The Guyde Howie Reith 2016-11-19 The Guyde is the most comprehensive men's dating and self-improvement book ever written, designed to be everything you need to transform into the most confident version of yourself. There are no lines or routines; instead you'll find exercises and information to improve your self-esteem, social skills, and other elements integral to social success. Everything in these pages is backed with

scientific evidence, and when I say scientific evidence, I mean cited peer-reviewed literature, not pop evolutionary psychology or the "law of attraction." You won't be reading anecdotes telling you about my "successes" or opinions; you'll be learning the practical steps necessary for the specific changes you want to manifest in your life. The Guyde is divided into four sections: Part I - Psychology Part I focuses on the internal elements of social interaction. How do you overcome your toxic self-limiting beliefs that keep you from being authentic with people? How do you overcome your fears? How can you stay motivated to make your changes? You will learn clinically effective approaches to all of these and more. Part II - Social Skills For many men, the biggest barrier between themselves and social success is a lack of social skills and awareness. In Part II, you'll learn how to shore up this weakness. You will learn how to listen, banter, share stories, and assert yourself with others. You'll learn how to improve your body language and vocal tonality to project confidence and charisma. Part III - Physical Attractiveness Part III will teach you how to improve your physical features. The first two chapters detail the most clinically effective approaches to diet and exercise. We'll also discuss the basics of fashion and how to dress to impress. Master Part III, and when you go out, you will turn heads. Part IV - Dating The final portion of The Guyde deals with dating, in this version, in a heterosexual male context. You'll learn the best places to meet potential dates, how to flirt, and how to ask someone out. You'll learn how to plan brag-worthy romantic evenings and how to address problems like rude cancellations and "ghosting." You'll learn how to interact physically while being sensitive to your date's wishes, as well as how to perform better in bed. You'll learn why relationships fail and how to avoid the pitfalls most couples fall into, and you'll come to understand a bit about what it's like to date from a woman's perspective, including many of the cultural factors they face that most men don't understand. The Guyde is a labor of love. I wrote it to be everything I wish I'd known when I was younger, the sorts of things that turned my life around for the better. I hope it does the same for you.

The Text Attraction Guide For Men Nelson Whetat 2023-11-07 Discover The New Secrets About Texting Women To Get Dates And Sex That 99.9% Of Men Don't Know Yet When a man gets a number from a woman in person or matches with her on a dating app like Tinder or Bumble, he will often experience one or more of the following problems when he texts her: She takes way too long to reply She doesn't contribute much to the conversation (e.g., she gives short answers and seems uninterested) The conversation becomes boring or fizzles out She rejects his offer to meet up with him for a date She takes what he says the wrong way and then loses interest She ghosts him (i.e. stops replying without any explanation, even though things seem to be going well) She friend zones him (e.g. "You're a great guy, but I'm not looking for a relationship right now" or, "You're a great guy, but I'm not looking to date anyone right now" or, "You're a great guy, but I think we'd be better off as friends.") She leaves him on read and doesn't reply for days, weeks or months...or not at all She plays hard to get when it comes to meeting up Do you know why? It's because most men make texting girls far HARDER than it needs to be. They don't understand this little-known secret I shared in this guide. These days, women are so tired, bored and frustrated by the endless texts that guys send (i.e. trying to get to know her, get along with her and just chat because he's afraid to ask her out), or the unattractive texts they send (i.e. being too nice, being too serious, sleazy, boring, etc). That's why when a woman gets a text from a guy who is using the texting method I shared in this guide, "The Text Attraction Guide For Men" she feels surprised and excited. It immediately gets her attention and she begins feeling like she wants something to happen with him (i.e. go on a date, have sex etc) The fact is that when a guy texts in the way that I recommended in this book, he will get 10x more dates and sex than a guy who just wastes a woman's time trying to get to know her or get along with her, or worse, acts like he's not even that interested in dating her. Texting women to get dates and sex is very easy when you understand how it works and why women respond so well to this more direct and masculine approach. Here's what you'll learn: How And What To Text A Girl You Just Met: 4 Examples Text Message Examples That Attract Women What To Text A Woman After Getting Her Number In Person Texting Mistakes To Avoid: Terrible Texts That Turn Women Off 10 Possible Reasons Why She Stopped Texting You 3 Best Tips On How To Text A Girl You Like +

The Caroline John K. Sutherland 2013-10-29 An attempted murder one dark night on the river disrupted the lives of two families and deeply affected the lives of two individuals from those same two families for the next five years. They had been forced to make choices that took them far apart before being serendipitously brought together once more. The would-be murderers, three of them, lost one of their own soon after that night from wounds he had received at the hands of their intended victim. Three years later, a second of them fortuitously became the victim of that same man they would have killed. The third and last one, attempting to recover the failing fortunes of the family in a poker game on the river, saw the means to cheat his opponent and at the same time to be rid of his sister who had unexpectedly shown up again. His first attempt on her life as they had travelled upriver had failed, and a second attempt would be difficult now that she expected it and now that she had a protector. He saw another way to be rid of her: in a poker game where he would wager her away. If only it could be that simple. He had no idea the trouble he would cause by that act. The unexpected outcome of that game brought two individuals closer together and eventually healed the initial disruption that had seen them

torn apart five years earlier.

