Jason King *Catholic Sexual Morality* - Robert Fastiggi 2018-01-04

Many people today believe that the traditional Catholic view of sex is antiquated, unrealistic, and potentially harmful. In *Catholic Sexual Morality*, Dr. Robert Fastiggi asks whether the permissive sexual attitude of today's culture is really contributing to deeper love, better relationships, and true happiness for men, women, children, and families. He begins with the example of St. Augustine who recognized he was a slave to lust and in need of true freedom. Fastiggi then examines the foundations for Catholic sexual morality in Scripture, reason, and human experience. The hope is that people will realize that the Catholic Church is not "against sex" but sees sexual intimacy as something so beautiful and life-giving that it requires the stability of marriage for its true and rightful expression. *Catholic Sexual Morality* is grounded in the belief that the church's teachings on sex correspond to God's plan for human happiness. These teachings are

challenging, and the church understands how easy it is to fail in sexual matters. God's mercy, however, is more powerful than human weakness and sin. This book explains the reasons why the Catholic Church teaches as she does on matters such as pornography, masturbation, fornication, adultery, contraception, divorce, and homosexual acts. It presents these teachings in a realistic way with full recognition of the reasons why people reject them. The ultimate desire is to help people understand that Catholic sexual morality is not a creation of church leaders but a response to what God has made known to us in Sacred Scripture and the natural law. In a world filled with infidelity, divorce, wounded children, and broken hearts, the wisdom of traditional Catholic sexual morality deserves a more sympathetic view—not just because it is Catholic but because it is true.

Catholic Moral Tradition, Revised - David Bohr 2006-02-22

Too many Catholics tend to believe that morality is primarily about keeping laws and avoiding sin. 'Catholic Moral Tradition, Revised', shows how from the beginning, the Christian moral life is first and foremost about living our lives according to the new law of grace. The gift of the Holy Spirit, given us at baptism, is a dynamic inner principle that transforms us into a new creation in Christ. This book presents an introductory summary of contemporary Catholic moral teaching based upon the renewal mandated by the Second Vatican Council. It also incorporates subsequent Church documents, especially the moral encyclicals of John Paul II-- 'Veritatis Splendor' and 'Evangelium Vitae'-- along with his three encyclicals on Catholic social doctrine and the 'Catechism of the Catholic Church'.

[Catholicism in the Third Millennium](#) - Thomas P. Rausch 2016-03-24

What is Catholicism? And where is the Catholic

Church headed in the third millennium? These two questions provide the structure for Thomas Rausch's *Catholicism in the Third Millennium*. Here Rausch combines a faithful presentation of the tradition with a critical theological reflection and interpretation of where the Church is today and where it might be moving. Catholicism in the Third Millennium offers an appreciation of the forces and movements that have shaped, and continue to influence, the ongoing change and development of Roman Catholicism. Chief among these is the influence of the Second Vatican Council (1962-1965) in reshaping Catholicism. This revised edition includes updated text from Rausch's *Catholicism at the Dawn of the Third Millennium* particularly the final chapter on "The Unfinished Agenda" of Vatican II. Each chapter concludes with focus questions developed by Catherine E. Clifford of St. Paul's University, Ottawa. This experience of guided reading provides readers with a broad survey of Roman Catholic faith and practice in its contemporary context. For readers who wish to compare particular passages of this volume with the Catechism of the Catholic Church, an outline is provided in an appendix, with references to the appropriate sections of the Catechism. A second appendix offers a glossary of terms used in the book, while a third appendix lists a number of basic works for further investigation of Catholic faith and life. Chapters are "The Church and the Council," "Faith and the Believing Community," "A Visible Church," "A Living Tradition," "Sacraments and Christian initiation," "Christian Life and Discipleship," "Sin, Forgiveness, and Healing," "Sexual Morality and Social Justice," "Prayer and Spirituality," "The Fullness of Christian Hope," and "The Unfinished Agenda." Includes Appendix I: Outlook of Book, with References to the Catechism of the Catholic Church, Appendix II: Glossary of Terms, and Appendix III: Basic Reference Works on Catholicism. An Index of Names, and an Index of Subjects are also included. Thomas P. Rausch, SJ, PhD, is professor of theology at Loyola Marymount University in Los Angeles. He is the author of *Catholicism at the Dawn of the Third Millennium*, *Reconciling Faith and Reason*, and editor of the bestselling *The College Student's Introduction to Theology* published by Liturgical Press. Catherine E. Clifford, PhD, is a professor

of theology at St. Paul's University in Ottawa, Ontario.

Marriage and the Catholic Church - Michael G. Lawler 2002

In this collection of theological essays, Michael Lawler confronts difficult questions in the Catholic theology of marriage. Lawler addresses questions about marriage and sacrament, faith and sacrament, divorce and remarriage, cohabitation, and Catholic models of marriage honestly, historically, accurately, and pastorally. He identifies and explores debated issues, embraces a position on them, and sustains his position with reasoned Catholic insight and pastoral sensitivity. With an excellent command of the sources, he offers a fresh look at the Catholic theology of marriage for a new millennium.

