**The Crystal Frontier** Carlos Fuentes 2012-08-16

\_\_\_\_\_ A DRAMATIC FICTIONAL PORTRAIT OF THE US-MEXICO BORDER, MIGRATION, AND ITS IMPACT ON PEOPLE'S LIVES \_\_\_\_\_ Through this network of nine personal stories, Carlos Fuentes sets out to explain Mexico and America to each other - and to the rest of the world. He presents a dramatic fictional portrait of the relationship between the United States and Mexico, as played out in a Mexican dynasty led by a powerful Mexican oligarch with complex ties north of the border. It is the story of Mexican families who send their sons north to provide for whole villages with dollars and of Mexican tycoons who exploit their own people. Young Jose Francisco grows up in Texas, determined to write about the border world - the immigrants and illegals, Mexican poverty and Yankee prosperity - stories to break the stand-off silence with a victory shout, to shatter at last the crystal frontier.

### **Challenging Global Gender Violence: The Global**

**Clothesline Project** S. Rose 2016-02-09 Challenging Global Gender Violence provides a qualitative and comparative analysis of women's experiences of violence, healing, and action across cultures. Gender violence is the most pervasive human rights violation affecting women and children across both the developed and developing world. While the specific cultural contexts and acts of violence vary, the feelings that women express about their experiences of abuse are strikingly similar. So are the images, colors, and words they use to express those feelings. Hearts - bruised, broken, and torn; black and red; NO! and No Más! are frequently found on shirts contributed to the Global Clothesline Project. While providing a theoretical analysis of trauma, Susan D. Rose grounds the discussion in the lived experiences and stories of women across cultures. Featuring women's stories, artwork, and voices as they speak about their experiences of violence and healing, this brief volume examines the relationship between gender inequality and gender violence, the health impacts of gender violence, and strategies being used to reduce violence against women.

**An Amazonian Myth and Its History** Peter Gow 2001 Peter Gow unites the ethnographic data collected by the fieldwork methods invented by Malinowski with Levi-Strauss's analyses of the relations between myth and time. His book is an analysis of a century of social transformation in an indigenous Amazonian society, the Piro people of Peruvian Amazonia, taking as its starting point a single myth told to the author by a Piro man. Gow explores Piro history and ethnography outwards into the domains of myth-telling in general, and following the logic of certain important myths, further out into important domains of Piro experience such as visual art, shamanry and girls' initiation ritual. All of these domains, like the myths themselves, have been demonstrably changing over the period since the 1880s. The book then shows how these changes are in fact transformations of transformations, changes in social forms that are intrinsically about change. The logic of these changes are then followed through the historical circumstances of Piro people from the 1880s to the 1980s, to show how the intrinsically transformational nature of Piro social forms led them to respond in the ways that they did to the coming of rubber bosses, missionaries, and film-makers. This book makes an important contribution to debates in anthropology on the nature of history and social change, as well as addressing neglected areas such as myth, visual art, and the methodological issues involved in addressing fieldwork and archival data.

The Fix Michael Massing 2000-05-31 Massing confronts the failure of the "war on drugs" and documents the much greater potential for reclaiming drug addicts that can be had by treatment and support rather than criminalization, and at a lower cost than building ever more prisons and militarizing drug source countries in Latin America.

precarious moments. The character-driven, quick-paced story involves colorful characters and odd, outlandish situations. At Regal Taxi, Money is tricked by cowboys into riding a wild bronco, transports a cheerleader squad not shy in revealing skin, and escorts an almost-deaf elderly lady with a voice whinier than a two ton rusty door hinge. During his employment with Yellow Taxi, he delivers a plastered air traffic controller to the airport, making him vow he'll never fly again, while on another run he questions his sanity after experiencing the effects of a ventriloquist. American Taxi offers little relief from the abnormal or weird, only this time the deviance isn't pertinent to passengers: a dispatcher calls him 'Toots' and a fellow driver has a manic reaction of clapping once, bending over and bark-laughing over anything the least bit funny. Money eventually forms his own Wild Hare Taxi--one cab, one driver--and survives even zanier characters and events: preventing his cab from being towed by a transplanted Mainer, navigating German-speaking tennis players to their destination and battling trouble-making fellow cabdrivers. Money moves to Alaska intent on driving cab in the winter and building his own wilderness cabin in the summer, wondering whether he can withstand the call of the wild over the demands of making a living in crazier circumstances. Sprinkled and layered throughout are social commentaries concerning designers and their designs, common sense and pragmatism, the fact that we all have our own demons, devils and peccadilloes, and the plain simple truth that things just aren't always as they seem. **KEYWORDS** - Hilarious, Funny, Cab Driver, Alaska, Taxi, Adventures, Yellow Cab, Yellow Taxi, Misadventures, Newbie **My Family's Other Recipes** Ian Nunn 2011-12-01 Bullied by his second daughter into putting the family's favourite recipes into book form, this subject became a sub-theme in what turned out to be an autobiography, but one written about an ordinary life although with an ability to find the humorous side of most events. there are some interesting pieces of food history and it is very much a personal view of the last sixty years. The book is set out in four sections, based loosely on four periods of the author's life, and given titles based on a four course meal of hors d'oeuvres, fish, meat and dessert entitled "horses doovers, fishy tales, butcher's meat and just desserts". If you want a relaxing read on an inconsequential life which may make you smile, buy this book. If you want a serious cookery book or autobiography of someone famous or important, then you will have to look elsewhere. What does come through is here is a book written by a guy with a love of life, a beard more appropriate to a mad badger and a slightly quirky sense of humour who writes for his own enjoyment but with a warmth others may find undemanding.

