Astrology for Real Relationships Jessica Lanyadoo 2019-12-31 A modern, inclusive guide to astrology that uses the zodiac to illuminate your love life as well as your relationships with your family, your friends, and yourself. When it comes to friendship, family, and romance, we all want the same things: to love and be loved, to communicate, to fight fair, and to feel okay in our own skin. Illuminating and accessible, *Astrology for Real Relationships* includes a primer on basic zodiac knowledge—including the importance of your Sun, Moon, and the planets in your birth chart—before exploring how self-love and self-care affects all types of relationships. Once your mental health and spiritual and emotional wellness are balanced, you can be empowered in your relationships, including:

- Friends and chosen family: The Sun governs your identity and your will. Are you comfortable being yourself? Do your friends see you in the same ways that you see yourself?
- Hanging out and dating: The Moon governs your feelings and emotions. Are you honest with yourself about how you feel and what you really need from a partner?
- Long term relationships: Mars is the planet of conflict. Do you always seem to be attracted to the wrong people? Are women really from Venus and men from Mars? Full of real talk about attraction, dating, sex, frenemies, self-love, mental health, and how to deal with family, this book will help you build and maintain strong connections—with your crushes, your spouse, your boss, or your mom—and uncover and empower you to get what you really want in relationships, not what you think you should want.

The Personality of a Libra, Explained Sikandar Sami 2020-09 Libra is an air sign spoke to by the scales (strikingly, the main lifeless thing of the zodiac), an affiliation that mirrors Libra's obsession with parity and concordance. Libra is fixated on evenness and endeavors to make balance in all everyday issues. These air signs are the people of good taste of the zodiac: Ruled by Venus, the planet that administers love, excellence, and cash,

Libras venerate high craftsmanship, intellectualism, and connoisseurship. Smooth Libras need to encircle themselves with staggering items and make conditions that mirror their lovely tastes. As needs be, these air signs make phenomenal architects, decorators, workmanship pundits, and beauticians. While Libra's contrary sign, Aries, speaks to "me," Libra represents "we." Relationships are vital for Libras, who discover balance in friendship. They love amicable associations with popular mates, particularly the individuals who make alluring eye candy. (Libra administers the skin, and these air signs are profoundly energetic by physical appearances. It is highly unlikely Libra would prefer to unwind than with a sumptuous face veil.) Libras are normally coupled, and when they will be, they should be cautious about looking for consideration outside the tons of their connections. Since they attempt to keep everybody cheerful and drew in, they may wind up enticed to push the restrictions of their concurrences with their accomplices. Human satisfying Libras must recall that the joy of their friends and family and the wellbeing of their connections is a higher priority than keeping up the consideration of far off admirers. Libra is a cardinal sign, which implies Libras are likewise incredible at propelling new activities. Since Libras think about numerous viewpoints in all interests, be that as it may, these air signs battle with hesitation. Rather than continually looking for outside viewpoints, Libras would do well to create (and trust) their own instinct. Their trademark irresoluteness aside, Libras can explore basically any social circumstance, easily settling clashes by essentially turning on the appeal.

SignMates Bernie Ashman 2012-07-08 Somehow, your relationship that started out so wonderfully is having problems. Or perhaps you'd like to anticipate what problems could occur in a potential relationship. More importantly, you need to know how to resolve the problems. Problems of interpersonal relationships are most often caused because everyone has conscious and unconscious needs and behaviors that can conflict with those of another. Recognizing and dealing with them can save relationships. You'll find out how to do this in Bernie Ashman's SignMates. Contrary to what some people think, your astrological sign doesn't "force" you to do anything. It is simply an indicator of what you are. By understanding how the signs relate, you can better understand relationships and how to overcome problems that may arise. In a nutshell, that is what this book will do for you. The book relates potential problems in a relationship between every sign of the zodiac. For example, if you are a Virgo and your partner is a Scorpio, you may play the "Sabotage Game," where you make it difficult for your partner to reach goals because of unresolved anger or jealousy. To deal with this you need to become aware of negative, unproductive comments and support your partner. Two other games and coping strategies are given. Or perhaps you are a Libra and your partner is an Aquarius. You may experience the "Lovers and Strangers Game" where your sense of closeness vacillates between extremes. This is a test to see if you can handle emotional heat. You have to be willing to simply and honestly discuss your feelings. Again, two more games and strategies for dealing with the conflicts that cause them are given. No matter what sign you and your partner are, this book will pinpoint the potential pitfalls and how to deal with them. Also included for each pairing is the good news, a "rainbow" at the end of the difficulties, which indicates how great such a relationship can be. Ideal for both non-astrologers and astrological pros, this book can help save your relationship.
