The Empathy Gap - William Collins 2021

From the ebook Preface: "This book majors on the presentation of empirical evidence in the form of data. The most digestible form for communicating such material is through the use of Tables and Figures, generally graphs. Consequently, the book has a great many Tables and Figures and the latter are often in colour. Viewing on a device capable of rendering colours is therefore recommended although monochrome will be adequate in most cases." The Empathy Gap proposes the thesis that men and boys are extensively disadvantaged

across many areas of life, including in education, healthcare, genital integrity, criminal justice, domestic abuse, working hours, taxation, pensions, paternity, homelessness, suicide, sexual offences, and access to their own children after parental separation. The claim is justified in the book by empirical evidence, mostly but not exclusively from the UK, involving nearly 1,000 references, 179 Figures and 49 Tables. To most people, of both sexes, this will appear to be a perverse perspective as disadvantage has become the province of women, girls and minorities, not males. Yet the empirical case supporting the disadvantages suffered by men and boys is undeniable to the objective mind. But if this is so, why is the popular perception that males are privileged whereas disadvantage is the province of the opposite sex? Why do the male disadvantages go largely unremarked, by both sexes, if they are so pervasive? Presenting the case for widespread and substantial

male disadvantage is also a challenge to the usual hegemonic paradigm of feminist theory. These issues are addressed within The Empathy Gap by presenting an entirely different orientation on the social psychology of relations between the sexes. Out goes the idea of an oppressive patriarchy. Instead, a man's participation in the human pair bond is seen to be altruistic, a phenomenon arising originally from evolution and enacted in the individual via the emotional psyche. This is the origin of an asymmetry in the perception of the sexes which normalises the preferencing of females and therefore inevitably disadvantages males as a corollary. The successful evolved strategy involves male utility and relative male disposability, the latter being facilitated by a muted empathy for males, by both sexes - the empathy gap. Rather than working to overcome this male disposability, as a true egalitarian movement would have done, feminism has fed

upon it and amplified it. The feminist project relies upon the true state of affairs remaining unacknowledged, and the empathy gap is instrumental in its own invisibility. In respect of this theory, the author makes no claim for originality. The ideas presented have been circulating within the sub-culture for decades. However, the focus of the book is to show how these ideas are manifest in practice.

The The Woman in Black Philip Allan Literature Guide Teacher Resource Pack provides teachers with all the support they need to teach The Woman in Black in the context of the new GCSE English Literature specifications. This classroom-based resource is for use throughout the GCSE course to help consolidate students' knowledge, learning and appreciation of the text and will leave students better prepared for their exams. Covering all aspects of the novel, a whole range of higher- and lower-tier interactive activities, plus extension tasks for homework, can be used before, during and after students have read the text. Once students are familiar with the text, further exam revision activities, tailored to each exam specification, will ensure your students can reach the highest grades. A separate section of activities and advice for students who are studying

the novel for the controlled assessment is also included. This fully photocopiable pack will: - save hours of preparation time - provide an invaluable source of thoroughly researched material - create opportunities for a more student-centred learning approach - provide a solution to specialist staff absence

The pack comes with free access to a website where teachers can share teaching ideas and download extra materials, plus a free CD-ROM. The CD-ROM contains Word documents of the whole pack that allow teachers to adapt the content to their students' needs, as well as PDFs to enable printing out as an alternative to photocopying. Other pack titles available in the series are: - Lord of the Flies - To Kill a Mockingbird - A View from the Bridge - An Inspector Calls - Pride and Prejudice - Romeo and Juliet - Anita and Me - Of Mice and Men - AQA Anthology: Moon on the Tides (Conflict and Relationships)

Each of the packs in the series has been

The House of Hidden Mothers -

Meera Syal 2016-06-14

Shyama, a forty-eight-year-old

London divorcée, already has

an unruly teenage daughter,

but that doesn't stop her and

her younger lover, Toby, from

wanting a child together. Their

relationship may look like a

cliché, but despite the news

from her doctor that she no

longer has any viable eggs,

Shyama's not ready to give up

on their dream of having a

baby. So they decide to find an

Indian surrogate to carry their

child, which is how they meet

Mala, a young woman trapped

in an oppressive marriage in a small Indian town from which she's desperate to escape. But as the pregnancy progresses, they discover that their simple arrangement may be far more complicated than it seems. In *The House of Hidden Mothers*, Meera Syal, an acclaimed British actress and accomplished novelist, takes on the timely but underexplored issue of India's booming surrogacy industry. Western couples pay a young woman to have their child and then fly home with a baby, an easy narrative that ignores the complex emotions involved in carrying a child. Syal turns this phenomenon into a compelling, thoughtful novel already hailed in the UK as "rumbustious, confrontational and ultimately heartbreaking . . . Turn[s] the standard British-Asian displacement narrative on its head" (*The Guardian*). Compulsively readable and with a winning voice, *The House of Hidden Mothers* deftly explores subjects of age, class, and the divide between East and West.
