inclusion of bisexuality into queer theory groundbreaking new work on bisexual youth the creative use of the “sacred whore” archetype *Bisexual Women in the Twenty-First Century* is an essential source of social and political critique, and a vital resource for anyone interested in the complex dynamics of human sexuality, regardless of sexual orientation.

Bisexual and Gay Husbands Fritz Klein 2014-02-04 What happens when married men face their gay/bisexual needs? This astonishing volume offers an intimate look into the lives and thoughts of bisexual men. Already married to women, these men are undeniably attracted to other men. Their struggle with conflicting needs, desires, and loyalties is not filtered through theories or evoked in brief interviews. It comes straight from their own keyboards. The stories told in *Bisexual and Gay Husbands* are taken from an Internet mailing list, which allows people to speak freely and in anonymity, yet also encourages the development of a tightly knit community. Men at all stages of the coming-out process share their experiences, their secrets, their pain, shame, anger, and hope. One man writes, “I have found the answer to my bisexual needs and am afraid to embrace it. I need help and advice to know what to do. What you people have done in your lives may hold the key to helping me decide on a course of action. I am either going to create a dream come true or hell on earth as I destroy my marriage. I can’t tell which, and of course you can’t either. But you CAN tell me how you are handling the problems I am facing.” *Bisexual and Gay Husbands* includes advice and information on the issues that touch these men most deeply, including: how do I tell my wife and kids? what does it mean to self-identify as bisexual or gay? what kinds of relationships do I want with men? can triads work? how do I deal with my children’s reaction? do I have to leave my wife? The insight, intelligence, and honesty revealed in *Bisexual and Gay Husbands* make it a riveting read, but it also has great clinical and historic value for therapists, sex theorists, and bisexual men and their families.

Women in Dada Naomi Sawelson-Gorse 2001 his book is the first to make the case that women's changing role in European and American society was critical to Dada.

MLA International Bibliography of Books and Articles on the Modern Languages and Literatures Modern Language Association of America 2002 Vols. for 1969- include ACTFL annual bibliography of books and articles on pedagogy in foreign languages 1969-

Somewhere in the Double Rainbow Cheryl Stobie 2007 Bisexuality has been explored in increasing numbers of South African novels published since 1994. In a society previously dominated by an either/or mindset, what does this development signify? The innovative *Somewhere in the Double Rainbow* answers this question by examining a number of these novels in depth, looking at South African literature, the nation, and citizenship in a new light.

LGBTQ Stats Bennett Singer 2017-01-24 Twenty years ago it was impossible to imagine the president of the United States embracing same-sex marriage or Bruce Jenner transitioning to Caitlyn Jenner, an open transgender woman. *LGBTQ Stats* chronicles the ongoing LGBTQ revolution, providing the critical statistics, and draws upon and synthesizes newly collected data. Deschamps and Singer—whose previous books and films on LGBTQ topics have won numerous awards and found audiences around the globe—provide chapters on family and marriage, workplace discrimination, education, youth, criminal justice, and immigration, as well as evolving policies and laws affecting LGBTQ communities. A chapter on LGBTQ life around the globe contrasts the dramatic progress for LGBTQ people in the United States with violent backlash in countries such as Russia, Iran, and Nigeria, which have discriminatory laws that make same-sex activity punishable by prison or death. A lively, accessible, and eye-opening snapshot, *LGBTQ Stats* offers an invaluable resource for activists, journalists, lawmakers, and general readers who want the facts and figures on LGBTQ lives in the twenty-first century.

Invisible Life E. Lynn Harris 2012-11-28 The re-issue of a remarkable first novel by a young, gay, black author who fashioned a deeply moving and compelling coming of age story out of the highly controversial issues of bisexuality and AIDS. Law school, girlfriends, and career choices were all part of Raymond Tyler's life, but there were other, more terrifying issues for him to confront. Being black was tough enough, but Raymond was becoming more and more conscious of sexual feelings that he knew weren't "right." He was completely committed to Sela, his longtime girlfriend, but his attraction to Kelvin, whom he had met during his last year in law school, had become more than just a friendship. Fleeing to New York to escape both Sela and Kelvin, Raymond finds himself more confused than ever before. New relationships--both male and female--give him enormous pleasure but keep him from finding the inner peace and lasting love he so desperately desires. The horrible illness and death of a friend eventually force Raymond, at last, to face the truth.

Getting Bi Robyn Ochs 2009 *Gay Studies*.

