

Feminine Collective Unfiltered Selected Relationships

Cultish - Amanda Montell 2021-06-15

The author of the widely praised *Wordslut* analyzes the social science of cult influence: how cultish groups from Jonestown and Scientology to SoulCycle and social media gurus use language as the ultimate form of power. What makes “cults” so intriguing and frightening? What makes them powerful? The reason why so many of us binge Manson documentaries by the dozen and fall down rabbit holes researching suburban moms gone QAnon is because we’re looking for a satisfying explanation for what causes people to join—and more importantly, stay in—extreme groups. We secretly want to know: could it happen to me? Amanda Montell’s argument is that, on some level, it already has . . . Our culture tends to provide pretty flimsy answers to questions of cult influence, mostly having to do with vague talk of “brainwashing.” But the true answer has nothing to do with freaky mind-control wizardry or Kool-Aid. In *Cultish*, Montell argues that the key to manufacturing intense ideology, community, and us/them attitudes all comes down to language. In both positive ways and shadowy ones, cultish language is something we hear—and are influenced by—every single day. Through juicy storytelling and cutting original research, Montell exposes the verbal elements that make a wide spectrum of communities “cultish,” revealing how they affect followers of groups as notorious as Heaven’s Gate, but also how they pervade our modern start-ups, Peloton leaderboards, and Instagram feeds. Incisive and darkly funny, this enrapturing take on the curious social science of power and belief will make you hear the fanatical language of “cultish” everywhere.

Sports Media - Andrew C. Billings 2012-01-25

Looking toward a future with increasingly hybridized media offerings, *Sports Media: Transformation, Integration, Consumption* examines sports media scholarship and its role

in facilitating understanding of the increasingly complex world of sports media. Acknowledging that consumer demand for sports media content has influenced nearly every major technology innovation of the past several decades, chapters included herein assess existing scholarship while posing important future questions about the role sports media will play in the daily lives of sports fans worldwide. Contributions from well-known scholars are supplemented by work from younger researchers doing new work in this area. Developed for the Broadcast Education Association's Electronic Media Research series, this volume will be required reading for graduate and undergraduate students in media, communication, sociology, marketing, and sports management, and will serve as a valuable reference for future research in sports media.

Broken Places - Rachel Thompson 2015-01-12

Award-winning author Rachel Thompson courageously confronts the topics of sexual abuse and suicide, love and healing, in her second nonfiction book of prose: *Broken Places*. The sequel to Rachel's first nonfiction book, *Broken Pieces*, Rachel bares her soul in essays, poems and prose, addressing life's most difficult topics with honesty. As you follow one woman's journey through the dark and into the light, you will find yourself forever changed. Rachel's first book in this series, *Broken Pieces*, has been a #1 best seller on Amazon (eBooks) on Women's Poetry and Abuse. Please note: this book discusses serious topics, and is intended for mature audiences only.

Unbinding the Heart - Agapi Stassinopoulos 2013-05-01

Unbinding the Heart invites us on an inspiring journey of inner exploration to reconnect with our true selves. Born in Greece, a country that celebrates life, Agapi Stassinopoulos learned the essential truths of happiness through the examples of wisdom, caring, playfulness, and generosity she saw all around her, starting with

her own mother. She came to realize that we are all born with open hearts, but that we quickly learn to put conditions on our happiness—comparing ourselves to others, casting judgment, doubting ourselves, allowing fear or entitlement or self-righteousness to take hold—and slowly our hearts begin to close. We isolate ourselves, feeling alone, disconnected, and unheard; and in doing so, we immobilize our spirit, stifle our authentic expression, and cut off our joy. As she went on, Agapi, like so many of us, came under the soul-constricting influences of the larger world. In her struggle to find her place and her voice, trying to balance the acting career she dreamed of with the spiritual life she longed for, she discovered a path that was uniquely hers. *Unbinding the Heart* shows how she found her way home to herself. In 32 personal, heartfelt stories full of insight and humor, Agapi takes us from her mother's bountiful kitchen, where the seeds of fearless living were planted, to the London classical stage, to an epiphany on a New York City bus—and inspires us with the confidence to let go of the beliefs that bind us and come to a deeper understanding of life and love.

