Chronicles Of Dating Over 50 - Almena Mayes 2019-07-12

I'm not a life coach. I'm a woman who has been through a lot and is transparent enough to share my experiences and the lessons I have gained. If we can't admit to our flaws and failures, we can never learn from them or be healed. So many people walk around smiling and fronting for the world but are secretly wounded and broken at home. Why spend life miserable when you can find joy and peace? Every time a woman says something about being hurt it is not a personal attack on every man. It's just her story, her experience and her way through. Every time a man says something about feeling misjudged, used or disrespected is not a personal attack on all women. It's him expressing his pain and frustration. We take these things personally because they trigger something in us that is still broken. This book is not a condemnation of all men. It's just my experience and it was funny as heck! I thought it would be great to share. So...fellas I'm not bashing you! Trying to make love connections or even "like" connections can be tricky. As we get older it becomes even more so. We all have wants and desires but after a certain age we tend to become more afraid to step out and take chances. Who makes the first move? Guess what...I did! *Silver Fox* - Elaine Ruth Mitchell 2010-06

Are you a woman over 50 who has given up on love? Let *Silver Fox* be your guide to personal power, spiritual growth, and the best sexual love of your life. The dating world can be tough. Yet, thanks to this ingenious dating journal, many older women are attracting lovely men as they unleash their *Silver Fox* selves. *Silver Fox*, written by a 66-year-old dating veteran, provides you with tips, exercises, and the author's journal excerpts. Reclaim your strength and magnetism by journaling-it's simply the best tool for learning the foxtrot of love. "I love this book! It's edgy, funny, and full of really innovative and useful writing exercises and new ways of looking at the "big issues" of relating and loving at any age." -Laura Hickey, artist "Elaine is a remarkable teacher and an incredible role model. She is the perfect guide and coach for later-life dating and personal growth through journaling." - Arei Bierstock, M.S.W. "As one of the women lucky enough to be in Elaine's writing class for the last twenty years, I have come to see life after fifty as a great adventure. *Silver Fox* is so much fun that it makes me wish I were single again!" -Lola

Rasminsky, President, Beyond the Box(TM) "I am fortunate to belong to a group of women over 50 whom Elaine has inspired to explore the bright possibilities in the third trimester of life." -Bonnie MacLachlan, Classics Professor, University of Western Ontario

Almost 40% of heterosexual couples now meet online. Yet many women don't know how to participate in online dating with joy or confidence. Some avoid it altogether. Weaving in real stories and facts, Hile demystifies online dating by providing a roadmap with recommended steps and tips, at times defying convention. A refreshing yet frank perspective for midlife women who seek a loving, long-term relationship with a man. Widowed at 48 in California, Hile re-established herself in Texas. She was curious about what dating would be like in her 50's, and how many men she'd need to "date." With 18 years of technology marketing and product launch experience, she dove into online dating with a "launch and learn" mindset and a rudimentary spreadsheet. Over three and a half years and two dating "cycles" later, she emerged with convincing insights on how to tackle the challenges and pitfalls of modern, midlife courtship. Told in an encouraging, conversational style, Hile helps get readers up to speed on how to get started, how to persist while having fun, how to exit as needed and how to begin again. To ensure efficiency, she also lays out seven easy guidelines. A unique and actionable perspective on how midlife dating can be joyful while providing rich self-discovery.

Online Dating After 50 - Carlene Walker 2020-01-30

If you are a woman, age 50 or older and are considering going online with a dating service, this book is for you. It was written by a woman who has 'been there - done that.' Carlene Walker explains the advantages

and the disadvantages of online dating with its do's, don'ts and realities. Come along with her and enjoy her experience coupled with humorous forages into the zany world of online dating relationships. If you enjoy 'tongue in cheek' quotes and anecdotes, you will get a kick out of this book and find yourself reading passages to your friends while laughing out loud. She puts into her writing the things that you have only thought about. She writes for the women who have tried online dating without successful results, or who are contemplating going online to find the next love of their life. She wastes no time in boldly telling you like it is. She also explains how to write or change those profiles to get the result you expect. Make no mistake, she readily admits "I have absolutely no degree or formal training in any subject written in this book. I am merely a farmer's daughter, twice divorced, and once widowed, who has engaged in the art of online dating. Does that make me an expert? I don't think so, but I can tell you, if you haven't yet begun the process of beginning online dating, you can learn a thing or two from my book." Most of all, Walker contends you will enjoy the most exciting chapters in your life as soon as you make a commitment to this process, opening your life to the big world of online dating. "Trust me, " she says, "online dating will help you to achieve your well-delivered second life with only minimal molehills before you turn them into mountains."

Love After 50 - Francine Russo 2022-07-12

A comprehensive and intimate guide to finding, keeping, and enjoying love after fifty, the best kind of love there is. Studies keep showing that love after fifty is more satisfying than at any other stage in life, and it makes sense: at this stage, you are more emotionally stable and more focused on the present; you know what you absolutely have to have, but also what you can live without; partnering is no longer about building

family and fortune—it's about sharing intimacy as grounded individuals. And sex isn't pass/fail anymore, but about becoming erotic friends. So, if this is the promised land, how do you get there? In *Love After 50*, journalist Francine Russo interviewed the best experts in the field and dozens of couples to help show the way. Her "practical, excellent guide" (John Gottman, author of *The Seven Principles for Making Marriage Work*) includes advice like: -How to recover from the emotional damage of divorce, the grief of widowhood, or a history of unfulfilling relationships -How to build realistic requirements for a partner -What attitudes to bring to dating -How to overcome the psychical challenges of sex and embrace your erotic selves -How to evaluate the financial, emotional, and practical results of marrying, living together, or living apart -How to deal with (hostile) adult kids to safeguard your relationship and family *Love After 50* is "essential reading" (Pauline Boss, PhD, author of *The Myth of Closure*) that is not only practical but also unassuming and candid. It is full of real people's stories (including the author's), with vivid examples of couples who have overcome their pasts to form healthy and nurturing partnerships. In other words, it's as real as love after fifty can be.

Oh Shit! I'm Over 50 and Single - P. A. Brook 2017-11-17

You might think I am a psychiatrist, or perhaps a guy Dear Abby, to write a book about what it's like to be single in your 50s. Nope. I was just single in my 50s. And I needed help. Over time and trial and error of many approaches to dating (and lots of therapy), I began to figure things out. Single-dom in middle-age should not be a death sentence to your sex life or happiness. Think Steve Carell's character from *Crazy, Stupid Love*--when most men find themselves bald, significantly uncool, and suddenly dumped, they don't have a Ryan Gosling to usher them through this next phase in life. That's where I come in. *Oh Shit! I'm Over 50 and Single* is any man's--and woman's--answer to that first morning of waking up alone. It gets better. Only slightly, but it does. From chapters like "To V Or Not to V" to "Sprechen Sie Deutsch?" this guide touches on everything from the little blue pill to dating foreign women to sex toys to menopause with a robust selection of personal stories. "I enjoyed your very authentic honesty and your sense of humor. Having been married three times myself (the third being a keeper), I can empathize with the large group of people you're writing for, both men and women.