Bisexuality in the Lives of Men Erich W Steinman 2014-06-03 Explore the theoretical, political, psychological, and cultural issues surrounding male bisexuality! *Bisexuality in the Lives of Men* is the first anthology to focus on men who love both men and women. The theoretical, scientific, and literary essays in this landmark volume dispel the fictions that bisexual men are greedy, promiscuous, confused, deceptive, unfaithful, HIV-positive--the dominant images of bisexual men in our culture. Whether portrayed as a coward who can't quite come out into full gayness or a smooth-talking serial killer, the bisexual man has been vilified in books and movies. In scholarly studies, they are often ignored or else lumped together with gay men. It is now widely acknowledged that human sexuality is more complex and diverse than the narrow categories “gay” and “straight.” But, while the use of the term “bisexual” has become much more common in the last decade, an understanding of bisexuality itself lags far behind. A lack of research on how bisexuality is experienced, interpreted, and encoded in literature, film, and other aspects of popular culture means that stereotypes, stigma, and confusion are still prevalent. *Bisexuality in the Lives of Men* is a multidisciplinary examination of this neglected topic, bringing together expertise reflecting divergent approaches and fields to show the whole bisexual man. Topics include: a thoughtful review and analysis of the public health research on the role of bisexual men in HIV transmission a study of the marital consequences of a husband's bisexuality, including couples who have stayed together an analysis of the heartfelt discussions taking place in an online bi-male community an empirical study of the ways that bi-negativity differs from homophobia an essay bringing together queer theory and social constructionist ideas to explain why bisexual men are much less visible than bisexual women The rigorously analytical yet accessible essays in this volume offer new information and perspectives about male bisexuality. *Bisexuality in the Lives of Men* is an essential resource for anyone interested in the theoretical, political, and cultural issues of male bisexuality.

The New Handbook of Political Sociology Thomas Janoski 2020-03-05 Political sociology is a large and expanding field with many new developments, and *The New Handbook of Political Sociology* supplies the knowledge necessary to keep up with this exciting field. Written by a distinguished group of leading scholars in sociology, this volume provides a survey of this vibrant and growing field in the new millennium. The Handbook presents the field in six parts: theories of political sociology, the information and knowledge explosion, the state and political parties, civil society and citizenship, the varieties of state policies, and globalization and how it affects politics. Covering all subareas of the field with both theoretical orientations and empirical studies, it directly connects scholars with current research in the field. A total reconceptualization of the first edition, the new handbook features nine additional chapters and highlights the impact of the media and big data.

Parerga and Paralipomena Arthur Schopenhauer 2000 These works won widespread attention on their publication in 1851, and helped secure lasting international fame for Schopenhauer. Their intellectual vigour, literary power and rich diversity are still striking today.

Worldwide Perspectives on Lesbians, Gays, and Bisexuals [3 volumes] Paula Gerber Ph.D. 2021-01-26 This three-volume set is a rich resource for readers in any discipline interested in understanding the global, regional, and domestic experiences of LGB people. This interdisciplinary set makes a vital contribution to understanding how LGB rights are progressing—and in some cases, regressing—around the globe. The three volumes look at the lived experiences of LGB people from varied perspectives and provide comprehensive coverage on a wide variety of topics ranging from LGB youth and LGB aging to the approaches to LGB people of

different religions, including Islam, Judaism, and Christianity. Chapters focus on topics including the ongoing criminalization of same-sex sexual conduct and how international human rights law can be used to improve the lives of LGB people. Particular attention is paid to the rights of bisexuals, a group often ignored in works focusing on sexual orientation. Volume 1 focuses on history, politics, and culture relating to LGB people; Volume 2 focuses on the laws—domestic and international—governing LGB people; and Volume 3 provides snapshots of the current state of LGB experience in countries worldwide, presented by geographical region: Europe, the Americas, Africa, the Middle East, and the Asia Pacific region.

Homosexuality and Manliness in Postwar Japan Jonathan D. Mackintosh 2010 This book examines the history of the relationship between male homosexuality and conceptions of manliness in postwar Japan. It provides a detailed account of the formative years of the homo magazine genre in the 1970s, and explores its evolution in subsequent years, analyzing key issues including homophobia; gay liberation; male-male sex, love and friendship; the masculine body; and manly identity.

Bisexual Lives 1988 "Bisexuals are people who experience a desire for emotional, sensual or sexual relationships with people of both sexes. There are an enormous number of them in the world. This book contains a collection of short pieces written by bisexual women and men about their experiences of what it is like to be bisexual." -- from back cover.

