Erotic Integrity - Claudia Six, PhD 2016-05-10
Have you ever asked yourself the following questions: Are my desires normal? Can I share who I really am with my partner? Am I morally flawed because of my sexual fantasies? Is there something wrong with me sexually because I have low libido? In *Erotic Integrity*, Dr. Claudia Six leads readers through ten sexual themes—including garden-variety performance anxiety, sexual boredom, newly dating, coming out, and more—and reveals three simple steps to a more rewarding sex life: knowing who you truly are as a sexual being, embracing that knowledge, and living it authentically. Frankly presented and illustrated with candid case studies, these steps can be applied by individuals and couples of all ages and sexual orientations, with or without children. Based on Dr. Six's twenty years experience as a clinical sexologist, this straightforward guide skillfully challenges readers to self-examine, self-accept, and self-actualize for a more fulfilling sense of eroticism.

Modern Lusts - Detlef Siegfried 2020-07-01
As a jazz musician, filmmaker, anthropologist, sexologist, and crime novelist, the boundlessly curious German autodidact Ernest Borneman exemplified the conflicting cultural and intellectual currents of the twentieth century. In this long-awaited English translation, acclaimed historian Detlef Siegfried chronicles Borneman's journey from a young Jewish Communist in Nazi Berlin to his emergence as a celebrated (and reliably controversial) transatlantic polymath. Through an innovative structure organized around the human senses, this biography memorably portrays a figure whose far-flung obsessions comprised a microcosm of postwar intellectual life.

Ann Harding - Cinema's Gallant Lady - Scott O'Brien 2010-05-25

Ann Harding. Laurence Olivier, who starred with her in *Westward Passage* (1932), referred to her as an "angel." Director Henry Hathaway, who directed her and Gary Cooper in *Peter Ibbetson*

(1935), claimed she was a "bitch." Critics hailed her as the finest actress to venture from Broadway to Hollywood. The *Ann Harding* story follows her from humble beginnings as the daughter of a career army officer who moved around constantly, to her youth settling in New York. After spending a year attending Bryn Mawr college, she found work as a clerk and freelance script reader with a film company. Then, she made her stage debut in 1921, and eight years later, she made her film debut in an early talkie, *Paris Bound*, opposite Fredric March. She was the *Gallant Lady* (1933), an unwed mother, who gives up baby for adoption and hopes to get it back when the adoptive mother dies. Her unique, natural screen presence in *Holiday* (1930) earned an Academy Award nomination for Best Actress. From 1929-1936, she reigned as cinema's "Gallant Lady." Her co-stars included Ronald Coleman, Mary Astor, Conrad Nagel, Leslie Howard, Melvyn Douglas, Richard Dix, and William Powell, among many others. Ann's ethereal quality belied a passionate nature. Her affairs with three remarkably talented and very married men associated with the film industry could have easily outraged fans and quashed her career. Theater visionary-director Jasper Deeter, Ann's life-long mentor, remarked that Ann was a master at hiding her childish, stubborn temperament. Friends of Ann's daughter, Jane Otto, claim that despite Ann's highly publicized custody battles, she was a detached mother. In the 1950s and 1960s, she appeared extensively on American television in series such as *The Defenders* (1961), *Dr. Kildare* (1961), *Ben Casey* (1961), *Alfred Hitchcock Presents* (1961), and *Burke's Law* (1963). Scott O'Brien's richly researched and illustrated biography draws heavily from Ann's family, friends, and personal papers. The book includes behind-the-scenes anecdotes, contemporary reviews, and synopses of Ann's films. He pays tribute to her career and unveils a complex portrait of one of stage and cinema's most remarkable talents.

Understanding Actors and Processes Shaping Transgender Subjectivities - Zhanar Sekerbayeva 2023-01-01

This book introduces the policies surrounding legal gender recognition of trans people in Kazakhstan. Generally, the research in this sphere focuses on medical professions, described as gatekeepers or judges deciding who fit the prescriptions of being a woman or a man, and on trans people themselves, who are often portrayed as victims. However, this process is more complex than only describing the interaction of these two groups or by labelling them either as gatekeepers or victims. The project provides a critical approach and attempts to expand our understanding of the process, the dynamics and the actors involved. This study will be of interest to scholars of contemporary Kazakhstan, and of feminism and LGBTQ activism more generally.

