

Nosh New York The Food Lovers Guide To New York City's Most Delicious Neighborhoods

The New Yorker - Harold Wallace Ross 2001

Save the Deli - David Sax 2011-03-04

Part culinary travelogue, part cultural history, *Save the Deli* is a must-read for anyone whose idea of perfect happiness is tucking into a pastrami on rye with a pickle on the side. Corned beef. Pastrami. Brisket. Matzo balls. Knishes. Mustard and rye. In this book about Jewish delicatessens, about deli's history and characters, its greatest triumphs, spectacular failures, and ultimately the very future of its existence, David Sax goes deep into the world of the Jewish deli. He explores the histories and experiences of the immigrant counterman and kvetching customer; examines the pressures that many delis face; and enjoys the food that is deli's signature. In New York and Chicago, Florida, L.A., Montreal, Toronto, Paris, and beyond, Sax strives to answer the question, Can Jewish deli thrive, and if so, how? Funny, poignant, and impeccably written, *Save the Deli* is the story of one man's search to save a defining element of a culture — and the sandwiches — he loves.

Nosh New York - 2003

The Oxford Companion to Cheese - Catherine W. Donnelly 2016

Winner of the 2017 James Beard Award for Reference & Scholarship The discovery of cheese is a narrative at least 8,000 years old, dating back to the Neolithic era. Yet, after all of these thousands of years we are still finding new ways to combine the same four basic ingredients - milk, bacteria, salt, and enzymes - into new and exciting products with vastly different shapes, sizes, and colors, and equally complex and varied tastes, textures, and, yes, aromas. In fact, after a long period of industrialized, processed, and standardized cheese, cheesemakers, cheesemongers, affineurs, and most of all consumers are rediscovering the endless variety of cheeses across cultures. The *Oxford Companion to Cheese* is the first major reference work dedicated to cheese, containing 855 A-Z entries on cheese history, culture, science, and production. From cottage cheese to Camembert, from Gorgonzola to Gruyère, there are entries on all of the major cheese varieties globally, but also many cheeses that are not well known outside of their region of production. The concentrated whey cheeses popular in Norway, brunost, are covered here, as are the traditional Turkish and Iranian cheeses that are ripened in casings prepared from sheep's or goat's skin. There are entries on animal species whose milk is commonly (cow, goat, sheep) and not so commonly (think yak, camel, and reindeer) used in cheesemaking, as well as entries on a few highly important breeds within each species, such as the Nubian goat or the Holstein cow. Regional entries on places with a strong history of cheese production, biographies of influential cheesemakers, innovative and influential cheese shops, and historical entries on topics like manorial cheesemaking and cheese in children's literature round out the Companion's eclectic cultural coverage. The Companion also reflects a fascination with the microbiology and chemistry of cheese, featuring entries on bacteria, molds, yeasts, cultures, and coagulants used in cheesemaking and cheese maturing. The blooms, veins, sticky surfaces, gooey interiors, crystals, wrinkles, strings, and yes, for some, the odors of cheese are all due to microbial action and growth. And today we have unprecedented insight into the microbial complexity of cheese, thanks to advances in molecular biology, whole-genome sequencing technologies, and microbiome research. The Companion is equally interested in the applied elements of cheesemaking, with entries on production methodologies and the technology and equipment used in cheesemaking. An astonishing 325 authors contributed entries to the Companion, residing in 35 countries. These experts included cheesemakers, cheesemongers, dairy scientists, anthropologists, food historians, journalists, archaeologists, and on, from backgrounds as diverse as the topics they write about. Every entry is signed by the author, and includes both cross references to related topics and further reading suggestions. The endmatter includes a list of cheese-related museums and a thorough index. Two 16-page color inserts and well over a hundred black and white images help bring the entries to life. This landmark encyclopedia is the most wide-ranging, comprehensive, and reliable reference work on cheese available, suitable for both novices

and industry insiders alike.

New York Neighborhoods - Eleanor Berman 2004-05

Award-winning travel writer and longtime *New Yorker* Eleanor Berman takes readers on safe and fun walking tours to experience the cuisine and culture of New York City's ethnic neighborhoods. Includes cuisine descriptions and pronunciation guides, as well as ordering suggestions for a typical meal.

Mobil Travel Guide New York 2005 - Mobil Travel Guide 2005

The Mobil Travel Guide star ratings are a 45-year-old consumer advocacy concept originally developed following the introduction of the interstate highway system. The goal of the Guide is not to identify and rate every property in the country, but to recommend only the best in each category, ones that we would send our customers to. We look at the stars from a consumer's point of view, rating lodgings and restaurants across North America from the perspective of the average traveler. The Guides feature new enhanced descriptions for 2004. Listings include lodgings, restaurants, attractions, and events in established travel destinations, as well as cities and towns on the way to established travel destinations. Our new easy-to-use format makes the Guides even more indispensable to travelers. Each regional guide is organized alphabetically by state, with introductory information about the state followed by city listings in alphabetical order. For each city, the guide lists sites and attractions, lodgings, and then restaurants. One of the features that sets the Mobil Travel Guide apart from its competitors is its proprietary Mobil star rating system. Forty-five plus years of publishing experience and the oldest non-biased rating system in North America make the Mobil Travel Guide series a must-have for travelers wanting up-to-date ratings of hotels and restaurants.