Bi Any Other Name Lani Ka'ahumanu 2015-09-23 "I am part of the generation that came of age when Bi Any Other Name was already in print. This groundbreaking anthology gave me the language, courage and sense of community I needed as a young queer woman." —Daisy Hernández, *A Cup of Water Under My Bed* The 25th Anniversary Edition *Bi Any Other Name: Bisexual People Speak Out* first debuted in 1991. This groundbreaking book helped catalyze a national movement for bisexual identity, justice and equality. Often dubbed "the bisexual bible," *Bi Any Other Name* was on Lambda Book Review's Top 100 GLBT Books of the 20th century and became a beloved reference text in many classrooms, doctors' offices, libraries, and pulpits. A 2007 Mandarin translation was published in Taiwan. The new 2015 introduction of this book updates readers to the enormous changes the past quarter century has brought - for bi people, the larger society and the sexual rights and liberation movement of which we are a part. When did you know? How did you come out? What was your experience? The coming out stories in this book speak to the many ways bisexuals embrace realities outside rigid either/or categories throughout the passage of our lives. Everyday stories of women, men, transgender bisexuals, teenagers to octogenarians, from many different cultures and family arrangements. The fierce truth of these lives made visible puts a check on bisexual erasure, exposing the binary constructions of gay/straight and male/female as oversimplifications that reduce spectrums to mere opposites. Caught between the mainstream culture's persistent discounting of bisexuality, the sensationalizing characterizations presented in media, and the sexual liberation movement's continual disregard of bisexuality as a serious identity, bisexual people are often not seen or heard when they speak out. There is a vital need for these earnest voices to be heard in the new century. Enormous cultural changes have occurred in the past 25 years, yes, but understanding bisexualities has just begun.

The Bisexual's Guide to the Universe Nicole Kristal 2006 Organised by experience level (beginner, intermediate, and advanced), this no-holds-barred, irreverent guide is for anyone-bisexual, queer, pansexual, or none of the above - who wants the best of both worlds. Increase your Bi-Q now!

Unequal Opportunity Richard J. Wolitski 2008 Most public health students, academicians, and practitioners recognize the association between racial/ethnic minority status and the disproportionate burden of preventable disease in the United States. Much less attention has been directed, however, toward health disparities that affect gay and bisexual men. These disparities affect the lives of an estimated 5.3-7.4 million American men, and are an important concern for public health. Until very recently, the relative invisibility of this group and a paucity of empirical data have hampered attempts to identify health disparities experienced by gay and bisexual men. This book reviews and synthesizes evidence of health disparities among gay and bisexual men, identify individual and community factors that contribute to these disparities, and articulate strategies for public health efforts to eliminate disparities. To date, these disparities have been largely discussed in isolation in the research literature in a manner that does not permit a comprehensive examination of these problems, their underlying causes, and potential solutions. Thus, a primary emphasis of the book is documenting health disparities among gay and bisexual men while also describing public health solutions to these challenges.

Bisexuality in the Lives of Men Erich W. Steinman 2001 Explore the theoretical, political, psychological, and cultural issues surrounding male bisexuality! *Bisexuality in the Lives of Men* is the first anthology to focus on men who love both men and women. The theoretical, scientific, and literary essays in this landmark volume dispel the fictions that bisexual men are greedy, promiscuous, confused, deceptive, unfaithful, HIV-positive—the dominant images of bisexual men in our culture. Whether portrayed as a coward who can't quite come out into full gayness or a smooth-talking serial killer, the bisexual man has been vilified in books and movies. In scholarly studies, they are often ignored or else lumped together with gay men. It is now widely acknowledged that human sexuality is more complex and diverse than the narrow categories "gay" and "straight." But, while the use of the term "bisexual" has become much more common in the last decade, an understanding of bisexuality itself lags far behind. A lack of research on how bisexuality is experienced, interpreted, and encoded in literature, film, and other aspects of popular culture means that stereotypes, stigma, and confusion are still prevalent. *Bisexuality in the Lives of Men* is a multidisciplinary examination of this neglected topic, bringing together expertise reflecting divergent approaches and fields to show the whole bisexual man. Romantic Jealousy Ayala Malakh-Pines 1998 This volume traces the modern critical and performance history of this play, one of Shakespeare's most-loved and most-performed comedies. The essay focus on such modern concerns as feminism, deconstruction, textual theory, and queer theory.

Modern Esoteric Brad Olsen 2017-08-02 This completely reworked second edition of *Modern Esoteric* includes new information, over a dozen additional images, and up-to-date revisions. Winner of the Best Book Design 2014, *Modern Esoteric* examines the flaws in modern history and looks at how conspiracy theories, esoteric knowledge, and fringe subjects can be used to help change the dead-end course humanity seems to be following. The Lifeology section explores the long and storied "alternative narrative" of life on this planet. In the Control section, author Brad Olsen examines how Big Brother is here in the form of the New World Order, and how they keep the knowledge of humankind's true nature from the mass population. Finally, the Thrive section looks at all the ways humans are evolving to achieve their full potential.

