*Love and Intimacy in Online Cross-Cultural Relationships* Wilasinee Pananakhonsab 2016-11-16 This book challenges assumptions about the motivations that drive women from relatively poor, developing countries to use intermarriage dating sites to find partners from relatively wealthy, developed countries. It is generally assumed that economic deprivation or economic opportunities are the main factors, but this book instead focuses on the work of women's imagination in online cross-cultural relationships, including the role of desire, love and intimacy. The experiences of Thai women are used to explore how they initiate, develop and maintain love and intimacy with Western men across distance and time. The book shows that, in the absence of opportunities to search and meet partners from geographically distant parts of the world, the technology of the internet offers new ways of searching for and managing relationships and has significant consequences for local experiences and expectations of love and partnering. The book will be of interest to scholars and students with an interest in family and intimate life, gender and sexualities, Asian and Thai studies, globalization and nationalism, culture and media, sociology and anthropology.

**A Rope for Judas** Robert S. Turner 2019-07-25 Judas Iscariot. The ultimate traitor. It was his kiss of greeting that signaled the temple officials to arrest Jesus of Nazareth and send him to his death. We all know the story: in exchange for a paltry sum of money--thirty pieces of silver--Judas agreed to hand over his rabbi to the religious authorities in Jerusalem, who put Jesus on trial and ultimately ensured that he would be crucified. When Judas saw what was about to happen to Jesus, he was seized with remorse, gave back the money, and went out and hanged himself. That's the story as we have it in the New Testament Gospels. But what if, before he hanged himself, Judas took the time to write a suicide note? What would he have had to say? That question lies at the center of this novel. A Rope for Judas is Judas Iscariot's suicide note, and it delves into the complicated inner life of this most despised of disciples in an effort to find out what motivated him to do what he did.

Open Adoption and Diverse Families Abbie E. Goldberg 2019 Whereas adoption was once a private affair cloaked in secrecy and sealed records, adoptions in the US today are increasingly open - that is, birth and adoptive families meet and become acquainted before the adoption, and remain in contact once it is complete. Experts agree that open adoption comes with many benefits for both birth families and adoptive families and their children, but what does it actually look like for families experiencing it, and what can we learn from those experiences? Open Adoption and Diverse Families reveals the strengths, vulnerabilities, daily struggles and triumphs of adoptive families today. Drawing on extensive interviews with lesbian, gay, and heterosexual parents, many of whom adopted transracially, psychologist Abbie Goldberg confronts the extraordinary questions that open adoption poses: How do adoptive parents feel about openness when they first learn about it, and why do their feelings change over time? How does contact unfold and evolve as a child grows? What types of boundary challenges arise between adoptive and birth family members, particularly in the age of social media and networking? How do adoptive parents talk about adoption with their children, and how does this vary depending on level and type of contact with birth families? Confronting head-on difficult subjects such as birth parents' mental illness and racial differences between birth and adoptive families, Open Adoption and Diverse Families chronicles the decisions and dynamics that adoptive parents sign up for when they pursue option adoption, and is a must-read for all families pursuing or experiencing this exceptional

approach to building a family.