F*CK Him! - Nice Girls Always Finish Single - a Guide for Sassy Women Who Want to Get Back in Control of Their Love Life Brian Nox 2016-10 *The MANipulator Manual: Keep Your Man Interested and Begging for More Without Playing Games* Let me start off by explaining I am in no way talking about the sexual act. F*ck him in this case is not physical, it's mental. So many women get in trouble in their love lives, and 99.9 percent of that trouble could have been avoided if they'd said, "Well, f*ck him!" a bit more often. Too many women are way too nice and compliant to their men, especially when these men don't deserve that kind of treatment. And yet, every woman I've ever met tries to not be needy or wear her heart on her sleeve. She simply wants to protect her feelings. Nevertheless, most women I've coached have had men seem very interested only to disappear suddenly. These women are left standing in the dark. Once the guy vanishes, they often find out it's easier to get the President of the United States on the phone than the man who seemingly really liked them..just not enough to stick around. This should stop. I, as a dating coach and author of books for women who want to get men, cannot take it anymore. You deserve better. This is not your fault. It's his! He needs to learn to be much more transparent and upfront. That said, we both know most men won't change. We can lead a horse to water, but we can't make it drink. Or can we? What if there was a way to change a guy's behavior? What if you could get into his head and take over the driver's wheel? What if you could make him do more of the things that you appreciate and need and less of the bad behaviors you dislike? At first, this might seem impossible. Nevertheless, I'm sure you've already met women who are good at manipulating their men. Enter the high-value woman. You know her. You've seen her. She's the woman who always has great men drooling over her. It's the woman you see getting all the attention. You often wonder, "How does she do it? What do they see in her? What does she know that I don't?" You might have even complained to your girlfriends that men just don't seem to notice what a catch you are. Your girlfriends may have even said, "He doesn't know what he's missing." What if you could make him see it? When you look at these high-value women who get their way with men, it might have surprised you that their looks don't seem to matter. The high-value woman can be great looking, average looking, or even bad looking. It doesn't matter. She knows her way around men. She knows how to mentally f*ck them. Are you ready to implement her strategies? You'll see behavior you've never seen from him. He'll start to put in an effort that makes you feel like you're a

queen because to him, you are. At first, it will be strange. If you've never truly been in control of a man, it might feel like riding a horse for the first time. But soon, it will make you feel all tingly inside. I'm not kidding. There's nothing more powerful than being in a relationship with a guy and having him do exactly what you want while he thinks it was his idea. (This is important, as you'll see. He needs to think he is the one in the driver's seat, even though you actually are.) This book is not about becoming someone you're not or turning your boyfriend into a spineless manslave. It's about your empowerment, about taking back what's yours. No man should ever be able to play games with you, to take you for granted, to treat you even a tiny bit less than you deserve. 6 Fun Date Ideas to Win Her Heart Kym Kostos 2014-05-15 In my 35 years of dating since I was fifteen years old, I have had my fill of good dates and bad dates. I am pretty sure we have all had those dates from hell that we tell our friends or ones that we just soon want to forget. So, what about the ones that turned out perfect? Don't have too many of those? Don't worry, because in this book I will give you some ideas and dates from start to finish for fun first dates, romantic dates, creative dates, indoor dates, outdoor dates, cheap dates that are easy on your wallet and even a date for those who are miles apart in a long distance relationship. Guys always want to impress a girl and sweep her off her feet, but sometimes have no clue as to where to start. Females by nature are great planners, especially when it comes to events, dinners, parties, and yes, even dates. Why? Because we pay attention to detail and that is what is the most important thing. Details tell a girl how you feel about her. Simple details to intricate ones, either way they are signs of what you really feel about the girl. If you take a lot of time planning a great date, that tells the girl that you are interested in her and want to get to know her better, especially if it's a date that allows you two to talk and get to know each other better. Girls love

dates like that! Taking a girl out, tossing a burger down her throat and taking her to a movie is just plain boring. That's something you do AFTER you have won her heart and even then, it's questionable. Whatever happened to the courtship of dating? When you take the time to plan and give her a date to remember, it shows that you care and want to impress the girl. You don't have to have a lot of money either to do this.
