The Art of Horror - Stephen Jones 2015

THE ART OF HORROR: AN ILLUSTRATED HISTORY

Voluptuous Terrors 3 - G. H. Janus 2020-07-29

Classic Italian film poster art is renowned as being among the most accomplished, creative and dynamic of its kind. From the post-war period through to the 1980s, Italian artists consistently produced posters with sumptuously stunning designs and imagery - not least in the horror and exploitation genres, for which compositions almost invariably included curvaceous female figures in jeopardy, juxtaposed with the iconography of fantasy and terror. *Voluptuous Terrors 3* collects 120 film posters by a wide range of acclaimed Italian artists, created for both indigenous and foreign-language film productions. Classic exploitation, pulp horror, science fiction, Eurospy, mondo and giallo movies all figure in full-color, full-page reproductions showcasing some of the world's most innovative and seductive poster design.

City of Pleasure - Alexandre Dupouy 2019-04

After the austerity, horror, and bloodshed of World War I, France longed for joy, light-heartedness, and sexual freedom. Men and newly emancipated women alike rejected pre-war values and moral restraints. They embraced new lifestyles, and discovered a lust for extravagance, partying, and erotic experimentation that had the inter-war era known as the Roaring Twenties, or the "mad years," and Paris as the City of Pleasure. In this uncensored and fascinating photographic record of the period, historian Alexandre Dupouy pulls back the bedcovers on Paris's eye-opening erotic life, revealing the delights of its fetish scene, its licensed brothels and gay nightclubs, the first sex shop chains, erotic photography, pornography, and much more. This is an uncensored, titillating, and utterly fascinating look at the sexual excesses of the inter-war period in what was the world's most decadent city.

Mondo Erotica - Robert Baldazzini 2017-08

Over a prolific 30-year career, acclaimed comic creator, illustrator, and artist Roberto Baldazzini has created a sexual and surreal world of the imagination populated by buxom belle signore and exotic creatures of indeterminate gender. Inspired by Pop Art, Art Nouveau, '40s glamour, Film Noir, Bandes Desinees, and Bettie Page, *Mondo Erotica* is a spectacular showcase of Baldazzini's outrageous and provocative work and a celebration of the controlled contours and refined lines of an erotic visionary.

Sex and Horror: the Art of Pino Dangelico - Korero Press 2021-05

This is the fourth title in our Sex and Horror series, which celebrates the 1960s and 1970s publishing phenomenon called "fumetti sexy" Italian adult comics with a unique take on such genres as horror, crime, fantasy, history, and fairy tales. The comics' huge success was due in part to their uninhibited mix of twisted humor, gory violence, and up-front eroticism; however, what makes them so sought-after today is their technicolor cover illustrations, rendered by classically trained painters. The book promises another visual feast of outrageous pulp art.

Satan Lives for My Love! - Ed Hulse 2019-01-21

Before launching what would become the Marvel Comics empire, Martin Goodman published low-rent pulp magazines issued by a dizzying array of shell companies designed to insulate him from creditors. In order to compete in an already-crowded marketplace, he allowed editor-in-chief Robert O. Erisman to distinguish these periodicals with lurid covers and sensational fiction. They eschewed explicit descriptions of sex acts but otherwise left nothing to the imagination, routinely trafficking in torture and paraphilia. Bearing Goodman's "Red Circle" trademark, the horror pulps MYSTERY TALES, UNCANNY TALES, MARVEL TALES, and REAL MYSTERY were transgressive in the extreme, shattering the boundaries

of good taste and igniting a firestorm of outrage that eventually drove them off the newsstands. Although Goodman continued publishing pulps as well as comic books well into the 1950s, he deliberately allowed MYSTERY TALES and its sister magazines to lapse into obscurity, making no attempt to renew their copyrights or reprint their contents in other periodicals or paperback editions. This anthology collects the wildest, most offensive stories from those long-forgotten magazines, making it a veritable cornucopia of sexual violence and perversion!

Sex and Horror - K. P Korero Press 2020-02

This is the third volume in our bestselling Sex and Horror series, which celebrates the publishing craze known as 'fumetti sexy': Italian adult comics and cartoons with a unique take on such genres as horror, crime, fantasy, history and fairy tales. This book focuses on the work of Fernando Carcupino - famed not just for his comic work but his pinups as well. Sex and Horror volume three is another visual feast of outrageous pulp art.

Rayguns and Rocketships - Rian Hughes 2021-12

Rayguns and rockets! Spacesuited dames caught in the tentacles of evil insectoid aliens! Who could resist such wonders? Science fiction paperbacks exploded over the 1940s and '50s literary landscape with the force of an alien gamma bomb. Titles such as Rodent Mutation!, Beyond the Galaxy, Dawn of the Mutants and Mushroom Men from Mars appeared from fly-by-night publishers making the most of the end of postwar paper rationing. They were brash and seductive - for a shilling the future was yours. Despite the punishing deadlines and poor pay, the books' cover artists managed to produce artworks of multihued, brain-bending brilliance, and collected here is some of the best of their output during an unparalleled period of brash optimism and opportunism in book publishing. Beware the space fiend!

The Forbidden Body - Douglas E. Cowan 2022-05-17

"Throughout history, the religious imagination has attempted to control nothing so much as our bodies: what they are and what they mean; what we do with them, with whom, and under what circumstances; how they may be displayed-or, more commonly, how they must be hidden.

Religious belief and mandate affect how our bodies are used in ritual practice, as well as how we use them to identify and marginalize threatening religious Others. This book examines how horror culture treats religious bodies that have stepped (or been pushed) out of their 'proper' place. Unlike most books on religion and horror, This book explores the dark spaces where sex, sexual representation, and the sexual body come together with religious belief and scary stories. Because these intersections of sex, horror, and the religious imagination force us to question the nature of consensus reality, supernatural horror, especially as it concerns the body, often shows us the religious imagination at work in real time. It is important to note that the discussion in this book is not limited either to horror cinema or to popular fiction, but considers a wide range of material, including literary horror, weird fiction, graphic storytelling, visual arts, participative culture, and aspects of real-world religious fear. It is less concerned with horror as a genre (which is mainly a function of marketing) and more with the horror mode, a way of storytelling that finds expression across a number of genres, a variety of media, and even blurs the boundary between fiction and non-fiction. This expanded focus not only deepens the pool of potential examples, but invites a much broader readership in for a swim"--

Cons de Fee - Wallace Wood 2019

This book collects Wood's early gag cartoons for men's magazines, including his wicked takes on Alice in Wonderland and the Wizard of Oz plus his raunchy version of Snow White. Wood, who garnered international fame as a premier parodist for Mad, also takes aim at comic-book icons in such stories as 'Prince Violate', 'Stuporman Meets Blunder Woman', and 'Flasher Gordon'. Wood's cartoon commentaries on sex and society are included too. Other rarities include The Marquis de Sade Coloring Book, amongst other things.

Wilder and weirder than you can imagine, they were some of the most outrageous and shocking comics ever produced. The comics were hugely successful due in part to their uninhibited mix of twisted humor, gory violence, and up-front eroticism; however, what makes them so sought-after today is their technicolor cover illustrations rendered by classically trained painters. One of the most notorious of the cover artists was Roberto Molino, whose artworks often parodied the popular TV shows and films of the day, including Kojak (Kondor), The Bionic Woman (Bionika), and Rambo (Raimbo). This book brings together some of the sexiest and most provocative examples of his work, which is highly coveted by collectors today.
