Benedict Up Close Paul Badde 2017 Widely recognized as one of the most talented and respected journalists in Rome, Paul Badde offers here a unique glimpse into the drama of Pope Benedict's pontificate. He doesn't simply capture the various reasons for which Benedict XVI will go down in history, Badde chronicles the almost superhuman struggle against overwhelming hostilities that formed against this shy and exceedingly kind man. With fascinating vignettes back into history, you'll learn how Pope Benedict's experiences in a totalitarian Germany impacted the papacy and the Church, and how this son of a policeman became the "Thomas Aquinas of our time" — one of the most brilliant and accomplished minds on the globe. Leaning on his own personal conversations with Pope Benedict as well as his extensive interviews with those within the Holy Father's inner circle, Badde explains how Pope Benedict dealt with the blows and calumnies that rained down on him during those tempestuous eight years. You'll come to a deeper appreciation of Pope Benedict's goodness and holiness, and you'll understand why only he could have steered the ship of the Church during the storms of our time. With Paul Badde, you'll have a close-up view of Pope Benedict XVI's pontificate as you learn: Why he removed "Patriarch of the West" from the pope's list of titles What led the pope's valet - one the few people who had unfettered access to the pope - to betray his secrets Why he included the scallop shell on his coat of arms Why he had such a strong devotion to the Face of Jesus What he was really trying to say in his Regensburg Address that infuriated Muslims throughout the world Why his visit to Turkey, despite threats from Al Qaeda, was so important The bold way in which he reintroduced the Latin Mass His answer to the visible disagreements between books of the Bible Why he chose Benedict XVI as his name An inside look at his schedule and how he approaches his writings Why he chose to resign on the Memorial of Our Lady of Lourdes

The 2015 Synod Geoffrey Robinson 2015-04-01 The October 2014 session of the Synod of Bishops looked at the modern family through a pastoral lens, focusing in particular on situations where there seemed to be a conflict between church doctrine and pastoral need. Two subjects rose to prominence: the situation of lesbian, gay, bisexual or transgender persons and the situations of Catholics whose marriage has failed and who have later remarried. In this contribution to the Synod scheduled for October 2015, Bishop Geoffrey Robinson contends that if the second session of the Synod is to find answers, it must first look seriously at the church teachings involved to see whether they might allow some 'room to move' in finding pastoral solutions. That is what he offers here.

Bless Me Father, for You Have Sinned G. R. Pafumi 2015-05-12 Bless Me Father, For You Have Sinned was originally conceived to be a book about the sexual abuse of children by Catholic clergy in less developed countries. In doing the research, the book took a turn in a somewhat different direction. I discovered that sexual abuse of children by Catholic clergy was only a subset of wide abuse by clergy of children and adult women. It appears that many individuals who join the Church are not really prepared to live the life advocated by Jesus Christ in the New Testament. Indeed, many of those who decide to make a religious life their vocation are ill prepared for this endeavor. It may well be, especially for celibate priests and nuns, that the frustration of living without a partner, and no sex, manifests itself in deviated behavior and abuse, both of children and women. This book delves into the history of the Church's abuse of women and children going back to the early fourth century, before Constantine created the religion we now know as Christianity. The Church has a long history of not only abuse of women and children, but also of covering its tracks. Bishops and clergy supervisors make a point of protecting the "Mother Church" at all costs. It appears that the "children be damned" attitude is pervasive and has existed for centuries. The book recounts: * Conversations with Cardinals Dolan (New York) and Tagle (Manila) which "never" happened. * Father [Tyrannosaurus] Rex, who molested dozens of Philippine women and children, and was the prime suspect in two murders of young women who rebelled. * Children with broken bones from clergy abuse. * Sadistic physical abuse of young boys witnessed by a made member of the Mafia, incarcerated as a youth offender in a reform school run by the Catholic Church. * Recent Church efforts in the Philippines to end sex abuse of young females by the Japanese but not its own clergy. * A Philippine facility which cares for, through delivery, young women impregnated by Catholic priests to limit abortions. * The clergy pedophile manifesto, a manual designed by a priest on how to groom children to be abused. * The sacrament of abuse: two Philippine boys led in ritual prayers prior to simultaneous molestation. * A blueprint for the Holocaust designed at the Vatican; Church assistance to Nazi war criminals to elude justice. * Catholic clergy, linked to the Nazis, who participated in the genocide of Jews and Orthodox Christians during World War II. * Sadism among Catholic clergy. * Awareness in the Vatican hierarchy, including Popes, that children were being molested by its clergy and its failure to act for over half a century. * The Church's continuing struggle with modernity, and its pervasive hypocrisy at the highest levels. * Theft and subsequent sale of babies for profit. The book describes resident evil in the Church and how many of its clergy act more like criminals than servants of god whose calling is to spread the "good news," the Gospels and teachings of Jesus Christ. It further exposes the "bad faith" of bishops and other clergy supervisors who cover for abusive underlings. This is an especially large problem in less developed countries where child protection laws either don't exist or, if they do, they are not widely enforced. As the Church expands its reach into Africa, will this underdeveloped continent become the assignment of choice for Catholic missionaries? In Africa, priests molest children with impunity and often co-habituate with adult women with whom they have children. In the Philippines priests have children but the Church does not provide for their financial support. Widespread homosexuality exists in the Roman Curia while some bishops enjoy lavish lifestyles utilizing Church funds. Oh the hypocrisy! Evil committed by Catholic clergy is not rare. The book asks the rhetorical question, is the Catholic Church the Church of Jesus Christ or the Church of Satan? The reader will have to decide for himself after reviewing the evidence.

