

# Intersex And Identity Sharon E Preves

## **Fighting for the Future** - Sabrina Mittermeier 2020

The first two seasons of Star Trek: Discovery, the newest instalment in the long-running and influential Star Trek franchise, received media and academic attention from the moment they arrived on screen. Discovery makes several key changes to Star Trek's well-known narrative formulae, particularly the use of more serialized storytelling, appealing to audiences' changed viewing habits in the streaming age - and yet the storylines, in their topical nature and the broad range of socio-political issues they engage with, continue in the political vein of the series' megatext. This volume brings together eighteen essays and one interview about the series, with contributions from a variety of disciplines including cultural studies, literary studies, media studies, fandom studies, history and political science. They explore representations of gender, sexuality and race, as well as topics such as shifts in storytelling and depictions of diplomacy. Examining Discovery alongside older entries into the Star Trek canon and tracing emerging continuities and changes, this volume will be an invaluable resource for all those interested in Star Trek and science fiction in the franchise era.

## *A Time to Embrace* - William Stacy Johnson 2012-06-30

In *A Time to Embrace* William Stacy Johnson brilliantly analyzes the religious, legal, and political debates about gay marriage, civil unions, and committed gay couples. This new edition includes updates that reflect the many changes in laws pertaining to civil unions / same-sex marriage since 2006.

## **Intersex, Theology, and the Bible** - Susannah Cornwall 2016-01-26

Intersex bodies have been figured as troubling by doctors, parents, religious institutions and society at large. In this book, scholars draw on constructive and pastoral theologies, biblical studies, and sociology,

suggesting intersex's capacity to 'trouble' is positive, challenging unquestioned norms and assumptions in religion and beyond.

## Language and Masculinities - Tommaso M. Milani 2014-12-05

This volume showcases cutting-edge research in the linguistic and discursive study of masculinities, comprising the first significant edited collection on language and masculinities since Johnson and Meinhof's 1997 volume. Overall, the chapters are linked together by a critical analytical perspective that seeks to understand the relationships between discourse, masculinities, and power. Whereas some of the chapters offer detailed, linguistically informed critiques of the ways in which old and new expressions of masculinities are complicit in the reproduction of men's hegemonic positions of power, others provide a more complex picture, one in which collusion and subversion go hand in hand. Contributions argue for the need for research on language and masculinities to expand its remit so as to engage with "gay masculinities," and unsettle gendered categories in order to consider the ways in which women, transgender, and intersex individuals also perform a variety of masculinities. Finally, unlike Johnson and Meinhof's 1997 collection, this volume not only offers a wider—and perhaps "queerer" perspective—on the study of language and masculinities, but also covers a broader geographical and socio-cultural spectrum, including work on Brazil, Israel, New Zealand, Singapore, and South Africa.

## **Goethe Yearbook 22** - Adrian Daub 2015-01-07

Cutting-edge scholarly articles on diverse aspects of Goethe and the Goethezeit, featuring in this volume a special section on environmentalism.

## *Writing for Emerging Sociologists* - Angelique Harris 2013-01-04

A writing guide designed for upper-level sociology undergraduate

students and graduate students, this instructional text introduces students to the variety of writing projects that sociologists undertake, while also providing instruction on grammar and composition. It will provide students with practical knowledge concerning topics such as: peer reviewed journal manuscripts, book reviews, grant proposals, and field notes. What makes this book unique is that it offers useful advice and instruction for sociology college students whether they plan on entering the academy or the private, non-profit, or government sectors. Writing for Emerging Sociologists uses writing as a tool to help students learn not only about sociology as a field of study, but also the practice of sociology.

**Bodies in Doubt** - Elizabeth Reis 2009-07

Drawing from her experience as a teaching pastor in Chicago, Laura Truax counsels men and women in the art of coming undone. While no one wishes for the harrowing moment when the fabric of life unravels, there is hope when it happens. Undone is a guide to letting yourself go so God can put you back together as a part of his story.

