Appropriate Clothes for the High School Girl - Virginia M. Alexander 2015-06-02

Excerpt from Appropriate Clothes for the High School Girl Some one asked recently, "Why all this agitation on the subject of high school girls' dress?" Interest in this subject has certainly increased during the last several years and the high school girl herself is directly responsible for this interest. It has been said that no great evil exists but contains the seeds of its own cure. The costumes worn to school by the high school girls of our country have been gradually going from bad to worse with the years. Mothers and teachers have striven to do what they could to correct matters but not until the girls themselves realized that this great weakness existed, and they resolved to seek a cure, were real results noticeable. The representative high school girls of our country are making a stand for good taste and democracy in the clothes they wear to school. This little bulletin is published with the hope that its suggestions may be of value to those students who truly desire to raise the standards of dress among the girls of their school.