Mass Exodus Stephen Bullivant 2019 In 1962, Pope John XXIII opened the Second Vatican Council

with the prophecy that 'a new day is dawning on the Church, bathing her in radiant splendour'. Desiring 'to impart an ever increasing vigour to the Christian life of the faithful', the Council Fathers devoted particular attention to the laity, and set in motion a series of sweeping reforms. The most significant of these centred on refashioning the Church's liturgy--'the source and summit of the Christian life'--in order to make 'it pastorally efficacious to the fullest degree'. Over fifty years on, however, the statistics speak for themselves. In America, only 15% of cradle Catholics say that they attend Mass on a weekly basis; meanwhile, 35% no longer even tick the 'Catholic box' on surveys. In Britain, the signs are direr still. Of those raised Catholic, just 13% still attend Mass weekly, and 37% say they have 'no religion'. But is this all the fault of Vatican II, and its runaway reforms? Or are wider social, cultural, and moral forces primarily to blame? Catholicism is not the only Christian group to have suffered serious declines since the 1960s. If anything Catholics exhibit higher church attendance, and better retention, than most Protestant churches do. If Vatican II is not the cause of Catholicism's crisis, might it instead be the secret to its comparative success? Mass Exodus is the first serious historical and sociological study of Catholic lapsation and disaffiliation. Drawing on a wide range of theological, historical, and sociological sources, Stephen Bullivant offers a comparative study of secularization across two famously contrasting religious cultures: Britain and the USA.

Matthew 18: A Conversation Between a Survivor of Child Sexual Abuse and a Catholic

Bishop Bishop Bill Muhm 2017-08-04 Matthew 18 is a heartfelt conversation between Bishop Bill Muhm and Carrie Bucalo, a survivor of childhood sexual abuse. Their mutual concern for the health and well-being of the Church led to an honest dialogue about the deep wounds victims experience, emerging in a fresh, relevant, and hopeful commentary. Each chapter begins with a selected text from Matthew 18. Bishop Muhm offers theological insights, and Carrie responds with her experiences as a survivor. Together, they reveal that Jesus' words in Matthew 18 are a direct source of healing and guidance for the whole Church during this time of scandal. Enhanced with Carrie's emotive artwork, this little book shows that the present time of crisis and sadness is also a time of extraordinary grace. "Where sin abounds, grace abounds all the more" (Romans 5:20).