*Tatort Germany* - Lynn M. Kutch 2014

New essays by leading scholars examining today's vibrant and innovative German crime fiction, along with its historical background.

[The Kaleidoscope of Gender](#) - Joan Z. Spade 2008

"I have found Spade and Valentine's Kaleidoscope of Gender to be the most effective reader that I have used in my undergraduate Sociology of Gender class, and I was delighted to see what promises to be an even better second edition that recently arrived." -Linda Grant, University of Georgia "In a substantial theoretical introduction, Spade and Valentine move their discussion forward by introducing their kaleidoscope metaphor which is comprised of the "prisms" of culture that intersect to produce patterns of difference and systems of privilege. Because it captures the fluidity and uniqueness of the intricate patterns, the kaleidoscope is a valuable analytical tool. Though it enters a terrain already littered with terminology, this "prismatic" understanding of gender has great potential for transforming current conceptualizations."

-Jennifer Keys, North Central College Examining the elusive, evolving

construct of gender in a unique text/ reader format An accessible, timely, and stimulating introduction to the sociology of gender, *The Kaleidoscope of Gender: Prisms, Patterns, and Possibilities*, Second Edition, provides a comprehensive analysis of key ideas, theories, and applications in this field as viewed through the metaphor of a kaleidoscope. This collection of creative articles by top scholars explains how the complex, evolving pattern of gender is constructed interpersonally, institutionally, and culturally and challenges students to question how gender shapes their daily lives. Like the prior edition, the Second Edition maintains a focus on contemporary contributions to the field while incorporating classical and theoretical arguments to provide a broad framework. Integrating a cross-cultural focus and intersectional inquiry, this unique text/reader vividly illustrates that gender is a malleable continuum of prisms, patterns, and possibilities. New to the Second Edition · 27 new readings, including interdisciplinary research articles as well as articles from the popular media, complement the 23 readings retained from the prior edition · Updated extensive introductions to each chapter provide a helpful framework for the readings to follow and include the most recent statistics, new concepts, and references · Increased emphasis on readings about social movements for equality (Chapter 10), a sharper focus on work (7), and new readings on domestic violence such as an article on rape on college campuses (8) · An even greater emphasis on intersectional analysis and a deeper understanding of masculinities Instructor's Resources on CD-ROM: Available to qualified instructors (contact [info@sagepub.com](mailto:info@sagepub.com)), the CD includes ideas for class exercises, video suggestions, assignments, and more. Intended Audience This text/ reader is ideal for undergraduate courses such as the Sociology of Sex and Gender, Gender and Sexuality, Race, Class, Gender, and Sexuality; and related courses in departments of sociology, women's studies, and gender studies.

*The Man Who Invented Gender* - Professor Department of English Terry Goldie 2014-01-01

A controversial figure, innovative scholar, and ardent advocate for sexual liberation, sexologist John Money opened a new field of research in

sexual science and gave currency to medical ideas about human sexuality. This book offers, for the first time, a balanced and probing textual analysis of this pioneering scholar's writing to assess Money's profound impact on the debates and research on sexuality and gender that dominated the last half of the twentieth century. The author recovers Money's brilliance and insight from simplistic dismissals of his work due to his involvement in the tragic David Reimer case, while never losing sight of his flaws.

**Sex Difference in Christian Theology** - Megan K. DeFranza

2015-05-16

How different are men and women? When does it matter to us -- or to God? Are male and female the only two options? In *Sex Difference in Christian Theology* Megan DeFranza explores such questions in light of the Bible, theology, and science. Many Christians, entrenched in culture wars over sexual ethics, are either ignorant of the existence of intersex persons or avoid the inherent challenge they bring to the assumption that everybody is born after the pattern of either Adam or Eve. DeFranza argues, from a conservative theological standpoint, that all people are made in the image of God -- male, female, and intersex -- and that we must listen to and learn from the voices of the intersexed among us.

