Flirting Tips for Guys - Kevin Love 2015-03-17
The art of flirting is all about letting a person you fancy know that you are interested in her, without saying it openly. When done right, it is a choreographed dance where each person lets the other one know just how interested he is in getting to know the other, under the safety of it all being a game. If one person is interested but the other one is not, nobody is hurt because there never was a real proposition; it was all just a game. Flirting is a playground where a man and a woman can express their desire to pursue the acquaintance in hopes that it develops into a relationship or back down and leave things as they are. communication, above all. But communication can take many forms, and flirting is, believe it or not, mostly a non-verbal form of communication. Most men get nervous when it comes to talking to a woman they have just met, they don't know what to say to her. But the funny thing is, you could spend a whole night flirting with a woman without ever having to say a word to her. Ninety percent of human communication is body language and the same applies for flirting. The most vital means with which to flirt are your eyes, and they are the ones that will always tell you whether a flirt is serious or just a game. ABOUT THE BOOK French girls have a reputation of being some of the most beautiful girls in Western Europe. They have charm, looks, and killer style. Any man would be thrilled to pick up a French girl, but this is where things can get tricky. Even if one knows the French language, so many considerations come into play. Does one use the familiar version of 'you' or the formal? Should one be forward or more discrete in their come on? This book will tell you

everything you need to know and more on the art of picking up French women. First and foremost, you need to know which form of 'you' to be using when talking to a French girl. A lot can be interpreted from a conversation based on which version a person is using. In today's modern world, the rule of thumb is to use the 'tu' form when talking to (or flirting with) a girl who is around your age. The 'vous' form is considered too formal for such a situation. MEET THE AUTHOR Amy studied International Studies and French at Miami University and graduated in May 2011. She has been writing since she could hold a pen. Amy loves French history, the banjo, and her dog Jacob. You can find out more about her by visiting www.amyschrauf.com. EXCERPT FROM THE BOOK So you've made it past the awkward picking-her-up conversation as well as the first date, where to go from here? It should be pretty apparent whether or not you want to carry on a relationship with this French girl by this point, so it's down to you. If you're

pretty into her and decide you do indeed want to carry on this trans-cultural relationship, I would recommend reading on to the next section so you can avoid any potentially embarrassing future 'faux pas' in the future. Buy a copy to keep reading!
