Media-Mediated Relationships - Frank Hoffmann 2023-07-28

Creating a nexus between techno-science and more fundamental disciplines, a phenomenon is emerging in our personal lives: we are beginning to preempt traditional sources for relationship formation; we are becoming more insular and more cautious in starting relationships. The media play an enormous role in our activities, encouraging us to self-advertise in newspapers and magazines, to participate vicariously through pornographic and borderline books, talk radio, and tabloid television, to use our telephones and computers for the ultimate in "safe sex," to engage in video dating, and to explore many other aspects in the field of technoeroticism. As straight and gay people alike live in a time of reluctant commitments, a period of playtime, and the Age of AIDS, the time has come to chronicle the role of mass communication in our search for interpersonal connections. Media-Mediated Relationships investigates the historical, economic, psychological, and sociocultural ramifications of the print and broadcast media, motion pictures, music, and new communications technologies (computers, video, interactive media, virtual reality, phone sex) in terms of both our individual and societal concerns. An extension of "cultivation analysis" by means of systems theory, it reports on a baseline survey of over 200 people regarding relationship mediation--demonstrating yet one more example of the symbiosis among and between various media sources. A descriptive case study, Media-Mediated Relationships provides a barometer for better understanding the many "singles" and others searching for meaning and relationships in the sociocultural milieu of the 1990s and beyond.

Missing Heiress - Marti Talbott 2013-09-13

The Harlan Detective Agency was the best there was when it came to finding missing people. They were also the most expensive, so it was no coincidence that they were hired to find the heir to a fortune totaling over 1.6 billion dollars. Nicholas Gladstone left everything to a granddaughter he didn't know he had until a week before he died, but which one was it - the maid secretly working in the parent's home, an office worker, or the young woman tragically killed in a car accident? Search Terms: missing people, woman detective, and billionaire

Sicilians Don't Cry - Leonardo Guzzardo 2006-04

Like in Sicilians Don't Cry, Sicilians Don't Cry II using the expression, will take you on a roller coaster ride like you have never been on before. It will make you laugh, make you cry, and pray that what happens to my twin brother Giovanni Guzzardo and I never happens to you. And again I want to state that I have lived one of the most bizarre, wildest, dangerous and tragic life any human being could have ever lived. I have been stabbed and shot before, damn near beaten to death by people with baseball bats, and being Catholic received my last rites two times. In my life I made a lot of big money, blew a lot of big money, did a lot of gambling, drank a lot of alcohol, did a lot of drugs, and from becoming a normal sex addict, I became a hardcore sadist and masochist sex addict.

Jackie Harlan Mystery Box Set - Marti Talbott 2018-11-27

Seattle Quake 9.2 - They knew it could happen - scientists had been warning them for years. Yet, nearly two

million people living in the greater Seattle area went about their daily lives as usual. A Detective Agency thought they had found a missing woman, an upstart radio station was on the air, and an eccentric banker had just started a round of golf. Thousands were driving on freeways, shopping in malls, awaiting flights, working in downtown high-rises, and on buses in the bus tunnel. They knew -- they just didn't believe it could happen to them. Missing Heiress - The Harlan Detective Agency was the best there was when it came to finding missing people. They were also the most expensive, so it was no coincidence that they were hired to find the heir to a fortune totaling over 1.6 billion dollars. Nicholas Gladstone left everything to a granddaughter he didn't know he had until a week before he died, but which one was it - the maid secretly working in the parent's home, an office worker, or the young woman tragically killed in a car accident? Greed and a Mistress - Mark Barrett thought having an affair was no big deal as long as his wife didn't find out. That was before he got arrested for the hit-style murder of a wealthy old woman. What drew the Jackie Harlan Detective Agency to the fascinating trial in Portland, Oregon was the hope of finding a child that had been missing for years.

Obscene Profits - Frederick S. Lane 2001-07-23

Sex sells. Already a ten-billion dollar business-and growing-most sex businesses require relatively low start-up costs and minimal equipment. No wonder retired porn stars, homemakers, college students, and entrepreneurs of every stripe are eager to jump on the smut band wagon. Following the money trail, or in this case, the telecom routes, the author reveals how some big phone companies are cashing in too. Obscene Profits offers a startling and entertaining new look at this very old business, and shows why pornography, in all of its variations--videos, magazines, phone-sex, spy cameras, etc.-- is one of the most profitable and popular new careers to come out of the electronic age.

Brain-Defying Tales - Byron Lanning 2000-07-24

In this hilarious collection of stories, Byron Lanning lampoons everything from art, religion, ethics, politics, poetry, to feminism, and masculinism. He makes the absurd seem preposterous. A hypertext novel injures its readers when they click on the hyperlinks. A woman orders a Red Velvet Bomb Recipe at a convention of Paramilitarists, Survivalists, and Insane Boy Scouts. She thinks it costs only \$9.50, but it actually costs \$950. A Hassidic gangster Heimi Day of Atonement Spielman attempts to take over the bagel industry in New York City. Wild Voilà Fusillade, an artist who works with firearms, invents the school of abstract percussionistic art. The rooster Cock-a-Dude searches for an eerie suppository with magic healing powers to cure his dying father, the megafascist dictator of a pop psycho arcadia. Tannhoosier, a slam poet from Indiana, develops a new form of poetry called appropriation that raises the wrath of the Poet Laureate, and he threatens to take away his poetic license.

Juggler, Porn Star, Monkey Wrench - Rich Leder 2014-09-07

My name is Mark Manilow. I'm a LA screenwriter. Here's my recipe for a cocktail called "Romantic Hollywood Sex Comedy." Start with my estranged wife, who left me two years ago to become a juggler. Pour in my ensuing emotional tailspin. Blend with a brutal case of writer's block. Mix with my last-gasp writing job, a ridiculous porn flick called Broken Boner. Add in the Broken Boner porn star, who seduces me into an ill-fated partnership. Throw in the gun-toting producer and eccentric Montecito billionaire, who hire me to adapt the phone book into a movie. Combine with the return of my headaches and a trip to an ancient Chinese healer, where I meet the healer's beguiling granddaughter—my monkey wrench. Serve with wonderment as to whether or not I'll find a way to settle things with the juggler, break it off with the porn star, and fall in love with the monkey wrench...or if anyone will stop laughing long enough to notice.

The idea for this book formed a few years ago. At first, I wanted to categorize all the weird and unusual calls I've taken over the years and then it grew into telling the truth behind what happens in the phone sex industry. You're going to read about how I started, strange fetishes you might not have heard of, and stories of actual calls. Be prepared for a ride into the abnormal, the freaky, and the f*d up.
