**All the Birds, Singing** - Evie Wyld 2013-06-20

'A thoughtful and intense account of a young woman seemingly determined to disappear from the world's radar...' Observer Jake Whyte is the sole resident of an old farmhouse on an unnamed British island, a place of ceaseless rains and battering winds. It's just her, her untamed companion, Dog, and a flock of sheep. Which is how she wanted it to be. But something is coming for the sheep - every few nights it picks one off, leaves it in rags. It could be anything. There are foxes in the woods, a strange boy and a strange man, rumours of an obscure, formidable beast. And there is Jake's unknown past, perhaps breaking into the present, a story hidden thousands of miles away and years ago, in a landscape of different colour and sound, a story held in the scars that stripe her back. 'Unsettling, dark and extraordinarily fresh' The Times 'A hair-prickling thriller... It's the quality of [Wyld's] prose that really blows your mind' Metro \*\*Shortlisted for the Costa Novel Prize\*\* \*\*Longlisted for the Women's Prize for Fiction\*\*

We Should Get Together is the handbook for anyone who's ready for better friendships, now. Have you recently moved to a new city and are struggling to make friends? Do you find yourself constantly making plans with friends that fall through? Are you more likely to see your friends' social media posts than their faces? You aren't alone. Making and maintaining friendships during adulthood can be hard--or, with a bit of intention and creativity, joyful. Author Kat Velloso, experience designer and founder of Better Than Small Talk, tackles the four most common challenges of adult friendship: constant relocation, full schedules, the demands of partnership and family, and our culture's declining capacity for compassion and intimacy in the age of social media. *How to Start a Conversation with Anyone* - Joshua Strachan

Here's a question for you... Do your palms get sweaty, your knees weak, your arms heavy and your throat dry whenever there's an opportunity to strike up a conversation with a total stranger? Maybe it's not as grim as I painted it above, but if you ever find yourself hesitant to talk to a stranger, then chances are that you have a social anxiety disorder (SAD). For most people, the bathroom is not just where they lather up, it's also where they have all the perfect conversations they couldn't have with strangers they meet in their daily lives. You may think... they are just strangers; it's not like they are a huge part of my life. But remember what Rodney McKuen, a best-selling American poet, singer, and actor said? "Strangers are just friends waiting to happen" This is about more than just making friends. It's about making yourself happier, more connected to your communities, mentally sharper, less lonely, and more optimistic about life. Heck, it's about life itself. Smiling at strangers is great, lending them a helping hand is greater. But you know what's even better? Having life-changing conversations with them. Grab this book today and never second guess yourself again in front of a stranger.

[The Charisma Myth](#) - Olivia Fox Cabane 2013-03-26

What if charisma could be taught? The charisma myth is the idea that charisma is a fundamental, inborn quality—you either have it (Bill Clinton, Steve Jobs, Oprah) or you don't. But that's simply not true, as Olivia Fox Cabane reveals. Charismatic behaviors can be learned and perfected by anyone. Drawing on techniques she originally developed for Harvard and MIT, Cabane breaks charisma down into its components. Becoming more charismatic doesn't mean transforming your fundamental personality. It's about adopting a series of specific practices that fit in with the personality you already have. The Charisma Myth shows you how to become more influential, more persuasive, and more inspiring.

**The 48 Laws of Power** - Robert Greene 2000-09-01

Amoral, cunning, ruthless, and instructive, this multi-million-copy New York Times bestseller is the definitive manual for anyone interested in gaining, observing, or defending against ultimate control - from the author of The Laws of Human Nature. In the book that People magazine proclaimed "beguiling" and "fascinating," Robert Greene and Joost Elffers have distilled three thousand years of the history of power into 48 essential laws by drawing from the philosophies of Machiavelli, Sun Tzu, and Carl Von Clausewitz and also from the lives of figures ranging from Henry Kissinger to P.T. Barnum. Some laws teach the need for prudence ("Law 1: Never Outshine the Master"), others teach the value of confidence ("Law 28: Enter Action with Boldness"), and many recommend absolute self-preservation ("Law 15: Crush Your Enemy Totally"). Every law, though, has one thing in common: an interest in total domination. In a bold and arresting two-color package, The 48 Laws of Power is ideal whether your aim is conquest, self-defense, or simply to understand the rules of the game.

**Tell Me Again How A Crush Should Feel** - Sara Farizan 2014-10-07

Her Persian heritage makes her different enough; if word got out that Leila liked girls, life would be twice as hard. And what would her parents think? It's bad enough she's not even going to become a doctor. But when a sophisticated, beautiful new girl, Saskia, shows up, Leila starts to take risks she never dreamed of, especially when it looks as if the attraction between them is mutual. Struggling to sort out her growing feelings and Saskia's confusing signals, Leila confides in her old friend, Lisa, and grows closer to Tomas, whose comments about his own sexuality are frank, funny, wise and sometimes painful. Gradually, Leila begins to see that almost all of her classmates are more complicated than they first appear to be, and many are keeping fascinating secrets of their own.
