

Dear Haiti Love Alaine

Sway - Kat Spears 2014-09-16

A YALSA 2015 Best Fiction for Young Adults Pick In Kat Spears's hilarious and often poignant debut, high school senior Jesse Alderman, or "Sway," as he's known, could sell hell to a bishop. He also specializes in getting things people want---term papers, a date with the prom queen, fake IDs. He has few close friends and he never EVER lets emotions get in the way. For Jesse, life is simply a series of business transactions. But when Ken Foster, captain of the football team, leading candidate for homecoming king, and all-around jerk, hires Jesse to help him win the heart of the angelic Bridget Smalley, Jesse finds himself feeling all sorts of things. While following Bridget and learning the intimate details of her life, he falls helplessly in love for the very first time. He also finds himself in an accidental friendship with Bridget's belligerent and self-pitying younger brother who has cerebral palsy. Suddenly, Jesse is visiting old folks at a nursing home in order to run into Bridget, and offering his time to help the less fortunate, all the while developing a bond with this young man who idolizes him. Could the tin man really have a heart after all? A Cyrano de Bergerac story with a modern twist, Sway is told from Jesse's point of view with unapologetic truth and biting humor, his observations about the world around him untempered by empathy or compassion---until Bridget's presence in his life forces him to confront his quiet devastation over a life-changing event a year earlier and maybe, just maybe, feel something again.

The Field Guide to the North American Teenager - Ben Philippe 2019-01-08

William C. Morris YA Debut Award Winner! A hilarious YA contemporary realistic novel about a witty Black French Canadian teen who moves to Austin, Texas, and experiences the joys, clichés, and awkward humiliations of the American high school experience—including falling in love. Perfect for fans of Nicola Yoon, When Dimple Met Rishi, and John Green. Norris

Kaplan is clever, cynical, and quite possibly too smart for his own good. A Black French Canadian, he knows from watching American sitcoms that those three things don't bode well when you are moving to Austin, Texas. Plunked into a new high school and sweating a ridiculous amount from the oppressive Texas heat, Norris finds himself cataloging everyone he meets: the Cheerleaders, the Jocks, the Loners, and even the Manic Pixie Dream Girl. Making a ton of friends has never been a priority for him, and this way he can at least amuse himself until it's time to go back to Canada, where he belongs. Yet against all odds, those labels soon become actual people to Norris...like loner Liam, who makes it his mission to befriend Norris, or Madison the beta cheerleader, who is so nice that it has to be a trap. Not to mention Aarti the Manic Pixie Dream Girl, who might, in fact, be a real love interest in the making. But the night of the prom, Norris screws everything up royally. As he tries to pick up the pieces, he realizes it might be time to stop hiding behind his snarky opinions and start living his life—along with the people who have found their way into his heart.

One of the Good Ones - Maika Moulite 2022-01-18

A shockingly powerful exploration of the lasting impact of prejudice and the indomitable spirit of sisterhood that will have readers questioning what it truly means to be an ally, from sister-writer duo Maika Moulite and Maritza Moulite, authors of Dear Haiti, Love Alaine. ISN'T BEING HUMAN ENOUGH? When teen social activist and history buff Kezi Smith is killed under mysterious circumstances after attending a social justice rally, her devastated sister Happi and their family are left reeling in the aftermath. As Kezi becomes another immortalized victim in the fight against police brutality, Happi begins to question the idealized way her sister is remembered. Perfect. Angelic. One of the good ones. Even as the phrase rings wrong in her mind--why are only certain people deemed worthy to be missed?--Happi and her sister

Genny embark on a journey to honor Kezi in their own way, using an heirloom copy of The Negro Motorist Green Book as their guide. But there's a twist to Kezi's story that no one could've ever expected--one that will change everything all over again. Praise for the Moulites' debut novel, *Dear Haiti, Love Alaine* "I couldn't put *Dear Haiti, Love Alaine* down!" -- New York Times bestselling author Jasmine Guillory "An enchanting and engrossing novel full of wit and laughter." --Edwidge Danticat, author of *Breath, Eyes, Memory* "Remarkable, funny, and whip-smart." --Ibi Zoboi, author of *American Street*, National Book Award finalist "Maika and Maritza Moulite have created quite the masterpiece." --NPR.org "Alaine's sarcastic quips...are worth the price of admission alone." -HYPEBAE "A beautiful story from start to finish." --Buzzfeed

Find a Stranger, Say Goodbye - Lois Lowry 2018
Seemingly a girl who has everything, Natalie, at seventeen, goes in pursuit of her real mother.
XL - Scott Brown 2020-04-07