IN DEFENSE OF LUCIFER - THE SACRIFICED AVATAR MATIAS IVAN SALVADOR In the vast spectrum of human knowledge lies a subtle and intriguing secret: translation, the elusive act of transmuting thoughts and ideas between languages, can, in its apparent simplicity, shape the very essence of human understanding and, consequently, humanity's perspective on its history and future. A Herculean endeavor spanning centuries, translation is the bridge that connects distant cultures, intertwining narratives, knowledge, and values into an intricate web of meanings. However, it is precisely in this transcendent connection that a hidden risk resides, capable of shaking the pillars of human comprehension. In this work, we delve into the depths of these hidden shadows that emerge when the bias of language and the art of interpretation entwine in an intricate dance. While translation is a beacon that illuminates our understanding of the world, its mysterious nature can inadvertently cast the darkness of misunderstanding, altering the path of knowledge in unexpected directions. We will then explore stories of past misunderstandings, in which words transmuted in their journey generated immeasurable flaws in the transmission of essential knowledge. We will see how, amid failed translations, legends turned into myths, philosophies lost the purity of their essence, and truths distorted, clouding the minds of future generations. In the interweaving of this narrative, it is evident that humanity, eager to decipher the world around it, is invariably influenced by the intricate threads of translation. Like threads of destiny, these translations permeate the tapestry of history, largely determining the course of events and the worldview of societies. We will uncover how the choice of a word or the nuance of a term can, with unparalleled subtlety, change the original meaning, echoing in epic and sometimes tragic proportions. The journey proposed here is, therefore, a celebration of the power of words and a warning of the responsibility that falls upon those who undertake the noble task of translation. By unveiling the veils that conceal the inherent imperfection of the process, we aspire to shed light on the need for careful and insightful translation, a crucial endeavor to preserve the truth and richness

of ancestral knowledge, and thus, forge a clear path for the future. May this journey, dear reader, inspire you to contemplate the fragility of our most precious intellectual treasures and to see, beyond words, the immense potency contained in an erroneous translation, capable of shaping humanity's vision and eternally molding the contours of its destiny.

Tomorrow's Church Today Michael Kelly 2016-09-20 In his last interview, the late Italian Cardinal and former Archbishop of Milan, Carlo Maria Martini, said the need for deep reform in the Catholic Church was urgent and long overdue because 'the Church is 200 years behind the times'. The reference to 200 years clearly points to the watershed in European life that the French Revolution and the Enlightenment became. Vatican II was one attempt to meet the challenge of relevance to our times. But its best efforts have been on ice since the late 1970s. Now a new opportunity arrives in the pontificate of Jorge Mario Bergoglio. And the movement he has initiated is evangelical in source and comprehensive in reach. But, as many observers have pointed out, it will not be lasting if it does not lead to sustainable structural change—to reform that accompanies renewal. In *Tomorrow's Church Today*, five highly qualified commentators focus on what lies ahead for the Church to be reformed if it is to meet the challenges of the 21st Century: o A theologian and historian (Massimo Faggioli) who targets how ministry and leadership can be reshaped authentically for our times; o A journalist and radio host for the Australian Broadcasting Corporation—the ABC? (Geraldine Dougue), writes a candid piece on how she would advise Pope Francis on the state of the Church; o A reporter and analyst with 30 years experience of moves and machinations in the Etenrnal City (Robert Mickens); o A bishop with a lifetime of experience of ministering to the divorced and remarried and the benefit of legal and biblical scholarship to support his approach (Geoffrey Robinson); o A biblical scholar who examines much of what's taken for granted in the governance of the Church and exposes where it is left wanting (Antony Campbell); and o A bishop whose forced 'resignation' exposes the deficiencies of a system of governance devoid of basics—due process and respect for natural rights. But the Catholic Church is not its clerics, scholars and commentators. It is the baptised. Geraldine Doogue is a celebrated Australian broadcaster and commentator whose Introduction speaks for and from the experience of the mass of Catholics.

Governing Child Abuse Voices and Victimisation Jodi Death 2017-10-25 Child sexual abuse by clergy within the Roman Catholic Church has emerged as a social and political discourse over the last three decades. The analysis here specifically focuses on the establishment, conduct, and outcomes of the extensive public inquiries of Australia, although inquiries in other jurisdictions are also discussed. Unlike criminal or civil processes, although they may be inquisitory in nature, public inquiries emerge from a specifically political context and are a tool of governance embedded in a larger context of governmentality. Understanding the broader political and cultural contexts of public inquiries is important, then, in understanding their value and effectiveness as justice processes – especially for victims of CSA by clergy. What is interesting about public inquiry is that it situates victims of CSA by clergy outside of criminal and civil justice processes and recognises a different politicised relationship between victims as citizens, the state, and Catholic institutions where abuse has occurred. At the cutting edge of disciplinary and methodological understandings of the interconnections between the church, state and families, his book explores the dynamics of the emergence and politicisation of victims of CSA by clergy, their expressions of resistance and the legitimisation of their voice in public and political spheres.

