What about My Feelings? - Qalandar Nawaz 2016-08-10

It isn't that easy to get a girl in this era; actually getting one is easy but maintaining a relationship is not! Because it's too expensive! One girl would cost half of your salary and most of your time; it's obvious that to make a girl fall in love with you, you have to give her time and you have to spend money on her. For every occasion she comes across in her life you need to spend—it could be her birthday, anniversary of your relationship, Valentine's day, Women's day, etc. What is worse is that you should celebrate even her dog's birthday, her friend's birthday, etc. On her friend's birthday of course just be with her, but don't ever flirt with her best friends. But still she expects you to buy gifts for her friend on her birthday, which has to be given on behalf of you both and what not! As far as I know Rahil has been doing all of these!

You Say More Than You Think - Janine Driver 2011-01-04

Now You're Talking! Do you want to be bulletproof at work, secure in your relationship, and content in your own skin? If so, it's more important than ever to be aware of what your body is saying to the outside world. Unfortunately, most of what you've heard from other body language experts is wrong, and, as a result, your actions may be hurting, not helping, you. With sass and a keen eye, media favorite Janine Driver teaches you the skills she used every day to stay alive during her fifteen years as a body-language expert at the ATF. Janine's 7-day plan and her 7-second solutions teach you dozens of body language fixes to turn any interpersonal situation to your advantage. She reveals methods here that other experts refuse to share with the public, and she debunks major myths other experts swear are fact: Giving more eye contact is key when you're trying to impress someone. Not necessarily true. It's actually more important where you point your belly button. This small body shift communicates true interest more powerfully than constant eye contact. The "steeple" hand gesture will give you the upper hand during negotiations and business meetings. Wrong. Driver has seen this overbearing gesture backfire more often than not. Instead, she suggests two new steeples that give you power without making you seem overly aggressive: the Basketball Steeple and the A-OK Two-Fingered Steeple. Happy people command power and attention by smiling just before they meet new people. Studies have shown that people who do this are viewed as Beta Leaders. Alpha leaders smile once they shake your hand and hear your name. At a time when every advantage counts—and first impressions matter more than ever—this is the book to help you really get your message across.

Attached - Amir Levine 2012-01-05

"Over a decade after its publication, one book on dating has people firmly in its grip." —The New York Times We already rely on science to tell us what to eat, when to exercise, and how long to sleep. Why not use science to help us improve our relationships? In this revolutionary book, psychiatrist and neuroscientist Dr. Amir Levine and Rachel Heller scientifically explain why some people seem to navigate relationships effortlessly, while others struggle. Discover how an understanding of adult attachment—the most advanced relationship science in existence today—can help us find and sustain love. Pioneered by psychologist John Bowlby in the 1950s, the field of attachment posits that each of us behaves in relationships in one of three distinct ways: • Anxious people are often preoccupied with their relationships and tend to worry about their partner's ability to love them back • Avoidant people equate intimacy with a loss of independence and constantly try to minimize closeness. • Secure people feel comfortable with intimacy and are usually warm and loving. Attached guides readers in determining what attachment style they and their mate (or potential mate) follow, offering a road map for building stronger, more fulfilling connections with the people they love.

[The Guyde](#) - Howie Reith 2016-11-19

The Guyde is the most comprehensive men's dating and self-improvement book ever written, designed to be everything you need to transform into the most confident version of yourself. There are no lines or routines; instead you'll find exercises and information to improve your self-esteem, social skills, and other elements integral to social success. Everything in these pages is backed with scientific evidence, and when I say scientific evidence, I mean cited peer-reviewed literature, not pop evolutionary psychology or the "law of attraction." You won't be reading anecdotes telling you about my "successes" or opinions; you'll be learning the practical steps necessary for the specific changes you want to manifest in your life. The Guyde is divided into four sections: Part I - Psychology Part I focuses on the internal elements of social interaction. How do you overcome your toxic self-limiting beliefs that keep you from being authentic with people? How do you overcome your fears? How can you stay motivated to make your changes? You will learn clinically effective approaches to all of these and more. Part II - Social Skills For many men, the biggest barrier between themselves and social success is a lack of social skills and awareness. In Part II, you'll learn how to shore up this weakness. You will learn how to listen, banter, share stories, and assert yourself with others. You'll learn how to improve your body language and vocal tonality to project confidence and charisma. Part III - Physical Attractiveness Part III will teach you how to improve your physical features. The first two chapters detail the most clinically effective approaches to diet and exercise. We'll also discuss the basics of fashion and how to dress to impress. Master Part III, and when you go out, you will turn heads. Part IV - Dating The final portion of *The Guyde* deals with dating, in this version, in a heterosexual male context. You'll learn the best places to meet potential dates, how to flirt, and how to ask someone out. You'll learn how to plan brag-worthy romantic evenings and how to address problems like rude cancellations and "ghosting." You'll learn how to interact physically while being sensitive to your date's wishes, as well as how to perform better in bed. You'll learn why relationships fail and how to avoid the pitfalls most couples fall into, and you'll come to understand a bit about what it's like to date from a woman's perspective, including many of the cultural factors they face that most men don't understand. The Guyde is a labor of love. I wrote it to be everything I wish I'd known when I was younger, the sorts of things that turned my life around for the better. I hope it does the same for you.