Fiercely funny, honest, and poignant, this story of a growth spurt gone wrong is perfect for readers who love Becky Albertalli and Jesse Andrews. "XL is going to be huge! I loved Will Daughtry at every height. You will too." --Julie Buxbaum, bestselling author of *Tell Me Three Things* and *What to Say Next* Will Daughtry is a late bloomer--at least, that's what everyone tells him. On his sixteenth birthday, Will is just shy of five feet, and he is bitterly resigned to being tiny forever. His only comforts are his best friend and stepbrother, Drew (6'3"), and their pal Monica (5'10"), the girl Will's been quietly pining for since fifth grade. Everyone else literally overlooks him. But with them, he feels whole. That is, until things take an unexpected turn, and he realizes he's really and truly on his own. That's when he starts to grow. And grow fast. Astonishingly fast. For the first time, Will's happy with his stature, and the world's at his feet (for a change). People see him differently; more important, he sees himself differently. But the highest heights come with some low, low lows, and his most precious relationships suffer excruciating growing pains. Will has to figure out what to do with himself--and all of this new "himself" he never expected to have. "Outsized in heart and humanity, XL is destined to become

a classic." --GILLIAN FLYNN, bestselling author of *Gone Girl* and *Sharp Objects*

Inspired by Jane Austen's *Persuasion*, *Where the Rhythm Takes You* is a romantic, mesmerizing novel of first love and second chances.

Seventeen-year-old Reyna has spent most of her life at the Plumeria, her family's gorgeous seaside resort in Tobago. But what once seemed like paradise is starting to feel more like purgatory. It's been two years since Reyna's mother passed away, two years since Aiden—her childhood best friend, first kiss, first love, first everything—left the island to pursue his music dreams. Reyna's friends are all planning their futures and heading abroad. Even Daddy seems to want to move on, leaving her to try to keep the Plumeria running. And that's when Aiden comes roaring back into her life—as a VIP guest at the resort. Aiden is now one-third of DJ Bacchanal—the latest, hottest music group on the scene. While Reyna has stayed exactly where he left her, Aiden has returned to Tobago with his Grammy-nominated band and two gorgeous LA socialites. And he may (or may not be) dating one of them... "What a delightful debut! It's like the perfect island vacation: breezy, warm, romantic, lots of soul searching, and full to the brim with love." —Jasmine Guillory, New York Times bestselling author

Auntie Luce's Talking Paintings - Francie Latour 2018-10-01

Every winter, a young girl flies to Haiti to visit her Auntie Luce, a painter. The moment she steps off the plane, she feels a wall of heat, and familiar sights soon follow — the boys selling water ice by the pink cathedral, the tap tap buses in the busy streets, the fog and steep winding road to her aunt's home in the mountains. The girl has always loved Auntie Luce's paintings — the houses tucked into the hillside, colorful fishing boats by the water, heroes who fought for and won the country's independence. Through Haiti's colors, the girl comes to understand this place her family calls home. And when the moment finally comes to have her own portrait painted for the first time, she begins to see herself in a new way, tracing her own history and identity through her aunt's brush. Includes an author's note and a glossary.

What I Like About You - Marisa Kanter 2020-04-07

Can a love triangle have only two people in it? Online, it can...but in the real world, it's more complicated. In this debut novel that's perfect for fans of Jenny Han and Morgan Matson, Marisa Kanter hilariously and poignantly explores what happens when internet friends turn into IRL crushes. Is it still a love triangle if there are only two people in it? There are a million things that Halle Levitt likes about her online best friend, Nash. He's an incredibly talented graphic novelist. He loves books almost as much as she does. And she never has to deal with the awkwardness of seeing him in real life. They can talk about anything... Except who she

really is. Because online, Halle isn't Halle—she's Kels, the enigmatically cool creator of One True Pastry, a YA book blog that pairs epic custom cupcakes with covers and reviews. Kels has everything Halle doesn't: friends, a growing platform, tons of confidence, and Nash. That is, until Halle arrives to spend senior year in Gramps's small town and finds herself face-to-face with real, human, not-behind-a-screen Nash. Nash, who is somehow everywhere she goes—in her classes, at the bakery, even at synagogue. Nash who has no idea she's actually Kels. If Halle tells him who she is, it will ruin the non-awkward magic of their digital friendship. Not telling him though, means it can never be anything more. Because while she starts to fall for Nash as Halle...he's in love with Kels.

But when Alaine's life goes a bit sideways, it's time to finally visit Haiti herself. What she learns about Haiti's proud history as the world's first black republic (with its even prouder people) is one thing, but what she learns about her own family is another. Suddenly, the secrets Alaine's mom has been keeping, including a family curse that has spanned generations, can no longer be avoided. It's a lot to handle, without even mentioning that Alaine is also working for her aunt's nonprofit, which sends underprivileged kids to school and boasts one annoyingly charming intern. But if anyone can do it all...it's Alaine.