Contemporary Catholic Theology - Michael A. Hayes 1999-03-01

The contents of this volume offer the reader a broad insight into Catholic theology. Established as an indispensable introduction to six areas of study: The Old Testament, The New Testament, The Person of Jesus, The Church, Christian Morality, and The Sacraments. This collection provides key texts from some of the most distinguished writers in Catholic theology today. Contributors include: Philippe Btguerie and Claude Duchesneau, Christopher Butler, Raymond Brown, S.S., Joseph A. Fitzmyer, S.J., Gideon Goosen and Margaret Tomlinson, John H. Hayes, Monika Hellwig, Aidan Kavanagh, O.S.B., Dermot A. Lane, Enda Lyons, Vincent MacNamara, Richard P. McBrien, Enda McDonagh, Joseph Martos, Robert Murray, S.J., Denis F. O'Callaghan, Timothy E. O'Connell, John F. O'Grady, Jean-Pierre PrTvost, Thomas P. Rausch, S.J., Jeffrey S. Siker, Daniel L. Smith-Christopher, Francis Sullivan, S.J.

The Politics of Sexual Morality in Ireland - C. Hug 2016-01-18

The research for this book was prompted by a combination of events, in particular the election of Mary Robinson to the Presidency and the X Case which rocked Irish society. The book is an exploration of the dynamics between the courts, the legislators and the Irish citizens in relation to certain socio-sexual questions: divorce, contraception, abortion, and homosexuality. Spanning 73 years since the creation of the Irish

State, The Politics of Sexual Morality in Ireland questions the nature of the moral order regulating Irish society and the concept of democracy underlying it. It examines the fragile balance struck between tradition and modernity.

In Pursuit of Love - Vincent J. Genovesi 1996

While retaining the basic structure of the original book, this new edition has been thoroughly updated in light of some official Catholic documents and other theological writings dealing with sexual morality that have appeared since 1986. The Catechism of the Catholic Church, Pope John Paul II's encyclicals *Veritatis splendor* and *Evangelium vitae*, and the 1986 and 1992 statements of the Congregation for the Doctrine of the Faith on pastoral care of homosexuals and the issue of discrimination against them are among the more recent magisterial publications considered in this text. This edition also contains several new sections: the misuses of sex (adultery, pornography, prostitution, sexual violence); four rationales for viewing a committed love relationship as the only appropriate context for sexual intercourse; marriage as a sacrament and marital sexuality and love as embodiments of commitment, intimacy, and passion; and public policy and the civil rights of homosexuals. This edition also includes an expanded discussion of topics such as sexism, sexually transmitted diseases especially HIV/AIDS and the moral questions raised by new family-planning methods (Norplant, Depo-Provera), RU-486, postcoital hormonal interventions against pregnancy, the start of human life, and abortion. Vincent J. Genovesi, SJ, received his PhD in Christian ethics from Emory University. He is a professor at St. Joseph's University in Philadelphia. His articles have appeared in such journals as *The Thomist*, *The Way*, *America*, and *Review for Religious*.

Change in Official Catholic Moral Teachings - Charles E. Curran 2003

This volume brings together previously published studies presenting the spectrum of opinion on the change in official Catholic moral teachings.

Where Do You Stand? - Gregory C. Higgins 2014-05-14

Eight Moral Issues Confronting Today's Christians, Gregory C. Higgins. Examines the

particulars behind eight crucial moral issues of the day and challenges the reader to take a personal stand on them.

Love, Human and Divine - Edward Collins Vacek, SJ 1994-04-01

Although the two great commandments to love God and to love our neighbors as ourselves are central to Christianity, few theologians or spiritual writers have undertaken an extensive account of the meaning and forms of these loves. Most accounts, in fact, make love of God and love of self either impossible or immoral. Integrating these two commandments, Edward Vacek, SJ, develops an original account of love as the theological foundation for Christian ethics. Vacek criticizes common understandings of *agape*, *eros*, and *philia*, examining the arguments of Aquinas, Nygren, Outka, Rahner, Scheler, and other theologians and philosophers. He defines love as an emotional, affirmative participation in the beloved's real and ideal goodness, and he extends this definition to the love between God and self. Vacek proposes that the heart of Christian moral life is loving cooperation with God in a mutually perfecting friendship.

Restoration and Renewal - Joseph F. Eagan 1995

To find out more information about Rowman & Littlefield titles please visit us at www.rowmanlittlefield.com.

The Diocesan Priest - David Bohr 2009-07-01

In a robust and engaging manner, David Bohr offers us a thorough review and timely reanalysis of the Catholic diocesan priesthood. Biblical, historical, and sacramental voices dialogue with the relevant documents of the Second Vatican Council, other papal pronouncements, and the perspectives of some of the major commentators on the state of the Catholic priesthood today. Clergy and laity alike will find in Bohr's models of priestly ministry and the topics of consecration, mission, and celibacy a flash point reigniting the discussion of the past, present, and future of the Catholic diocesan priesthood.

