[Geek Girls Don't Cry](#) - Andrea Towers 2019-04-02

From an entertainment writer, “an enjoyable read for anyone interested in pop culture, with particular relevance to those working to overcome struggles.” (Booklist) What does it mean for a woman to be strong—especially in a world where our conception of a “hero” is still so heavily influenced by male characters like Batman, Spider-Man, and Superman? *Geek Girls Don't Cry* outlines some of the

primary traits heroic women can call upon, like resilience, self-acceptance, and bravery, pulling in stories from real-life women as well as figures from the pop-culture pantheon. Written by Andrea Towers, who has worked for Marvel Entertainment and written about superheroines for such outlets as *Entertainment Weekly*, *Geek Girls Don't Cry* also includes interviews with the creators of our favorite fictional heroines, who discuss how they came up with their

inspiring characters and how their creations continue to inspire them. "In a market flush with biographical anthologies of awesome, powerful, and sometimes unknown women, Towers' book stands out. She puts the creative in creative nonfiction as she takes the biographical details of fictional female characters and associates them with various real-life issues to empower and comfort readers." —Booklist

The Startup Squad - Brian Weisfeld 2019-05-07

Girls mean business in a brand-new series about friendship and entrepreneurship that Katherine Applegate, Newbery Medal-winning author of *The One and Only Ivan*, calls "A great read!" All the great leaders had to start somewhere. And Teresa ("Resa" for short) is starting with the lemonade stand competition her teacher assigned to the class—but making it a success is going to be a lot harder than Resa thinks. The prize: line-skipping tickets to Adventure Central. The competition: Val, Resa's middle school nemesis. And the biggest obstacle to success: Resa's own teammates. Harriet

is the class clown, Amelia is the new girl who thinks she knows best, and Didi is Resa's steadfast friend—who doesn't know the first thing about making or selling lemonade. The four of them quickly realize that the recipe for success is tough to perfect—but listening to each other is the first step. And making new friends might be the most important one... The back of each book in this middle-grade series features tips from the Startup Squad and an inspirational profile of a girl entrepreneur! An Imprint Book "An inspiring story about entrepreneurial girls. I loved this story of girls finding their way in the world of entrepreneurship." —Ann M. Martin, author of the Baby-Sitters Club series and Newbery Honor winner A Corner of the Universe "The Startup Squad encourages girls to dream big, work hard, and rely on each other to make good things happen. It teaches them how to succeed—and reminds all of us that girls mean business!"—Sheryl

Sandberg, COO of Facebook and founder of LeanIn.Org and OptionB.Org "A great read that is fast-paced, fun, and empowering. The Startup Squad comes complete with a treasure trove of tips for starting a business."

—Katherine Applegate, Newbery Medal-winning author of *The One and Only Ivan* This title has common core connections.

Up-helly-aa - Callum G. Brown 1998

Up-Helly-Aa is Europe's largest and most spectacular winter fire festival. In the biting Arctic wind on the last Tuesday of every January, a Guizer Jarl leads one thousand men in guising costumes with flaming torches through the streets of Lerwick, the capital of the Shetland Isles, accompanying a Viking galley to its ceremonial burning.

and a small bio. Positioned towards the middle of the book are the meaningful twenty-one poems with several of them having the ability to touch any reader's heart. Starting off is the poem, Remember Me?, a simple dedication to LaTasha Harlins, a young African-American teen killed during the post-L.A. riots of the early 90's; another memorable poem would be, The Rent is Too Damn High, the humorous poetic play on the phrase by Jimmy McMillan III, the political activist and Vietnam War veteran in Brooklyn, New York. The short stories have the same purpose as the poems, and that is to entertain, enlighten, and provoke thought but they are longer! Beginning after the bio and completing the end of the book are the 'meat and potatoes', the eighteen imagination capturing short stories that are quite moving at times and are sure to stay in one's mind. Each story has its own character overcoming circumstances and situations to prevail and inspire. LaTasha's Song is

another dedication to the slain Ms. Harlins of Los Angeles, it shows the family struggle of a teen girl with the ability to sing and trying to keep herself together along with school and family life through music; in Baby Girl, another inspiring story of a teen girl dealing with having a baby and getting married at an early age; and with Lawson's Rule, there is the tale of an African-American governor taking matters into her own hands after her city explodes into violence during her election term. Overall, Something to Live For is an exceptional work of fiction that has the capability to become a classic over time and there is the possibility of several short stories having the potential to be transformed into novels by themselves or into short films if scripted properly.

Throw Like a Girl, Cheer Like a Boy - Robyn Ryle 2020-06-29

cheerleaders are girls? Or why some athletes, like Caster Semenya, have to prove they're women while there's no testing for men? And why do athletes like Megan Rapinoe and Colin Kaepernick use sports as a platform for social justice, and should they? These questions and more are examined in *Throw Like a Girl, Cheer Like a Boy: The Evolution of Gender, Identity, and Race in Sports*. Robyn Ryle uses the world of sports to examine the history, controversy, and current conversations around sexuality, race, and social justice, bringing in the stories of today's athletes to highlight the issues. Topics covered include gender segregation, gender testing, transgender athletes, sexuality, homophobia, globalization, race, and activism. *Throw Like a Girl, Cheer Like a Boy* shows the great strides that have been made in the sports world, but there are still questions that remain and work that needs to be done. This book brings to attention the ways in which sports can contribute to

inequalities while also demonstrating how sports can help create a more just world for everyone.

Commenting on the limited issue original edition (a special issue of the journal *World Development*) from which this volume has been greatly expanded, Dr. Knowles, President of the Rockefeller Foundation, wrote: "A magnificent collection of essays by very astute and experienced observers, covering everything from population control, health, economic planning, trade, city planning and rural development to Chinese aid in building the Tanzania-Zambia railway. Horrible White People - Taylor Nygaard 2020-11-24

Examines the bleak television comedies that illustrate the obsession of the white left with its own anxiety and suffering At the same time that right-wing political figures like

Donald Trump were elected and reactionary socio-economic policies like Brexit were voted into law, representations of bleakly comic white fragility spread across television screens. American and British programming that featured the abjection of young, middle-class, liberal white people—such as *Broad City*, *Casual*, *You're the Worst*, *Catastrophe*, *Fleabag*, and *Transparent*—proliferated to wide popular acclaim in the 2010s. Taylor Nygaard and Jorie Lagerwey track how these shows of the white left, obsessed with its own anxiety and suffering, are complicit in the rise and maintenance of the far right—particularly in the mobilization, representation, and sustenance of structural white supremacy on television. Nygaard and Lagerwey examine a cycle of dark television comedies, the focus of which are "horrible white people," by putting them in conversation with similar upmarket comedies from creators and casts of color like *Insecure*, *Atlanta*, *Dear White*

People, and Master of None. Through their analysis, they demonstrate the ways these non-white-centric shows negotiate prestige TV's dominant aesthetics of whiteness and push back against the centering of white suffering in a time of cultural crisis. Through the lens of media analysis and feminist cultural studies, Nygaard and Lagerwey's book opens up new ways of looking at contemporary television consumption—and the political, cultural, and social repercussions of these “horrible white people” shows, both on- and off-screen.
