Most of my teenage years I've been the weird guy who always chocked and felt anxious when he tried to approach a girl. Even worse, most of the advice I got was from some jocks who told me to basically treat women like dirt. This only led to the girl feeling grossed out by me and well... me feeling grossed out by myself.... Luckily, I'm not the type who admits defeat. So, I started doing some proper research and took advice from men who oozed charisma and attracted women instantly and ethically wherever they went. I'll admit...it took a couple of years for me to master everything. But that's because I had to go through trial and error and trim out all the nonsense. Luckily for you, this book allows you to skip that. No BS, just the essentials without overcomplicating anything. I'm going to warn you from the beginning. It's not going to be easy and the magic won't happen overnight. It'll require you to step outside your comfort zone...a lot. "One of the world's most vaunted dating experts shows you what to text, when to text it, and why... So you can get the dates and girlfriends you deserve..." --

**Texting Women** - Cristiano Marquez 2019-11-22

If you are reading my book's description it's because maybe you are having trouble finding a girlfriend, isn't it? It's likely that among the photos you posted online there isn't one in which you look like Leonardo di Caprio and that you think physical appearance is the only way to impress woman. Or maybe your girlfriend never texts you until you do, and when she answers, hours later, it's with a simple or . Or perhaps

you're one of those guys who's convinced he can get the attention of a beautiful girl by simply texting her " Hi! " or " Hey! "? I guess I must give you a hint then, pal: Women are different from men! And naturally, they think differently, they love differently! And this is because before loving with their body women always love with their mind... In my book, "Texting Women", I give you the right tips, quick and simple, to learn everything there is to know about texting a woman, and especially to understand how to get the timing right. In your opinion, what's every man's main goal when texting a woman he likes? Easy! That she always texts him back - the sooner the better - and eagerly! But clearly, to be able get there one must study the method and train hard - as if it were a physical activity - and put all of the following steps into practice: Mindset: work on yourself. Remember how as a child you were told to always be yourself? Well, forget that! Unless you want to die alone... The thing is, there is no "self". Which self? There can be many different selves, you can be whatever you want, you can improve: To manipulate

girls, first you must be able to manipulate yourself. Skills: The main skill consists in figuring out who is the girl you're writing to, what she likes, what language frequencies she travels on. By doing that, you will be able to become the mirror in which she sees herself, and in you and in your texts she will recognize a part of herself and of her mind. Techniques: The right techniques allow you to seduce girls by doing nothing, you have to get to the point where, whatever you write them, they start answering with long messages, as if they were talking about themselves with a psychologist. This way girls feel like they're seducing themselves with their own mind and will increasingly feel the need to answer your texts. Secrets: once you have completed all the previous steps, you should not be in a hurry to meet or see them, enjoy the moment and let them stew in their own juice. Raise the conversation's level by talking about spicy stuff, that's when they'll go crazy, and that's how when you'll see them in person they will already be completely obsessed with you and they will be yours. In the end it's going to be you the one not texting them back.