Sexual Ethics - Todd A. Salzman 2012-05-18

Two principles capture the essence of the Catholic tradition on sexual ethics: that each and every marriage act must remain open to the transmission of life, and that any human genital

act must occur within the framework of marriage. In the Catholic tradition, moral sexual activity is institutionalized within the confines of marriage and procreation, and sexual morality is marital morality. But theologians Todd Salzman and Michael Lawler contend that there is a disconnect between many of the Church's absolute sexual norms and other theological and intellectual developments explicitly recognized and endorsed in the Catholic tradition, especially since the Second Vatican Council. These developments include the shift from a primary static worldview to a historically conscious worldview, one that recognizes reality as dynamic, evolving, changing, and particular. By employing such a historically conscious worldview, alternative claims about the moral legitimacy of controversial topics such as contraception, artificial reproduction, and homosexual marriage can faithfully emerge within a Catholic context. Convinced of the central role that love, desire, and fertility play in a human life, and also in the life of Christian discipleship, the authors propose an understanding of sexuality that leads to the enhancement of human sexual relationships and flourishing. This comprehensive introduction to Catholic sexual ethics -- complete with thought-provoking study questions at the end of each chapter -- will be sure to stimulate dialogue about sexual morality between Catholic laity, theologians, and the hierarchy. Anyone seeking a credible and informed Catholic sexual ethic will welcome this potentially revolutionary book. *The Sexual Person* - Todd A. Salzman 2008-05-21

Two principles capture the essence of the official Catholic position on the morality of sexuality: first, that any human genital act must occur within the framework of heterosexual marriage; second, each and every marriage act must remain open to the transmission of life. In this comprehensive overview of Catholicism and sexuality, theologians Todd A. Salzman and Michael G. Lawler examine and challenge these principles. Remaining firmly within the Catholic tradition, they contend that the church is being inconsistent in its teaching by adopting a dynamic, historically conscious anthropology and worldview on social ethics and the interpretation of scripture while adopting a static, classicist anthropology and worldview on

sexual ethics. While some documents from Vatican II, like *Gaudium et spes* ("the marital act promotes self-giving by which spouses enrich each other"), gave hope for a renewed understanding of sexuality, the church has not carried out the full implications of this approach. In short, say Salzman and Lawler: emphasize relationships, not acts, and recognize Christianity's historically and culturally conditioned understanding of human sexuality. *The Sexual Person* draws historically, methodologically, and anthropologically from the best of Catholic tradition and provides a context for current theological debates between traditionalists and revisionists regarding marriage, cohabitation, homosexuality, reproductive technologies, and what it means to be human. This daring and potentially revolutionary book will be sure to provoke constructive dialogue among theologians, and between theologians and the Magisterium.

Historical Dictionary of Catholicism - William J. Collinge 2021-08-15

Historical Dictionary of Catholicism, Third Edition contains a chronology, an introduction, a bibliography, the dictionary has more than 500 cross-referenced entries on themes such as baptism, contraception, labor, church architecture, the sexual abuse crisis, doctrine and theology, spirituality and worship, and church structure.

My Call to Priesthood - Ronald Eberley 2006-01-26

A personal story of one married Roman Catholic male's attempt to become a priest. This is the story of Ron Eberley's so-far futile effort to become a married priest. It is also a clear account of the chequered history and tortuous theology of mandatory celibacy.

Happiness and the Christian Moral Life - Paul J. Wadell 2012

Happiness and the Christian Moral Life introduces students to Christian Ethics looking at ethics as a path to the "good life" and happiness, rather than a strict set of rules. Revisions and updates include lists of suggested readings and resources, new discussions of how technology shapes relationships, a more fully developed account of Augustine and happiness, and more.

Christian Ethics - Judith Caron 2001-12-27

Christian Ethics focuses on understanding the relationship between one's ethical self, society's rules, and the consequences of one's actions. It operates from a Judeo-Christian perspective that also takes into account the ethical system of other major world religions. Christian Ethics draws from philosophy, theology, and psychology. It considers the roles of personality development, conscience formation, gender difference, religious values, and social structures in ethical decision making. It probes the questions and dilemmas of good vs. evil, personal vs. communal values, authority vs. conscience, religion vs. society, and civil vs. moral law. Examples and case studies drawn from the fields of social, medical, sexual, business, political, environmental, and personal ethics are used throughout the book and illuminate the process for personal decision making.

Julian of Norwich and the Problem of Evil -

Richard Norton 2023-10-26

Julian of Norwich's Revelations of Divine Love

grapples with the same fundamental question that has vexed philosophers and theologians since the advent of monotheistic religion, and continues as a barrier to belief for many today. Namely, if God is so good, how can natural disaster, genocide, trauma - and my present suffering - occur? Historically, there have been two apparently very different approaches to the problem: the pastoral, or practical, on the one hand and the systematic on the other. However, Richard Norton suggests that these two lines of thought may not be as separate as they seem, and may indeed be dependent on one another for their cohesion. Drawing on Julian's medieval experience of personal and population-wide suffering, alongside that of more recent theologians such as Dorothy Solle and Jurgen Moltmann, Norton constructs a compassionate model of theodicy that can be of use to both pastoral and systematic theologians. Throughout, he remains sensitive to the raw atrocity of evil, while preserving a vision of God as the one who ensures that all shall be well.