Newcomer's Handbook for Moving to and Living in New York City - Jack Finnegan 2007

Forthcoming Books - Rose Army 2003

Hidden Kitchens - Nikki Silva 2005-10-21

A volume based on the popular NPR radio series explores how communities come together through food, combining popular stories from the show with new interviews, photographs, and recipes from a wide array of atypical kitchens.

The Knish War on Rivington Street - Joanne Oppenheim 2017-08-01

2018 Sydney Taylor Notable Book for Younger Readers 2018 GANYC Apple Award Nominee—Outstanding Achievement in Fiction NYC Book Writing Benny's family owns a knishery and sells delicious round dumplings. Then the Tisch family opens a store across the street—selling square knishes—and Benny's papa worries. So he lowers his prices! But Mr. Tisch does too. As each knishery tries to outdo the other, Benny helps his papa realize there's room on Rivington Street for more than one knishery.

Restaurant Man - Joe Bastianich 2012-05-01

The *New York Times* Bestselling Book—Great gift for Foodies “The best, funniest, most revealing inside look at the restaurant biz since Anthony Bourdain's *Kitchen Confidential*.” —Jay McInerney With a foreword by Mario Batali Joe Bastianich is unquestionably one of the most successful restaurateurs in America—if not the world. So how did a nice Italian boy from Queens turn his passion for food and wine into an empire? In *Restaurant Man*, Joe charts a remarkable journey that first began in his parents' neighborhood eatery. Along the way, he shares fascinating stories about his establishments and his superstar chef partners—his mother, Lidia Bastianich, and Mario Batali. Ever since Anthony Bourdain whet literary palates with *Kitchen Confidential*, restaurant memoirs have been mainstays of the bestseller lists. Serving up equal parts rock 'n' roll and hard-ass business reality, *Restaurant Man* is a compelling ragu-to-riches chronicle that foodies and aspiring restaurateurs alike will be hankering to read.

Ethnic American Food Today - Lucy M. Long 2015-07-17

Ethnic American Food Today is the first encyclopedia to illuminate the variety and complexity of ethnic food cultures in this country and to address their place within the larger American culture.

Subject Guide to Books in Print - 1993

Savoring Gotham - Andrew F. Smith 2015

When it comes to food, there has never been another city quite like New York. The Big Apple--a telling nickname--is the city of 50,000 eateries, of fish wriggling in Chinatown baskets, huge pastrami sandwiches on rye, fizzy egg creams, and frosted black and whites. It is home to possibly the densest concentration of ethnic and regional food establishments in the world, from German and Jewish delis to Greek diners, Brazilian steakhouses, Puerto Rican and Dominican bodegas, halal food carts, Irish pubs, Little Italy, and two Koreatowns (Flushing and Manhattan). This is the city where, if you choose to have Thai for dinner, you might also choose exactly which region of Thailand you wish to dine in. Savoring Gotham weaves the full tapestry of the city's rich gastronomy in nearly 570 accessible, informative A-to-Z entries. Written by nearly 180 of the most notable food experts--most of them New Yorkers--Savoring Gotham addresses the food, people, places, and institutions that have made New York cuisine so wildly diverse and immensely appealing. Reach only a little ways back into the city's ever-changing culinary kaleidoscope and discover automats, the precursor to fast food restaurants, where diners in a hurry dropped nickels into slots to unlock their premade meal of choice. Or travel to the nineteenth century, when oysters cost a few cents and were pulled by the bucketful from the Hudson River. Back then the city was one of the major centers of sugar refining, and of brewing, too--48 breweries once existed in Brooklyn alone, accounting for roughly 10% of all the beer brewed in the United States. Travel further back still and learn of the Native Americans who arrived in the area 5,000 years before New York was New York, and who planted the maize, squash, and beans that European and other settlers to the New World embraced centuries later. Savoring Gotham covers New York's culinary history, but also some of the most recognizable restaurants, eateries, and culinary personalities today. And it delves into more esoteric culinary realities, such as urban farming, beekeeping, the Three Martini Lunch and the Power Lunch, and novels, movies, and paintings that memorably depict Gotham's foodscapes. From hot dog stands to haute cuisine, each

borough is represented. A foreword by Brooklyn Brewery Brewmaster Garrett Oliver and an extensive bibliography round out this sweeping new collection.

Nosh New York - Myra Alperon 2013-10-08

Whether you're a lifelong New Yorker or you're visiting for the first time, when you're in the Big Apple you're in food heaven - a nosher's paradise where you can find the freshest and most authentic foods of any cuisine in the world, from steaming soup dumplings to Persian Kebabs, Moroccan tagines, Chinese bubble tea, Senegalese ginger beer, Colombian cholados, kosher focaccia bread, the freshest Italian cheeses, Guyanese roti and more!
