The Diary of A Young Girl (Deluxe Hardbound Edition) Anne Frank 2022-12-06 A thirteen-year-old Jewish girl and her family abandoned their house in Amsterdam and went into hiding in 1942, when Nazis occupied Holland. They and another family stayed cloistered in the "Secret Annex" of an old office building for the next two years, until their whereabouts were revealed to the Gestapo. They suffered starvation, boredom, the daily cruelties of living in tight quarters, and the ever-present prospect of discovery and death because they were cut off from the outside world. Anne Frank kept a diary throughout this time, recording vivid recollections of her events. Her story is a fascinating meditation on human tenacity and weakness, as well as a riveting self-portrait of a sensitive and vibrant young woman whose promising future was sadly cut short.

The Ilse Wayne Patterson 2000-01-01 On January 13, 1903, the first Korean immigrants arrived in Hawai'i. Numbering a little more than a hundred individuals, this group represented the initial wave of organized Korean immigration to Hawai'i. Over the next two and a half years, nearly 7,500 Koreans would make the long journey eastward across the Pacific. Most were single men contracted to augment (and, in many cases, to offset) the large numbers of existing Chinese and Japanese plantation workers. Although much has been written about early Chinese and Japanese laborers in Hawai'i, until now no comprehensive work had been published on first-generation Korean immigrants, the ilse. Making extensive use of primary source material from Korea, Japan, the continental U.S., and Hawai'i, Wayne Patterson weaves a compelling social history of the Korean experience in Hawai'i from 1903 to 1973 as seen primarily through the eyes of the ilse. Japanese surveillance records, student journals, and U.S. intelligence reports--many of which were uncovered by the author--provide an "inner history" of the Korean community. Chapter topics include plantation labor, Christian mission work, the move from the plantation to the city, picture prizes, relations with the Japanese government, interaction with other ethnic groups, intergenerational conflict, the World War II experience, and the postwar years. The Ilse is an impressive and much-needed contribution to Korean American and Hawai'i history and significantly advances our knowledge of the East Asian immigrant experience in the United States.

The Guyde Howie Reith 2016-11-19 *The Guyde* is the most comprehensive men's dating and self-improvement book ever written, designed to be everything you need to transform into the most confident version of yourself. There are no lines or routines; instead you'll find exercises and information to improve your self-esteem, social skills, and other elements integral to social success. Everything in these pages is backed with scientific evidence, and when I say scientific evidence, I mean cited peer-reviewed literature, not pop evolutionary psychology or the "law of attraction." You won't be reading anecdotes telling you about my "successes" or opinions; you'll be learning the practical steps necessary for the specific changes you want to manifest in your life. *The Guyde* is divided into four sections: Part I - Psychology Part I focuses on the internal elements of social interaction. How do you overcome your toxic self-limiting beliefs that keep you from being authentic with people? How do you overcome your fears? How can you stay motivated to make your changes? You will learn clinically effective approaches to all of these and more. Part II - Social Skills For many men, the biggest barrier between themselves and social success is a lack of social skills and awareness. In Part II, you'll learn how to shore up this weakness. You will learn how to listen, banter, share stories, and assert yourself with others. You'll learn how to improve your body language and vocal tonality to project confidence and charisma. Part III - Physical Attractiveness Part III will teach you how to improve your physical

features. The first two chapters detail the most clinically effective approaches to diet and exercise. We'll also discuss the basics of fashion and how to dress to impress. Master Part III, and when you go out, you will turn heads. Part IV - Dating The final portion of The Guyde deals with dating, in this version, in a heterosexual male context. You'll learn the best places to meet potential dates, how to flirt, and how to ask someone out. You'll learn how to plan brag-worthy romantic evenings and how to address problems like rude cancellations and "ghosting." You'll learn how to interact physically while being sensitive to your date's wishes, as well as how to perform better in bed. You'll learn why relationships fail and how to avoid the pitfalls most couples fall into, and you'll come to understand a bit about what it's like to date from a woman's perspective, including many of the cultural factors they face that most men don't understand. The Guyde is a labor of love. I wrote it to be everything I wish I'd known when I was younger, the sorts of things that turned my life around for the better. I hope it does the same for you.