Male, Female, Other? - Jason Evert 2022-12-01
What is gender? Few words today generate as much controversy as “gender.” Students, parents, and educators are asking: How many genders are there? What if my daughter says she’s trans? Do some people have an intersex brain? Should I use their preferred pronouns? Is gender a social construct? Does surgery prevent suicide? Are puberty blockers safe? What if I experience gender dysphoria? In *Male, Female, Other?* Jason Evert addresses the most common

claims of gender theory and shows how to respond with charity and clarity. If you care about someone who identifies as trans and don’t know how to respond, or you experience gender dysphoria and wonder what God’s plan is for you, you’ll find the answers inside.

Off the Clock - Roni Loren 2016-01-05
FROM THE NEW YORK TIMES BESTSELLING AUTHOR OF THE LOVING ON THE EDGE NOVELS, THE FIRST IN A SENSUAL NEW SERIES Overtime has never felt so good... Marin Rush loves studying sex. Doing it? That’s another story. In the research lab, Marin’s lack of practical knowledge didn’t matter, but now that she’s landed a job at The Grove, a high-end, experimental sex therapy institute, she can’t ignore the fact that the person most in need of sexual healing may be her. Dr. Donovan West, her new hotshot colleague, couldn’t agree more. Donovan knows that Marin’s clients are going to eat her alive unless she gets some hands-on experience. And if she fails at the job, he can say goodbye to a promotion, so he assigns her a list of R-rated tasks to prepare her for the wild clientele of The Grove’s X-wing. But some of those tasks are built for two, and when he finds Marin searching for a candidate to help her check off her list, Donovan decides there’s only one man for the job—him. As long as they keep their erotic, off-the-clock activities strictly confidential and without strings, no one will get fired—or worse, get attached...

Dangerous Pleasures - Gail Hershatter
2023-09-01

This pioneering work examines prostitution in Shanghai from the late nineteenth century to the present. Drawn mostly from the daughters and wives of the working poor and declassé elites, prostitutes in Shanghai were near the bottom of class and gender hierarchies. Yet they were central figures in Shanghai urban life, entering the historical record whenever others wanted to appreciate, castigate, count, regulate, cure, pathologize, warn about, rescue, eliminate, or deploy them as a symbol in a larger social panorama. Over the past century, prostitution has been understood in many ways: as a source of urbanized pleasures, a profession full of unscrupulous and greedy schemers, a changing site of work for women, a source of moral danger and physical disease, a marker of

national decay, and a sign of modernity. For the Communist leadership of the 1950s, the elimination of prostitution symbolized China's emergence as a strong, healthy, and modern nation. In the past decade, as prostitution once again has become a recognized feature of Chinese society, it has been incorporated into a larger public discussion about what kind of modernity China should seek and what kind of sex and gender arrangements should characterize that modernity. Prostitutes, like every other non-elite group, did not record their own lives. How can sources generated by intense public argument about the "larger" meanings of prostitution be read for clues to those lives? Hershatler makes use of a broad range of materials: guidebooks to the pleasure quarters, collections of anecdotes about high-class courtesans, tabloid gossip columns, municipal regulations prohibiting street soliciting, police interrogations of streetwalkers and those accused of trafficking in women, newspaper reports on court cases involving both courtesans and streetwalkers, polemics by Chinese and foreign reformers, learned articles by Chinese scholars commenting on the world history of prostitution and analyzing its local causes, surveys by doctors and social workers on sexually transmitted disease in various Shanghai populations, relief agency records, fictionalized accounts of the scams and sufferings of prostitutes, memoirs by former courtesan house patrons, and interviews with former officials and reformers. Although a courtesan may never set pen to paper, we can infer a great deal about her strategizing and working of the system through the vast cautionary literature that tells her customers how not to be defrauded by her. Newspaper accounts of the arrests and brief court testimonies of Shanghai streetwalkers let us glimpse the way that prostitutes positioned themselves to get the most they could from the legal system. Without recourse to direct speech, Hershatler argues, these women have nevertheless left an audible trace. Central to this study is the investigation of how things are known and later remembered, and how, later still, they are simultaneously apprehended and reinvented by the historian.

