Lolita Vladimir Nabokov 2012-07-27 'Lolita is comedy, subversive yet divine' Martin Amis, Observer Poet and pervert, Humbert Humbert becomes obsessed by twelve-year-old Lolita and seeks to possess her, first carnally and then artistically, 'to fix once for all the perilous magic of nymphets'. Is he in love or insane? A tortured soul or a monster? Humbert Humbert's fixation is one of many dimensions in Nabokov's dizzying masterpiece, which is suffused with a savage humour and rich, elaborate verbal textures. Filmed by Stanley Kubrick in 1962, and again in 1997 by Adrian Lyne, Lolita has lost none of its power to shock and awe. Get Over Yourself! Patti Novak 2008-12-30 True love doesn't just happen, notes professional matchmaker Patti Novak. You have to work for it—and want it. Forget eight-minute speed dates or online dating sites with twenty-page questionnaires that promise a scientifically calculated perfect match. The fact that you both like golf, stamp collecting, and pizza with anchovies is great, but it won't mean a thing if you don't feel that zing. But before there can be sparks, there have to be dates. And before the first date, you need to get over yourself! Taking a tough-love approach, and in her signature straight-shooting style, Patti will show you how to fix what needs to be fixed, reach your core, and identify who you are and what you want in a partner. She uses a three-part common-sense formula: • Getting Over What? Assess your dating weaknesses, recognize what's not working, and adjust your expectations. Delve into your personal history and past relationships, and pinpoint the issues that have been holding you back. • Almost Over It Fine-tune your attitude, your look, and your behavior to maximize your dating chances. Novak lays out strategies to help you deal with the brutal dating monsters you find along the way. • Over It Learn the do's and don'ts of the first date, the second date, and beyond. Remember, it's not a job interview or therapy session. Pretend you're meeting a new friend, not a prospective husband or wife. Finding your one and only isn't about having the right shoes or a flat stomach. It's about being true to yourself, being vulnerable, and being ready for love. Whether you're new to the dating scene, divorced and looking, or just trying to reach that second date, Get Over Yourself! will help you get the love you've always wanted and deserve.

As Aanchal Roy, turns eighteen in the fall of 2014, her intuitive mind slowly begins to question the decision, her lonely heart had made six months ago. *Caged: The Price of Pride* is a story of Aanchal’s struggles with herself, in a world where her life’s choices has been dominated by others so far. Having grown up without her mother, she realizes only now that she had been cheated in love, and decides to make her own choices in life. And help comes to her in form of a stranger, Rehan Khan, to whom she relates for having a similar damaged past. As a secret bonding flourishes among them, they begin to unfold years old secrets. About how she lost her mother, how his father went missing; why her father is so concerned about pride, why his mother is afraid about his relationships; why she always chooses the wrong people to trust, why his love is never reciprocated, and what sweet lies she had been told, and what bitter truths she must not reveal.

Modern Romance Aziz Ansari 2015-06-16 The #1 New York Times Bestseller “An engaging look at the often head-scratching, frequently infuriating mating behaviors that shape our love lives.” —Refinery 29 A hilarious, thoughtful, and in-depth exploration of the pleasures and perils of modern romance from Aziz Ansari, the star of *Master of None* and one of this generation’s sharpest comedic voices At some point, every one of us embarks on a journey to find love. We meet people, date, get into and out of relationships, all with the hope of finding someone with whom we share a deep connection. This seems standard now, but it’s wildly different from what people did even just decades ago. Single people today have more romantic options than at any point in human history. With technology, our abilities to connect with and sort through these options are staggering. So why are so many people frustrated? Some of our problems are unique to our time. “Why did this guy just text me an emoji of a pizza?” “Should I go out with this girl even though she listed Combos as one of her favorite snack foods? Combos?!” “My girlfriend just got a message from some dude named Nathan. Who’s Nathan? Did he just send her a photo of his penis? Should I check just to be sure?” But the transformation of our romantic lives can’t be explained by technology alone. In a short period of time, the whole culture of finding love has changed dramatically. A few decades ago, people would find a decent person who lived in their neighborhood. Their families would meet and, after deciding neither party seemed like a murderer, they would get married and soon have a kid, all by the time they were twenty-four. Today, people marry later than ever and spend years of their lives on a quest to find the perfect person, a soul mate. For years, Aziz Ansari has been aiming his comic insight at modern romance, but for *Modern Romance*, the book, he decided he needed to take things to another level. He teamed up with NYU sociologist Eric Klinenberg and designed a massive research project, including hundreds of interviews and focus groups conducted everywhere from Tokyo to Buenos Aires to Wichita. They analyzed behavioral data and surveys and created their own online research forum on Reddit, which drew thousands of messages. They enlisted the world’s leading social scientists, including Andrew Cherlin, Eli Finkel, Helen Fisher, Sheena Iyengar, Barry Schwartz, Sherry Turkle, and Robb Willer. The result is unlike any social science or humor book we’ve seen before. In *Modern Romance*, Ansari combines his irreverent humor with cutting-edge social science to give us an unforgettable tour of our new romantic world.

Basic Group Processes P. B. Paulus 2012-12-06 Research on groups has been a major focus of concern among psychologists and sociologists for many years. The study of groups certainly deserves a central role in these disciplines since much of our behavior occurs in groups and many important social phenomena involve groups. Issues such as leadership, conformity, group decision-making, group task performance, and coalition formation have had a long history of research. However, recently a number of other areas of research have blossomed that provide interesting new perspectives on group processes (e.g., social impact). In addition, topics of research have developed outside the commonly accepted domain of group

dynamics (e.g., self-disclosure) which seem to be concerned with rather basic group processes. Basic Group Processes was designed to bring together in one volume a representative sample of the broad range of work currently being done in the area of groups. Some of the chapters provide a review of the literature while others focus more specifically on current programs of research. All, however, provide new insights into basic group processes and a number provide broad integrative schemes. All of the authors were asked to emphasize theoretical issues rather than a detailed presentation of research. Basic Group Processes suggests that research on groups is a lively enterprise and forging interesting new theoretical and empirical directions.

This Way Out Tufayel Ahmed 2022-07 It's time everyone knew the truth, and what better way to announce you're getting married (and gay) than on your family WhatsApp group? Amar can't wait to tell everyone his wonderful news: he's found The One, and he's getting married. But it turns out announcing his engagement on a group chat might not have been the best way to let his strict Muslim Bangladeshi family know that his happy-ever-after partner is a man--and a white man at that. Amar expected a reaction from his four siblings, but his bombshell sends shockwaves throughout the community and begins to fracture their family unit, already fragile from the death of their mother. Suddenly Amar is questioning everything he once believed in: his faith, his culture, his family, his mother's love--and even his relationship with Joshua. Amar was sure he knew what love meant, but was he just plain wrong? He's never thought of his relationship with Joshua as a love story--they just fit together, like two halves of a whole. But if they can reconcile their differences with Amar's culture, could there be hope for his relationship with his family too? And could this whole disaster turn into a love story after all?