Understanding Human Sexuality Janet Shibley Hyde 2001

Bisexual Men in Culture and Society Erich W Steinman 2014-05-01 Gain a fresh perspective on this misunderstood sexual orientation! From invisible to pathological, the literary, cultural, and theoretical representations of male bisexuality have been almost uniformly negative. *Bisexual Men in Culture and Society* provides a clear, rational analysis of the negative stereotypes and the underlying reasons for them. "The bisexual is the brutal father, the abusive husband, the violent rapist (all familiar figures of male heterosexual power), but he is also the simpering, oral-sadistic mama's boy found in psychoanalytic accounts of homosexuality. . . . Bisexuals are queers with straight privilege, . . . straights with gay chic." Jonathan David White's caustic summary of bisexual men as seen in David Lynch's film *Blue Velvet* also applies to many of the representations of male bisexuality in popular and high culture. The Hostage Brain Bruce S. McEwen 1994

Queer Theories Donald E. Hall 2017-03-07 This essential introductory guide explores and aggressively expands the provocative new field of sexual identity studies. It explains the history of sexual identity categories, such as 'gay' and 'lesbian', covers the reclamation of 'queer' as a term of radical self-identification, and details recent challenges to sexual identity studies posed by transgender and bisexual theories. Donald E. Hall offers concrete applications of the abstract theories he explores, with imaginative new readings of such works as 'The Yellow Wallpaper', *Dr Jekyll and Mr Hyde*, *Orlando* and *The Color Purple*. Throughout, Hall urges the reader to grapple with the changing nature of sexual identity in the twenty-first century and asks searching questions about how we might identify ourselves differently given new technologies and new possibilities for sexual experimentation. To students, theorists and activists alike, *Queer Theories* issues a challenge to continue to disrupt narrow, traditional notions of sexual 'normality' and to resist setting up new and confining categories of 'true' sexual identity.

Changing directions in the treatment of women Elyse Zukerman 1979

Bisexuality in Education Maria Pallotta-Chiarolli 2017-10-02 Although many schools and educational systems, from elementary to tertiary level, state that they endorse anti-homophobic policies, pedagogies and programs, there appears to be an absence of education about, and affirmation of, bisexuality and minimal specific attention paid to bi-phobia. Bisexuality appears to be falling into the gap between the binary of heterosexuality and homosexuality that informs anti-homophobic policies, programs, and practices in schools initiatives such as health education, sexuality education, and student welfare. These erasures and exclusions leave bisexual students, family members and educators feeling silenced and invisibilized within school communities. Also absent is attention to intersectionality, or how indigeneity, gender, class, ethnicity, rurality and age interweave with bisexuality. Indeed, as much research has shown, erasure, exclusion, and the absence of intersectionality have been considered major factors in bisexual young people, family members and educators in school communities experiencing worse mental, emotional, sexual and social health than their homosexual or heterosexual counterparts. This book is the first of its kind, providing an international collection of empirical research, theory and critical analysis of existing educational resources relating to bisexuality in education. Each chapter addresses three significant issues in relation to bisexuality and schooling: erasure, exclusion, and the absence of intersectionality. From indigenous to rural schools, from tertiary campuses to elementary schools, from films to picture books as curriculum resources, from educational theory to the health and wellbeing of bisexual students, this book's contributors share their experiences, expertise and ongoing questions. This book was originally published as a special issue of the *Journal of Bisexuality*.

Dual Attraction Martin S. Weinberg 1995-06-01 For the past two generations, extensive research has been conducted on the determinants of homosexuality. But, until now, scant attention has been paid to what is perhaps the most mysterious--and potentially illuminating--variation of human sexual expression, bisexuality. Today, as ignorance and fear of AIDS makes greater awareness of all forms of sexual behavior an urgent matter of private and public consequence, leading sex researchers Martin Weinberg, Colin Williams, and Douglas Pryor provide us with the first major study of bisexuality. Weinberg, Williams, and Pryor explore the riddle of dual attraction in their study of 800 residents of San Francisco. Fieldwork, intensive interviews, and surveys provided a wealth of data about the nature of bisexual attraction, the steps that lead people to become bisexual, and how sexual preference can change over time. They found that heterosexuals, more often than homosexuals, become bisexual; that bisexual men and women differ markedly in their sexual behavior and romantic feelings; that most bisexuals ultimately settle into long-term relationships while continuing sexual activity outside those relationships; and they also explain why transsexuals often become bisexual. Moreover, the authors discovered that as the AIDS crisis unfolded, many bisexual men entered into monogamous relationships with women, and bisexual women into more lesbian relationships. Recent media accounts attest that a growing number of researchers and writers are narrowing the fundamental cause of sexual preference to a single factor, biology. But if, as this study shows, learning plays a significant part in helping people traverse the boundaries of gender, if past and present intimate relationships influence their changing preferences, and if bisexual activity is inseparable from a social environment which provides distinctive sexual opportunities, then a mosaic of factors far more complex than those previously considered must be entertained in explaining the fuller spectrum of sexual preferences. *Dual Attraction* is one of the most significant contributions to our understanding of sexuality since the original Kinsey reports and Bell and Weinberg's 1978 international bestseller, *Homosexualities*. It is must reading for all those interested in the study of sexual behavior--especially now, since the onset of AIDS.

