**Nasty Galaxy** - Sophia Amoruso 2016-10-04

From Sophia Amoruso, the New York Times–bestselling author of #GIRLBOSS, a lushly illustrated embodiment of the collective spirit of the Nasty Gal brand, Sophia's own personal brand, and girlbosses

everywhere, with a foreword by Courtney Love. Warning: this is not a style book. It's not about how to mix prints—it's about how to leave yours on everything you touch. Highly graphic and visual, filled with illustrations, photos and short essays, Nasty Galaxy is part scrapbook, part inspo-journey, with moments of frivolity scattered throughout. Tactical and entertaining, envelope-pushing and conventional, surprising and refreshingly straightforward, Nasty Galaxy is a dive into Sophia's philosophies on work, relationships, balance, friendships, and more. It is a celebration of her roots in vintage clothing, punk attitude, fringe

characters, and don't-give-a-fuckthought leadership. Nasty Galaxy is Amoruso's newest life bible, approaching style, music, philosophy, and advice in the same way #GIRLBOSS approached business—unconventionally. Oversized and in full color, this is the newest, coolest, must-have accessory.

How to Be an Overnight Success - Maria Hatzistefanis 2017-07-06

"You are not born an entrepreneur. It's a skill that you learn along the way." When the skincare company Rodial launched its cult 'snake' serum, the press quickly called the business an 'overnight success'. However, Rodial's founder Maria Hatzistefanis had been toiling for 18 years, building the company from scratch in her bedroom. Now, the beauty boss sets out to demonstrate in this very accessible book that its success stemmed from sheer hard work, tireless efforts and a lot of patience. Fashion-loving Maria set out with a dream to build a beauty business and - despite not excelling at school, and being fired from her first job - she has achieved it. She did it by dreaming big, working hard, surrounding herself with the best, taking risks, creating buzz and building her own personal brand, which is now a favourite with high-profile models and media personalities including Poppy Delevingne, Daisy Lowe and Kylie Jenner. Crucially, she believes anyone can do this and her book, brimming with good sense, great advice, tips and secrets - all presented in an easy, friendly style - shows how.

The Lion House - Christopher de Bellaigue 2023-11-07

"Christopher de Bellaigue has a magic talent for writing history. It is as if we are there as the era of Suleyman the Magnificent unfolds." —Orhan Pamuk, winner of the Nobel Prize in Literature Narrated through the eyes of the intimates of Suleyman the Magnificent, the sixteenth-century sultan of the Ottoman Empire, *The Lion House* animates with stunning immediacy the fears and stratagems of those brought into orbit around him: the Greek slave who becomes his Grand Vizier, the Venetian jewel dealer who acts as his go-between, the Russian consort who becomes his most beloved wife. Within a decade and a half, Suleyman held dominion over twenty-five million souls, from Baghdad to the walls of Vienna, and with the help of his brilliant pirate commander, Barbarossa, placed more Christians than ever before or since under Muslim rule. And yet the real drama takes place in close-up: in small rooms and whispered conversations, behind the curtain of power, where the sultan sleeps head-to-toe with his best friend and eats from wooden spoons with his

baby boy. In *The Lion House*, Christopher de Bellaigue tells the story not just of rival superpowers in an existential duel, nor of one of the most consequential lives in human history, but of what it means to live in a time when a few men get to decide the fate of the world.

**#GIRLBOSS** - Sophia Amoruso 2014-05-06

In the New York Times bestseller that the Washington Post called "Lean In for misfits," Sophia Amoruso shares how she went from dumpster

diving to founding one of the fastest-growing retailers in the world.

Amoruso spent her teens hitchhiking, committing petty theft, and scrounging in dumpsters for leftover bagels. By age twenty-two she had dropped out of school, and was broke, directionless, and checking IDs in the lobby of an art school—a job she'd taken for the health insurance. It was in that lobby that Sophia decided to start selling vintage clothes on eBay. Flash forward to today, and she's the founder of Nasty Gal and the founder and CEO of Girlboss. Sophia was never a typical CEO, or a typical anything, and she's written #GIRLBOSS for other girls like her: outsiders (and insiders) seeking a unique path to success, even when that path is windy as all hell and lined with naysayers. #GIRLBOSS proves that being successful isn't about where you went to college or how popular you were in high school. It's about trusting your instincts and following your gut; knowing which rules to follow and which to break; when to button up and when to let your freak flag fly. "A witty and cleverly told account . . . It's this kind of honest advice, plus the humorous ups and downs of her rise in online retail, that make the book so appealing." —Los Angeles Times "Amoruso teaches the innovative and entrepreneurial among us to play to our strengths, learn from our mistakes, and know when to break a few of the traditional rules." —Vanity Fair "#GIRLBOSS is more than a book . . . #GIRLBOSS is a movement." —Lena Dunham