It tells me that one third of me is gone but what's left is enough; that the thing is, above all, to survive.' "Successfully makes a real-life issue accessible for the youngest audiences." - Publishers Weekly

A courageous girl follows her dream of learning to fly in this beautifully illustrated story inspired by formerly imprisoned human rights activist Loujain AlHathloul, perfect for Malala's Magic Pencil fans. Loujain watches her beloved baba attach his feather wings and fly each morning, but her own dreams of flying face a big obstacle: only boys, not girls, are allowed to fly in her country. Yet despite the taunts of her classmates, she is determined to do it—especially because Loujain loves colors, and only by flying can she see the color-filled field of sunflowers her baba has told her about. Eventually, he agrees to teach her, and Loujain's impossible dream becomes reality—and soon other girls dare to learn to fly. Based on the experiences of co-author Lina AlHathloul's sister, Nobel Peace Prize nominee Loujain AlHathloul, who led the successful campaign to lift Saudi Arabia's ban on women driving, this moving and gorgeously illustrated story reminds us to strive for the changes we want to see—and to never take for granted women's and girls' freedoms.

**Halfway House** Liam Martin 2021-10-19 "Halfway House draws on three and a half years of intensive ethnographic fieldwork to open a window on the little-known web of organizations governing prisoner reentry at the frontier of mass incarceration. It tells the story of Joe Badillo, along with a small cast of connected characters, by following the ups and downs of his unfolding experience as he leaves jail and searches for a place in the world outside while confronting overwhelming obstacles. Joe's first stop after release is Bridge House, and the author moves into the program as a researcher around the same time he arrives, the beginnings of the long-term collaboration at the heart of the book. This deeply personal account is weaved into a larger analysis of the halfway house as an institution, a site of punishment and carceral control as well as housing and social support. With a national push underway for decarceration and alternatives to imprisonment, it provides an opportunity to rethink the pitfalls and possibilities of using the halfway house to challenge the worst excesses of mass incarceration"--

Nathan Farrugia is in a class by himself. You can't help but enjoy this adventure." "What an amazing series. Plenty of action, thrills, gut-wrenching pace, cool weapons/gadgets and well written story." "Can I give this book 10 stars? It kept me on the edge of my seat from the first page to the last!" "The Fifth Column series is a tour de force. This amazing series deserves a 5 star review." "Really humorous, lots of action and the characters are so much fun. Loved it. Fast-paced, entertaining read." "I picked up a copy of The Chimera Vector thinking it would be a standard adventure novel. I was wrong. From the sands of the Middle East to the streets of New York, Nathan Farrugia has taken the techno-action/spy novel pioneered by David Morrell and given it steroids." "Farrugia weaves an amazing tale of power, deceit and double crosses. Espionage at its finest, intrigue that will tighten your gut and light every nerve on fire, The Chimera Vector goes far beyond science fiction and becomes a fast-paced mystery-thriller that defies early detection of where we are headed." "This is going down as one of the best series I've read. And that's saying something. Filled with intense action with enough sci-fi and thriller to make me grin like I found the girl of my dreams." "Loved it. High paced action thriller it definitely is. You think you know where it is going then the plot twists again. It really kept me turning the pages to see what was going to happen next." "An excellent fast paced series that

merges science, science fiction and adventure in one well written read that will make it impossible to put down." "Oh. Wow. What a book. I found The Chimera Vector to be well written, thoroughly entertaining, and at times unbearably suspenseful. I was literally holding my breath." "All the action that I really enjoyed in the first one and hoped would continue... the sequel blew that out of the ballpark. Amazing book, even better than the first, if that's possible! Love all the characters." "Be warned! This series is totally addictive. Don't start this unless you're ready for a wild action-packed ride." About the author Nathan M. **Teacher Education** Zhongfeng Tian 2023-05-22 The Critical Approaches in Applied Linguistics book series focuses on methods of inquiry, approaches, theories, concepts, and topics in applied linguistics that are critical in nature - that is, geared toward interrogating the relationship between language and the (re)creation of present and possible worlds. The field of applied linguistics has traditionally focused on 'real world issues'. In recent years, there has been a socially-oriented turn that considers issues including language policy, language assessment, language acquisition, discourse, and other topics from a critical perspective. This critical approach not only describes social issues but recognizes societal inequities and seeks to intentionally address them. The series has a social change and social justice

The books in the series take interdisciplinary approaches to focus on key topics (e.g., language and education; language, race, and racism; heritage language socialization; heritage and indigenous language education) using a range of methodological approaches (e.g., critical discourse analysis, participatory action research, narrative inquiry, ethnographies, case studies). This book series provides a distinctive forum for scholars and practitioners to engage with these approaches and topics to move towards social action around the world.