Community Psychology James H. Dalton 2007 In this book the authors present additional personal and community narratives and extended examples to enliven their writing. They have also expanded their coverage of social policy research and advocacy, interdisciplinary perspectives on communities (e.g. the concept of social capital), and interventions to enhance neighborhood and community life. They portray community psychology as now more international, more attentive to human diversity, and more attuned to the nuances of social and cultural contexts than ever before. They provide narratives illustrating how ordinary citizens working together have transformed their communities and engaged in social change.

LGBT Transnational Identity and the Media Christopher Pullen 2012-02-29 Offering a critical introduction into LGBT (lesbian, gay, bisexual and transgender) transnational identity in the media, this book examines performances and representations within documentary and fiction oriented texts. An interdisciplinary approach is put forward, revealing new potentials for non western queer identity.

Twentieth Century Theatre: A Sourcebook Richard Drain 2002-09-11 *Twentieth Century Theatre: A Sourcebook* is an inspired handbook of ideas and arguments on theatre. Richard Drain gathers together a uniquely wide-ranging selection of original writings on theatre by its most creative practitioners - directors, playwrights, performers and designers, from Jarry to Grotowski and Craig. These key texts span the twentieth century, from the onset of modernism to the present, providing direct access to the thinking behind much of the most stimulating theatre the century has had to offer, as well as guidelines to its present most adventurous developments. Setting theory beside practice, these writings bring alive a number of vital and continuing concerns, each of which is given full scope in five sections which explore the Modernist, Political, Inner and Global dimensions of twentieth century theatre. *Twentieth Century Theatre: A Sourcebook* provides illuminating perspectives on past history, and throws fresh light on the sources and development of theatre today. This sourcebook is not only an essential and versatile collection for students at all levels, but also directed numerous devised shows which have toured to theatres, schools, community centres and prisons.

Bisexuality in the Lives of Men Erich W Steinman 2014-06-03 Explore the theoretical, political, psychological, and cultural issues surrounding male bisexuality! *Bisexuality in the Lives of Men* is the first anthology to focus on men who love both men and women. The theoretical, scientific, and literary essays in this landmark volume dispel the fictions that bisexual men are greedy, promiscuous, confused, deceptive, unfaithful, HIV-positive--the dominant images of bisexual men in our culture. Whether portrayed as a coward who can't quite come out into full gayness or a smooth-talking serial killer, the bisexual man has been vilified in books and movies. In scholarly studies, they are often ignored or else lumped together with gay men. It is now widely acknowledged that human sexuality is more complex and diverse than the narrow categories "gay" and "straight." But, while the use of the term "bisexual" has become much more common in the last decade, an understanding of bisexuality itself lags far behind. A lack of research on how bisexuality is experienced,

interpreted, and encoded in literature, film, and other aspects of popular culture means that stereotypes, stigma, and confusion are still prevalent. *Bisexuality in the Lives of Men* is a multidisciplinary examination of this neglected topic, bringing together expertise reflecting divergent approaches and fields to show the whole bisexual man. Topics include: a thoughtful review and analysis of the public health research on the role of bisexual men in HIV transmission a study of the marital consequences of a husband's bisexuality, including couples who have stayed together an analysis of the heartfelt discussions taking place in an online bi-male community an empirical study of the ways that bi-negativity differs from homophobia an essay bringing together queer theory and social constructionist ideas to explain why bisexual men are much less visible than bisexual women The rigorously analytical yet accessible essays in this volume offer new information and perspectives about male bisexuality. *Bisexuality in the Lives of Men* is an essential resource for anyone interested in the theoretical, political, and cultural issues of male bisexuality.

Bi Shiri Eisner 2013-07-02 Depicted as duplicitous, traitorous, and promiscuous, bisexuality has long been suspected, marginalized, and rejected by both straight and gay communities alike. *Bi* takes a long overdue, comprehensive look at bisexual politics—from the issues surrounding biphobia/monosexism, feminism, and transgenderism to the practice of labeling those who identify as bi as either “too bisexual” (promiscuous and incapable of fidelity) or “not bisexual enough” (not actively engaging romantically or sexually with people of at least two different genders). In this forward-thinking and eye-opening book, feminist bisexual and genderqueer activist Shiri Eisner takes readers on a journey through the many aspects of the meanings and politics of bisexuality, specifically highlighting how bisexuality can open up new and exciting ways of challenging social convention. Informed by feminist, transgender, and queer theory, as well as politics and activism, *Bi* is a radical manifesto for a group that has been too frequently silenced, erased, and denied—and a starting point from which to launch a bisexual revolution.

Giovanni's Room James Baldwin 2001-10-04 First published in 1957, this book attempts to tackle the conflict between homosexual and heterosexual love. It tells of David, a young man awakening to his true homosexual nature, through a relationship with a barman named Giovanni, as he awaits his fiancée's arrival from Spain.