*Introducing the New Sexuality Studies* - Steven Seidman 2011-02-25

Breaking new ground, both substantively and stylistically, this book offers students, academics and researchers an accessible, engaging introduction and overview of the emerging field of sexuality studies.

*The Kaleidoscope of Gender* - Joan Z. Spade 2004

[Intersex in Christ](#) - Jennifer Anne Cox 2018-07-20

Intersex is an umbrella term for many different conditions that cause ambiguous sexual biology. Intersex people are “in between,” neither clearly male nor clearly female. Intersex has been largely hidden through surgery and secrecy, but is now coming out into the open. Many intersex people have experienced physical, psychological, and relational pain because of the shame attached to their bodily difference. The existence of people with unusual sexual biology presents a challenge to the Christian ideal of humanity as male and female. How can evangelical Christians rightly respond to this phenomenon? *Intersex in Christ* provides a balance of grace and truth, upholding male and female as God’s created intent, while insisting that there is a positive place in the kingdom of God and the world for people with unusual sexual biology. Intersex people are created in the image of God, because of the love of God. Jesus accepts, loves, and dignifies intersex people. The gospel of Jesus Christ is good news for all people, however sexed. An evangelical

response to intersex will therefore be one of acceptance, love, justice, and inclusion. *Intersex in Christ* will help both intersex Christians and the church to understand intersex through the lens of Christ.

**Voices of the Women's Health Movement, Volume 2** - Barbara Seaman 2012-02-14

An unprecedented and definitive collection of rabble-rousing writings on women’s health, *Voices of the Women’s Health Movement* explores a range of provocative topics from reproductive rights to sexuality to motherhood. Trail-blazing advocate Barbara Seaman and health activist Laura Eldridge bring the revolutionary ideas of several generations together in this powerful new book celebrating women’s bodies, and women’s voices. The more than two hundred contributors include Jennifer Baumgardner, Susan Brownmiller, Phyllis Chesler, Angela Y. Davis, Barbara Ehrenreich, Germaine Greer, Shulamith Firestone, Charlotte Perkins Gilman, Erica Jong, Molly Haskell, Shere Hite, Susie Orbach, Judith Rossner, Alix Kates Shulman, Gloria Steinem, Sojourner Truth, Rebecca Walker, Naomi Wolf, and many others. With *Voices of the Women’s Health Movement*, for the first time, every woman and girl can experience in one place the powerful history of stirring words and strong female perspectives that have inspired countless women to take control of their health and their lives. Volume Two highlights include influential writings on sex, rape and violence against women, body image, informed consent, self-help gynecology, patient advocacy, and the mind-body connection.

*Intersex and Identity* - Sharon E. Preves 2003

Examines how intersexed individuals negotiate identity in a dual gendered culture.

**The Gale Encyclopedia of Children's Health** - Kristine M. Krapp 2005

Arranged alphabetically, each volume provides in-depth coverage of pediatric diseases and disorders, along with issues related to physical and cognitive/behavioral development.

*Exploring Christian Spirituality* - Bruce H. Lescher 2006

Sandra Schneiders commands respect as one of the most significant and influential figures in the emergence of the study of Christian spirituality

as an academic discipline, as the focused and disciplined exploration of religious experience. This book honors her contributions to the field by addressing issues that are emerging at the creative "edges" of the discipline. In this volume, colleagues and students of Dr. Schneiders and other collaborators in the academic discipline of Christian spirituality examine crucial issues from their various disciplinary and methodological perspectives. Questions of methodology address the status of spirituality as a discipline, interdisciplinarity, and self-implication. Other essays explore the "edges" of Christian spirituality and biblical spirituality, gender studies, the natural sciences, nature writing, the social sciences, and interfaith issues. This collection of essays will provoke students and scholars of Christian spirituality, as well as practitioners, to continue critically thinking, discussing, writing, and practicing it.

**Fascination of Queer** - Stefano Ramello 2020-05-06
