How to Fix a Broken Heart - Guy Winch

2018-02-13

'HOW TO FIX A BROKEN HEART PROVIDES THE VALIDATION, COMFORT AND HOPE ANYONE WHO IS HEARTBROKEN DESPERATELY NEEDS.' ESTHER PEREL, BESTSELLING AUTHOR OF THE STATE OF AFFAIRS AND MATING IN CAPTIVITY Every one of us has or will have our heart broken at some point in our lives. Heartbreak, whether it comes in the form of romantic love or through loss, is universal, yet we know so little about how to deal with it. Psychologist Dr Guy Winch imagines how different our lives and our society would be if we paid more attention to this unique emotional pain. Heartbreak can last for days, weeks, months and even years. Yet while we wouldn't expect someone to go to work or function well with a broken limb, heartbroken people are expected to function in their lives, despite the emotional pain they feel. How to Fix a Broken Heart argues that if we don't understand how heartbreak works, we won't be able to heal it and we are likely to make it worse, which we do, and regularly. Dr Winch reveals how and why heartbreak impacts our brain and our behaviour in dramatic and unexpected ways, regardless of our age. Emotional pain lowers our ability to reason, to think creatively, to problem solve and to function. Recovering from heartbreak always starts with a decision, a determination to move on when our mind is fighting to keep us stuck. We can take control of our lives and our minds and put ourselves on the path to healing. Dr Winch offers a toolkit on how to handle and cope with a broken heart and how to, eventually, move on. 'A great read for anyone going through heartbreak, anyone trying to help someone go through heartbreak, or anyone who simply wants to understand humans better' Tim Urban, creator of Wait But Why?

**Break Ups** - Amy Grant 2016-05-03

Heart breaks are painful. Irrespective of the reason of the breakup, it hurts when a significant relationship comes to an end. The feeling of rejection can jumble up a person's emotions, leading him to feel totally unworthy. A person invests emotionally in a romantic relationship or marriage, but not all things are meant to be. Sometimes, due to unprecedented reasons, a relationship has to end. This might leave the person morose and bitter. But, no matter how deeply rooted the pain is, there is always a way to heal and get better. What is important at such a time is to know the right way to heal and to move on in life. In the very beginning the person should only focus on getting over the ex lover and getting back to his or her normal life. The denial to accept the breakup can be very harmful as it will lead us nowhere and make our life even more complicated. It is important to sort one's life and feelings after a break up.

They observe on a daily basis that if one partner has psychological or medical issues, both partners are affected, so they work with couples as they treat the problems of individuals. In this book they invite couples to consider together issues ranging from communication and intimacy to erectile dysfunction and loss of sexual desire

If you feel wronged by your ex, learning to forgive them and yourself is the ultimate goal. No, forgiveness doesn't mean that you condone what they did to harm you. What it actually means is that you no longer have to be burdened by that hurt. Until you forgive them, they'll be occupying space in your mind period. Don't let them live in your head rent-free like that! They're taking up space that you could devote to something nourishing like your friendships or getting to know someone new. Let yourself have whatever feelings you do and try to let them move through you. It's normal to feel angry or depressed or hopeless at times. When the feelings come, see if

you can feel them and move on. It's healthy and normal to have big feelings after a breakup. When you're ready, open yourself up to new relationships. It may take a bit of time or it may not. It can sometimes be a mistake to get into another relationship immediately following a breakup. But we won't judge! You shouldn't feel bad for looking for another partner right away nor should you feel pressured into entering another relationship before you're ready.

*Win Your Partner Back After A Break Up?* - Louisa Jackson 2021-05-08

Those that go searching for love only make manifest their own lovelessness - D.H. Lawrence If you're going through the agony of a break up and you long, desperately, to reunite with your partner - this book is for you. Perhaps you're still with your partner but they're losing interest or pulling away - this book is also for you. Not all relationships can be saved. However, given the right inner conditions, some relationships can - and do - heal. Here you will learn precisely how to cultivate those conditions. Author, Louisa Jackson, describes how her life spiralled downwards after the break-up of a relationship. This triggered a long and intense period of study. Immersed in quantum physics, spirituality and Law of Attraction principles, she started to experiment with these concepts in her day-to-day life. Slowly, her intense suffering transformed into deep peace and happiness. A completely new way of living emerged and miraculous changes to all areas of her life then followed. Her long-term battle with depression, social anxiety and bulimia came to an end. Financial and family difficulties also resolved. So, too, did the cycle of toxic and dysfunctional relationships that she kept repeating over and over. Louisa now enjoys a happy, long-term, relationship - one which was successfully rekindled after applying the techniques and principles outlined in this book. The focus here is what's going on inside you, rather than on the outer circumstances of your life. For when you transform your inner world, you'll find that your outer world transforms in equal measure - sometimes in miraculous ways. As you'll see, this isn't merely a spiritual concept but is backed up by quantum physics principles. This book gets right to the heart of your beliefs about love, happiness and the fundamental nature of reality. It's faulty beliefs in these areas which are so often at the root of dysfunctional relationships. You'll learn what real happiness is, and how to

cultivate it. You'll also discover techniques for sustaining the honeymoon period and how to prevent a repeating pattern of heartbreak. With practice, you'll stop needing love and instead start to radiate love. When this happens, you cannot help but attract love, whether that's from your existing partner or a new one. This is a new way of 'being' which will radiate out into all areas of your life. Whether you want to save a long-term marriage or a short-term romance, the same formula applies. You may even find after reading this book that you no longer want, or need, your partner to return.

Although romantic relationships never come with a guaranteed happy ending, arriving at the end of one can still feel devastating. When you are involved in a committed relationship, you put your whole heart into it hoping it will last. Some people even neglect their friends, hobbies, and personal goals to give more time and energy to strengthen their bond with their significant other. And yet, this is one of the reasons why you may find yourself at such a loss when the relationship doesn't work out. The thought of seeing your hopes dashed, of losing a friend and confidant, and of being alone - and lonely - is downright depressing, even if you aren't the dramatic type. Now, although it currently feels like the world has crumbled beneath you, there is hope and you will recover. I'm going to help you see that there is life after every break-up. And even better, it can be a happy and successful one, if that's what you decide you want. You will look back a few months from now and realize that this break up made you stronger and better. How you will survive between now and then is precisely what this book is going to teach you. Read on to learn how to get over your ex and prepare to face the world as a whole, happy, and confident person again.
