[Marriage Be Hard](#) - Kevin Fredericks 2022-09-13

NEW YORK TIMES BESTSELLER • Discover the keys to upholding your vows while staying sane in this hilariously candid guide to relationships, from the husband-and-wife team of comedian Kevin Fredericks and influencer Melissa Fredericks “Kev and Melissa are not afraid to tell the truth!”—Tabitha Brown, New York Times bestselling author of *Feeding the Soul* Growing up, Kevin and Melissa Fredericks were taught endless rules around dating, sex, and marriage, but not a lot about what actually makes a relationship work. When they first got married, they felt alone—like every other couple had perfect chemistry while the

two of them struggled. There were conversations that they didn't know they needed to have, fears that affected how they related to each other, and seasons of change that put their marriage to the test. Part of their story reads like a Christian fairytale: high school sweethearts, married in college, never sowed any wild oats, with two sons and a thriving marriage. But there's another side of their story: the night Melissa kicked Kevin out of her car after years of communication problems, the time early in their marriage when Kevin bordered on an emotional affair, the way they've used social media and podcasts to conduct a no-holds-barred conversation about forbidden topics like jealousy, divorce, and how to be Christian and sex positive. (Because, as Kevin writes, “Your hormones don't care about your religious beliefs. Your hormones want you to subscribe to OnlyFans.”) In *Marriage Be Hard*, the authors provide a hilarious and fresh master class on what it takes to build and maintain a lasting relationship. Drawing on interviews with experts and nearly two decades of marriage, they argue that • Compatibility is overrated. • Communication is about way more than simply talking. • Seeing divorce as an option can actually help your marriage. • There's such a thing as healthy jealousy. Real marriage is not automatic. It ain't no Tesla on the open road. Sometimes it's a stick shift on a hill in the rain with no windshield wipers. But if you get comfortable visiting—and revisiting—the topics that matter, it can transform your bond with your partner and the life you're building together. Written for those tired of unrealistic relationship books—and for anyone wondering if they're the only ones breaking all the rules—*Marriage Be Hard* is a breath of fresh air and the manual you wish existed after you said “I do.”

The Secrets of Happily Married Men - Scott Haltzman 2007-01-02

Praise for *The Secrets of Happily Married Men* "Manly men rest assured: You can hope to become a better husband without having to get in touch with your feminine side. . . . Lively and entertaining, this broad guidebook provides Haltzman's insights illuminated by anecdotes from his online discussion forum for married men." —Psychology Today "Haltzman . . . launches his eight strategies with remarkable vigor. More important, they are extraordinarily well fleshed out and convincingly supported with useful 'to do' lists and a multitude of examples. They will no doubt prove helpful to many men struggling to build a happy marriage." —Publisher's Weekly "Scott Haltzman, a psychiatrist and Brown University professor, has been studying marriages good and bad for a long time. . . . View marriage as your most important task, Haltzman urges men, and pursue success as you would anything else that matters." —Washington Post "Men are good at fixing problems, not talking about them, so Haltzman advises playing to your strength. The genius of this book is that it . . . asks politically incorrect questions about men and women at home—the neglected front in the gender wars." —New York Times "The insights in this book reveal a new and effective way for men and women to understand and appreciate each other. It shows what it really takes to create a loving and lasting relationship." —John Gray, author, *Men Are from Mars, Women Are from Venus* Marriage and relationships are in crisis. The breakup and divorce rate remain incredibly high, despite all the couples therapy, afternoon talk shows, and other books in the marketplace, many of which describe men as abusive commitment phobic creeps who'd better change fast or else. But this new book is totally different, a whole different way of looking at how to build a successful long-lasting relationship from a man's point of view, men who are happy in their partnerships, who have figured out what works for them in accomplishing the goal of a loving, intimate, lifetime commitment. Dr. Scott Haltzman, Clinical Assistant Professor of Psychiatry and Human Behavior at Brown University, and founder of www.secretsofmarriedmen.com, has devised a proven method for improving relationships, based on a man's special and unique skills, strengths, powers—as a responsible and motivated worker, manager, leader, problem-solver, partner, husband, and father. Men are different, Dr. Haltzman says. They don't approach relationships with the same skills and techniques that women do—and viva la difference. Dr. Haltzman therefore lays out eight ways, tasks, proven techniques which men have revealed in confidential correspondence to his highly successful website, including *The First Way: Make Your Marriage Your Job, The Second Way: Know Your Wife, The Third Way: Be Home Now, The Fourth Way: Expect Conflict and Deal With It, The Fifth Way: Learn to Listen, The Sixth Way: Aim to Please, The Seventh Way: Understand the Truth About Sex, The Eighth Way: Introduce*

Yourself, and finally, Celebrate Your Love. Within each of these steps, he provides both specific analysis, guidelines and techniques based on male biology, neuro-science, brain differences, unique developmental stages from youth to seniority. To illustrate these ideas in action, he's included wonderful true stories, anecdotes, and confessions from the website. The result is a practical, very entertaining, totally original way to build successful relationships for men and their partners, girlfriends, and wives. For a lasting commitment, a continuing guide to solving inevitable problems and bumps in the road, for more fun, better sex, genuine intimacy, and a life-long partnership—this dynamic new author shows the way in a manner that finally includes an authentic male perspective.
