The Magic of Manifesting Love Ryuu Shinohara 2021-02-27 A book about how to manifest your dream relationship using Law of Attraction principles and techniques.

Manifesting Love Eddie Coronado 2017-06-19 This book includes 250 affirmations for manifesting love AND it includes a number of visualization scripts and success stories that will empower you to manifest your soul mate! If you have read my other books you know that I am a firm believer in the fact that the Law of Attraction always responds to persistent, committed action. It does so because it is a spiritual law that responds to human belief in the same way that the laws of nature respond to all who use them. And being a spiritual law, it works for everyone in the same way no matter how young or old a person is, or how rich or poor. Daily, committed action is the single factor that will determine your success with the Law of Attraction, whether you choose to manifest financial abundance, a satisfying career, or the love of your life. In fact, the phrase "Law of Attraction" contains the word ACTION, which means that your success with this spiritual power requires you to take committed, daily action by aligning your thoughts, words and feelings to your intention. Once you have transformed your beliefs about what is possible, your desire will show up in your life. Unfortunately, many people on this spiritual path read book after book about the Law of Attraction, yet they fail to take the daily, committed action that will help them manifest their desires. My goal is that you succeed with your intention to manifest true and lasting love, so I wrote this book as a clear guide that will provide you with easy-to-use, practical tools that will help you manifest your soul mate. In fact, the information in this book has helped many people attract a soul mate, and it can work for you, too. WHAT THIS BOOK CONTAINS This is not another Law of Attraction book filled with fluff and filler. It's an instruction manual that gets right to the point by explaining exactly what you must do to manifest your soul mate with the Law of Attraction. Using proven metaphysical practices,

spiritual insights, and success stories, I explain how you can create your intention and then manifest your soul mate by using the tools of manifestation correctly and consistently. By the time you finish reading this book, you will know exactly what you must do to manifest a loving relationship. PART 1 of this book discusses the creative power of feelings and how you can use them to create the things and conditions you desire. This section also explains how to get clear about what you want by creating an Intention Statement and a list of desirable qualities that reflect your specific desires. PART 2 discusses the dynamic power of the spoken word and explains how you can use your words to shape your destiny. It also contains a list of 250 spoken affirmations that will enable you to harness the power of the spoken word to manifest the love of your life. PART 3 explains how you can use visualization to manifest your soul mate. It also contains a number of detailed visualization scripts and success stories that will inspire you to use your imagination to create the life of your dreams. PART 4 includes a detailed question and answer section that addresses some of the most important questions that relate to manifesting love. And PART 5 explains how you can implement a Law of Attraction action plan for love and romance.

bliss with them if that is what you want. But the definition of soulmate in this book may very well surprise you, and you may even realize that a new definition will give you a feeling of renewed passion to find this person. My name is Caleb Lea, I have spent more time than I'm willing to admit researching and writing law of attraction books to help people like you. I read a funny quote that inspired me to write this particular law of attraction love book. It said - I wonder what the person I'm going to end up with is doing right now. I then suddenly thought...'actually what if I could explain to people that it is POSSIBLE to manifest your soulmate. It doesn't matter how old you are, or whether you have a lot of experience or not. All that matters is that you have the desire to learn how law of attraction love really works so that you can put yourself into the position where you can manifest your soulmate. Warning! positive change in your life and manifest what you really want.. Here is what you will learn in the book: The Only Real Law It doesn't take efforts to observe how the Law of Attraction works. Think of it this way: your thoughts, especially those that you have been thinking for a long time, are the stimuli. They get transmitted to the Universe, and the latter interprets the message. However, there is only one standard message: that you actually WANT these thoughts to be real! Don't be surprised when days, months, or years later, you got what you asked for. Affirmations to Get the Law of Attraction Working You know how the Law works, and now is the perfect time for you to start sending that positive vibration of creation. Aside from regular meditation and other spiritual practices, affirmations can help reframe your mind and transform your thoughts into powerful mantras. How to Attract Money The problem is that money may not come around for some people. Money can still be an abstract concept, and people just ascribe values to a piece of paper and use it to buy what they need (which explains why currencies around the world don't have a fixed value). Following this lead, it is but logical to say that people's definition of money (or wealth) is relative. What is a large sum of money for you, may still be a meager amount for another person. How to Attract Love and Better Relationships with People The Law of Attraction works in every aspect of your life. You can activate it to manifest abundance and wealth, and you can also use it to ask for a better relationship, romantic or otherwise. The Law of Attraction and Success Some people pray for success, but they often wonder why success remains as elusive as an eel. Think of the Law this way: You can't ask from the Universe something that is impossible to happen or something that you do not work on. For instance, you can't expect yourself to win the lottery if you're not making bets. Manifestation of your desires happens when you are serious about your intentions and you know the actions that will bring about your desires. The Law of Attraction and the Seven Chakras

