Masters and Johnson on Sex and Human Loving - William H. Masters 1986

Masters and Johnson on Sex and Human Loving, written by the internationally acclaimed sex researchers William H. Masters, Virginia E. Johnson, and Robert C. Kolodny, is a comprehensive, warm, and highly readable survey that includes the most current findings on the remarkable range of complexities--biological, psychological, and social--that make up human sexuality.

[Sex in Human Loving](#) - Eric Berne 2011-07-31

Eric Berne, best known as the originator of transactional analysis and the author of the 1965 classic *Games People Play*, presents a comprehensive overview of sexuality based on a series of lectures he delivered in 1966.

Sexual Behavior in the Human Male - Alfred C. Kinsey 1998-05-22

When published in 1948 this volume encountered a storm of condemnation and acclaim. It is, however, a milestone on the path

toward a scientific approach to the understanding of human sexual behavior. Dr. Alfred C. Kinsey and his fellow researchers sought to accumulate an objective body of facts regarding sex. They employed first hand interviews to gather this data. This volume is based upon histories of approximately 5,300 males which were collected during a fifteen year period. This text describes the methodology, sampling, coding, interviewing, statistical analyses, and then examines factors and sources of sexual outlet.

[Homosexuality in Perspective](#) - William H. Masters 1979

The authors offer findings on the comparative sexual responses of homosexuals and heterosexuals; comparative functional efficiencies of heterosexuals and homosexuals; a group of 12 ambisexuals; comparative fantasy patterns of homosexuals and heterosexuals; treatment of homosexual dysfunction; and conversion therapy for homosexuals wishing to

convert to heterosexuality.

Masters of Sex - Thomas Maier 2013-07-02

Now a New Showtime Original Series Showtime's dramatic series Masters of Sex, starring Michael Sheen and Lizzy Caplan, is based on this real-life story of sex researchers William Masters and Virginia Johnson. Before Sex and the City and Viagra™, America relied on Masters and Johnson to teach us everything we needed to know about what goes on in the bedroom. Convincing hundreds of men and women to shed their clothes and copulate, the pair were the nation's top experts on love and intimacy. Highlighting interviews with the notoriously private Masters and the ambitious Johnson, critically acclaimed biographer Thomas Maier shows how this unusual team changed the way we all thought about, talked about, and engaged in sex while they simultaneously tried to make sense of their own relationship. Entertaining, revealing, and beautifully told, Masters of Sex sheds light on the eternal

mysteries of desire, intimacy, and the American psyche.

Sex Research and Sex Therapy - Ross Morrow 2013-06-17

Gynaecologist William Howell Masters and psychologist Virginia Eshelman Johnson pioneered research into the nature of human sexual response and the diagnosis and treatment of sexual disorders and dysfunctions from 1957 until the 1990s. This book examines their influential scientific sex research and its groundbreaking implications for sex therapy and the study of human sexuality. Until now, these developments have been largely ignored in sociology. The book illuminates how Masters and Johnson have constructed their apparently scientific ideas about sexual function and dysfunction with reference to dominant Western discourses about sexuality. In addition, the book will explore some of the wider theoretical, conceptual and historical issues relating to the study of human sexuality. These will include a

critical evaluation of conventional accounts of the history of the sociology of sex, particularly in the United States, major theoretical frameworks used in the study and understanding of human sexuality, and some of the key concepts underpinning sex research and sex therapy.

Human Sexuality - William H. Masters 1985
**** Cited in BCL3. A comprehensive textbook that examines sexuality from biological, psychosocial, behavioral, clinical, and cultural perspectives. This edition is substantially revised and thoroughly updated. It also adds extensive use of color throughout. Annotation copyright by Book News, Inc., Portland, OR

The Pleasure Bond - William H. Masters 1975

Heterosexuality - William H. Masters
2001-01-01

Masters and Johnson have been internationally acclaimed as pioneer sex researchers. Now, they have studied the critically important changes that have occurred in the 30 years since their

landmark study, *Human Sexual Response*, was first published. These include changes in the legal, social, political, medical, scientific, psychological, public and private perspectives of human sexuality. Here is a comprehensive survey of virtually every aspect of sexual relations between men and women. Complete with graphs, diagrams, line drawings and other visual aids, the book provides definitive, accurate, and practical info. on such topics as: love and intimacy; performance anxiety; sexual dysfunction; sex and aging; conception and contraception; disease; and much more.