Losing My Religion William Lobdell 2009-03-06 William Lobdell's journey of faith—and doubt—may be the most compelling spiritual memoir of our time. Lobdell became a born-again Christian in his late 20s when personal problems—including a failed marriage—drove him to his knees in prayer. As a newly minted evangelical, Lobdell—a veteran journalist—noticed that religion wasn't covered well in the mainstream media, and he prayed for the Lord to put him on the religion beat at a major

newspaper. In 1998, his prayers were answered when the Los Angeles Times asked him to write about faith. Yet what happened over the next eight years was a roller-coaster of inspiration, confusion, doubt, and soul-searching as his reporting and experiences slowly chipped away at his faith. While reporting on hundreds of stories, he witnessed a disturbing gap between the tenets of various religions and the behaviors of the faithful and their leaders. He investigated religious institutions that acted less ethically than corrupt Wall St. firms. He found few differences between the morals of Christians and atheists. As this evidence piled up, he started to fear that God didn't exist. He explored every doubt, every question—until, finally, his faith collapsed. After the paper agreed to reassign him, he wrote a personal essay in the summer of 2007 that became an international sensation for its honest exploration of doubt. *Losing My Religion* is a book about life's deepest questions that speaks to everyone: Lobdell understands the longings and satisfactions of the faithful, as well as the unrelenting power of doubt. How he faced that power, and wrestled with it, is must reading for people of faith and nonbelievers alike.

Confronting Power and Sex in the Catholic Church Geoffrey Robinson 2008 "Offers a critique of the church's use and misuse of power, from the pope proclaiming infallibly down to the preacher claiming a divine authority for every word spoken from the pulpit. Going back to the Bible and the teaching of Jesus, he presents an approach to sexual morality that is profound, compassionate, and people-centered. He stresses the priority of the hierarchy of holiness over the hierarchy of power"--From publisher description.

Inside the Jesuits Robert Blair Kaiser 2014-05-23 Pope Francis, the first Jesuit pope, has captured our attention by stepping away from the papal throne, unafraid to give impromptu interviews, decentralize church governance, or explore new horizons for the greater good of the people of God. His actions and words suggest that he is here not to dominate but to serve, less inclined to preach than to listen, and to bring us back to Jesus "that we may have life and have it more abundantly." Award-winning journalist Robert Blair Kaiser argues that the pope's Jesuit DNA is central to understanding how Pope Francis is shaping the church and the world. *Inside the Jesuits* takes readers inside the Jesuits' head-and-heart take on faith. The author tells the story of his own Jesuit training before leaving to become a journalist and highlights how the key elements of the Jesuit formation have made Pope Francis the pope he is—like Jesus in his simplicity, launching bold administrative moves to update the Church, and daring to say and do things no other pope has said or done. He washes the feet of those in prison, including a Muslim woman. He says of homosexuals, "Who am I to judge?" To further illustrate the Jesuit DNA in action, Kaiser produces some fascinating profiles of other Jesuits and former Jesuits working the Jesuit motto, "for the greater glory of God"—which Kaiser gives a more worldly spin: "for the greater good of the people of God." *Inside the Jesuits* is a powerful exploration of how the Jesuit training—to be more like Jesus—has shaped Pope Francis, a self-confessed sinner who encourages us to love our supposedly-less-worthy selves and help make a better world.

Is the Reformation Over? Mark A. Noll 2008-04-01 For the last few decades, Catholics and Protestants have been working to heal the wounds caused by centuries of mistrust. This book, a Christianity Today 2006 Book Award winner, provides an evaluation of contemporary Roman Catholicism and the changing relationship between Catholics and evangelicals. The authors examine past tensions, post-Vatican II ecumenical dialogues, and social/political issues that have brought Catholics and evangelicals together. While not ignoring significant differences that remain, the authors call evangelicals to gain a new appreciation for the current character of the Catholic Church. Written by Mark Noll, one of the premier church historians of our day, and Carolyn Nystrom, this book will appeal to those interested in the relationship between evangelicals and the Catholic Church.