Living by Ear - Mary Rowen 2013-02

Singer-songwriter Christine Daley was a Boston celebrity with a local radio hit in the 1990s, but she took a short career break to marry and have kids. Now, sixteen years later, she's a frustrated suburban housewife, still on break. So Chris files for divorce and attempts to reestablish her own rhythms, both in music and in love. Her two teenagers, however—who are facing serious issues themselves—seem to need their mom more than ever. And her manipulative, soon-to-be-ex-husband is throwing every obstacle he can find into her way. Chris is also perplexed by the radical changes in the music industry, and she doesn't feel ready for hi-tech dating. And yet, she knows what she wants. Is there room in the mix for her?

I'll Be There (But I'll Be Wearing Sweatpants) - Amy Weatherly 2022-01-25

Is it just me? Am I the only one who's lonely? Am I the only one without friends? If you've ever asked yourself these questions, Amy Weatherly and Jess Johnston, founders of the widely popular "Sister, I Am with You," are raising their hands to say, "Yeah, us too." And they want to

encourage, equip, and reassure you that you have what it takes to build the kind of friendships you want. *I'll Be There (But I'll Be Wearing Sweatpants)* provides you with the how of cultivating deep relationships in this messy, chaotic, beautiful life. Through Amy and Jess's wisdom, humor, and confessional stories about the ups and downs of sisterhood, you'll learn how to admit you need friends—then go out and find them, dismantle the lies you've believed about friendship, love yourself so you can find people who will love you for you, be a good friend even though you can't be a perfect one, and heal from a friend breakup—and find the courage to try again. It's time you felt completely accepted as you are—from the top of your messy bun to the tips of your unpedicured toes. Let's start making friendships a priority—together.

DHHS Publication No. (ADM). - 1978

Solo - Susan Fox Rogers 2005-05-31

Filled with rousing true adventure stories, this compendium of travel stories written by women who made epic journeys alone covers a hiking trip through the Adirondacks, bodyboarding with dolphins in the Pacific, and other accounts by Laura Waterman, Candace Dempsey, Lucy Jane Bledsoe, and Bridget Quinn. Original.

A Walk in the Snark - Rachel Thompson 2015-01-06

#1 on the Kindle Motherhood Bestsellers List *A Walk in the Snark* is author Rachel Thompson's first satirical essay collection about relationships, marriage, chickspeak, sex and coffee. She dares to ask, "Why do men want to change the world but can't change a roll of toilet paper?" After decades (dear god) of marriage, Rachel's keen insights into male and female behavior will keep you laughing with her. Please note that this is a book of satire, and not to be taken literally.

Feminine Collective - Julie Anderson 2015-12-15

Over 100 Personal Essays and Poems selected from *Feminine Collective on Relationships*. Over 40 female and male writers explore relationships we have with our self, our family, our friends, our love interests, and our colleagues. A truly raw and unfiltered account of struggles, triumphs, and lessons learned, along with sage

advice for women everywhere.

Abstracts of the Collected Works of C. G. Jung - National Institute of Mental Health (U.S.) 1978

Broken People - Rachel Thompson 2021-09-20

Long before the #MeToo movement, Rachel Thompson started sharing what it was like to grow up and live with the constant trauma of childhood sexual abuse, sexual harassment, and other sexual crimes in her award-winning memoirs, *Broken Pieces* and *Broken Places*. *Broken People* is the third book in this series, where she continues to explore, through hard-hitting essays and lyrical poetry, the difficulties and joys of navigating relationships, healing, and love in an environment not always conducive to survivors. If you're a survivor or know one, you need this book. I write what scares me. I tell uncomfortable truths. I want other survivors of rape and sexual assault to know they're not alone. I'll be the voice. I am the voice. Healing is possible. Every survivor must find their own healing path. This is mine. *Broken People* is a book of courage, resilience, and overcoming challenges Rachel faced as a survivor. Through her three books *Broken Pieces*, *Broken Places*, and *Broken People*, Rachel has courageously shared her truth and the journey of her life. It's not all rosy and pretty and that's the beauty of these books. They represent the truth of a survivor, a mother, an empowered person who was made to believe she has no charge in her life but challenged that, and emerged on the other side. These books have not only allowed her to openly share her experiences, they also provide hope, guidance, and a way forward for girls and women who feel they have no hope left in them. Dr. Shruti Kapoor, Founder, Sayfty Trust This third book in her Broken series, *Broken People* is both heart-wrenching in its honesty, and hope-filled in its commitment to recovery. Through her beautiful, gently scribed work, Rachel shows the destruction that sexual abuse causes, and also the hope and strength that is conceived in the healing process. She speaks to you, the reader, like a warm friend who is by your side. For survivors, Rachel's voice is that of a wise older sister, looking out for you and comforting you when you feel alone with all the carnage that sexual trauma can leave in its wake. Judith Staff, Post Graduate Certificate in