Cannibals Jen Conley 2016-05-16 Here you are in New Jersey, but not Soprano-land New Jersey, this is central Jersey, the edge of the Pine Barrens, where the everydayness of life is interrupted by devils and angels, murderers and saviors, cheaters and music fans. Bobby Kovacki adores his married girlfriend but is compelled to search for Janine, his hard-partying former classmate who has gone missing. Metalhead Marty, odd-looking and shy, has the chance of a lifetime when he joins the band Dark Beast. Tyrell Colton uses a two-foot-long pipe to avenge himself from a bully. Eleanor Webb, eighty-four, deals with her low blood pressure and a violent neighbor. In the title story, scrappy soccer player, Jade, veers down a path in the woods and stumbles upon a trio of terrifying drifters. And in several different tales, police officer Andrea Vogel, widowed and quietly brokenhearted, attempts to rescue the elderly, help an old boyfriend out, and connect with a young rape victim. Brutal and fierce, the characters in these linked stories search for meaning in their lives but more importantly, they search for the humanity in themselves. Praise for CANNIBALS: "Jen Conley has the rare ability to imbue her stories with an emotional heft that is both subtle and powerful within the darkness. Amongst the other writers with that similar (and extremely rare) skill set, none do it as well as she does." —Todd Robinson, author of *The Hard Bounce* "Far from the concrete wasteland of the Turnpike lies the dark heart of the Garden State, and Cannibals carves it out still beating. Jen Conley writes with the soul and poetry of Springsteen, pure blue collar Jersey Gothic. These stories take a big bite out of you." —Thomas Pluck, author of *Blade of Dishonor* "Like Russell Banks' *Trailerpark* or Donald Ray Pollack's *Knockemstiff*, some stories are so intimately linked to their region, you can't imagine them taking place anywhere else. Such is Jen Conley's *Cannibals: Stories from the Edge of Pine Barrens*, a collection stamped in the hollowed points and haunted woods of New Jersey. Anyone who's grown up in on the East Coast knows the loneliness there is particular, vicious in its precision—the way the entire world cloisters in its peaks, trees, mountains, battered old homes; even the oceans there manage to feel claustrophobic—and Conley, like one of her characters says, has 'got an eye for loneliness.' But where Conley truly excels is in capturing the singular moments that define us, sometimes grand, sometimes mundane, but always deeply etched. These are the stories that will shape not only character but life path. Few writers capture the meaning of what it means to be imprisoned better than Jen Conley." —Joe Clifford, author *Lamentation* and *December Boys* "Jen Conley builds her stories from both the minutiae and the grandeur of everyday life. The world in *Cannibals: Stories from the Edge of Pine Barrens* is mostly a hardscrabble one, and it is the lucidity of her prose and the specificity of her settings and characters that make her one of the finest practitioners of the short story in crime fiction. This is an exciting, scary, compelling collection." —Patricia Abbott, author *Concrete Angel* and *Shot in Detroit* "Conley is a wonderful, gutsy writer and her characters ring true, though that won't help them. They keep getting tripped up by life or by their own poor decisions. And then, every so often, life takes a dip in hope. And when that happens nothing else matters." —Karen Heuler, author *The Inner City* "Every time I start a new short by Jen Conley, I know I'm in for a treat. Her stories are so good that, even after they hit you in the gut and leave a bruise, you're thankful for it—so an entire collection is a real gift." —Rob Hart, author of *New Yorked* and *City of Rose* "Jen Conley's fiction is quite simply put: masterful. Dark, smart, and deeply emotional; I defy any reader to walk away from her stories unshaken." —Angel Luis Colón, author of *The Fury of Blacky Jaguar* "It's impossible not to be impressed with Jen Conley's fiction. You're destined to have something in her work stay with you, like a scar you lovingly touch over the years. The stories in *Cannibals* are proof that Conley's not just one of the best crime fiction writers around, but one of the best writers around, period." —E.A. Aymar, author of *The Dead* trilogy, *Managing Editor*, *The Thrill Begins*

Although Nick wants her all to himself, that's not the way of the pack. If he wants her, he'll have to share her with his brothers. At least, for now. Unprotected Miriam Grossman 2007-08-28 Our campuses are steeped in political correctness—that's hardly news to anyone. But no one realizes that radical social agendas have also taken over campus health and counseling centers, with dire consequences. Psychiatrist Miriam Grossman knows this better than anyone. She has treated more than 2,000 students at one of America's most prestigious universities, and she's seen how the anything-goes, women-are-just-like-men, "safer-sex" agenda is actually making our sons and daughters sick. Dr. Grossman takes issue with the experts who suggest that students problems can be solved with free condoms and Zoloft. What campus counselors and health providers must do, she argues, is tell uncomfortable, politically incorrect truths, especially to young patients in their most vulnerable and confused moments. Instead of platitudes and misinformation, it's time to offer them real protection.

