*Être une femme dans le monde des hommes* - Christine Mennesson 2005

En faisant partager l'expérience singulière des footballeuses, boxeuses et femmes haltérophiles de haut niveau, Christine Mennesson analyse les conséquences de l'entrée de femmes dans des mondes traditionnellement réservés aux hommes. A partir d'enquête de terrain de longue durée, l'auteur identifie les conditions sociales qui favorisent ces choix sportifs et étudie comment les femmes gèrent les contradictions produites par la poursuite d'une carrière sportive.

*Profession : policier. Sexe : féminin* - Geneviève Pruvost 2007-04-16

L'accès des femmes aux pleins pouvoirs de police est récent. Depuis une trentaine d'années, les policiers de sexe féminin suivent la même formation, sont dotés des mêmes habilitations judiciaires et du même armement que les hommes. S'agit-il d'un changement profond dans la conception de l'ordre public ? Ont-elles accès aux mêmes services et aux mêmes missions ? Comment s'intègrent-elles à la sociabilité virile des commissariats ? Telles sont quelques-unes des questions auxquelles Geneviève Pruvost répond dans cet ouvrage pionnier qui constitue la première recherche française d'ampleur sur la féminisation de la police. L'étude fouillée - qualitative et quantitative - permet de suivre et de comprendre les trajectoires des « femmes policiers », de la fabrique familiale de la vocation à la gestion de la carrière, de la scolarité aux coulisses du métier, du travail sur la voie publique aux arrangements avec le conjoint, de l'accomplissement des tâches nobles au « sale boulot ». Elle montre comment, en adoptant les codes virils en vigueur, ces femmes tentent d'échapper aux stéréotypes de fragilité et d'indisponibilité qui leur sont encore trop souvent accolés. Ce livre met ainsi l'accent sur les arrangements, les processus d'« asexuation » et les possibles neutralisations d'un espace fortement sexualisé, tout en pointant les discriminations et les contraintes fortes qui entravent la progression des femmes dans la profession. Geneviève Pruvost cerne, au plus près et avec subtilité, la diversité des interactions entre hommes et femmes dans la police nationale. À l'originalité d'une démarche attentive à la mobilité de genre, s'ajoute celle d'une approche compréhensive des principes fondateurs de l'institution policière.

Le beau sexe - Sophie Combes 2011

Mobilisant le fruit de ses entretiens, mais aussi de l'actualité de la recherche sur ces sujets, « Le beau sexe », délivre loin des clichés et des phantasmes, une réflexion sur la relation des femmes à leur appartenance physique.

**La Société du paraître** - Jean-François Amadiou 2016-09-07

Le fond de la salle, est-ce ce qui nous attend encore aujourd'hui dans un restaurant chic si nous ne sommes pas jugé assez beau ? Un décolleté plongeant, des hauts talons et une taille 36 : est-ce toujours un atout pour réussir un entretien d'embauche ? Le chômage : est-ce vraiment ce qui nous guette si nous perdons notre emploi après 50 ans ? Plus d'argent : est-ce, à compétences égales, nécessairement ce que gagnera un homme sportif par rapport à un quadragénaire en surpoids ? Après l'immense succès de son livre *Le Poids des apparences*, Jean-François Amadiou explore un nouveau volet de cet impérialisme du paraître dans nos sociétés, en s'appuyant sur des enquêtes inédites concernant notamment les réseaux sociaux, le monde du travail, la politique ou la télévision. Il était inévitable que le culte de la beauté, de la minceur ou de la jeunesse finisse par provoquer des refus et des réactions dans l'opinion publique. Allons-nous enfin être libérés de la tyrannie des apparences ? Jean-François Amadiou est l'auteur du très grand succès *Le Poids des apparences*. Professeur à l'université Paris-I-Panthéon-Sorbonne. Il est également conseiller scientifique au ministère du Travail et membre de l'agence Entreprises et Handicap.