The #MeToo Reckoning Ruth Everhart 2020-01-14 2020 Publishers Weekly Book of the Year - Religion □ Publishers Weekly starred review. The #MeToo movement has revealed sexual abuse and assault in every sphere of society, including the church. But victims are routinely ignored by fellow Christians who deny their accounts and fail to bring accountability to the perpetrators. All too often,

churches have been complicit in protecting abusers, reinforcing patriarchal power dynamics, and creating cultures of secrecy, shame, and silence. Pastor and survivor Ruth Everhart shines a light on the prevalence of sexual abuse and misconduct within faith communities. She candidly discloses stories of how she and others have experienced assault in church settings, highlighting the damage done to individuals, families, and communities. Everhart offers hope to survivors as she declares that God is present with the violated and stands in solidarity with victims. Scriptural narratives like those of Tamar and Bathsheba carry powerful resonance in today's context, as do the accounts of Jesus' interactions with women. God is at work in the midst of this #MeToo moment to call the church to repentance and deliver us from violence against the vulnerable.

Bleeding For Jesus Andrew Graystone 2021-08-27 A Christian barrister and moral crusader who viciously caned young men in his garden shed. An exclusive network of powerful men seeking control in the Church of England. A shared secret of abuse that casts a dark shadow over a whole generation of Christian leaders. This is the extraordinary true story of John Smyth QC, a high-flying barrister who used his role in the church to abuse more than a hundred men and boys in three countries. It tells how he was spirited out of the UK, and how he played the role of moral crusader to evade justice over four decades. It reveals how scores of respected church leaders turned a blind eye to his history of abuse. Journalist and broadcaster Andrew Graystone has pursued the truth about Smyth and those who enabled him to escape justice. He has heard the excruciating testimony of many of Smyth's victims, and has uncovered court and church documents, reports, letters and emails. He has investigated the network of exclusive 'Bash camps' through which Smyth groomed his victims. For the first time, he presents a comprehensive critique of the Iwerne project and the impact it has had on British society and the church.

Potphar's Wife Kieran Tapsell 2014-03-01 The [cover-up] of child sexual abuse by the Catholic Church has been occurring under the pontificate of six popes since 1922. For 1500 years, the Catholic Church accepted that clergy who sexually abused children deserved to be stripped of their status as priests and then imprisoned. A series of papal and Council decrees from the twelfth century required such priests to be dismissed from the priesthood, and then handed over to the civil authorities for further punishment. That all changed in 1922 when Pope Pius XI issued his decree *Crimen Sollicitationis* that created a de facto [privilege of clergy] by imposing the [secret of the Holy Office] on all information obtained through the Church's canonical investigations. If the State did not know about these crimes, then there would be no State trials, and the matter could be treated as a purely canonical crime to be dealt with in secret in the Church courts. Pope Pius XII continued the decree. Pope John XXIII reissued it in 1962. Pope Paul VI in 1974 extended the reach of [pontifical secrecy] to the allegation itself. Pope John Paul II confirmed the application of pontifical secrecy in 2001, and in 2010, Benedict XVI even extended it to allegations about priests sexually abusing intellectually disabled adults. In 2010, Pope Benedict gave a dispensation to pontifical secrecy to allow reporting to the police where the local civil law required it, that is, just enough to keep bishops out of jail. Most countries in the world do not have any such reporting laws for the vast majority of complaints about the sexual abuse of children. Pontifical secrecy, the cornerstone of the cover up continues. The effect on the lives of children by the imposition of the Church's Top Secret classification on clergy sex abuse allegations may not have been so bad if canon law had a decent disciplinary system to dismiss these priests. The 1983 Code of Canon Law imposed a five year limitation period which virtually ensured there would be no canonical trials. It required bishops to try to reform these priests before putting them on trial. When they were on trial, the priest could plead the Vatican [Catch 22] defence [he should not be dismissed because he couldn't control himself]. The Church claims that all of this has changed. Very little has changed. It has fiddled around the edges of pontifical secrecy and the disciplinary canons. The Church has been moonwalking.

Lead Us Not Into Temptation Jason Berry 2000 While seminaries, by many accounts, admit an increasing number of homosexuals, women are strictly barred from ministerial roles. The church's

time-honored tradition of "avoiding scandal" also backfires. For by the shielding of fallen clerics, Berry shows, the suffering of the abused is often compounded.