Lesbian and Bisexual Women's Mental Health Robin M Mathy 2014-07-16 Examine the psychosocial factors that affect lesbian and bisexual women's mental health This essential guide presents up-to-date, evidence-based information that can be implemented to improve mental health services for lesbian and bisexual women in a variety of settings. It examines the systemic factors that play a role in their psychological and emotional well-being, and presents new research on protective factors that play an important role when lesbian/bisexual women face depression, anxiety, and other mental health disorders. *Lesbian and Bisexual Women's Mental Health* reviews the past literature on mental health and sexual orientation—citing biased and inadequate assessment, diagnosis, and treatment approaches currently in use in the care of lesbian and bisexual women. This essential guide for clinicians and researchers presents new empirical research on lesbian/bisexual women's mental health. It explores specific challenges that face various lesbian and bisexual female populations, with research on: dysthymia depression and anxiety—including a chapter on depressive distress among African-American women the way that community size and religiosity impact lesbian/bisexual women's psychosexual development the relationship between shame and a client's attachment style the mental health implications of same-sex marriage mental health in Taiwan's T-Po lesbian community—with a focus on community members' sexual orientation, gender roles, and gender identity the interconnectedness of sexual fantasies, psychological adjustment, and close relationship functioning in lesbian/bisexual women body image and eating issues As the diversity of this population becomes progressively more evident, so does the necessity for deeper exploration of the mental health problems facing lesbians and bisexuals. Whether you are a student, an educator, or an experienced clinician, *Lesbian and Bisexual Women's Mental Health* is an essential resource for relevant and meaningful information that focuses much-needed attention on the mental health of lesbian and bisexual women.

You'll learn how to choose the best eBook format, where to find your favorite titles, and how to ensure that your eBook reading experience is both enjoyable and ethical.

Whether you're new to eBooks or a seasoned digital reader, this Bisexuality In The Lives Of Men Erich W Steinman eBook has something for everyone. So, let's dive into the exciting world of eBooks and discover how to access a world of literary wonders with ease and convenience.

Understanding Bisexuality In The Lives Of Men Erich W Steinman

Before you embark on your journey to find Bisexuality In The Lives Of Men Erich W Steinman online, it's essential to grasp the concept of Bisexuality In The Lives Of Men Erich W Steinman eBook formats. Bisexuality In The Lives Of Men Erich W Steinman come in various formats, each with its own unique features and compatibility. Understanding these formats will help you choose the right one for your device and preferences.

Different Bisexuality In The Lives Of Men Erich W Steinman eBook Formats Explained

1. EPUB (Electronic Publication):

EPUB is one of the most common eBook formats, known for its versatility and compatibility across a wide range of eReaders and devices.

Features include reflowable text, adjustable font sizes, and support for images and multimedia.

EPUB3, an updated version, offers enhanced interactivity and multimedia support.

2. MOBI (Mobipocket):

MOBI was originally developed for Mobipocket Reader but is also supported by Amazon Kindle devices.

It features a proprietary format and may have limitations compared to EPUB, such as fewer font options.

3. PDF (Portable Document Format):

PDFs are a popular format for eBooks, known for their fixed layout, preserving the book's original design and formatting.

While great for textbooks and graphic-heavy books, PDFs may not be as adaptable to various screen sizes.

4. AZW/AZW3 (Amazon Kindle):

These formats are exclusive to Amazon Kindle devices and apps.

AZW3, also known as KF8, is an enhanced version that supports advanced formatting and features.

5. HTML (Hypertext Markup Language):

HTML eBooks are essentially web pages formatted for reading.

They offer interactivity, multimedia support, and the ability to access online content, making them suitable for textbooks and reference materials.

6. TXT (Plain Text):

Plain text eBooks are the simplest format, containing only unformatted text.

They are highly compatible but lack advanced formatting features.

Choosing the right Bisexuality In The Lives Of Men Erich W Steinman eBook format is crucial for a seamless reading experience on your device. Here's a quick guide to format compatibility with popular eReaders:

EPUB: Compatible with most eReaders, except for some Amazon Kindle devices. Also suitable for reading on smartphones and tablets using dedicated apps.

MOBI: Primarily compatible with Amazon Kindle devices and apps.

PDF: Readable on almost all devices, but may require zooming and scrolling on smaller screens.

AZW/AZW3: Exclusive to Amazon Kindle devices and apps.

HTML: Requires a web browser or specialized eBook reader with HTML support.

TXT: Universally compatible with nearly all eReaders and devices.

Understanding Bisexuality In The Lives Of Men Erich W Steinman eBook formats and their compatibility will help you make informed decisions when choosing where and how to access your favorite eBooks. In the

next chapters, we'll explore the various sources where you can find Bisexuality In The Lives Of Men Erich W Steinman eBooks in these formats.