**How May I Offend You Today?** Susannah B. Lewis 2020-10-20 USA Today bestselling author Susannah B. Lewis (creator of Whoa! Susannah) is back with another hilarious take on what so many people are thinking but are afraid to say aloud. Millions of online fans have flocked to Susannah B. Lewis's hysterical, take-no-prisoners rants about her pet peeves in everyday life. Now, in *How May I Offend You Today?*, Lewis turns her trademark humor to ordinary events that work her nerves—from people who wear t-shirts with indecent images to public displays of affection in the plumbing aisle of Lowe's—while keeping a wry eye on herself and her own temptation to vent grievances "like a teenage girl in overalls and Birkenstocks." Weaving together anecdotes from her distinctly Southern life with frequent references to the Bible, what she calls "our manual for living," Lewis says what many of us have thought, and in the process encourages us to stand firm in our views. The witty-yet-down-to-earth banter and uplifting, inspirational message of *How May I Offend You Today?* gives readers everywhere the boost necessary to make it through even their most trying days.

**Facebook Democracy** José Marichal 2016-04-15 In July 2010, Facebook had over 500 million subscribers worldwide and the rapid rise of the site prompted Time magazine to name Facebook's founder Mark Zuckerberg its person of the year for 2010. This novel book advances our understanding of how democratic citizens are transformed by the "Facebook revolution". Despite increasing interest in politics and popular media, there has been little academic work on the impact of Facebook on politics in general, and on democratic processes in particular. The work that does exist has been limited to Facebook's impact on politics as a mobilization tool used by social movement activists. In this book, José Marichal argues that understanding Facebook's impact on political processes requires an understanding of how Facebook's architecture of

disclosure shapes the construction of individuals' political identities by drawing users further into their pre-selected social networks. Drawing on a number of disciplines and an ethnographic analysis of 250 Facebook political groups, Marichal explores how Facebook's emphasis on social connection impacts key dimensions of political participation: e.g., mobilization, deliberation, and attitude formation.

**Overwhelmed By The Grace Of God** Jeffrey M. Rifkin 2022-11-03 After suffering a life-changing trauma at the tender age of four when he found his infant brother dead in his crib, Dr. Rifkin went on a lifelong quest to know and understand the workings of God. His journey took him to northern California to study with the Beatles' guru and to Machu Picchu to study with Incan shamans. He lived in an Indian ashram for eleven years and studied Zen, yoga, and the occult But it wasn't until Jesus revealed himself that his pain was overtaken by the love and peace that only Jesus provides. Despite being raised Jewish, Dr. Rifkin fully embraced his Messiah and led many of his family to salvation. He has spent nearly forty years as a licensed therapist, helping others to repair their marriages and work their way through their own emotional pain. In 2011, his practice was interrupted when he learned that despite knowing Jesus and living a very healthy lifestyle, he inherited his family's genetic and devastating disease which destroys and eventually shuts down the functioning of both kidneys. Polycystic kidney disease had him on daily dialysis at home which exhausted him. His thirteen-year-old son would keep him company, all the while fearful that his father would die before finding a new kidney. To make matters worse, his wife of eighteen years no longer wanted to remain married. Feeling very alone, he turned to Jesus and was told by the Holy Spirit that he was about to be the recipient of a miracle. Then, eleven months later, after being prompted by the Holy Spirit, he put his request for a living donor on social media, and he received a perfect kidney from a complete stranger. Today, Dr. Rifkin is remarried to the love of his life and has recently learned that polycystic kidney disease has affected his liver to the point where he will need a transplant. After hours of prayer, he was reassured that he will be successful in this transplantation and looks forward to living out his life with his beautiful wife serving the Lord.

Storey presents a range of different ways of thinking theoretically about the everyday; from Freudian and Marxist approaches, to chapters exploring topics such as consumption, mediatization and phenomenological sociology. The book concludes, drawing from the previous nine chapters, with notes towards a definition of what everyday life might look like as a pedagogic object of study in cultural studies. This is an ideal introduction to the theories of everyday life for both undergraduate and postgraduate students of cultural studies, communication studies and media studies.