Spiritual teachings, including yoga, teach about the seven main chakras in your body. These chakras are energy points and are often associated with a color, and are related to any imbalances that you are feeling. Normally, the Law of Attraction is not explained along with the seven chakras. For purposes of maximizing the law, however, this chapter weaves in the magic it does in all areas of a person's life. The Higher Law Apart from the Law of Attraction, there is a higher and more powerful law that coexists with it. This law is the language spoken by prophets and mystics, and the greatest force that sets all things in motion. You can make the Law of Attraction work miracles in your life, but your actions and desires must also be aligned with the higher law - that of the Divine. Take action now and get a copy of this book and it will help you to make a commitment to yourself that from this point forward, you are going to transform your life, reach your goals and live a happy life.

Attract Love Using the Law of Attraction Slavica Bogdanov
2015-05-01 I wanted to enable the greatest number of people to access wealth and abundance that are part of my daily life. I wanted to enable you to have the tools in hand to find the job you dream of and feel successful in your professional life! I, too, struggled once to find a soul mate. Despite the fact that I thought I was nicer than average and even smarter, I remained alone without love. I realized that all these attributes had nothing to do with the attraction of the desired person. I have made many mistakes when it came to meeting the man of my dreams. Like many of you, I lacked self-esteem and self-love. I did not know what I really wanted to have in a relationship. Although I claimed loud that I wanted to live in a relationship, I did not realize that I kept some blockages deep within me. I did not understand why some couples managed to form easily while I could not find a partner. My relationships brought me a lot of pain and I envied couples who seemed happy. I did not know how to communicate my desires to the other person because I did not know how to master my emotions. I often kept my anger deeply rooted in me

until I exploded and hurt the other deeply. This way of acting quickly led to the end of the relationship. Instead of openly expressing my desires and my emotions, I used manipulative means (without even realizing it), some passive-aggressive methods to go where I wanted, which was destroying the confidence of my partner . I realized that I was not alone in making these mistakes that prevent the development of a beautiful lasting relationship. By dint of extensive reading on the subject of research on the law of attraction, on the accumulation of relevant information on the keys to success, I have come to understand and use my method to find me the ideal man. I know you can too. I thought it was too late for me, at my age, all the best were taken and that I had missed the train. It is not like that. When I opened my heart and practiced my method, I began to meet more interesting potential partners than I'd ever imagined. This book is not meant to explain the rules of seduction between men and women, or how to handle one or the other to have access to their heart. This book was created to help you get you the person of your dreams, to open your heart without fear of being hurt, which will cause the opening of the other person's heart as well. Love is much simpler than you think. This is acting out of love, with love and for love. Unfortunately, we have been programmed to think about our feelings, thinking about how we need to love, and fear abandonment. With my method, you will learn how to free yourself from these fears. You will develop enough self-confidence and self-esteem to be able to reveal your vulnerability. Thus opening you, the other will be increased to do the same and love yourself. As a professional coach, I wanted to add my most successful coaching methods to offer you the best system to use the Law of Attraction for attracting the perfect partner.

Law of Attraction for Love Roberto Chiarolanza 2019-05-06 The Law of Attraction works consummately without fail. It can work in support of you. Much the same as gravity. It can work for you to shield you from spinning off the planet, or against you, In case you lean too far over the edge of a precipice! In any case, the Law of Attraction works through your contemplations and above all through the predominate idea you think more often than not. So when your predominate idea is that relationships are a ton of work, at that point, you will draw in accomplices and circumstances that are a great deal of work. If that your predominate idea is that all the great ones are taken, at that point you will in general meet individuals you like and could be interested in, who are as of now in an association with another person. If your predominate idea is that ladies are simply after your cash and you stress over having enough, at that point you will meet ladies who stress over money as well. So begin to coordinate your contemplations toward what you need. How would you do this? First, acknowledge at your center you are an imaginative being.