Bisexuality In The Lives Of Men Erich W Steinman eBook Websites and Repositories

One of the primary ways to find Bisexuality In The Lives Of Men Erich W Steinman eBooks online is through dedicated eBook websites and repositories. These platforms offer an extensive collection of eBooks spanning various genres, making it easy for readers to discover new titles or access classic literature. In this chapter, we'll explore Bisexuality In The Lives Of Men Erich W Steinman eBook and discuss important considerations of Bisexuality In The Lives Of Men Erich W Steinman.

Popular eBook Websites

1. Project Gutenberg:

Project Gutenberg is a treasure trove of over 60,000 free eBooks, primarily consisting of classic literature.

It offers eBooks in multiple formats, including EPUB, MOBI, and PDF.

All eBooks on Project Gutenberg are in the public domain, making them free to download and read.

2. Open Library:

Open Library provides access to millions of eBooks, both contemporary and classic titles.

Users can borrow eBooks for a limited period, similar to borrowing from a physical library.

It offers a wide range of formats, including EPUB and PDF.

3. Internet Archive:

The Internet Archive hosts a massive digital library, including eBooks, audio recordings, and more.

It offers an "Open Library" feature with borrowing options for eBooks.

The collection spans various genres and includes historical texts.

4. BookBoon:

BookBoon focuses on educational eBooks, providing free textbooks and learning materials.

It's an excellent resource for students and professionals seeking specialized content.

eBooks are available in PDF format.

Users can choose from various formats, making it compatible with different eReaders.

The website also features user-generated reviews and ratings.

6. Smashwords:

Smashwords is a platform for independent authors and publishers to distribute their eBooks.

It offers a wide selection of genres and supports multiple eBook formats.

Some eBooks are available for free, while others are for purchase.

Bisexuality In The Lives Of Men Erich W Steinman Legal Considerations

While these Bisexuality In The Lives Of Men Erich W Steinman eBook websites provide valuable resources for readers, it's essential to be aware of legal considerations:

Copyright: Ensure that you respect copyright laws when downloading and sharing Bisexuality In The Lives Of Men Erich W Steinman eBooks. Public domain Bisexuality In The Lives Of Men Erich W Steinman eBooks are generally safe to download and share, but always check the copyright status.

Terms of Use: Familiarize yourself with the terms of use and licensing agreements on these websites. Bisexuality In The Lives Of Men Erich W Steinman eBooks may have specific usage restrictions.

Support Authors: Whenever possible, consider purchasing Bisexuality In The Lives Of Men Erich W Steinman eBooks to support authors and publishers. This helps sustain a vibrant literary ecosystem.

Public Domain eBooks

Public domain Bisexuality In The Lives Of Men Erich W Steinman eBooks are those whose copyright has expired, making them freely accessible to the public. Websites like Project Gutenberg specialize in offering public domain Bisexuality In The Lives Of Men Erich W Steinman eBooks, which can include timeless classics, historical texts, and cultural treasures.

As you explore Bisexuality In The Lives Of Men Erich W Steinman eBook websites and repositories, you'll encounter a vast array of reading options. In the next chapter, we'll delve into the world of eBook search engines, providing even more ways to discover Bisexuality In The Lives Of Men Erich W Steinman eBooks online.

Bisexuality In The Lives Of Men Erich W Steinman eBook Search

eBook search engines are invaluable tools for avid readers seeking specific titles, genres, or authors. These search engines crawl the web to help you discover Bisexuality In The Lives Of Men Erich W Steinman across a wide range of platforms. In this chapter, we'll explore how to effectively use eBook search engines and uncover eBooks tailored to your preferences.

Effective Search Bisexuality In The Lives Of Men Erich W Steinman

To make the most of eBook search engines, it's essential to use effective search techniques. Here are some tips:

1. Use Precise Keywords:

Be specific with your search terms. Include the book title Bisexuality In The Lives Of Men Erich W Steinman, author's name, or specific genre for targeted results.

2. Utilize Quotation Marks:

To search Bisexuality In The Lives Of Men Erich W Steinman for an exact phrase or book title, enclose it in quotation marks. For example, "Bisexuality In The Lives Of Men Erich W Steinman."

3. Bisexuality In The Lives Of Men Erich W Steinman Add "eBook" or "PDF":

Enhance your search by including "eBook" or "PDF" along with your keywords. For example, "Bisexuality In The Lives Of Men Erich W Steinman eBook."

4. Filter by Format:

Many eBook search engines allow you to filter results by format (e.g., EPUB, PDF). Use this feature to find Bisexuality In The Lives Of Men Erich W Steinman in your preferred format.

5. Explore Advanced Search Options:

Take advantage of advanced search options offered by search engines. These can help narrow down your results by publication date, language, or file type.

Google Books and Beyond

Google Books:

Google Books is a widely used eBook search engine that provides access to millions of eBooks.

You can preview, purchase, or find links to free Bisexuality In The Lives Of Men Erich W Steinman available elsewhere.

It's an excellent resource for discovering new titles and accessing book previews.