Education, Post Graduate Diploma in Integrated Provision for Early Years, United Kingdom

I Love Jesus, But I Want to Die - Sarah J. Robinson 2021-05-11

A compassionate, shame-free guide for your darkest days "A one-of-a-kind book . . . to read for yourself or give to a struggling friend or loved one without the fear that depression and suicidal thoughts will be minimized, medicalized or over-spiritualized."—Kay Warren, cofounder of Saddleback Church What happens when loving Jesus doesn't cure you of depression, anxiety, or suicidal thoughts? You might be crushed by shame over your mental illness, only to be told by well-meaning Christians to "choose joy" and "pray more." So you beg God to take away the pain, but nothing eases the ache inside. As darkness lingers and color drains from your world, you're left wondering if God has abandoned you. You just want a way out. But there's hope. In *I Love Jesus, But I Want to Die*, Sarah J. Robinson offers a healthy, practical, and shame-free guide for Christians struggling with mental illness. With unflinching honesty, Sarah shares her story of battling depression and fighting to stay alive despite toxic theology that made her afraid to seek help outside the church. Pairing her own story with scriptural insights, mental health research, and simple practices, Sarah helps you reconnect with the God who is present in our deepest anguish and discover that you are worth everything it takes to get better. Beautifully written and full of hard-won wisdom, *I Love Jesus, But I Want to Die* offers a path toward a rich, hope-filled life in Christ, even when healing doesn't look like what you expect.

Working with Refugee Families - Lucia De Haene 2020-08-06

This important new book explores how to support refugee family relationships in promoting post-trauma recovery and adaptation in exile.

Managing for Social Justice - Latha Poonamallee 2023-01-30

The book introduces a preliminary, integrative conceptual framework on the intersections between management and social justice with a view that the quest for social justice is not an endpoint rather an ongoing journey. With contributions from management scholars and practitioners, it highlights, examines, and

explores the continuities and discontinuities, gains and losses, and struggles and successes in this quest for reimagining organizations as sites and vehicles for advancing social justice in the world. To nurture and facilitate flourishing individuals and collectives, we need bolder, more innovative, and more creative models of engagement. Further, we need models for speaking and learning from different perspectives and building common ground through shared values of equity, connectivity, and compassion and moral expansiveness while recognizing the complexities of the world we inhabit via our organizations and the need to develop nuanced understandings of the same. Contributing authors address questions such as: Are social justice and management mutually exclusive concepts? How can we draw on effective management for advancing social justice aims? How do we bend the arc of organizational life towards more justice? What are the rights and obligations of organizations and their members to the world at large, and to their local communities and societies? Through its re-imagining of organizations and management as vehicles for social justice instead of just as tools of oppression, injustice, or regressive organizing in an extractive economy, this book brings together critical and positive organizational approaches challenging fundamental assumptions about how our society, people's collectives, and workplaces are organized with capacity building, incremental change, sustained change, institutionalized change, dynamic ongoing problem-solving/assessment/redesign, and more. Management scholars will learn the nuanced and complex intersections between management theories and practice and different types of justice/injustice in a global context both as antecedents to modern organizations and workplaces and the ways in which these intersectional actors advance and change the organizations and workplaces of the future.