Transitional Justice and the Historical Abuses of Church and State James Gallen 2023-03-30 In this book, James Gallen provides an in-depth evaluation of the responses of Western States and churches to their historical abuses from a transitional justice perspective. Using a comparative lens, this book examines the application of transitional justice to address and redress the past in Ireland, Australia, Canada, the United States and United Kingdom. It evaluates the use of public inquiries and truth commissions, litigation, reparations, apologies, and reconciliation in each context to address these abuses. Significantly, this novel analysis considers how power and public emotions influence, and often impede, transitional justice's ability to address historical-structural injustices. In addressing historical abuses, power fails to be redistributed and national and religious myths are not reconsidered, leading Gallen to conclude that the existing transitional justice efforts of states and churches remain an unrepentant form of justice. This title is also available as Open Access on Cambridge Core.

Diabolical Milo Yiannopoulos 2018-10-31 Who is the real Pope Francis? And can the Church survive him? Milo Yiannopoulos traces the origins of the Church's descent into sin and shame, pointing the finger at left-wing reformers, trendy progressive bishops, gay clergy, and ultimately, Francis himself. In *DIABOLICAL*, Milo Yiannopoulos levels his critical eye and legendarily caustic wit at the Catholic Church, an institution he reveres but which, under the leadership of a "Lavender Mafia" of left-wing gay bishops, has become shambolic and depraved. Yes, there really is a gay mafia. And yes, their outfits are fabulous. The Catholic Church hasn't had a crisis like this since the Reformation. It won't survive unless it learns how to talk to men again, sets aside transitory political nostrums like environmentalism and identity politics, and gets back to worshipping Almighty God.

Women in New Religions Laura Vance 2015-03-13 The author looks at women's evolving place in the birth and development of new religious movements. It focuses on four disparate new religions-Mormonism, Seventh-day Adventism, The Family International, and Wicca-to illuminate their implications for gender socialization, religious leadership and participation, sexuality, and family ideals. As new religious movements emerge, they often position themselves in opposition to dominant society and assert alternative roles for women. But these religions are not monolithic: rather than defining gender in rigid and repressive terms, new religions sometimes offer possibilities to women that are not otherwise available. Vance traces expectations for women as the religions emerge, and transformation of possibilities and responsibilities for women as they mature.

The Catholic Sexual Abuse Scandal Jerry J. Paresa 2021-09-23 An enduring solution starts with the correct diagnosis... The Catholic Clergy Sexual Abuse Scandal has haunted the lives of its victims and the Catholic community at large for decades. Even today, it continues to undermine the credibility of the Church and dishearten its faithful. Catholics remain rightfully frustrated and disappointed as Church leaders try to move beyond this ugly chapter without creating a cohesive plan to address the underlying issues that contributed to the scandal in the first place. Media coverage has often oversimplified these contributing factors, leaving many with the impression that simplistic solutions can fix the Church's problems. This is not the case. Written from an insider's perspective, this book strives to dispel unhelpful caricatures and more fully examine the broad contextual and aggravating factors that make the Catholic Clergy Sexual Abuse Scandal. It is heavily researched work designed to help parishioners, priests, and Church leaders more clearly consider the complexities of the crisis so that they may continue to make informed, concrete, and effective

steps to heal the Church and its people.

Loss and Hope Peter Admirand 2014-05-22 What are the spiritual consequences of abuse and trauma? Where is God? How and why does such senseless suffering occur? What is the relationship between loss and hope? What are the benefits of examining loss and hope from an interreligious focus? These are some of the questions addressed in this volume, written by leading international scholars and which also includes contributions by those who have suffered: survivors of genocide and state terror. Case studies of loss and hope from around the world are discussed, including from the United States, Ireland, Sri Lanka, India, Iran, Iraq, Argentina, China, and Chile. Religions examined include Buddhism, Islam, Christianity, Judaism and Hinduism. Three interconnected lenses are used to explore new perspectives on loss and hope: survivors and victims' testimony; interfaith studies; and ethical approaches. The book highlights the need for responses to atrocity that transcend differences within gender, class, religion, race and ethnicity. The authors stress the need for partnership and dialogue from an interfaith perspective, and while neither hiding nor unduly minimizing the extent of losses in the world, attempt to establish an ethics of hope in the face of destabilizing losses in the realms of human rights and post-conflict resolution. *Loss and Hope* is the first book to bring together this high level and diversity of scholars living and working all over the world from different faith, cultural and ethnic backgrounds examining the universal themes of loss and hope.

