Shadows of Sylvaheim Toula Gordillo 2021-10-25 Sixteen-year-old Jack thinks he's a failure. Living with aches and nausea, hearing voices and disconnected from his friends, he wonders if crystal meth might take the pain away. But when his mother ends up in a coma, and his father can't cope, Jack runs from home with his younger sister Emily. As the siblings shelter from a violent storm, goddess Freyja appears. She says they must travel to the realm of Sylvaheim to defeat the malevolent Lord Batu Glass and his partner Morgana. Growing in power, they now threaten all the realms. But the ultimate challenge lies within: Can Jack and Emily conquer their deepest fears to stop druglord Batu Glass and his henchmen, the traitorous ravens, before Jack's soul is lost too? *Shadows of Sylvaheim* is not just a coming-of-age mythic fantasy novel, it also acts as a Jungian guide to life. "It is a worthy undertaking to introduce young people to Jungian psychology and I applaud Toula's efforts and dedication. I wish her great success!" Dr Murray Stein Jungian Analyst, Author, Lecturer Author Bio Dr Toula Gordillo was born in Brisbane, Australia. She grew up travelling the country with a nature-loving father narrating stories, songs and poetry, and a mother who taught her music and distance education. The family eventually settled on the Great Dividing Range: a city called Toowoomba. Toula's own life, in many ways, is as diverse as the protagonists in this book. Like Jack and Emily who also 'lived' west of the Range, Dr Gordillo followed a dream, escaping to an alternate reality through fantasy to cope with adversity during the teen years. At seventeen, Toula and her mother moved to Katherine in the Northern Territory. Here, Toula attended Katherine State High School and was exposed to the storytelling method of the Territory's First Nation's population. In one of the most remote regions of Australia, living and working in a predominantly indigenous community, combined with her father's passion for storytelling, Toula came to appreciate the value of using ancient 'fantastical' stories and images to pass on important information and knowledge. As a young undergraduate psychology student, Toula was briefly introduced to the work of Carl Jung. Years later, studying a Doctor of Creative Arts (Creative Writing) at the University of the Sunshine Coast, she understood Jung's premise. That is, conscious awareness of myth-based fantasy can not only help to explain 'reality', [1] but it is vital for health and healing. Dr Gordillo witnessed the curative power of combining mythic fantasy with reality firsthand in her varied careers as a teacher, Guidance Officer Intensive Behaviour Support (GOIBS) and Acting Head of Student Services in some of the largest state high schools in Australia. Assigned to only the most difficult cases, principals called Toula 'the pointy end of the stick'. For her, the 'stick' was a wand: a suite of fantasy-based stories and images that she used to transform young people's lives. Today, as a practicing Clinical psychologist and Jungian psychotherapist specialising in children and youth, Dr Gordillo continues to develop innovative ancient stories and images as part of her Universal Psychology and Story Image Therapy(R) (SIT) method. She has dedicated the rest of her life to helping to improve young people's physical, mental, emotional and spiritual health through mythic fantasy. For more information, see www.toulagordillo.com. He thought he'd left all that behind him, but as his carefully built new life begins to crumble, he finds himself drawn inexorably back into a world of blood and bullets. When a smooth-talking former associate comes calling with a can't-miss jewelry store heist, Bug feels he has no choice but to get back in the driver's seat. Three Dollars Elliot Perlman 2011-09-28 The groundbreaking novel about economic rationalism and its effect on good, honest people. At once humorous and dramatic, *Three Dollars* is about Eddie, an honest, compassionate man who finds himself, at the age of 38, with a wife, a child and three dollars. How did he get that way? And who is Amanda? He cared about people; he was, Amanda notwithstanding, a good husband, father and son. At any other time the world would have smiled on him. But this was the nineties and the world valued other things. *Three Dollars* chronicles the present breach of the social contract and its effect on a home near you. It is a brilliantly deft portrait of a man attempting to retain his humanity, his family and his sense of humour in grim and pitiless times: times of downsizing, outsourcing and privatising. It is about the legacy of Thatcherism and its effects on people and their relationships. 'Few novels ever dare to fuse emotional and economic life with the passionate intelligence of this one' -- Independent (UK)

[Flip the Script](#) Oren Klaff 2019-08-27 This book will change the way you think about persuasion, and have you closing deals in no time. These days, it's just not enough to make a great pitch. Over decades of being marketed, pitched, sold (and lied) to, we've grown resistant to sales persuasion. The moment we feel pressured to buy, we pull away. And if we're told what to think, our defences go up. That's why Oren Klaff, bestselling author of *Pitch Anything*, has devised a new approach to persuasion based on a simple insight: everyone trusts their own ideas. Instead of pushing your idea on your buyer, guide them to discover it on their own and they will get excited about it. They'll buy in and feel good about the chance to work with you. In *Flip the Script*, Klaff breaks down this insight into a series of actionable steps. You will learn how to: *Achieve Status Alignment: Use a status tip-off, a strategically placed remark that identifies you as an insider who can relate to your client's concerns. *Close the Certainty Gap: Allay your buyer's fears about going into business with you by delivering a flash roll, proving your expertise in the domain. *Present Your Idea as Plain Vanilla: Don't overhype your product as a first-of-its-kind solution. The more you emphasise the familiar, reliable elements of your product, the easier you make it for your buyer to say yes. Packed with examples of the long-shot, often hilarious deals that Klaff has pulled off over the years, *Flip the Script* is the

most entertaining, informative masterclass in dealmaking you'll find anywhere. It will transform your approach to pitching, leaving you fully prepared to raise money, seal deals and keep your cool in the toughest business situations.

Blindsight Peter Watts 2006-10-03 Hugo and Shirley Jackson award-winning Peter Watts stands on the cutting edge of hard SF with his acclaimed novel, *Blindsight* Two months since the stars fell... Two months of silence, while a world held its breath. Now some half-derelect space probe, sparking fitfully past Neptune's orbit, hears a whisper from the edge of the solar system: a faint signal sweeping the cosmos like a lighthouse beam. Whatever's out there isn't talking to us. It's talking to some distant star, perhaps. Or perhaps to something closer, something en route. So who do you send to force introductions with unknown and unknowable alien intellect that doesn't wish to be met? You send a linguist with multiple personalities, her brain surgically partitioned into separate, sentient processing cores. You send a biologist so radically interfaced with machinery that he sees x-rays and tastes ultrasound. You send a pacifist warrior in the faint hope she won't be needed. You send a monster to command them all, an extinct hominid predator once called vampire, recalled from the grave with the voodoo of recombinant genetics and the blood of sociopaths. And you send a synthesist—an informational topologist with half his mind gone—as an interface between here and there. Pray they can be trusted with the fate of a world. They may be more alien than the thing they've been sent to find. At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.