Memoirs of a Legal Courtesan - S. P. Owen
2018-01-04

Memoirs of a Legal Courtesan is the true story of a desperate ex-supermodel turned legal secretary trying to find love in all the dark places—swinging, orgies, BDSM, and finally prostitution—before she crashes and gets sober

from her sex/love addiction. Shanti escapes rape and sex trafficking in the fashion industry, and sexual harassment in Hollywood, by marrying and running away. But the rural life is too boring so she divorces and returns to New York City where her sexual traumas began. Little did she know that the tragedy of 9/11 would reignite all her troubles and propel her to the brink of destruction. This is the tragic but ultimately triumphant tale of an aging beauty churning through lovers to escape her pain until she finally accepts that she suffers from sex/love addiction and fights her way to a new, sober life.

How Tobacco Smoke Causes Disease - 2010

This report considers the biological and behavioral mechanisms that may underlie the pathogenicity of tobacco smoke. Many Surgeon General's reports have considered research findings on mechanisms in assessing the biological plausibility of associations observed in epidemiologic studies. Mechanisms of disease are important because they may provide plausibility, which is one of the guideline criteria for assessing evidence on causation. This report specifically reviews the evidence on the potential mechanisms by which smoking causes diseases and considers whether a mechanism is likely to be operative in the production of human disease by tobacco smoke. This evidence is relevant to understanding how smoking causes disease, to identifying those who may be particularly susceptible, and to assessing the potential risks of tobacco products.

Do Better - Rachel Ricketts 2021-02-02

Thought leader, racial justice educator, and sought-after spiritual activist Rachel Ricketts offers mindful and practical steps for all humans to dismantle white supremacy on a personal and collective level. Heart-centered and spirit-based practices are the missing but vital piece to achieving racial justice. Do Better is a revolutionary offering that addresses anti-racism from a comprehensive, intersectional, and spiritually-aligned perspective. This actionable guidebook illustrates how to engage in the heart-centered and mindfulness-based practices that racial justice educator and healer Rachel Ricketts has developed to fight white supremacy from the inside out, in our personal lives and communities alike. It is a loving and assertive call to do the deep—and often

uncomfortable—inner work that precipitates much-needed external and global change. Radical racial justice includes daily, intentional, and informed action. It demands addressing the emotional violence we have perpetuated on ourselves and others (most notably toward Black and Indigenous women and femmes), both as individuals and as a society. Do Better provides the missing pieces to manifest practicable, sustainable solutions such as identifying where we most get stuck, mitigating the harm we inflict on others, and mending our hearts from our most painful race and gender-based experiences, plus much more. This inspirational and eye-opening handbook is filled with carefully curated soulcare activities for getting into our bodies and better withstanding the grief, rage, and conflicting emotions that naturally arise when we fight against injustice. Culturally informed, secular spiritual exercises, such as guided meditations, transformative breathwork, and journaling prompt unpack our privilege, and take up the ongoing fight against oppression, while transforming our own lives along the way. NOT "Just Friends" - Shirley Glass 2007-11-01 One of the world's leading experts on infidelity provides a step-by-step guide through the process of infidelity—from suspicion and

revelation to healing, and provides profound, practical guidance to prevent infidelity and, if it happens, recover and heal from it. You're right to be cautious when you hear these words: "I'm telling you, we're just friends." Good people in good marriages are having affairs. The workplace and the Internet have become fertile breeding grounds for "friendships" that can slowly and insidiously turn into love affairs. Yet you can protect your relationship from emotional or sexual betrayal by recognizing the red flags that mark the stages of slipping into an improper, dangerous intimacy that can threaten your marriage.

Love Notes from Humanity - Julie Anderson
2017-02-17

The writers of these poems are award-winning Authors, Journalists, Bloggers, Activists, Actresses and Directors, while others are previously unknown artists. They are diverse in both countries of origin and age. The poems are written by women and men between the ages of fifteen and seventy, they represent the voices of forty-four individuals. Their poems are raw and unfiltered accounts of their feelings regarding, the love of a child, the loss of a family member, sex, dating, marriage, divorce and finding love for one's self.