*Berlin Electropolis - Andreas Killen 2006
Publisher description*

Prophetic Witness in World Christianities - Annemie Dillen 2011

Prophets have a reputation of changing, for the better, the relationship between people and God. Christianity has a long history of prophets who have directed the faithful towards more justice and righteousness. What can Christians learn from prophets for daily life, for contemporary theology, and for pastoral care? This book looks at prophetic action from a biblical, pastoral, and ethical perspective. The contributions - from both pastoral theologians and pastors from around the globe - make this study a unique exercise in maintaining the prophetic perspective in theological reflection and pastoral practice. (Series: International Practical Theology - Vol. 13)

Janet Frame in Her Own Words - Janet Frame 2011-10-31

'It is the desire really to make myself a first person. For many years I was a third person - as children are, 'they', 'she', and as probably oppressed minorities become, 'they'. - Janet Frame, radio interview about writing her autobiography (1983) For the first time ever, this collection brings together Janet Frame's published short non-fiction in one collected volume, as well as material never seen before. Letters spanning 50 years of Frame's life are published alongside essays, reviews, speeches and extracts from interviews. This startling collection provides an unprecedented range of factual writings about herself, her life and her work. It reveals many aspects Janet Frame's character that will challenge some long-standing myths and preconceptions about New Zealand's

most famous author.

Wrestling with the Angel - Michael King 2002

The biography of one of New Zealand's foremost novelists and poets. Based on several years of contact between Frame and King, who has also written a biography of Frank Sargeson. At Frame's request, this is not a literary-criticism biography, but rather an exploration of her life. Her journey beyond her psychiatric misdiagnosis, and her achievement of fame for her insightful use of language and insight into the nature of human beings have become a central story in New Zealand culture, not only through her novels but also through her autobiography and the film made of it. Incorporates photographs, extensive endnotes, bibliography, and index.

Labor of Love - Moira Weigel 2016-05-17

"Does anyone date anymore?" Today, the authorities tell us that courtship is in crisis. But when Moira Weigel dives into the history of sex and romance in modern America, she discovers that authorities have always said this. Ever since young men and women started to go out together, older generations have scolded them: That's not the way to find true love. The first women who made dates with strangers were often arrested for prostitution; long before "hookup culture," there were "petting parties"; before parents worried about cell phone apps, they fretted about joyrides and "parking." Dating is always dying. But this does not mean that love is dead. It simply changes with the economy. Dating is, and always has been, tied to work. Lines like "I'll pick you up at six" made sense at a time when people had jobs that started and ended at fixed hours. But in an age of contract

work and flextime, many of us have become sexual freelancers, more likely to text a partner "u still up?" Weaving together over one hundred years of history with scenes from the contemporary landscape, *Labor of Love* offers a fresh feminist perspective on how we came to date the ways we do. This isn't a guide to "getting the guy." There are no ridiculous "rules" to follow. Instead, Weigel helps us understand how looking for love shapes who we are—and hopefully leads us closer to the happy ending that dating promises.

A Global History of Sexual Science, 1880–1960 - Veronika Fuechtner 2017-11-07

Sex has no history, but sexual science does. Starting in the late nineteenth century, scholars and activists all over the world suddenly began to insist that understandings of sex be based on science. As Japanese and Indian sexologists influenced their German, British and American counterparts, and vice versa, sexuality, modernity, and imaginings of exotified "Others" became intimately linked. The first anthology to provide a worldwide perspective on the birth and development of the field, *A Global History of Sexual Science* contends that actors outside of Europe—in Asia, Latin America, and Africa—became important interlocutors in debates on prostitution, birth control or transvestitism. Ideas circulated through intellectual exchange, travel, and internationally produced and disseminated publications. Twenty scholars tackle specific issues, including the female orgasm and the criminalization of male homosexuality, to demonstrate how concepts and ideas introduced by sexual scientists gained currency throughout the modern world.