Anthropology, Sexual Studies, Psychology, Sociology, Gender and Cultural Studies

Human Sexual Inadequacy - William H. Masters 1970

The innovative program described in this book revolutionizes the the treatment of sexual dysfunction. During eleven years of daily clinical

Downloaded from
legacy.opendemocracy.net on 2020-05-12
by guest

work, more than five hundred couples have been treated at Masters and Johnson's Reproductive Biology Research Foundation in St. Louis. Here the relationship itself is the patient. The authors stress that there is no uninvolved partner when sex is a problem. Therefore they treat the partners even if only one appears to be sexually dysfunctional. And their therapy techniques have proven successful in 80 percent of all cases treated. The key to this unprecedented record is the role of the dual therapy team. Masters and Johnson have found that it takes both a man and a woman therapist to treat a couple effectively. The dual therapy team acts as a catalyst, encouraging communication between partners when none has existed before. They use psychological and psychological methods of treating impotence, ejaculatory incompetence, premature ejaculation, orgasmic dysfunction in women, vaginismus, and painful intercourse. Basic to all treatment techniques is the premise that attitudes and ignorance rather than any

mental or physical illness are responsible for most sexual problems. The two-week rapid therapy program developed by Masters and Johnson includes both counseling and specific instructions for patients to follow in privacy. All results of success or failure reported in Human Sexual Inadequacy Are substantiated by a unique five-year patient follow up program. The concept and format of the therapy program are examined in detail in the first two chapters of the book. Included are discussions of the qualifications for co-therapists and accounts of history-taking techniques and round table talks held by the co-therapists and the couple. A full description follows of the instructions given by the therapists to effect psychosexual reorientation of the marital problems. Analysis of each type of dysfunction, its progression and manifestations, accompanies the important step-by-step explanation of practical treatment methods. Chapters on sexual function and dysfunction of the geriatric population explain

how the aging male and female can function sexually even in their eighties if they learn to adjust their sexual activities to the natural changes of aging. Program statistics and a critical review of treatment failures conclude this landmark book. Masters and Johnson estimate that one-half of the marriages in the United States are threatened by sexual dysfunction. The therapy program described in HUMAN SEXUAL INADEQUACY introduces a new era in the effective treatment of these sexual difficulties that prevent the enjoyment of a full sex life and a happy marriage. The exceptionally clear account of their major breakthrough in therapy is a long-needed and invaluable guide to clinical counseling and treatment. In addition, it provides an excellent basis for training programs for professional therapists. HUMAN SEXUAL INADEQUACY is essential reading for all health professionals and introduces a new era in the effective treatment of sexual dysfunction.

Human Sexual Response - Ishi Press International 2010

"Masters and Johnson's basic groundwork in sex physiology will now make it possible for medicine to assume a responsibility it has neglected far too long - that of educating its own. Through the authors' efforts, those responsible for sex education finally have before them clinical facts about one of the more vital aspects of human existence. [This volume] is primarily concerned with the sexual response cycles of men and women between the ages of 21 and 50, with emphasis on similarities rather than differences in their sexual response patterns."--Excerpt from the Publisher's Description.

Masters and Johnson on Sex and Human Loving, written by the internationally acclaimed sex researchers William H. Masters, Virginia E. Johnson, and Robert C. Kolodny, is a comprehensive, warm, and highly readable survey that includes the most current findings on the remarkable range of complexities--biological, psychological, and social--that make up human sexuality.

Masters & Johnson on Sex & Human Loving - Masters & Johnson 1988

The internationally acclaimed sex researchers William H. Masters, Virginia E. Johnson and Robert C. Kolodny produce here for the first time a comprehensive, warm and highly readable survey of their findings. The remarkable range of complexities - biological, psychological and social, make up human sexuality. And best of all, the authors describe how to use this information to heighten the quality of your intimate relations. They explore current research on the nature of love, the

meaning of sexual fantasies and common problems people having in attaining and maintaining sexual intimacy.

The Orphan Master's Son - Adam Johnson 2012

The son of an influential father who runs an orphan work camp, Pak Jun Do rises to prominence using instinctive talents and eventually becomes a professional kidnapper and romantic rival to Kim Jong Il. Citizens of our beloved Democratic Republic of North Korea! Imagine the life of an orphan boy plucked from nowhere to be trained as a tunnel assassin, a kidnapper, a spy. He has no father but the State, no sweetheart but Sun Moon, the greatest opera star who ever lived, whose face is tattooed on his chest. Imagine he lives in our very own country, a model of exemplary Communism. A nation that is the envy of the world, especially the Americans. Where the only stories people need to hear are those blasting out of loudspeakers to the glory of our dear Leader, Kim Jong il. Citizens! Who is

this individual? What is his story? Pak Jun Do is his name: wrestler of sharks, envoy to Texan barbecues, imposter extraordinaire, whose tale has only come to light through the talents and stamina of our most patriotic interrogators.

Sex Before the Sexual Revolution - Simon Szreter 2010-10-14

What did sex mean for ordinary people before the sexual revolution of the 1960s and 1970s, who were often pitied by later generations as repressed, unfulfilled and full of moral anxiety? This book provides the first rounded, first-hand account of sexuality in marriage in the early and mid-twentieth century. These award-winning authors look beyond conventions of silence

among the respectable majority to challenge stereotypes of ignorance and inhibition. Based on vivid, compelling and frank testimonies from a socially and geographically diverse range of individuals, the book explores a spectrum of sexual experiences, from learning about sex and sexual practices in courtship, to attitudes to the body, marital ideals and birth control. It demonstrates that while the era's emphasis on silence and strict moral codes could for some be a source of inhibition and dissatisfaction, for many the culture of privacy and innocence was central to fulfilling and pleasurable intimate lives.