Project Gutenberg Search:

Project Gutenberg offers its search engine, allowing you to explore its extensive collection of free Bisexuality In The Lives Of Men Erich W Steinman.

You can search by title Bisexuality In The Lives Of Men Erich W Steinman, author, language, and more.

Internet Archive's eBook Search:

The Internet Archive's eBook search provides access to a vast digital library.

You can search for Bisexuality In The Lives Of Men Erich W Steinman and borrow them for a specified period.

Library Genesis (LibGen):

Library Genesis is known for hosting an extensive collection of Bisexuality In The Lives Of Men Erich W Steinman, including academic and scientific texts.

It's a valuable resource for researchers and students.

eBook Search Engines vs. eBook Websites

It's essential to distinguish between eBook search engines and eBook websites:

Search Engines: These tools help you discover eBooks across various platforms and websites. They provide

links to where you can access the eBooks but may not host the content themselves.

Websites: eBook websites host eBooks directly, offering downloadable links. Some websites specialize in specific genres or types of eBooks.

Using eBook search engines allows you to cast a wider net when searching for specific titles Bisexuality In The Lives Of Men Erich W Steinman or genres. They serve as powerful tools in your quest for the perfect eBook.

Bisexuality In The Lives Of Men Erich W Steinman eBook Torrenting and Sharing Sites

Bisexuality In The Lives Of Men Erich W Steinman eBook torrenting and sharing sites have gained popularity for offering a vast selection of eBooks. While these platforms provide access to a wealth of reading material, it's essential to navigate them responsibly and be aware of the potential legal implications. In this chapter, we'll explore Bisexuality In The Lives Of Men Erich W Steinman eBook torrenting and sharing sites, how they work, and how to use them safely.

Find Bisexuality In The Lives Of Men Erich W Steinman Torrenting vs. Legal Alternatives

Bisexuality In The Lives Of Men Erich W Steinman Torrenting Sites:

Bisexuality In The Lives Of Men Erich W Steinman eBook torrenting sites operate on a peer-to-peer (P2P) file-sharing system, where users upload and download Bisexuality In The Lives Of Men Erich W Steinman eBooks directly from one another.

While these sites offer Bisexuality In The Lives Of Men Erich W Steinman eBooks, the legality of downloading copyrighted material from them can be questionable in many regions.

Bisexuality In The Lives Of Men Erich W Steinman Legal Alternatives:

Some torrenting sites host public domain Bisexuality In The Lives Of Men Erich W Steinman eBooks or works with open licenses that allow for sharing.

Always prioritize legal alternatives, such as Project Gutenberg, Internet Archive, or Open Library, to ensure you're downloading Bisexuality In The Lives Of Men Erich W Steinman eBooks legally.

Staying Safe Online to download Bisexuality In The Lives Of Men Erich W Steinman

When exploring Bisexuality In The Lives Of Men Erich W Steinman eBook torrenting and sharing sites, it's crucial to prioritize your safety and follow best practices:

1. Use a VPN:

To protect your identity and online activities, consider using a Virtual Private Network (VPN). This helps anonymize your online presence.

2. Verify Bisexuality In The Lives Of Men Erich W Steinman eBook Sources:

Be cautious when downloading Bisexuality In The Lives Of Men Erich W Steinman from torrent sites. Verify the source and comments to ensure you're downloading a safe and legitimate eBook.

3. Update Your Antivirus Software:

Ensure your antivirus software is up-to-date to protect your device from potential threats.

4. Prioritize Legal Downloads:

Whenever possible, opt for legal alternatives or public domain eBooks to avoid legal complications.

5. Respect Copyright Laws:

Be aware of copyright laws in your region and only download Bisexuality In The Lives Of Men Erich W Steinman eBooks that you have the right to access.

Bisexuality In The Lives Of Men Erich W Steinman eBook Torrenting and Sharing Sites

Here are some popular Bisexuality In The Lives Of Men Erich W Steinman eBook torrenting and sharing sites:

1. The Pirate Bay:

The Pirate Bay is one of the most well-known torrent sites, hosting a vast collection of Bisexuality In The Lives Of Men Erich W Steinman eBooks, including fiction, non-fiction, and more.

2. 1337x:

1337x is a torrent site that provides a variety of eBooks in different genres.

3. Zooqle:

Zooqle offers a wide range of eBooks and is known for its user-friendly interface.

4. LimeTorrents:

LimeTorrents features a section dedicated to eBooks, making it easy to find and download your desired reading material.

A Note of Caution

While Bisexuality In The Lives Of Men Erich W Steinman eBook torrenting and sharing sites offer access to a vast library of reading material, it's important to be cautious and use them responsibly. Prioritize legal downloads and protect your online safety. In the next chapter, we'll explore eBook subscription services, which offer legitimate access to Bisexuality In The Lives Of Men Erich W Steinman eBooks.