God's Bankers Gerald Posner 2015-02-03 Revealing a history of mysterious deaths, shady characters, and moral and political tensions, exposes the inner workings of the Catholic Church to trace how the Vatican evolved from an institution of faith into an extremely wealthy corporate power.

Letter to a Suffering Church Robert Barron 2019-05-31

Sexual Abuse and the Culture of Catholicism Myra L Hidalgo 2012-10-12 An inside look at the reasons Catholic priests and nuns commit sexual abuse *Sexual Abuse and the Culture of Catholicism* digs beneath the public scandals to explore the underlying causes of sexual abuse by priests and nuns from the unique perspective of an abuse victim/survivor who is an experienced mental health practitioner and social science researcher. This powerful book includes the author's personal account of sexual abuse by a nun and her years of struggle to recover. Passionate but scholarly and objective, the book advocates the need for healing dialogue, empirical research, and informed prevention strategies to bring a meaningful resolution to the crisis of sexual abuse in the church. Popular explanations for the reasons behind the crisis have included issues related to celibacy, homosexuality, the power structure of the church, and poor seminary screening practices. But none of these theories are supported by research nor can they explain why Catholic priests and nuns may be more likely to abuse children than other adults in positions of trust. *Sexual Abuse and the Culture of Catholicism* uses a complex, systemic approach to draw parallels between the church as a human system and a family that has experienced incest, presenting a model for a sexual trauma cycle in the church based on systemic sexual shame passed down through the beliefs and practices of Catholicism. *Sexual Abuse and the Culture of Catholicism* examines: the prevalence and characteristics of sexual abuse by Catholic priests and nuns compared to sex offenders in the general population celibacy, homosexuality, and the power structure of the church as contributing factors in the sexual abuse crisis an analogy of the church as a family in which incest occurs the effects and causes of sexual offending from one generation to the next how current research on sexual offending applies to sexual abuse by priests and nuns healing and empowerment for those affected by religious-based sexual trauma reform and renewal within the Catholic Church and much more *Sexual Abuse and the Culture of Catholicism* is a unique and important resource for clergy, religious order, and lay leaders in the Catholic Church and other Christian denominations; social science researchers; social workers and mental health professionals; lay and religious members of the Catholic Church; and anyone recovering from religious-based sexual trauma.

Clerical Errors Peter Murnane 2022-08-04 The Catholic church is in serious decline. This book claims that the corruption of the institution derives from various "clerical errors," especially clericalism, which assumes that clergy are superior and deserve privileges. Clericalism divides the church into two unequal classes, betraying the gospel, which teaches that all people are equal. Clerical privilege makes the sexual abuse of children more likely, and has led most bishops to conceal it. *Clerical Errors* begins by examining the trials and acquittal of Cardinal Pell. Was it the jury who made a grave error--or was it the cardinal? Other chapters look at worldwide sexual abuse of children by Catholic clergy and traumatic impacts on survivors. What might have caused this tragedy? The institutional nature of the church? Defective Canon Law? Misuse of the sacrament of Confession? Compulsory celibacy? Homosexuality? The book's last, hopeful chapter proposes a radical but simple model for restoring the Christian church.

Prison Journal George Pell 2020-12-16 Innocent! That final verdict came after George Cardinal Pell endured a grueling eight years of accusations, investigations, trials, public humiliations, and more than a year of imprisonment after being convicted by an Australian court of a crime he did not commit. Led off to jail in handcuffs, following his sentencing on March 13, 2019, the 78-year-old Australian prelate began what was meant to be six years in jail for "historical sexual assault offenses". Cardinal Pell endured more than thirteen months in solitary confinement, before the Australian High Court voted 7-0 to overturn his original convictions. His victory over injustice was not just personal, but one for the entire Catholic Church. Bearing no ill will toward his accusers, judges, prison workers, journalists, and those harboring and expressing hatred for him, the cardinal used his time in prison as a kind of "extended retreat". He eloquently filled notebook pages with his spiritual insights, prison experiences, and personal reflections on current events both inside and outside the Church, as well as moving prayers.