Modern Romance Aziz Ansari 2015-06-16 The #1 New York Times Bestseller “An engaging look at the often head-scratching, frequently infuriating mating behaviors that shape our love lives.” —Refinery 29 A hilarious, thoughtful, and in-depth exploration of the pleasures and perils of modern romance from Aziz Ansari, the star of Master of None and one of this generation’s sharpest comedic voices At some point, every one of us embarks on a journey to find love. We meet people, date, get into and out of relationships, all with the hope of finding someone with whom we share a deep connection. This seems standard now, but it’s wildly different from what people did even just decades ago. Single people today have more romantic options than at any point in human history. With technology, our abilities to connect with and sort through these options are staggering. So why are so many people frustrated? Some of our problems are unique to our time. “Why did this guy just text me an emoji of a pizza?” “Should I go out with this girl even though she listed Combos as one of her favorite snack foods? Combos?!” “My girlfriend just got a message from some dude named Nathan. Who’s Nathan? Did he just send her a photo of his penis? Should I check just to be sure?” But the transformation of our romantic lives can’t be explained by technology alone. In a short period of time, the whole culture of finding love has changed dramatically. A few decades ago, people would find a decent person who lived in their neighborhood. Their families would meet and, after deciding neither party seemed like a murderer, they would get married and soon have a kid, all by the time they were twenty-four. Today, people marry later than ever and spend years of their lives on a quest to find the perfect person, a soul mate. For years, Aziz Ansari has been aiming his comic insight at modern romance, but for Modern Romance, the book, he decided he needed to take things to another level. He teamed up with NYU sociologist Eric Klinenberg and designed a massive research project, including hundreds of interviews and focus groups conducted everywhere from Tokyo to Buenos Aires to Wichita. They analyzed behavioral data and surveys and created their own online research forum on Reddit, which drew thousands of messages. They enlisted the world’s leading social scientists, including Andrew Cherlin, Eli Finkel, Helen Fisher, Sheena Iyengar, Barry Schwartz, Sherry Turkle, and Robb Willer. The result is unlike any social science or humor book we’ve seen before. In Modern Romance, Ansari combines his irreverent humor with cutting-edge social science to give us an unforgettable tour of our new romantic world.

The Son Of Royal Langbrith William Dean Howells 2020 Mr. Howells is at his best in this novel. There is in it the same perfection of finish, the same absolute sureness of technique, the same realism (to use an overworked word, but here used in its true sense, not meaning either nastiness or stupidity) which one is always sure to find in his work. But there is something more in this book than in some of his others — more strength, more

interest, and a bigger, and successful, attempt to show the more emotional and more vital side of life. The plot is almost precisely that of Ibsen's "Ghosts," with the very great difference, however, that the young man turns out well, and the book ends happily, instead of in the sickening horror of the Ibsen play. Langbrith senior, dead before the story opens, had been a vicious and criminal man in all respects; his widow had allowed their son to come to manhood as a hero-worshipper of his father, knowing that it was wrong, but never having the courage to tell him the true state of affairs. The son is in love with, and is loved by, the daughter of the man whom his father has most wronged. In a quarrel with his uncle the young man is told what his father really was. This terrible blow overturns his whole attitude toward life. He wishes to sacrifice everyone by confession to the world, but is wisely and sanely persuaded that it is best to bear his burden as it is, till the fitting, not Quixotic, time for disclosure arrives. In his trouble, all the characters show their sweetness and strength in helping him to bear the burden. So meagre an outline of the story necessarily means little ; but imagine this plot filled in with every delicacy and sweetness, with fine character-drawing, with real humanity, and with that beautiful and tolerant point of view of life which has come to Mr. Howells in his old age, and you can easily see how fine a novel is 'The Son of Royal Langbrith', how well worth reading it is by everyone who cares for the best in fiction.

Malala's Magic Pencil Malala Yousafzai 2017-10-17 As a child in Pakistan, Malala made a wish for a magic pencil that she could use to redraw reality. She would use it to give gifts to her family, to erase the smell from the rubbish dump near her house, to sleep an extra hour in the morning. As she grew older, Malala wished for bigger and bigger things. She saw a world that needed fixing.