The Gospel, Sexual Abuse and the Church The Faith and Order Commission 2016-07-07 The Gospel, Sexual Abuse and the Church has been written by the Faith and Order Commission of the Church of England in response to a request from the lead bishop for safeguarding for theological material that complements the work of the National Safeguarding Team on policy and training. It has been approved for publication and commended for study by the House of Bishops. The Gospel, Sexual Abuse and the Church is intended to be used by those with responsibility for teaching and preaching in the Church of England, including clergy and licensed lay ministers, and those with specific responsibilities for safeguarding training. The three main sections provide material that can be used for training sessions and study days, with groups such as a PCC or Church Council, a ministry team, or a discussion group. Each section includes suggested quotations for reflection, discussion questions and a 'Bible focus'. 'Safeguarding raises significant theological questions for Christians: questions about humanity, sin, grace, forgiveness, reconciliation and the church. Making space for grappling with the issues that arise here is essential if the church is going to be able to speak about God and about the gospel both when it is seeking to do safeguarding well and when it is reacting to situations where something has gone badly wrong.' - From the Preface by The Right Revd Dr Christopher Cocksworth, Chair of the Faith and Order Commission

God Is Not Great Christopher Hitchens 2011-11-01 In *god is Not Great* Hitchens turned his formidable eloquence and rhetorical energy to the most controversial issue in the world: God and religion. The result is a devastating critique of religious faith *god Is Not Great* is the ultimate case against religion. In a series of acute readings of the major religious texts, Christopher Hitchens demonstrates the ways in which religion is man-made, dangerously sexually repressive and distorts the very origins of the cosmos. Above all, Hitchens argues that the concept of an omniscient God has profoundly damaged humanity, and proposes that the world might be a great deal better off without 'him'.

For Christ's Sake Geoffrey Robinson 2013 Sexual abuse within the Catholic Church has been nothing short of an epidemic of catastrophic proportions. The devastation of victims, the ruination of priests and religious, the damage of a major world religion and its faithful are horrendous and incalculable. In the current social environment-that includes the Royal Commission into Institutionalised Sexual Abuse of Children-this is the book that had to happen. This is the book, written by an 'insider', designed to move the Church back into the hands of the millions of shocked and bewildered Catholics throughout the world who are saying: enough is enough. Bishop Geoffrey Robinson states that there are three major tasks to be performed in eradicating sexual abuse from the Church: identifying and removing all offenders; reaching out to, and assisting, all victims/survivors; and identifying and overcoming the causes of both abuse and the poor response of the Church's hierarchy. Bishop Robinson has been involved in the first two of these three fields for eighteen years, and he firmly believes there is a crying need to address the third element-preventing abuse from happening in the first place-and in so doing, ending systemic sexual abuse in the Catholic Church... for good! This 'pull no punches' book sets out a clear action plan for the Catholic Church to adopt if it is sincere in wanting to eradicate sexual abuse. It is a call to a new Pope to seize the opportunity of his appointment to not only sweep the Church clean of abuse, but to put His house in order for all time. Bishop Robinson calls for nothing less than a Council of the whole Church, inclusive of the laity, to confront the issues raised in the book.

The Biggest Scam in Human History Joyce Seagraves 2021-03-01 My intention for writing this book is that it will enhance people's lives so they spend more time doing good instead of praying and wishing something will come to be. To question all the stories, we have been taught through are church leaders and our government's. Think of all the time mankind has spent in churches, temples, mosque's and what they could have accomplished if they had put their energy into something that has been proven scientifically for the good of mankind. The money people have spent in the church to hear a bunch of nonsense. This time and money could have been spent on knowledge of science and helping out other people without the church. To learn the real truth about mankind instead of worshipping people like Jesus, Mohammad or a God that is make up with fictitious facts. How many people have been killed for the sake of religion and how many wars have we fought over religious dogma? Our civilization would be so advanced and maybe even civilized if we embraced science instead of religion. We might have even wiped out famine, war, diseases by now and be living on another planet. Our ancestors were ignorant of the world by no fault of their own, after all we haven't evolved that long compared to the universe and we couldn't evolve until the conditions were right. A world where we were one people instead of people divided my countries and religions that don't get along, where women, children and the oppressed are treated with respect and dignity. I like to acknowledge all the scientists, philosophers and all those who sought knowledge instead of fables. I could never have written this book without the knowledge that has come before me and the research and dedication to finding out the real truth is beyond measurement. The church wants you

to give them your money so they can buy their gold chalices, crosses, feed them, clothe them, and build the most expensive churches. Wouldn't it be easier to cut out the middleman and go directly to the people? Volunteers, community services, and prisoners can do the same work as the church and it would save a lot of money and time.
